NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Holzhauer 401(k) and Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan which was effective July 1, 1997 and covers all full-time employees of Holzhauer Auto and Truck Sales, Inc. and Big St. Charles Motor Sports, LLC (companies related through common ownership, collectively referred to as the "Company") who have 1,000 hours of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Company's management serves as trustee and the accounts of the Plan are administered by July Business Services, the third party administrator. Lincoln Financial Group is the custodian and recordkeeper of the Plan.

Contributions - Each year, participants may contribute pre-tax or after-tax annual compensation (Roth 401k), as defined in the Plan, not to exceed the dollar limit for the year set by the Internal Revenue Service (IRS). The IRS limit for contributions are $19,000 and $18,500 for Plan years 2019 and 2018, respectively. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The IRS catch-up contribution limit for the years 2019 and 2018 is $6,000. Participants may also contribute amounts representing distributions from other qualified defined contribution plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan. Employer contributions, if any, are at the discretion of the Board of Directors of the Company. Allocation of employer contributions is based on the proportion that each participant's compensation for the plan year bears to the total compensation of all participants for the plan year.

Participant Accounts - Each participant's account is credited with the participant's contribution, allocations of the Company's contribution and plan earnings, and charged with an allocation of certain administrative expenses. Allocations are based on participant earnings, account balances, or specific transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after six years of credited service.

Notes Receivable from Participants - Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance, reduced by any outstanding loan balance. Employees may only have 1 loan outstanding at any time. The loans are secured by the balance in the participant's account and bear interest at the rate of prime interest plus 1% determined at the time the loan is taken out, which is commensurate with local prevailing rates as determined by the loan administrator. Principal and interest on notes are repaid ratably through payroll deductions. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit based on the terms of the Plan document.

NOTE 1 - DESCRIPTION OF THE PLAN - CONTINUED

Payment of Benefits - On termination of service due to death, disability, or retirement, a participant may receive a distribution of their vested account under the Plan's normal distribution rules or as designated on the appropriate designated beneficiary election forms. In general, employees who have attained the age of 65 are eligible for normal retirement.

Forfeited Accounts - At December 31, 2019 and 2018, forfeited nonvested accounts totaled $90 and $771, respectively. These accounts are used to reduce future plan expenses and employer contributions paid by the Company. In 2019 and 2018, reduction in forfeiture accounts to pay plan expenses and employer match were $2,611 and $5,874, respectively.

Plan Termination - In the event of any final termination of the plan, the accounts of all participants affected thereby shall become fully vested and remaining assets after payment of expenses will be distributed to participants and beneficiaries.

Recently Issued Accounting Standard - In August 2018, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2018-13, Fair Value Measurements - Disclosure Framework (topic 820). The updated guidance improves the disclosure requirements on fair value measurements. The updated guidance is effective fiscal years, and interim periods within those fiscal years, beginning after December 15, 2019. Early adoption is permitted. The Plan did not elect early adoption.

The Bipartisan Budget Act of 2018 made several changes to 401k hardship withdrawal rules effective no later than January 1, 2020. Changes to the hardship rules include the elimination of the 6 month suspension following hardship withdrawals, the requirements to take available loans before a hardship withdrawal, if applicable, and expansion of amounts available for hardship withdrawals. The Plan operationally implemented these changes in 2019.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP), using the accrual method of accounting.

Use of Estimates - The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance, plus any accrued, but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent loans are treated as distributions based upon the terms of the plan document. No allowance for credit losses has been recorded as of December 31, 2019 and 2018.

Excess Contributions Payable - Contributions are reduced by excess deferral contributions in the amounts of $0 and $13,134, respectively, for plan years ended December 31, 2019 and 2018. Distributions of these excess contributions occurs in March of the subsequent plan year to certain active plan participants as required to satisfy the relevant nondiscrimination provisions of the plan.

Payment of Benefits - Benefits are recorded when paid.

Administrative Expenses - Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of the Plan are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events - The Plan has evaluated subsequent events through October 11, 2020, the date the financial statements were available to be issued for possible recognition and disclosure in the financial statements.

The COVID-19 outbreak, which was declared a pandemic by the World Health Organization on March 11, 2020, has negatively impacted the world economy. The impact of COVID-19 on economic markets continues to evolve rapidly and its future effects on the Plan's net assets available for benefits and changes in net assets available for benefits are uncertain.

On March 27, 2020 Congress passed the Coronavirus Aid, Relief, and Economic Security (CARES) Act. The CARES Act provides immediate and temporary relief for retirement plan sponsors and their participants with respect to employer contributions, distributions, and participant loans. The provisions of the CARES Act may be effective and operationalized immediately, prior to amending the plan document. Its future effects on the Plan's statements of net assets available for benefits and changes in assets available for benefits are uncertain.

Effective as of January 1, 2020, the Plan was amended to modify the participating employers under the Plan. Holzhauer Motorsports of O'Fallon, LLC, a related employer, was added to the Plan. Employees of the related employer are eligible to participate in the Plan as described in Article 1 of the Summary Plan Description.

NOTE 3 - FAIR VALUE MEASUREMENTS

The Plan follows a framework for measuring fair value, which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3).

The three levels of the fair value hierarchy are described as follows:

NOTE 3 - FAIR VALUE MEASUREMENTS - CONTINUED

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs. There are three general valuation techniques that may be used to measure fair value: i) market approach - uses prices generated by market transactions involving identical or comparable assets or liabilities, ii) cost approach - uses the amount that currently would be required to replace the service capacity of an asset (replacement cost); and iii) income approach - uses valuation techniques to convert future amounts to present amounts based on current market expectations.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Pooled Separate Accounts - The Lincoln Director and Lincoln American Legacy Retirement contracts are group annuity contracts that provide investment options including pooled separate accounts. Pooled separate accounts are funds that invest mainly in registered investment companies. Units held in pooled separate accounts are valued using the net asset value (NAV) practical expedient of the fund as reported by the fund manager. The NAV practical expedient is based on the fair value of underlying assets owned by the fund, minus its liabilities, and then divided by the number of units outstanding.

Guaranteed Stable Value Account: The Lincoln Director and Lincoln Legacy Retirement contracts are group annuity contracts that provide investment options including a Guaranteed Stable Value Account (Note 4).

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 3 - FAIR VALUE MEASUREMENTS - CONTINUED

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018:

2019:	Level 1	Level 2	Level 3	Total
Investments measured at NAV*	$ 0	$ 0	$ 0	$ 2,479,995

2018:	Level 1	Level 2	Level 3	Total
Investments measured at NAV*	$ 0	$ 0	$ 0	$ 1,831,882

* In accordance with Subtopic 820-10, certain investments that were measured at net asset value ("NAV") per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for plan benefits.

The following table summarizes investments for which fair value is measured using NAV per share practical expedient and the separate account charges as of December 31, 2019 and 2018, respectively.

Description	Fair Value 12/31/2019	Fair Value 12/31/2018	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Pooled Separate Accounts (a)	$ 2,479,995	$ 1,826,369	N/A	Daily	None
Guaranteed Stable Value Account (Note 4)	$ 0	$ 5,513	N/A	Daily	None

(a) Owns and holds the underlying mutual funds or collective trust shares which are valued daily at their net asset values (NAV).

NOTE 4 - GUARANTEED STABLE VALUE ACCOUNT WITH LINCOLN

The Lincoln Guaranteed Stable Value Account is reported at contract value. The contract values were $0 and $5,513 as of December 31, 2019 and 2018, respectively. Indirect investments in fully benefit responsive investment contracts through investment companies are not in the scope of ASU 2015-12 Part I and should be reported at fair value. The contract value for the stable value account reflects NAV. The contract value represents the amount participants would receive if they were to initiate a transaction under the terms of the ongoing plan. Interest is credited daily at an interest rate not less than the guaranteed minimum interest rate. The interest crediting rate is declared on a quarterly basis. The contract amount maintained is guaranteed against loss of principal, minus all withdrawals, including charges and adjustments. The guarantee is based on Lincoln's ability to meet its financial obligations from general assets.

Lincoln's methodology used to calculate the interest crediting rate is discretionary to Lincoln. The crediting rates are set to be at least as high as the guaranteed minimum interest rate for a given contract, are communicated to the plan sponsor before they go into effect, and are guaranteed for at least a quarter.

Certain events limit the Plan's ability to transact at contract value with Lincoln. Such events include the following: Failure to pay charges owed to Lincoln, failure to furnish requested information or documentation, misrepresentation of material, the Plan does not meet requirements of the appropriate code sections, and other events.

Market value adjustments and surrender charges to the Guaranteed Stable Value Account could limit the ability of the plan to initiate/complete a transaction at contract value and could result in an adjustment to the NAV. A market value adjustment is a feature of the contract that protects Lincoln and its clients against sudden movements in the bond markets. The purpose of the MVA is not to generate revenue but rather to offset losses caused by being forced to sell assets at a loss. A transfer to a competing fund is never allowed. Transfers to non-competing funds are permitted, but must be followed by a 90 day waiting period prior to assets moving to a competing fund

NOTE 5 - PARTY-IN-INTEREST AND RELATED PARTY TRANSACTIONS

Certain Plan investments are group annuity contracts that invest in pooled separate account and a guaranteed stable value account held by Lincoln Financial Group, the custodian of the plan. Therefore, these transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transactions rule under ERISA. Fees paid by the Plan for the investment management services are netted against appreciation in fair value of investments. The Company provides certain administrative services at no cost to the Plan.

NOTE 6 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the plan to terminate the plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in the company contribution portion of their account.

NOTE 7 - TAX STATUS

The Internal Revenue Service (IRS) has provided an opinion letter for the Volume Submitter Plan presented by July Business Services dated April 2, 2012 and adopted by the Company effective March 31, 2014. The opinion letter states the Volume Submitter Plan and related Trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes the Plan is qualified and the related trust is tax-exempt.

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 9 - COMPLIANCE WITH PLAN REQUIREMENTS

Based on the results of compliance testing performed by July Business Services, the third-party administrator, the plan met minimum participation and coverage requirements set forth by the Tax Reform Act of 1986 and was determined to be non-discriminatory for the 2019 plan year. As of December 31, 2019 the fiduciary bond coverage was an amount equal to 10% or $500,000, whichever amount was less. The plan was not top heavy as of December 31, 2019.

NOTE 10 - SUMMARY OF INFORMATION CERTIFIED BY CUSTODIAN

Pursuant to the provisions of Section 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, we did not perform any auditing procedures with respect to the information certified by the custodian, except for comparing such information to the related financial statements and schedules. Information certified by the custodian is summarized as follows:

A. Investment transactions (individually and in summary) for the years ended December 31, 2019 and 2018.
B. Cash and investments (at market value) as of December 31, 2019 and 2018.
C. Investment income for the year ended December 31, 2019.
D. Schedules of investments and reportable transactions as of December 31, 2019.

NOTE 11 - UNCERTAIN TAX POSITIONS

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. As of December 31, 2019, the Company had no uncertain tax positions that qualify for either recognition or disclose in its financial statements.

The Company's policy is to recognize interest and penalties on tax positions related to its unrecognized tax benefits in income tax expense in the financial statements. No interest and penalties were recorded during the year ended December 31, 2019.

Generally, the tax years before 2016 are no longer subject to examination by federal, state or local taxing authorities.
