NOTES TO THE FINANCIAL STATEMENTS

NOTE 1: DESCRIPTION OF PLAN

The following description of W.L. Logan Trucking Co., 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a type of plan (defined contribution retirement plan) which was formed for the purpose of providing retirement benefits to covered employees of W.L. Logan Trucking Co., (the Company). Employees become eligible to participate in the Plan upon reaching age 21 and completing one year of service (1,000 hours), as defined. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan's Board of Directors is responsible for oversight of the Plan. The Plan's Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Plan's Board of Directors.

Contributions

Each year, participants may elect to contribute up to 100% of their pre-tax annual compensation, or make Roth contributions, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover contributions). The Company may, at its discretion, make matching contributions. Matching contributions equal to 100% of the first 4% of the compensation that a participant contributes to the Plan were made for the years ended December 31, 2019 and 2018. At the discretion of the Company's Board of Directors, additional discretionary profit sharing contributions may be authorized for the related year. These contributions are funded in the year subsequent to their authorization. Allocations of the Company's profit sharing contribution are given only to participants employed at the end of the Plan year who have completed at least 1,000 hours of service during the Plan year, and are based on participants' compensation for the Plan year relating to the contribution. There were no profit sharing contributions authorized during 2019 and 2018. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

Each participant's account is credited with the participant's voluntary 401(k) contributions, any contributions by the Company, and earnings or losses on those contributions. The Company's discretionary profit sharing contributions are allocated to participants employed at the end of the Plan year and are based on participants' compensation, as defined.

Participant Directed Investment Options

Upon enrollment in the Plan, a participant may direct the investment of their contributions into any of several investment options with varying degrees of risk and volatility, allowing participants to allocate their investments in accordance with their own risk tolerances and time horizons. Participants may change their investment options anytime via the telephone or internet.

NOTE 1: DESCRIPTION OF PLAN (continued)

Vesting
Participants are immediately vested in voluntary 401(k) contributions and employer discretionary contributions, plus actual earnings thereon.

Notes Receivable From Participants
Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account. Such loans bear interest at a reasonable rate commensurate with current interest rates charged for loans made under similar circumstances by persons in the business of lending money as determined by the Plan Administrator. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits
Upon termination of service due to death, disability, attainment of age 59 ½, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a future period. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Distributions of a participant's account balance may be authorized at any time by the plan administrator under certain hardship conditions.

Forfeitures
Forfeitures represent the non-vested portion of the Company's discretionary contributions plus earnings thereon, which are not distributable to participants who terminate employment before they are 100% vested. The amounts forfeited are used to reduce the Company's discretionary match contribution. At December 31, 2019 and 2018, forfeited non-vested accounts totaled $33,033 and $52,961, respectively. During 2019, $24,530 was used to reduce employer contributions.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the Unites States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Investment Valuation and Income Recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Committee determines the Plan's valuation policies utilizing information provided by the investment custodian and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded when received. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2019 or 2018.

Payment of Benefits
Benefits are recorded when paid.

Administrative Expenses
Plan recordkeeping expenses and certain other administrative expenses are paid by the Plan. The Plan has an expense reimbursement account arrangement with American Funds that can be used to pay expenses of the Plan. Investment management fees are netted against Plan earnings.

Subsequent Events
Due to national and world-wide disruptions caused by COVID-19 in 2020, the Plan may be adversely impacted. At this time, any financial impact of potential COVID-19 related disruptions are not known.

Subsequent events have been evaluated through October 14, 2020, which is the date the financial statements were available to be issued.

NOTE 3: INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2019 and 2018, and net appreciation (depreciation) in fair value of investments, interest and dividends for the years ended December 31, 2019 and 2018, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by Capital Bank and Trust (the custodian of the Plan).

NOTE 4: FAIR VALUE MEASUREMENTS

Generally accepted accounting principles include a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual funds: Valued at the net asset value (NAV) of shares held by the Plan at year end. NAV is based on the value of underlying assets owned by the fund, minus its liabilities and then divided by the number of shares outstanding. NAV is a quoted price in an active market.

Interest-bearing cash: Valued at fair value based on quoted market prices.

NOTE 4: FAIR VALUE MEASUREMENTS (continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan Administrator believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

Assets at Fair Value as of December 31, 2019

	Level 1	Level 2	Level 3	Total
Money Market	$ 117,263	$ 0	$ 0	$ 117,263
Mutual Funds	4,887,439	0	0	4,887,439
Total Assets at Fair Value	$ 5,004,702	$ 0	$ 0	$ 5,004,702

Assets at Fair Value as of December 31, 2018

	Level 1	Level 2	Level 3	Total
Money Market	$ 140,545	$ 0	$ 0	$ 140,545
Mutual Funds	$ 4,091,272	$ 0	$ 0	$ 4,091,272
Total Assets at Fair Value	$ 4,231,817	$ 0	$ 0	$ 4,231,817

NOTE 5: RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Capital Bank and Trust Company (American Funds), which is the recordkeeper of the Plan. These transactions qualify as party-in-interest. See supplemental schedule for more detail.

Capital Bank and Trust Company provides certain administrative services to the Plan pursuant to the Plan Services Agreements (PSA) between the Company and Company or Capital Bank and Trust Company from January 1, 2019 to December 31, 2019. Capital Bank and Trust Company receives revenue from mutual fund providers for services Capital Bank and Trust Company provides to the funds. This revenue is used to offset certain amounts owed to Capital Bank and Trust Company for their administrative services to the Plan.

If the revenue received by Capital Bank and Trust Company from January 1, 2019 to December 31, 2019, from such mutual fund service providers exceeds the amount owed under the PSA, Capital Bank and Trust Company remits the excess to the Plan's trust on a quarterly basis. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of the participants. The Plan or the Company may make a payments to Capital Bank and Trust Company for administrative expenses not covered by revenue sharing.

NOTE 5: RELATED PARTY TRANSACTIONS (continued)

Additionally, the Plan holds party-in-interest receivables of $43,604 and $52,401 as of December 31, 2019 and 2018, respectively, in the form of notes receivables from participants.

NOTE 6: PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 7: TAX STATUS

The IRS has determined and informed the Company by a letter dated March 31, 2014 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require management of an organization to evaluate tax positions taken by the organization and recognize a tax liability if the organization has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. Plan management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the high level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

As of December 31, 2019, the Plan held $4,240,875 of American Funds investments, which was approximately 85% of total investments. Therefore, net assets available for benefits are particularly sensitive to changes related to these investments.

NOTE 9: RECLASSIFICATION

Certain amounts previously reported in the December 31, 2018 financial statements have been reclassified to conform to the reporting presentation of the financial statements at December 31, 2019. These reclassifications are not material to the financial statements, as they are in presentation only
