Report on the Financial Statements

We have audited the accompanying financial statements of Seneca Medical Employee Stock Ownership Plan and Trust (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, and the related statement of changes in net assets available for benefits for the year ended December 31, 2019, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2019 and 2018, and the changes in its net assets available for benefits for the year ended December 31, 2019, in accordance with accounting principles generally accepted in the United States of America.

Other Matter - Report on Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules, Schedule G, Part III – schedule of nonexempt transaction and Schedule H line 4(i) - schedule of assets (held at end of year) as of and for the year ended December 31, 2019 are presented for the purpose of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

SENECA MEDICAL
EMPLOYEE STOCK OWNERSHIP PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS
December 31, 2019 and 2018

Note 1—Plan description and basis of presentation

Seneca Medical, Inc. established the Seneca Medical Employee Stock Ownership Plan and Trust (the Plan) effective as of July 1, 1998. Effective March 31, 2016, the shareholders of Seneca Medical, Inc. contributed their shares to acquire membership interests in Seneca Medical Holdings, Inc. dba Seneca Medical Inc. (the Company or Plan Sponsor).

The plan document was amended and restated effective January 1, 2016 in accordance with the Company's S-Corporation election. The Plan operates as an internally leveraged employee stock ownership plan (ESOP), and is designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code of 1986, as amended, (Code) and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan is administered by the Plan Trustee.

The Plan is frozen effective March 31, 2016 and no longer accepts contributions into the Plan as a result of the merger of the Company with two other companies to form Concordance Healthcare Solutions, LLC. All participants' accounts became 100% vested at March 31, 2016.

The Company makes S-Corporation distributions to the Plan to cover tax liability resulting from membership interest in the Company. The S-Corporation distributions are considered a return on investment and not a contribution. The Company made S-Corporation distributions to the Plan amounting to \$1,276,165 for 2019, and has a S-Corporation distribution receivable of \$924,025 and \$112,468 at December 31, 2019 and 2018, respectively.

The Plan had purchased 468,025 shares of Seneca Medical Inc. common stock using the proceeds of two loans totaling \$8,009,400 from Seneca Medical Inc., and holds the stock in a trust established under the Plan. The last loan payment was due in April 2009, and was paid with funds available from the fully deductible Seneca Medical, Inc. contributions to the trust fund. As the Plan made payments of principal, an appropriate percentage of shares of Seneca Medical, Inc. common stock were allocated to eligible participants' accounts in accordance with applicable regulations under the Code. Shares were allocated to participants' accounts annually as of the plan year-end. Allocated shares vest based upon a graduated vesting schedule, with full vesting after six years of credited service.

The loans were collateralized by the unallocated shares of Seneca Medical, Inc. common stock. The Company has no rights against shares once they are allocated under the ESOP. As of December 31, 2019 and 2018, all of the Seneca Medical, Inc. shares have been allocated.

No distributions from the Plan will be made until a participant retires, dies (in which case, payment shall be made to his or her beneficiary, or, if none, his or her legal representatives), diversifies (as noted in the next paragraph), or otherwise terminates employment with the Company. Distributions are made in the form of either a lump sum payment or equal installment payments over a given period, at the discretion of the Company. The benefit to which a participant is entitled is the benefit that can be provided from the vested value of the participants' account.

The Plan permits the participants to directly transfer at least 25% and up to 50% of their account balance from the Plan over a six-year period. To be eligible to transfer funds, the participant must be 55 years old and completed 10 years of service. In each of the first five years, a participant may diversify up to 25% of the number of their shares allocated to their account, less any shares previously diversified. The percentage changes to 50% in the sixth year. This diversification occurs at the end of each plan year.

Note 1—Plan description and basis of presentation—continued

The Plan Trustee is responsible for voting the Company common stock held by the ESOP, although, in certain circumstances, participants will be notified they have the right to direct the vote of the Trustee.

The Company reserves the right to terminate the Plan at any time, subject to the plan and ERISA provisions. Under such termination of the Plan, the interest of each participant in the trust fund will be distributed to such participant or his or her beneficiary at the time prescribed by the plan terms and the Code. Upon termination of the Plan, the Trustee will pay all liabilities and expenses of the Plan. In addition, remaining unallocated shares shall be allocated to the accounts of all participants in accordance with the provisions of the plan document.

Note 2—Summary of significant accounting policies

Basis of accounting

The accompanying financial statements are prepared on the accrual basis of accounting. Participant distributions are recorded when paid.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investment valuation and income recognition

Investments held by the Plan are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for further discussion of disclosures related to fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Employer S-corporation distributions from membership interest in Seneca Medical Holdings, Inc. are recorded on the declaration date. Net appreciation (depreciation) includes gains and losses on investments bought, sold and held during the year.

Cash equivalents

The Plan considers all highly liquid investments with an initial maturity of three months or less when purchased to be cash equivalents. Cash balances were held in a financial institution and at times these deposits may exceed federally insured limits. However, management monitors the soundness of these financial institutions and believes the risk of loss is negligible.

Note 2—Summary of significant accounting policies—continued

Recently issued accounting pronouncement

In August 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2018-13, Fair Value Measurement (Topic 820): Disclosure Framework – Changes to the Disclosure Requirements for Fair Value Measurement, to improve the effectiveness of disclosure requirements related to fair value investments. For non-public entities, ASU 2018-13 eliminates the level three rollforward disclosure, disclosure of the valuation process of level 3 fair value investments, disclosure of the amount or reasons for transfers between level one and level two of the fair value hierarchy, and the policy for the timing of transfers between levels of the fair value hierarchy.

Non-public entities will be required to disclose transfers into and out of level three of the fair value hierarchy and purchases and issues of level three assets and liabilities. The ASU is effective for fiscal years beginning after December 15, 2019 with early adoption permitted. The Plan Sponsor is evaluating the impact of this update but does not expect it will have a material effect on the Plan's financial statements.

Reclassifications

Certain amounts in the prior year financial statements have been reclassified for comparative purposes to conform to the presentation in the current year.

Note 3—Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under the FASB Accounting Standards Codification Topic, Fair Value Measurement, are described as follows:

Level 1. Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2. Inputs to the valuation methodology include:

- a. Quoted prices for similar assets or liabilities in active markets;
- b. Quoted prices for identical or similar assets or liabilities in inactive markets;
- c. Inputs other than quoted prices that are observable for the asset or liability;
- d. Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

NOTES TO FINANCIAL STATEMENTS—CONTINUED
December 31, 2019 and 2018

Note 3—Fair value measurements—continued

Level 3. Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Seneca Medical Holdings, Inc. Common Stock – valued at fair value, as determined by independent appraisals as of December 31, 2019 and 2018.

Mutual Funds and Exchange Traded Funds – valued at the quoted closing market price on an active market held by the Plan at the end of the year. Mutual funds held by the Plan are open end mutual funds that are registered with the Securities and Exchange Commission.

Interest bearing cash – investments in interest bearing cash and cash equivalents are valued based on cost, which approximates fair value in a non-inflating economy and is protected by the Federal Deposit Insurance Corporation.

The following tables present the Plan's fair value hierarchy for those assets and liabilities measured at fair value on a recurring basis:

Description	Total	Fair Value Measurements at December 31, 2019

NOTES TO FINANCIAL STATEMENTS—CONTINUED
December 31, 2019 and 2018

Note 4—Income tax status

The Plan has received a determination letter from the Internal Revenue Service dated July 20, 2017, stating that the Plan is qualified under Section 401(a) of the Code and, therefore, the related trust is exempt from taxation.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2016.

Note 5—Administrative expenses of the Plan

The Plan's investment in Company common stock is held in a trust established under the Plan. Certain administrative functions are performed by officers or employees of the Company without compensation from the Plan. Trustees fees and other expenses are paid by the Plan. All other expenses are paid by the Company and not included within these financial statements.

Note 6—S Corporation distributions and participant distributions

The Company made S-Corporation distributions to the Plan amounting to \$1,276,165 for 2019, based on its proportion of ownership of the Company. The Code requires S-Corporation distributions paid by the Company to be proportionately allocated to the Plan to maintain Subchapter S Corporation status of the Company.

For the year ending December 31, 2019, the Company purchased no shares of stock from the Plan and the Plan funded participant distributions of \$923,684. A total of 12,654.1810 shares of stock were reallocated to generate funds for cash distributions and transfers.

Note 7—Risk and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that the changes in the values of investment securities will occur in a near term that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 8—Related party transactions and party in interest transactions

Certain Plan investments are shares of the Company stock and money markets managed by Captrust, the custodian of the Plan, and therefore, these transactions qualify as party in interest transactions.

SENECA MEDICAL
EMPLOYEE STOCK OWNERSHIP PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS—CONTINUED
December 31, 2019 and 2018

Note 9—Nonexempt transactions

During the year ending December 31, 2018, the Company inadvertently used funds of the Plan amounting to \$10,825 to pay tax penalties related to late remittance of withholdings on participant distributions. During 2019, management of the Plan determined that these penalties were expenses of the Company rather than the Plan and therefore constituted a nonexempt party-in-interest transaction. The Company repaid principal and lost earnings to the Plan in September 2019.

Note 10—Subsequent event

The Plan has evaluated subsequent events through October 14, 2020, the date the financial statements were available to be issued, and has determined there are no subsequent events that require disclosure except for the following.

As a result of the spread of the COVID-19 coronavirus during 2020, economic uncertainties have arisen as of the date of the financial statements. The extent of the impact of COVID-19 on the Plan's operational and financial performance will depend on certain developments, including the duration and spread of the outbreak, and the impact on the Plan Sponsor, participants and investments, all of which are uncertain and cannot be predicted. At this point, the extent to which COVID-19 may impact the Plan's financial condition or results of operations is uncertain.
