SANOH AMERICA, INC. SAVINGS PLAN
Notes to the Financial Statements
December 31, 2019 and 2018

A - DESCRIPTION OF PLAN

The following description of the Sanoh America, Inc. Savings Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan Document and Summary Plan Description for a more complete description of the Plan's provisions, which is available from the Plan Administrator.

General: The Plan is a defined contribution plan sponsored by Sanoh America, Inc. (the "Company"). All employees become eligible to participate in the Plan on the first day of the month immediately following the successful completion of 60 days of service. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* ("ERISA"). Delaware Charter Guarantee & Trust Company dba Principal Trust Company ("Principal") was the custodian of the Plan through November 2017 at which time Fidelity Management Trust Company ("Fidelity") became the custodian of the Plan. At the time of the transfer of assets, the balance in the guaranteed investment contract remained with Principal for the duration of the contract through September, 2018, when those assets were moved to Fidelity as well. The Investment Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Contributions: Under the provisions of the Plan, allowable contributions are outlined as follows:

Participant Contributions – A participant may generally elect to save 1% to 100% of wages. A participant may designate savings as before-tax savings, Roth IRA deferral, or any combination of the two. Employee rollover and catch-up contributions are also permitted. The amount of a participant's contributions for any Plan year may not exceed certain limits which are set forth in the Plan and the Internal Revenue Code (the "Code").

Employer Contributions – The matching Company contributions will be 100% of the first 3% of the employee's savings and 50% of the next 2% of employee savings. Participants have the option of investing the matching Company contributions in any fund.

Participant Investment Account Options: As of December 31, 2019, each participant's account can include up to twenty-six funds through Fidelity. Each participant has the option of directing his contributions into any of the separate investment accounts at Fidelity and may change the allocation daily. Participants may elect to allocate contributions among these funds in multiples of one percent (1 %).

Participant Accounts: Each participant's account is credited with the participant's contributions and the Company's matching contributions, as well as Plan earnings. Participant accounts are charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit, to which a participant is entitled, is the benefit that can be provided from the participant's vested account.

Notes to the Financial Statements

A - DESCRIPTION OF PLAN (continued)

Vesting: The Plan is a safe harbor plan under 401(k) of the Internal Revenue Code. Therefore, the participant's interest in their contributions and the matching Company contribution portion are fully vested at all times.

Benefits to Participants: Participants are entitled to receive their benefits following the later of the participant's retirement or attainment of age 65. The forms of retirement benefits paid to participants are a single lump-sum distribution, monthly installments or annual installments. In-service withdrawals for participants that reach 59½ years of age or have hardship issues are permitted by the Plan.

Notes Receivable From Participants: The Plan Document includes provisions authorizing loans from the Plan to active eligible participants. Participants may borrow from their account balance any whole dollar amount which must be at a minimum of \$1,000 up to a maximum of the lesser of \$50,000 or 50% of the participant's vested interest in their account, reduced by the highest outstanding loan balance, if any, during the prior 12-month period. Loan terms range up to 5 years. A member who is using a loan for the purchase of a primary residence may elect to repay the loan over a period of whole years between 1 and 15. The loans are collateralized by the balance in the participant's account and bear interest at a rate, determined monthly, at a rate of 1% above the prime rate, as defined. Interest rates ranged from 4.25% to 6.50% as of December 31, 2019. The interest rate shall remain in effect for the term of the loan. Principal and interest are paid ratably through monthly payroll deductions. No allowance for credit losses has been recorded as of December 31, 2019 and 2018.

Plan Termination: Although it has not expressed an intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. If it would be terminated for any reason, the Plan shall be valued and distributions to participants shall be made.

Plan Amendment: Effective January 1, 2019, the Plan amended the hardship provisions so that participants are no longer required to take a loan prior to taking a hardship distribution and to suspend deferrals for six months after a hardship distribution.

B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The accompanying financial statements have been prepared under the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

SANOH AMERICA, INC. SAVINGS PLAN
Notes to the Financial Statements
December 31, 2019 and 2018

B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Risks and Uncertainties: The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and those changes could materially affect the amounts reported in the financial statements.

On March 11, 2020, the World Health Organization characterized coronavirus (COVID-19) as a pandemic, and on March 13, the President of the United States declared a national emergency relating to the disease. In addition to the President's declaration, state and local authorities have recommended social distancing and have imposed quarantine and isolation measures on large portions of the population, including mandatory business closures. These measures are designed to protect the overall public health, however are expected to have material adverse impacts on domestic and foreign economies and may result in the United States entering a period of recession.

As a result of COVID-19, there has been heightened market risk and volatility associated with the pandemic, and this could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits, as mentioned above. Because of the uncertainty of the markets during this time, Plan management is unable to estimate the total impact the pandemic will have.

Investment Valuation and Income Recognition: The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and custodians. See Note E for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 and 2018. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan Document.

Notes to the Financial Statements
December 31, 2019 and 2018

B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Administrative Expenses: Plan administrative service expenses of the Plan are paid by the Plan. The Plan Sponsor provides accounting and administrative services to the Plan at no charge.

Benefits and Withdrawals Paid to Participants: Benefit payments and withdrawals to participants are recorded upon distribution.

Subsequent events: The Plan has evaluated all subsequent events through October 14, 2020, the date the financial statements were available to be issued.

The duration of any business disruption and related financial impact, including payroll, cannot be reasonably estimated at this time but may materially affect the Company's operations. The extent to which the coronavirus pandemic may impact the Company's operations will depend on the future developments, which are highly uncertain and cannot be predicted at this time, including new information that may emerge concerning the severity of the coronavirus and steps taken to contain the coronavirus or treat its impact, among others. Accordingly, this may affect future contributions to the Plan.

C - PARTY-IN-INTEREST TRANSACTIONS

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50 percent or more of such an employer or employee association, or relatives of such persons. The Plan invests in certain funds of the Plan trustees. Principal was the custodian for the guaranteed investment contract through September, 2018 when the funds were transferred to Fidelity. Fidelity became the trustee, custodian and the recordkeeper for funds other than the guaranteed investment contract from December 2017 through the year ended December 31, 2019.

Administrative expenses paid to Fidelity and Principal amounted to \$56,571 and \$42,653 for 2019 and 2018, respectively. Certain administrative functions are performed by the officers and employees of the Company (who may also be participants in the Plan) at no cost to the Plan.

These transactions are not deemed prohibited party-in-interest transactions because they are covered by the statutory or administrative exceptions from the Internal Revenue Code's and ERISA's rules on prohibited transactions.

E - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and are supported by little or no market activity and are significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no significant changes in the methodologies used during the years ended December 31, 2019 and 2018.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and are classified within Level 1 of the valuation hierarchy.

Notes to the Financial Statements

E - FAIR VALUE MEASUREMENTS (continued)

Common Collective Trust funds: The Plan invests in the Mellon Stable Value Fund of the Bank of New York Mellon, an investment vehicle that invests in fully benefit-responsive investment contracts, government securities, pooled separate accounts and other investment companies. It is valued at the NAV of units of a collective trust. The NAV, as provided by Bank of New York Mellon, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Unit values are determined by dividing the fund's net assets at fair value by its units outstanding at the valuation dates. There are no unfunded commitments or redemption restrictions for the individual participants within the Plan, however, there is up to a 12-month redemption for this investment at the Plan level.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

The fair value amounts presented in this table are intended to permit reconciliation of the fair value to the line items presented in the statements of net assets available for plan benefits.

F - FEDERAL INCOME TAX STATUS

The Plan operates under a nonstandardized adoption agreement in connection with a prototype retirement plan and trust/custodial documents sponsored by Fidelity. This prototype plan document has been filed with the appropriate agency. The Plan has not obtained or requested a determination letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and that the Plan was qualified and the related trust was tax-exempt as of the financial statement date. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan Administrator believes it is no longer subject to income tax examinations for the years prior to 2016.

H - CARES ACT AND SECURE ACT

The Plan will implement certain requirements by the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) and the Setting Every Community Up for Retirement Enhancement Act of 2019 (the SECURE Act), which laws change the Plan to, among others, allow certain eligible individuals to receive penalty-free withdrawals during 2020, suspend required minimum distributions, and delay the commencement date for required minimum distributions. Certain optional features within these acts have been assessed and have been implemented to date. Written amendments to the Plan to reflect these operational changes will be adopted in accordance with applicable law and IRS guidance.
