Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America (US GAAS). Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by the custodian of the Plan, except for comparing such information with the related information included in the 2019 financial statements. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of and for the years ended December 31, 2019 and 2018, that the information provided to the plan administrator by the custodian is complete and accurate.

The BE&K 1165(e) Retirement Plan – Puerto Rico

Notes to Financial Statements

Note 1. Description of the Plan

The following description of The BE&K 1165(e) Retirement Plan – Puerto Rico (the Plan) provides only general information. Participants should refer to the *Plan document* for a more complete description of the Plan's provisions, which is available from Plan management.

General

The Plan is a defined contribution plan maintained on the Caribbean Pension Consultants, Inc., Prototype Defined Contribution Retirement Plan (the Prototype) as amended and restated effective as of January 1, 2011 in compliance with the new Puerto Rico Tax Code. BE&K, Inc. (the plan sponsor), Kellogg Brown & Root Services, Inc. and Brown & Root Industrial Services Puerto Rico are all adopting employers of the Plan and together form the Company. Employees may participate in the Plan if they are considered eligible employees of participating divisions and subsidiaries located in Puerto Rico of the Company who have completed ninety days of credited service, as defined by the Plan document, and are age twenty-one or older. The entry date is the day the requirements are satisfied.

The plan sponsor adopted the Plan through the execution of an Adoption Agreement in accordance with Section 1165(e) (commonly known as a 1081.01 Plan) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The KBR Benefits Committee (Benefits Committee) is responsible for oversight of the Plan. The KBR Investment Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Contributions

Each year, participants may contribute up to 100 percent of their annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Any eligible employee's (whether a participant or not) distributions from another Puerto Rico qualified plan may be transferred into the Plan (rollover), as described under the Plan's provisions. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company contributes 100 percent of the first four percent of eligible compensation that a participant contributes to the Plan. The Company may elect to make qualified matching contributions, which may not be made for all participants. Contributions made to the participant's qualified matching contribution account will be 100 percent vested at all times. The Company may also make a discretionary profit sharing contribution. The Company contributions are invested as directed by the participant. Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contributions and (b) Plan earnings. Participant accounts are charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's matching and profit sharing contribution portion of their accounts is based on years of continuous service. A participant is 100 percent vested after five years of credited service.

The BE&K 1165(e) Retirement Plan – Puerto Rico

Notes to Financial Statements

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at a rate of one percentage point higher than the prime lending rate as posted in the Wall Street Journal (or similar financial publication) when the loan is made. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

Upon separation of service due to death, disability, retirement or termination of employment, a participant may elect to receive either a lump sum amount or installment payments equal to the value of the participant's vested interest in his or her account.

Forfeited Accounts

At December 31, 2019 and 2018, forfeited nonvested accounts totaled \$77,157 and \$70,127, respectively. These accounts will be used to reduce future Company contributions and to pay Plan expenses. During 2019 and 2018, Company contributions were reduced by \$1,044 and \$949, respectively, from forfeited nonvested accounts. During 2019, Plan expenses of \$2,822 were paid from forfeited nonvested accounts.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (US GAAP) requires Plan management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded at the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 and 2018.

The BE&K 1165(e) Retirement Plan – Puerto Rico

Notes to Financial Statements

Payment of Benefits

Benefits are recorded when paid.

Expenses

Expenses related to the administration of the Plan are paid by the Plan. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

New Accounting Pronouncements/Accounting Changes

In August 2018, the Financial Accounting Standards Board issued Accounting Standards Update (ASU) No. 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework – Changes to the Disclosure Requirements for Fair Value Measurements*. The ASU modifies the disclosure requirements on fair value measurements in Accounting Standards Codification Topic 820. The ASU is effective for all reporting periods beginning after December 15, 2019, with early adoption permitted. An entity may elect to early adopt any removed or modified disclosures upon issuance of this Update and delay the adoption of the additional disclosures until the effective date. The Company has elected to early adopt this ASU; however, it did not have a material effect on the Plan's financial statements.

Plan Management's Review of Subsequent Events

The Plan has evaluated subsequent events through October 14, 2020, the date the financial statements were available to be issued.

Note 3. Certified Investments

All investment information disclosed in the accompanying financial statements and supplementary information, including investments held and notes receivable from participants at December 31, 2019 and 2018, and net appreciation (depreciation) in fair value of investments, investment income (loss), and interest income on notes receivable from participants for the years ended December 31, 2019 and 2018, was obtained or derived from information provided to Plan management and certified as complete and accurate by Mid Atlantic Trust Company, the custodian of the Plan.

The BE&K 1165(e) Retirement Plan – Puerto Rico

Notes to Financial Statements

Note 4. Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2019 and 2018:

	2019	2018
Level 1:		
Mutual funds	\$ 1,448,373	\$ 1,184,772
Investments at fair value	<u>\$ 1,448,373</u>	<u>\$ 1,184,772</u>

The BE&K 1165(e) Retirement Plan – Puerto Rico

Notes to Financial Statements

Note 5. Related Party Transactions and Party in Interest Transactions

Certain Plan investments are shares of mutual funds held by Mid Atlantic Trust Company, the custodian for the Plan, and therefore, these transactions qualify as party in interest transactions. All investment fund earnings or losses posted to each Plan participant's account are net of investment management fees charged by each investment fund under the Plan.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their Employer contributions.

Note 7. Tax Status

The Puerto Rico Internal Revenue Code of 1994 (PRIRC-94) was replaced January 31, 2011 by the Puerto Rico Code and the retirement plan rules are now enacted as Puerto Rico Code Section 1081.01. Subsequent to this change by the Government of Puerto Rico Treasury Department (Treasury), the Plan was amended, restated and submitted to the Treasury for a determination letter under the Puerto Rico Code. The Plan has received a favorable determination letter from the Treasury dated January 30, 2014. Therefore, the plan administrator believes that the Plan was qualified and the related trust was tax exempt.

US GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities that are exposed to various risks such as interest rates, market and credit risks. Market values of investments may decline for a number of reasons, including changes in prevailing market and interest rates, increases in defaults and credit rating downgrades. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that some changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

Note 9. Subsequent Events

COVID-19

On March 11, 2020, the World Health Organization declared Coronavirus (COVID-19) a pandemic. The extent of the operational and financial impact the COVID-19 pandemic may have on the Plan Sponsor has yet to be determined and is dependent on its duration and spread, any related operational restrictions and the overall economy. The Plan Sponsor is unable to accurately predict how COVID-19 will affect the results of its operations or the Plan because the virus's severity and the duration of the pandemic are uncertain. Potential impacts include, but are not limited to, additional costs for responding to COVID-19, potential shortages of personnel, delays, loss of, or reduction to revenue and overall market decline. Management believes the Plan Sponsor is taking appropriate actions to respond to the pandemic; however, the full impact is unknown and cannot be reasonably estimated at the date the financial statements were available for issuance.
