Note 1 - Description of Plan

The following description of Nathel & Nathel, Inc. 401(k) Plan for Union Employees (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan, which was established on January 1, 1996 and restated on August 1, 2015, is a defined contribution profit sharing plan covering all full-time employees of Nathel & Nathel, Inc. and Nathel Trucking, Inc. (collectively referred to as the "Sponsor") who are members of the International Brotherhood of Teamsters Local 202 or the Office and Professional Employees International Union Local 153 (the "Unions"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Board of Trustees is responsible for oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's Board of Trustees. The trustee of the Plan is Voya Retirement Insurance and Annuity Company ("Voya" or the "Trustee").

Contributions

Each year, participants may contribute up to 100% of eligible annual compensation, as defined in the Plan, provided that such contributions do not exceed the limitations under the Internal Revenue Code (the "Code") for 2019 of $19,000, plus a maximum of $6,000 in catch-up contributions for participants who have attained age 50 before the end of the Plan year. Contributions may be made as a pre-tax deferral or after-tax (Roth) deferral. Highly compensated employees are subject to additional limits set forth in the Code. Participants may also contribute amounts representing rollover distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Sponsor also may make discretionary matching and profit sharing contributions to the Plan at the option of the Sponsor's board of directors. Matching and profit sharing contributions are invested as directed by the participant. There were no matching or profit sharing contributions made in 2019.

Participants are eligible for discretionary matching contributions and discretionary profit sharing contributions upon attaining the age of 21 and completion of 1,000 hours of service in a consecutive 12-month period beginning on the date of hire. Although the Plan allows for discretionary profit sharing contributions, the Sponsor does not provide a profit sharing contribution as it is not allowed within the terms of the Sponsor's union collective bargaining agreement.

Eligibility

Employees of the Sponsor who are at least 21 years of age or older and are members of the Unions are eligible to participate at the beginning of the calendar quarter following completion of 1,000 hours of service in covered employment within one year of the employee's hire date or during the first plan year beginning after the employee's hire date.

Note 1 - Description of Plan (cont'd.)

Participant Accounts

Each participant's account is credited with the participant's contributions and the Sponsor's matching and profit sharing contributions, as well as allocations of the Plan's earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Sponsor's contribution portion of their accounts is based on years of continuous service as follows:

Years of credited service	Vested percentage
Less than 2	0%
2, but less than 3	20%
3, but less than 4	40%
4, but less than 5	60%
5, but less than 6	80%
6 or more	100%

In addition, a participant becomes 100% vested in all allocated Sponsor contributions upon death, disability or the attainment of age 65 while employed by the Sponsor.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account. The loans are secured by the balance in the participant's account and bear interest at one percentage point above the prime rate, as defined by the Plan. The interest rate is determined as of the date of origination and is fixed for the loan term. Principal and interest is paid ratably through weekly payroll deductions over a period not to exceed five years, unless the funds are used to acquire a principal residence, in which case the maximum repayment is limited to twenty years.

Payment of Benefits

On termination of service due to death, a participant's beneficiaries may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments. For termination of service due to disability, retirement, or other reasons, a participant will receive the value of the vested interest in his or her account as a lump-sum distribution.

Note 1 - Description of Plan (cont'd.)

Forfeitures

Portions of nonvested accounts are forfeited at the time a participant terminates service with the Sponsor and begins receiving distributions of the vested portion of his/her account, or when the participant incurs five consecutive one-year breaks in service, whichever is later. Forfeited account balances are used to either reduce Sponsor contributions or are allocated to the remaining participants' accounts. Through December 31, 2019, there were no Sponsor contributions to the Plan. Accordingly, there were no forfeitures for the year ended December 31, 2019.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the Plan's investment advisers. See Note 5 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 or 2018. Delinquent notes receivable from participants are reclassified as distributions once the participant is no longer employed by the Sponsor. Interest rates on loans outstanding at December 31, 2019 range from 4.25% to 6.50%.

Note 2 - Summary of Significant Accounting Policies (cont'd.)

Excess Deferral Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2018 excess contributions to the applicable participants prior to March 15, 2019.

Payments of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Sponsor and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation or depreciation of fair value of investments. Certain administrative functions are performed by officers or employees of the Sponsor. No such officer or employee receives compensation from the Plan.

Note 3 - Investments Certified by Trustee

The following information included in the accompanying financial statements was obtained from data that has been prepared and certified as complete and accurate by Voya as Trustee of the Plan, at December 31, 2019 and 2018 and for the year ended December 31, 2019. This information has not been audited by the independent auditors.

	2019	2018
Investments:		
Pooled separate accounts	$ 3,675,610	$ 3,179,057
Guaranteed income fund	326,896	177,164
	$ 4,002,506	$ 3,356,221
Notes receivable from participants	$ 180,900	$ 209,185
Investment income:		
Net appreciation in fair value of investments	$ 683,525	
Interest and dividend income	2,955	
	$ 686,480	
Interest income on notes receivable from participants	$ 10,588	

Note 4 - Guaranteed Income Fund

The Plan invests in a guaranteed income fund with Voya, which maintains the contributions in a general account. Because certain events limit the ability of the Plan to transact at contract value with the issuer, the Plan has determined that the guaranteed income fund is not fully benefit-responsive, so it is presented on the face of the statements of net assets available for benefits at fair value.

The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The crediting interest rate is based on a formula agreed upon with the issuer and is reviewed periodically for resetting.

Note 5 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The three levels of the fair value hierarchy under Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") Topic 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2019 and 2018.

Pooled Separate Accounts: valued at the daily closing net asset value ("NAV") as a practical expedient. Pooled separate accounts held by the Plan are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The pooled separate accounts held by the Plan are deemed to be actively traded.

Note 5 - Fair Value Measurements (cont'd.)

Guaranteed Income Fund: The Plan invests in a guaranteed income fund with Voya, which maintains the contributions in a general account. Because certain events limit the ability of the Plan to transact at contract value with the issuer, the Plan has determined that the guaranteed income fund is not fully benefit-responsive, so it is presented on the face of the statements of net assets available for benefits at fair value.

The preceding methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value at December 31, 2019 and 2018. Classification within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. For the year ended December 31, 2019, there were no significant transfers between Levels 1 and 2 and no transfers in or out of Level 3.

	Assets at Fair Value at December 31, 2019			
	Level 1	Level 2	Level 3	Total
Investments, at fair value:				
Pooled separate accounts	$ -	$ 3,675,610	$ -	$ 3,675,610
Guaranteed income fund	-	326,896	-	326,896
Total Investments	$ -	$ 4,002,506	$ -	$ 4,002,506

	Assets at Fair Value at December 31, 2018			
	Level 1	Level 2	Level 3	Total
Investments, at fair value:				
Pooled separate accounts	$ -	$ 3,179,057	$ -	$ 3,179,057
Guaranteed income fund	-	177,164	-	177,164
Total Investments	$ -	$ 3,356,221	$ -	$ 3,356,221

Note 6 - Related Party Transactions and Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds managed by the Trustee of the Plan. Therefore, the transactions related to these investments qualify as party-in-interest transactions. Fees paid by the Plan for investment management services are included in the net change in the fair value of investments.

Notes receivable from participants also qualify as party-in-interest transactions.

Note 7 - Plan Termination

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 8 - Tax Status

The Plan has adopted the CCH Incorporated DBA ftwilliam.com Volume Submitter Profit Sharing Plan (the "CCH Plan") effective August 1, 2015. The IRS has determined and informed CCH by a letter dated March 31, 2014, that the CCH Plan and related trust are designed in accordance with applicable sections of the Code.

Although the Plan has been amended since receiving the opinion letters, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Code, and therefore, believes that the Plan is qualified, and the related trust is tax exempt.

U.S. GAAP requires Plan management to evaluate uncertain tax positions taken by the Plan and recognize a tax benefit only if it is more likely than not that the tax position would be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that at December 31, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset), or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2016.

Note 9 - Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 10 - Reconciliation of Financial Statements to the Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2019 and 2018 to the Form 5500:

	2019	2018
Net assets available for benefits per the financial statements	$ 4,183,406	$ 3,557,693
Other receivable	-	147
Excess deferral contributions payable	-	7,713
Net assets available for benefits per the Form 5500	$ 4,183,406	$ 3,565,553

The following is a reconciliation of net change in net assets per the financial statements for the year ended December 31, 2019 to the Form 5500:

Net increase in net assets available for benefits per the financial statements	$ 625,713
Adjustment for 2018 excess deferral contributions payable	(7,713)
Adjustment for 2018 other receivable	(147)
Net income per the Form 5500	$ 617,853

Note 11 - Subsequent Events

Subsequent to December 31, 2019, local, U.S. and world governments have declared a global pandemic due to the coronavirus disease ("COVID-19"). Most industries are experiencing disruption to business operations and the impact of reduced consumer spending. There is unprecedented uncertainty surrounding the duration of the pandemic, its potential economic ramifications, and any government actions to mitigate them. Although it cannot be reasonably determined at this time whether this will have a long-term impact, in the short-term, this has caused significant losses in U.S. and global markets and the values of investment securities, which could negatively impact participants' account balances and the amounts reported in the statements of net assets available for benefits.

In response to the financial effects of COVID-19, the U.S. Congress approved the Coronavirus Aid, Relief and Economic Security ("CARES") Act on March 27, 2020. Certain of the CARES Act provisions increase the maximum loan amount participants may borrow from the lesser of $50,000 or 50% of the value of the participant's vested balance to the lesser of $100,000 or 100% of the vested balance, delay loan repayments for one year, allow hardship withdrawals related to COVID-19 of up to $100,000 that can be redeposited to a qualified plan within three years without tax penalty, and allow for certain other benefits. The CARES Act does not require formal amendment to the Plan document until the last day of the Plan year beginning on or after January 1, 2022 as long as the Plan operates within the revised limits.

On February 1, 2020, a new Plan amendment was issued on behalf of the Sponsor. Effective February 1, 2020, the Sponsor will match Roth deferral contributions and beneficiaries will be entitled to distributions available to the participants prior to the participant's death. There were also modifications to hardship distributions so they may include all of the vested portion of earnings from elective deferrals, safe harbor contributions and qualified nonelective contributions. Notes receivable from participants was also amended to extend the maximum term for a loan used to acquire a principal residence to thirty years. Most aspects of the Plan remain unchanged.

The Plan administrator has evaluated all events or transactions that occurred after December 31, 2019 through October 14, 2020, which is the date that the financial statements were available to be issued. During this period, there were no material subsequent events requiring disclosure except as noted above.
