Notes to Financial Statements

Note 1. Plan Description

The following description of AAR Aircraft Services Miami Retirement Savings Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General: The Plan, as amended and restated, provides for employee contributions under the provisions of Section 401(k) of the Internal Revenue Code (“Code”) and covers employees of AAR Aircraft Services, Inc., Miami location (the “Company”), a subsidiary of AAR CORP. (the “Parent Company”). Under the Plan’s provisions, employees are eligible, as determined under the plan document, to participate in the Plan as of the first day of employment. Participation in the Plan is voluntary. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Contributions: Each year, participants may contribute a specific percentage of pre-tax or Roth (after-tax) annual compensation, as defined by the Plan, subject to annual limits as permitted under the Code. Participants may also roll over amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions (limited to \$19,000 in 2019). The Plan provides for automatic enrollment at a pre-tax deferred amount of 5% of annual compensation and automatic escalation of 1% each year on June 1st, unless the participant elects a different percentage or not to contribute to the Plan.

Investment options: The participants elect to have contributions invested in one or more of the following investment options:

Common/collective trust

Principal Equity Income Fund: Seeks to provide current income and long-term growth of income and capital. The fund was added during the year-ended December 31, 2019, and invests at least 80% of its net assets, plus any borrowings for investment purposes, in dividend-paying equity securities.

Registered investment company securities

Vanguard Federal Money Market Fund: Seeks to provide current income while maintaining liquidity and a stable share price of \$1 by investing primarily in high-quality, short-term money market instruments.

Vanguard Institutional Index Fund: Seeks to track the performance of benchmark index that measures the investment return of large-cap stocks.

Vanguard Institutional Target Retirement Funds: Seeks to provide an efficient and well-diversified portfolio that automatically becomes more conservative as retirement date approaches by investing in some or in all of seven Vanguard funds – a domestic stock market index fund, a European stock market index fund, an Asian stock market index fund, an emerging market stock market index fund, a bond market index fund, an inflation-protected securities fund and a money market fund.

Vanguard International Growth Fund Admiral Shares: Seeks to provide long-term growth of capital by investing in stocks of high-quality, seasoned companies based outside the United States. Stocks are selected from more than 15 countries.

Note 1. Plan Description (Continued)

Vanguard Small-Cap Index Fund Institutional Shares: Seeks to provide long-term growth of capital by investing in a sample of stocks in the Russell 2000 Index, an unmanaged index of smaller companies.

Vanguard Total Bond Market Index Fund Admiral Shares: Seeks to provide a high and suitable level of interest income by investing in a broad-range of Treasury, federal agency mortgage-backed and investment-grade corporate securities.

Vanguard U.S. Growth Fund Admiral Shares: Seeks to provide long-term growth of capital by investing in large, high-quality, seasoned U.S. companies with records of exceptional growth and above-average prospects for future growth.

Vanguard Wellington Fund Admiral Shares: Seeks to provide income and long-term growth of capital without undue risk to capital by investing about 65% of its assets in stocks and the remaining 35% in bonds.

Vanguard Retirement Savings Trust III: Seeks stable returns comparable to those of short-term fixed income securities by investing in a combination of synthetic contracts (backed primarily by Vanguard bond trust funds), traditional insurance, and bank contracts. The average maturity range of the trust is 2–4 years.

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 reduced by the participant's highest outstanding loan balance in the previous 12 months or 50% of their non-forfeitable account balance, whichever is less. Interest is charged at an annual rate of 1% above the federal prime rate in effect on the first business day of the month of loan issuance. The loan period can be a maximum of five years (ten years for purchase of a home). Principal and interest are paid ratably through bi-weekly payroll deductions.

Participants' accounts: Each participant's account is credited with the participant's contributions and Company matching contribution and allocations of (a) the Company's discretionary contributions, if any, and (b) Plan earnings, offset by an investment administrative charge and an allocation of admin expense that are paid by the Plan. Allocations are based on participant earnings or account balances or compensation, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Administration: Day-to-day administration of the Plan is the responsibility of the Retirement Plan Administrative Committee ("the Administrative Committee") comprised of at least three senior officers of the Parent Company. The Administrative Committee members are appointed by the Board of Directors. Investment policy and investment activities are the responsibility of the Retirement Plan Investment Committee consisting of at least three senior officers of the Parent Company appointed by the Board of Directors.

Vanguard Fiduciary Trust Company ("Vanguard") provides assistance in plan administration. Vanguard, as trustee and investment manager, performs administrative and recordkeeping services for the Plan in addition to coordinating the activities of the mutual funds.

Note 1. Plan Description (Continued)

Vesting and benefits: Upon becoming eligible to participate in the Plan, employees have a non-forfeitable right to the portion of their account balance attributable to participant contributions, asset transfers/rollovers plus the related earnings or losses. The portion of the participant's account balance attributable to Company contributions plus related earnings or losses is subject to the following vesting schedule:

Years of Service	Vested Percentage	Forfeited Percentage
Less than one year	0%	100%
One year	34%	66%
Two years	67%	33%
Three years	100%	0%

In-service distributions, such as loans and hardships, are permitted within certain restrictions.

At retirement, participants with a vested account balance greater than \$1,000 are paid their entire account balance in a lump-sum or in equal installments over a period of not more than 15 years. Participants with a vested account balance less than \$1,000 are required to be in a lump-sum.

Funding policy: The Plan is funded by contributions from participants and the Company. The Company matches 20% of the employees' elected deferrals up to 5% of compensation, not to exceed the maximum allowable as a deduction under the provisions of Section 404 of the Code of 1986, as amended. The Company may, at its discretion, contribute additional profit sharing contributions to the Plan. For the year ended December 31, 2019, Company matching and profit sharing contributions amounted to \$204,599 and \$297,847, respectively.

Forfeited accounts: At December 31, 2019 and 2018, forfeited non-vested accounts totaled \$30,067 and \$58,492, respectively. The plan document provides for these accounts to be used to pay plan expenses or reduce future Company contributions. During the year ended December 31, 2019, Company contributions were reduced by forfeited non-vested accounts by \$6,536.

Note 2. Significant Accounting Policies

Basis of accounting: The accompanying financial statements are prepared on the accrual basis of accounting.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Investment Committee determines the Plan's valuation policies utilizing information provided by its investment advisors and custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of estimates: These financial statements are prepared in accordance with accounting principles generally accepted in the United States of America that require management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could be materially different from those estimates.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Defaulted participant loans are reclassified as distributions based upon the terms of the plan document.

Note 2. Significant Accounting Policies (Continued)

Payment of benefits: Benefits are recorded when paid.

Administrative expenses: Certain administrative expenses are paid by the Company and, accordingly, are not reflected in the accompanying financial statements. Administrative expenses include fees related to the administration of notes receivable that are charged directly to the participant's account and certain recordkeeping fees paid by the Plan. Investment related expenses are included in net appreciation of fair value of investments.

Recent accounting pronouncement: In August 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework—Changes to the Disclosure Requirements for Fair Value Measurement*, which modifies the disclosure requirements for fair value measurements by removing, modifying, or adding certain disclosures. ASU 2018-13 is effective for all entities for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2019. An entity is permitted to early adopt any removed or modified disclosures and delay adoption of the additional disclosures until their effective date. The Company is currently evaluating the impact of this new standard on its financial statements.

Subsequent events: The Plan has evaluated subsequent events through October 13, 2020, the date the financial statements were available to be issued.

Note 3. Information Certified and Provided by Vanguard

The following is a summary of the Plan's asset and income information as of December 31, 2019 and 2018, and for the year ended December 31, 2019, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by Vanguard, the trustee, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from Vanguard that information provided to the Plan Administrator by Vanguard related to the following assets and income is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following assets and income:

	2019	2018
Registered investment company securities	\$ 17,995,209	\$ 17,722,018

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB Accounting Standards Codification (ASC) 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Registered investment company securities: Valued at the daily closing price as reported by the fund. Registered investment company securities held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The registered investment company securities held by the Plan are deemed to be actively traded.

Common/collective trust: Valued at the NAV of units held, as provided by the trustee. The NAV is based upon the fair value of the underlying investments comprising the trust less its liabilities. The common/collective trust is valued daily based on other observable inputs. Participant transactions (purchases and sales) may occur daily.

Note 4. Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018:

	2019			
	Level 1 (1)	Level 2 (2)	Level 3 (3)	Total
Registered investment company securities	\$ 17,995,209	\$ -	\$ -	\$ 17,995,209
Common/collective trust	-	2,167,706	-	2,167,706
Investments at fair value	\$ 17,995,209	\$ 2,167,706	\$ -	\$ 20,162,915

	2018			
	Level 1 (1)	Level 2 (2)	Level 3 (3)	Total
Registered investment company securities	\$ 17,722,018	\$ -	\$ -	\$ 17,722,018
Investments at fair value	\$ 17,722,018	\$ -	\$ -	\$ 17,722,018

Changes in Fair Value Levels

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

Plan management evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2019, there were no transfers in or out of Level 3.

Notes to Financial Statements

Note 5. Related-Party Transactions

Certain Plan investments are shares of registered investment companies managed by an affiliate of Vanguard. Any purchases and sales of these funds are open market transactions at fair market value. Vanguard is the trustee as defined by the Plan and, therefore, these qualify as party-in-interest transactions. Fees paid by the Plan to Vanguard amounted to \$27,910 for the year ended December 31, 2019. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA. In addition, certain administrative functions are performed by employees of the Company for which no compensation is received from the Plan.

Note 6. Tax Status of the Plan

The Internal Revenue Service has determined and informed the Company by a letter dated July 7, 2015, that the Plan and related trust are designed in accordance with applicable sections of the Code. The Plan Administrator believes that the Plan is designed and is currently being operated in compliance with applicable requirements of Section 401(a) of the Code. Therefore, the Plan is exempt from federal income taxes under Section 501(a) of the Code and no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7. Plan Termination

Although the Company has not expressed any intent to terminate the Plan, it may do so at any time. Termination must have the approval of the Company's Board of Directors. In the event of termination of the Plan, the trust fund assets are appraised and each participant would become 100% vested in their Company contribution portion of their account as of the termination date.

Note 8. Transfers In, Net

If a participant of the Plan becomes eligible for the AAR CORP. Retirement Savings Plan, a separate plan sponsored by the Parent, they will cease participation in the Plan and become eligible to participate in the AAR CORP. Retirement Savings Plan. When they become eligible to participate in the AAR CORP. Retirement Savings Plan, their account balance in the Plan is automatically transferred into the AAR CORP. Retirement Savings Plan. A similar transfer occurs when a participant of the AAR CORP. Retirement Savings Plan becomes eligible for this Plan. During the year ended December 31, 2019, the gross amount of transfers into and out of the plan were \$84,336 and \$140, resulting in a net transfer in of \$84,196.

Note 9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of the net increase in assets available for benefits per the financial statements to the Form 5500 at December 31, 2019:

Increase in net assets available for benefits per the financial statements	\$ 2,823,066
Differences in:	
Benefits paid to participants	(1,835)
Net appreciation in fair value of investments	1,835
Administrative expense	(1)
Net appreciation in fair value of investments	1

Note 10. Risks, Uncertainties, and Subsequent Event

Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in these risks in the near term could materially affect investment account balances and the amounts reported in the statements of net assets available for benefits.

Subsequent to December 31, 2019, the Coronavirus disease 2019 pandemic has adversely impacted and may further adversely impact the Plan's assets. On January 30, 2020, the World Health Organization declared the coronavirus outbreak a "Public Health Emergency of International Concern" and on March 11, 2020, declared it to be a pandemic. Actions taken around the world to help mitigate the spread on the coronavirus include restrictions on travel, and quarantines in certain areas, and forced closures for certain types of public places and business.

The coronavirus and actions taken to mitigate the spread of it have had and are expected to continue to have an adverse impact on the economies and financial markets of many countries, including the geographical area in which the Plan sponsor operates. The full extent to which the pandemic will directly or indirectly impact the financial markets will depend on future developments that are highly uncertain and difficult to predict. These developments include, but are not limited to, the duration and spread of the outbreak, its severity, the actions to contain the virus or address its impact, U.S. and foreign government actions to respond to the reduction in global economic activity, and how quickly and to what extent normal economic and operating conditions can resume.

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) was enacted to amongst other provisions, provide emergency assistance for individuals, families and businesses affected by the coronavirus pandemic. The CARES Act also provides for certain optional relief measures that can be adopted by qualified retirement plans including increased levels of participant loans for affected individuals for a limited time, and distributions with special tax treatment for affected individuals. Plans must also allow participants who are affected by the coronavirus to suspend loan payments through December 31, 2020, and required minimum distributions for participants over 70 ½ can be omitted for 2020. Actions taken by the Plan Sponsor pursuant to the pandemic included suspending Company matching contributions into the plan, effective June 1, 2020 indefinitely.

Additionally, it is reasonably possible that estimates made in the financial statements, have been, or will be, materially and adversely impacted in the near term as a result of these conditions, including investment valuations.
