ROWAN COMPANIES, INC. SAVINGS AND INVESTMENT PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2019 AND 2018

1. PLAN DESCRIPTION

The following brief description of the Rowan Companies, Inc. Savings and Investment Plan (the “Plan”) is provided for general informational purposes only. Participants should refer to the Plan agreement for complete information.

General – The Plan is a defined contribution, individual account 401(k) plan covering substantially all employees of Rowan Companies, Inc. and its subsidiaries (“Rowan”). Rowan became a wholly owned subsidiary of Rowan Companies plc effective May 4, 2012.

Effective April 11, 2019, the parent company of Rowan was merged into Ensco plc, which was subsequently renamed EnscoRowan plc. Effective July 31, 2019, the parent company EnscoRowan plc was renamed Valaris plc. Eligible employees have continued to participate in the Plan post merger and the renaming of the parent organization.

Participation – Employees are eligible to enter the Plan on the first day of the next month following completion of two months of service.

Funding – Plan participants may make contributions of up to 60% of their regular compensation on a before-tax basis. Eligible employees who have never had a contribution election in place are subject to automatic enrollment whereby Rowan will automatically deduct 3% from their pay on a pre-tax basis following a 30-day notice period. The deferral rate is increased by 1% each year until it reaches a maximum of 6% of compensation. Employees can elect to stop or change this automatic contribution at any time.

Rowan matches participant contributions equal to 100% of the first 6% of participant’s eligible compensation. Participants who attain the age of 50 before the end of the Plan year may make additional before-tax contributions to the Plan. Effective July 1, 2018, Rowan matches participant contributions equal to 100% of the first 4% and 50% of the next 2% of participant’s eligible compensation.

Investment Options – The Plan assets are managed by Fidelity Management Trust Company, the Trustee of the Plan (“Fidelity” or “Trustee”). Plan participants direct the investment of their accounts among the Plan’s investment options and may, at their sole discretion, transfer amounts between such options at any time.

Expenses – Participants’ accounts are charged with investment advisory and other fees by the Trustee through charges by the underlying funds. Other expenses of administering the Plan are borne by the Plan or by Rowan, at its discretion.

Vesting Provisions – Participants are 100% vested at all times in their own contributions, plus any earnings accrued thereon. Qualified Automatic Safe Harbor Matching Contributions, Employer Matching Contributions and earnings are fully vested after two years of service. Employees who are members of certain classes (as specified in the Plan agreement) have different vesting schedules.

Distributions – Participants can obtain lump-sum or installment distributions of vested balances upon termination of employment, retirement, disability or death. Participants may be permitted to withdraw from their before-tax account upon attainment of age 59½ or hardship in accordance with the terms of the Plan.

ROWAN COMPANIES, INC. SAVINGS AND INVESTMENT PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2019 AND 2018

Forfeitures – Upon termination of employment, participants’ non-vested balances are forfeited. Such forfeitures can be applied to reduce employer contributions or Plan administrative expenses otherwise payable by Rowan. During the year ended December 31, 2019, Rowan utilized approximately \$72,141 of employee forfeitures for Plan administrative expenses and \$95,694 of employee forfeitures to reduce employer contributions. At December 31, 2019 and 2018, Plan assets included approximately \$194,060 and \$149,509, respectively, of non-vested forfeited accounts.

Plan Termination – Although it has not expressed any intention to do so, Rowan may terminate the Plan at any time subject to the provisions of the Employee Retirement Income Security Act of 1974. In the event the Plan is terminated, each participant shall be entitled to 100% of all contributions, plus any earnings accrued thereon, as of the date of termination.

Transfer of Assets – On April 11, 2019, the Rowan completed a merger transaction with Ensco, plc. (“Ensco”). During the fiscal year ended December 31, 2019, the new organization determined that participants in the Rowan Companies, Inc. Savings Plan would continue to be eligible to participate in the plan through December 31, 2019 and then most of the participants would then become eligible to participate in the Ensco Savings Plan effective January 1, 2020, after transferring to a new entity within the organization. As a result of the merger transaction, an aggregate investment balance of \$153,288,667 were transferred to Ensco Savings Plan for these participants.

Effective April 1, 2020, Saudi Aramco Rowan Offshore Drilling Company assumed sponsorship of the Rowan Companies, Inc. Savings & Investment Plan. At the same time, the plan was renamed the ARO Drilling 401(k) Plan.

New Accounting Pronouncement – In July 2018, the Financial Accounting Standards Board (FASB) issued the Accounting Standards Update (ASU) 2018-09, Codification Improvements, which, among other things, amends an illustrative example of a fair value hierarchy disclosure to indicate that a certain type of investment should not always be considered to be eligible to use the net asset value per share practical expedient. Also, it further clarifies that an entity should evaluate whether a readily determinable fair value exists or whether its investments qualify for net asset value per share practical expedient in accordance with Accounting Standards Codification 820, Fair Value Measurement. Adoption of the amended guidance, which is to be applied prospectively, affects the fair value disclosures, but does not change the fair value measurement of the investments. The Plan adopted ASU 2018-09 for the year ended December 31, 2019 but did not have any effect on the disclosures or changes in net assets or the financial position of the Plan.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The financial statements are prepared on the accrual basis of accounting in accordance with generally accepted accounting standards in the United States of America (“GAAP”).

Use of Estimates – The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties – Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that

ROWAN COMPANIES, INC. SAVINGS AND INVESTMENT PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2019 AND 2018

changes in risks in the near term could materially affect the amounts reported in the Statements of Net Assets Available for Benefits.

Payment of Benefits – Benefits are recorded when paid.

Investment Valuation and Income Recognition – The investments held are stated at fair value based on the latest quoted market values of the underlying securities. Securities for which no quoted market value is available are evaluated and valued by Plan management with reference to the underlying investments, assumptions and methodologies used in arriving at fair value in accordance with the Financial Accounting Standards Board (“FASB”) Accounting Standards Codification (“ASC”) 820, *Fair Value Measurement* (See Note 3).

Net appreciation of investments is comprised of realized and unrealized gains and losses. Realized gains or losses represent the difference between proceeds received upon sale and the average cost of the investment. Unrealized gain or loss is the difference between market value and cost of investments retained in the Plan (at financial statement date).

Purchases and sales of securities are recorded on a trade-date basis. The Trustee records dividend income as of the ex-dividend date and accrues interest income as earned.

Expenses – Certain expenses of maintaining the Plan are paid directly by the Company. These expenses include fees and expenses of the consultants, auditors, and legal personnel. Investment-related expenses are included in net appreciation (depreciation) in fair value of investments.

3. INVESTMENTS (CERTIFIED BY TRUSTEE) AND FAIR VALUE MEASUREMENTS

Information related to investments and investment income presented in the accompanying statements and schedules, as of December 31, 2019, was derived without audit, from information certified to be complete and accurate by Fidelity, as permitted by the election made by the plan administrator under 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

FASB ASC 820 establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

ROWAN COMPANIES, INC. SAVINGS AND INVESTMENT PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2019 AND 2018

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Money market funds: Valued as of the close of trading on the NYSE on the valuation date. Securities are valued at amortized cost, which approximates market value.

Mutual funds: Valued at closing NAV reported on the active market on which mutual funds are traded.

Common collective trust & Stable Value Fund: Valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value of December 31, 2019 and 2018.

Assets at Fair Value as of December 31, 2019

The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

4. NAV PER SHARE

In accordance with FASB ASU No. 2009-12, *Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*, the Plan expanded its disclosure to include the category, fair value, redemption frequency, and redemption notice period for those assets whose fair value is estimated using the net asset value per share or its equivalent for which the fair value is not readily determinable as of December 31, 2019 and 2018. For the Plan, such assets include investments in common collective trust funds and stable value fund.

The following tables for December 31, 2019 and 2018, sets forth a summary of the Plan's investments with a reported NAV.

5. TAX STATUS OF THE PLAN

The Internal Revenue Service has determined and informed Rowan by a letter dated February 1, 2018, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable

ROWAN COMPANIES, INC. SAVINGS AND INVESTMENT PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2019 AND 2018

requirements of the IRC and therefore believes that the Plan is qualified and the related trust is tax-exempt.

GAAP requires Plan management to evaluate uncertain tax positions taken by the Plan and to recognize a tax liability (or asset) when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2019, there were no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. TRANSACTIONS WITH PARTIES-IN-INTEREST

Certain Plan investments are funds managed by the Trustee and therefore qualify as party-in-interest transactions. Fees paid during the year for legal, accounting, and other professional services rendered by parties-in-interest were based on customary and reasonable rates for such services. Investment and administrative expenses paid by the Plan to Fidelity or their affiliates totaled \$75,956 for the year ended December 31, 2019.

7. SUBSEQUENT EVENTS

In preparing the accompanying financial statements, Plan management has reviewed all known events that have occurred after December 31, 2019, through October 13, 2020 for inclusion in the financial statements and footnotes.

On March 11, 2020, the World Health Organization (WHO) classified the global coronavirus outbreak (COVID-19) as a pandemic, triggering volatility in financial markets and significant economic uncertainties. This could have a significant impact on participant account balances and the amounts reported in the statements of net assets available for benefits and changes in net assets available for benefits. The duration of these uncertainties and the ultimate financial effects cannot be reasonably estimated at this time.

While the COVID-19 outbreak, depressed oil prices as well as oil demand and supply imbalances have negatively impacted the value of the Company and while the Company is also currently undergoing a restructuring under Chapter 11, management does not believe there is substantial doubt about the Plan's ability to continue as a going concern. Management believes the Plan administrator could continue the administrative functions of the Plan, while it was still the plan administrator and sponsor.
