Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Reliance Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the year ended December 31, 2019, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion on the 2019 financial statements. 1. Description of the Plan

The following description of the BendPak, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document or Summary Plan Description for a more complete description of the Plan's provisions, which are available from the plan administrator.

General – The Plan is a defined contribution plan sponsored by BendPak, Inc. (the "Company") for the benefit of its full-time employees who have three months of service. The Plan was started on January 1, 2015. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Plan is administered by the Company's Administrative Committee (the "Committee"). The Committee has overall responsibility for the operation and administration of the Plan. The Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's Board of Directors. The Plan currently provides for employer and employee deferred savings contributions.

Contributions – Participants may contribute from 1% to 89% of their annual compensation as pre-tax or Roth contributions, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans ("Rollovers"). Additionally, participants age 50 or older, who are making contributions to the Plan, are allowed to make catch-up contributions as defined in the Plan. Participants direct the investment of all contributions into various investment options offered by the Plan.

The Company contributes matching contributions of 25% of employee deferrals up to 4% of base compensation that a participant contributes to the Plan. Additional discretionary contributions may be contributed at the option of the Company. Contributions are subject to certain Internal Revenue Code ("IRC") limitations.

Participant investment account options - The Plan currently offers 27 mutual funds, 4 common collective trust funds and 1 stable value fund as investment options for participants. Participants direct the investment of their contributions into the different investment options available.

Participant accounts – Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Payment of benefits – On termination of service due to death, disability or retirement, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account or certain other optional forms of benefit payment. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution.

Forfeited accounts – At December 31, 2019 and 2018, forfeited nonvested accounts totaled $1,109 and $10, respectively. These accounts will be used to reduce future employer contributions. Also for the years ended December 31, 2019 and 2018, employer contributions were reduced by $898 and zero from forfeited nonvested accounts.

1. Description of the Plan (Continued)

Vesting – Participants are immediately vested in their contributions, pre-tax contributions and Rollovers, plus actual earnings thereon. Employer matching contributions and discretionary non-elective contributions are subject to the following vesting schedules:

Years of Service	Vested Percentage	
	Employer Match	Discretionary
1	0%	0%
2	100%	20%
3		40%
4		60%
5		80%
6		100%

2. Summary of significant accounting policies

Basis of accounting – The financial statements of the Plan are prepared on the accrual method of accounting.

Use of estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment valuation and income recognition – Investments are reported at fair value (except for the fully benefit responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Management determines the Plan's valuation policies utilizing information provided by the investment trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net (depreciation) appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Unit values – Individual participant accounts for the common/collective trust and stable value funds are maintained on a unit value basis. Participants do not have beneficial ownership in the specific underlying securities or other assets in the funds, but do have an interest therein represented by units valued daily. The funds earn dividends and interest which are automatically reinvested in additional units. Generally, contributions to and withdrawals from each fund are converted to units by dividing the amounts of such transactions by the unit values as last determined, and the participants' accounts are charged or credited with the number of units properly attributable to each participant.

Administrative expenses – Certain expenses of the Plan are paid by the Company and are not included in the statement of changes in net assets available for benefits. Recordkeeping services are allocated to Participants' account and are also included in administrative expenses. Investment related expenses are included in net (depreciation) appreciation of fair value of investments.

3. Information prepared and certified by the trustee

The plan administrator has elected the method of annual reporting compliance permitted by the 29 CFR 2520.103-8 of the Department of Labor ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Reliance Trust Company, the Trustee of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule are complete and accurate with respect to investments:

- Investments at fair value (except for fully benefit-responsive investment contract at contract value)
- Net (depreciation) appreciation in fair value of investments
- Interest and dividends
- Schedule of assets (held at end of year)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

4. Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 — Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 — Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 — Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual funds: Value at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trusts: Value at the Net Asset Value ("NAV") of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

4. Fair value measurements (Continued)

Stable value common collective trust: A stable value fund that is composed primarily of fully benefit-responsive investment contracts is valued at the NAV units of the bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2019:

	Investments at Fair Value as of December 31, 2019			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$734,728	$ -	$ -	$734,728
Total investments in the fair value hierarchy	$734,728	$ -	$ -	$734,728
Total investments at fair value				$734,728

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2018:

	Investments at Fair Value as of December 31, 2018			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$671,044	$ -	$ -	$671,044
Total investments in the fair value hierarchy	$671,044	$ -	$ -	$671,044
Total investments at fair value				$671,044

5. Stable Value Common Collective Trusts

The Plan invests in fully benefit-responsive guaranteed investment contracts with Invesco Trust Company ("Invesco") and State Street Bank & Trust Co. ("State Street"). The following table details the total invested by the Plan for the years ended December 31, 2019 and 2018:

Common Collective Trusts	**2019**	**2018**
Invesco Stable Asset	$3,233	$1,243
State St Intl IDX SECLEND VIII	7	-
State St Russ SC IDX VIII	109	-
State St S&P 500 IDX IX	7	-
State St S&P MD CP IDX NL J	34	-
	$3,390	$1,243

The accounts are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuers are contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuers but may not be less than 0% percent. The crediting interest rate is reviewed on a quarterly basis for resetting. The guaranteed investment contracts do not permit the insurance companies to terminate the agreements prior to the scheduled maturity date.

5. Stable Value Common Collective Trusts (Continued)

Because the guaranteed investment contracts are fully benefit-responsive, contract values are the relevant measurement for the guaranteed investment contracts. Contract values, as reported to the Plan by Invesco and State Street, represent contributions made under the contracts, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract values.

The Plan's ability to receive amounts due is dependent on the issuers' ability to meet their financial obligations. The issuers' ability to meet their contractual obligations may be affected by future economic and regulatory developments. There are no reserves against contract values for credit risk of the contracts issued by Invesco or State Street.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) plant closings and layoffs, (2) bankruptcy, reorganization or merger, or (3) tax disqualification of the trust.

The Plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with Plan participants are probable of occurring.

6. Related party transactions and party-in-interest transactions

Certain Plan investments are shares of mutual funds and common collective trust funds managed by Reliance Trust Company. Reliance is the trustee as defined by the Plan and therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net (depreciation) appreciation in fair value of the investments, as they are paid through revenue sharing, rather than a direct payment. As described in Note 2, the Plan made direct payments to the third party administrator of $1,275 and $550 for the years ended December 31, 2019 and 2018, respectively, which was not covered by revenue sharing. The Plan paid certain expenses related to the Plan's operations and investment activity to various service providers. These transactions are party-in-interest transactions. The Plan Sponsor pays directly and other fees related to the Plan's operations.

7. Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

8. Excess contributions refundable

Contributions received from participants for December 31, 2019 and 2018, are net of payments of $2,507 and $9,816, respectively, to certain active participants to return to the excess deferral contributions as required to satisfy the relevant nondiscrimination provisions of the Plan. As of December 31, 2019 and 2018, $2,507 and $9,816, respectively, has been included in the Plan's statements of net assets available for benefits as excess contributions refundable.

9. Tax status

The Internal Revenue Service ("IRS") has determined that the prototype 401(k) plan is designed in accordance with applicable sections of the IRC and informed the trustee of such in a letter dated July 8, 2014. The Company has adopted the prototype plan and believes that the Plan is currently being operated in compliance with the applicable requirements of the IRC.

U.S. GAAP require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

10. Reconciliation of financial statements to Schedule H of Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2019 and 2018 to Form 5500:

Change in employer – contributions receivable	333	(10)
Net increase per Schedule H of the Form 5500	$65,831	$49,880

11. Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

12. Subsequent events

On March 27, 2020, the C.A.R.E.S. Act (Coronavirus Aid, Relief and Economic Security Act) was signed into law. The Act makes available special distributions for "Qualified Individuals." A Qualified Individual is an individual who:

- Is diagnosed with COVID-19;
- Whose spouse or dependent is diagnosed with COVID-19;
- Experiences adverse financial consequences as a result of:
    - Being quarantined, furloughed, laid off, having hours reduced
    - Being unable to work due to lack of child care due to COVID-19,
    - Closing or reducing hours of a business owned or operated by an individual due to COVID-19.

Coronavirus Related Distribution (CRD)

A CRD of up to $100,000 (or the Participant's vested account balance, if less) can be made between January 1 and December 31, 2020 to a Participant who is a Qualified Individual. The 10% early withdrawal penalty and 20% mandatory withholding provisions do not apply to a CRD. The CRD is includible in the Participant's income ratably over a three-year period unless the Participant elects otherwise. The Participant may also elect to repay the CRD amount to the Plan or another eligible retirement plan at any time during the three year period after the date the CRD was made.

The Plan has evaluated subsequent events through October 14, 2020, which is the date the financial statements were available to be issued. No significant matters were identified for disclosure during this evaluation.
