NOTE 1 - DESCRIPTION OF PLAN

The following description of the Edrington Americas 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan agreement and any amendments thereto for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of the Edrington Group USA, LLC (the "Company") except for those employees who are covered under another pension plan domiciled in the United States of America or abroad, contract employees, or interns. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The Board of Trustees is responsible for oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's Board of Trustees. The Company is the Plan Sponsor, with a designated employee carrying out the fiduciary responsibilities of the Plan, as outlined by the Plan document, and the Voya Retirement Insurance and Annuity Company ("Voya") is the Plan custodian.

Contributions

Employee 401(k) Contributions: Each year, participants may contribute up to 100% of pretax annual compensation, as defined in the Plan, subject to the Internal Revenue Code, as amended (the "Code") limitations which is $ 19,000 in 2019. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions of up to $ 6,000 in 2019. The Plan also allows after tax (Roth) deferrals by participants. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover contributions). The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. For the year ended December 31, 2019 the Plan authorized the participant automatic enrollment deferral increase from a rate of 3% to 5% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant.

Employer Matching Contributions: For the year ended December 31, 2019, the Plan authorized the Company contribution increase from a rate of up to 100% to up to 200% of the first 5% of base compensation that a participant contributes to the Plan as a Safe Harbor match.

Employer Profit Sharing Contributions: Profit sharing amounts may be contributed at the option of the Company's board of directors. The Plan's Company profit sharing contribution for 2019 and 2018 was authorized to a rate of 4%. During the year ended December 31, 2018, the Company's board of directors approved profit sharing contributions of $651,898, which is included in employer contributions receivable in the accompanying Statements of Net Assets Available for Benefits at December 31, 2018. For the year ended December 31, 2019, there were no profit sharing amounts made from employer contributions.

Participant Accounts

Each participant's account is credited with the participant's contributions and company matching contributions, as well as allocations of the Company's profit sharing contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their employee 401(k) contributions, employer matching contributions and employer profit-sharing contributions, plus actual earnings thereon, immediately upon hire. Participants employed during the Plan year are eligible for profit sharing.

Notes Receivable from Participants

Participants may borrow from their fund accounts a maximum of one loan per participant, with an amount equal to the lesser of:

a. $50,000 minus the highest outstanding balance of loans in the past 12 months; or

b. one-half the present value of the vested account balance.

The loans are secured by the balance in the participant's account and must be greater than $ 1,000. The loan interest rate, determined quarterly, is set at 1.5% above the prime rate, as defined. At December 31, 2019, interest rates on outstanding loans ranged from 4.5% to 7%. At December 31, 2018, interest rates on outstanding loans ranged from 4.75% to 6.75%. Principal and interest is paid ratably through monthly payroll deductions.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution.

Investment Options

Participants must direct both employee, matching and or profit sharing contributions to be invested amongst various investment options as made available and determined by the Plan administrator. Participants may change their investment options any time throughout the year with the service provider.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("US GAAP").

Use of Estimates

The preparation of financial statements in accordance with US GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 or 2018. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a taxable benefit payment is recorded. In 2019 and 2018 there were $ 76,804 and $21,301, respectively, in loan offsets that were treated as benefit payments and recorded in benefit payments to participants. The maximum number of loans outstanding per employee at any one time is one.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") are recorded as a liability with a corresponding reduction to contributions.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from the accompanying financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

New Accounting Pronouncements

In August 2018, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2018-13, *Fair Value Measurement Topic 820): Disclosures Framework - Changes to the Disclosure Requirements for Fair Value Measurement*. The ASU modifies the disclosure requirements for fair value measurements. The ASU is effective for all reporting periods beginning after December 15, 2019, with early adoption permitted. The Plan is evaluating the impact of the adoption of this ASU on the Plan's financial Statements

NOTE 3 - INFORMATION PREPARED AND CERTIFIED BY THE CUSTODIAN

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly,

Voya Retirement Insurance and Annuity Company ("Voya") has certified the following data included in the accompanying financial statements and supplemental schedules as complete and accurate:

- Investments and notes receivable from participants as shown in the Statements of Net Assets Available for Benefits as of December 31, 2019 and 2018.
- Investment income and interest income on notes receivable from participants, as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2019.
- Form 5500 - Schedule H, Part IV, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2019.

The Plan's independent certified public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

NOTE 4 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB Accounting Standards Codification ("ASC") 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Pooled Separate Accounts: Pooled separate accounts are valued at the NAV or equivalent based on units of the pooled separate accounts. The NAV, as provided by Voya, is used as a practical expedient to

estimate fair value. The NAV is generally based on the fair value of the underlying investments held by the pooled separate account less its liabilities. This practical expedient is not used when it is determined to be probable that the pooled separate account will sell the investment for an amount different than the reported NAV.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018:

	Assets at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Total assets, at fair value	$ -	$ -	$ -	-
Investments at NAV (a)				$ 17,713,781
Total investments				$ 17,713,781

	Assets at Fair Value as of December 31, 2018			
	Level 1	Level 2	Level 3	Total
Total assets, at fair value	$ -	$ -	$ -	-
Investments at NAV (a)				$ 10,762,395
Total investments				$ 10,762,395

(a) Redemption of pooled separate accounts are generally permitted daily and there are no unfunded commitments.

NOTE 5 - GUARANTEED INVESTMENT CONTRACTS WITH VOYA RETIREMENT INSURANCE AND ANNUITY COMPANY

In 2019 and 2018, the Plan was entered into a traditional fully benefit-responsive guaranteed investment contract with Voya. Voya maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 4%. The crediting rate is reviewed on a quarterly basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Voya, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, and (4) a material amendment to the agreement without the consent of the issuer.

NOTE 6 - ROLLOVER CONTRIBUTIONS

Employee contributions can be made into the Plan from another eligible retirement plan or individual retirement account.

NOTE 7 - RELATED-PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are pooled in separate accounts with one investment being a guaranteed investment contract managed by Voya. Voya is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than direct payment.

Party in interest transactions also include notes receivable from participants.

NOTE 8 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOT 9 - TAX STATUS

The Plan has adopted a prototype plan which the IRS has determined, by a letter dated March 30, 2012, is designed in accordance with the applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

US GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon

examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019 and 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 10 - PROHIBITED TRANSACTIONS

During the year ended December 31, 2019, the Plan failed to segregate and remit in a timely manner certain participant contributions from its assets within the required time period as specified by the United States Department of Labor (DOL) Reg. 2510.3012. Failure to segregate and remit contributions within the specified time period is a prohibited transaction according to the provisions of ERISA and the IRC. The Plan Sponsor remitted these contributions to the Plan shortly after the required time frame.

NOTE 11 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Amounts allocated to withdrawing participants are recorded on the Form 5500 for benefit claims that have been processed and approved for payment prior to year-end, but not yet paid as of that date.

NOTE 12 – SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 14, 2020, the date the financial statements were available to be issued. In March 2020, the World Health Organization declared the outbreak of a novel coronavirus ("COVID-19") as a pandemic, which continues to spread throughout the United States. The spread of COVID-19 has caused volatility in the U.S. and international markets. In response to the pandemic, the federal government enacted The Coronavirus Aid, Relief, and Economic Security (CARES) Act. The CARES Act is an approximately $2 trillion emergency economic stimulus package in response to the coronavirus outbreak, which among other things contains numerous tax, emergency funding and other provisions that affect certain retirement plan provisions. On April 6, 2020, the Plan authorized changing distribution and loan administrative provisions as allowed by the CARES Act. The plan continues to evaluate the impact of the CARES Act on its plan provisions, operations and cash flows.
