The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”) and the Internal Revenue Code (the “Code”).

Contributions – Participants may elect to contribute between 1% and 20% of their annual compensation limited to the amount imposed by law. In addition, certain participants covered by an agreement with another affiliated employer are eligible to make voluntary after-tax contributions, not to exceed the amount imposed by law. Participants age 50 or older may also elect to make a catch-up contribution limited to the amount imposed by law. Participants may also contribute amounts representing distributions (i.e., rollovers) from other qualified plans.

The Company and affiliated employers will make matching and/or non-elective profit sharing contributions, as defined by the Plan document. Actual amounts vary based on the affiliated employers. For the years ended December 31, 2019 and 2018, the Company’s profit sharing contributions were \$1,832,363 and \$1,658,844, respectively.

Participant Accounts – Individual accounts are maintained for each Plan participant. Participant accounts are increased by participant contributions, Plan Sponsor contributions and earnings on the participant-directed investments. Participant accounts are decreased by participant distributions, losses on the participant-directed investments and certain administrative expenses, if applicable. The allocation of earnings and losses to participant accounts is based on the value of an individual account in relation to the total assets of the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting – Participants are immediately fully vested in their salary deferral, rollover contributions and actual earnings thereon. Based upon affiliated employer requirements as defined by the Plan document, employer contributions fully vest upon completion of three to five years of service.

1. Description of Plan (continued)

Notes Receivable from Participants – Participants may borrow a minimum of \$1,000 up to a maximum amount equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms shall not exceed 5 years or a maximum of 10 years for the purchase of a primary residence. The loans are secured by the vested balance in the participant's account and bear interest at the prime rate plus 1%. Principal and interest are required to be repaid in equal installments over the term of the loan.

Payment of Benefits – Upon termination of service due to retirement, death, disability or as required by law, a participant may elect to receive installment distributions or a lump-sum distribution in an amount equal to the vested value of their account. The Plan permits in-service distributions for participants older than age 59½. Hardship withdrawals, as defined by the Code, are available to participants only from their deferral contributions account. If a hardship withdrawal is made, participants' eligibility to make contributions to the Plan is suspended for six months.

Tax Status – The Plan has delegated authority to the sponsoring organization, New York Life Investment Management, LLC, to adopt their volume-submitter plan. The IRS issued an advisory letter dated March 31, 2014, to the sponsoring organization on the acceptability of the form of the Plan under Section 401 of the Code. The Plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the Code. The Plan was amended; however, the Plan Administrator believes that the Plan is operating in compliance with the requirements of the Code. Therefore, the Plan is qualified and the related trust is tax exempt. Accordingly, no provision for income taxes has been included in the accompanying financial statements.

Accounting principles generally accepted in the United States of America ("GAAP") require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Company's management is not aware of any uncertain tax positions that would cause the Plan to lose its tax status or to otherwise be subject to other taxes or penalties.

Forfeitures – The non-vested balances of participant accounts for those participants who have ceased employment with the Company or an affiliated employer are forfeited upon the occurrence of a one-year break in service. At the Plan Sponsor's discretion, forfeitures arising during any Plan year may be used to reduce the Company's contributions and pay the Plan's administrative expenses. Forfeitures applied to reduce the Company's contributions totaled \$0 and \$58,000 for each of the years ended December 31, 2019 and 2018, respectively.

1. Description of Plan (continued)

Plan Termination – Although it has not expressed any intent to do so, the Plan Sponsor has the right to terminate the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts as of the effective date of termination.

2. Summary of Significant Accounting Policies

Basis of Accounting – The accompanying financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates – The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition – The Plan's investments are reported at fair value except for the fully benefit-responsive investment contract, which was valued at contract value (Note 5). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Units held in the stable value fund consist of holdings in a fully benefit-responsive investment contract and the fund is reported at contract value in the accompanying statements of net assets available for benefits. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

The net appreciation in the fair value of its investments consists of the realized gains and losses and the unrealized net appreciation and depreciation of investments. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Notes Receivable from Participants – Notes receivable from participants are presented at the unpaid principal balance plus any unpaid accrued interest. Principal and interest are paid ratably through each payroll deduction. No allowance for credit losses has been recorded as of December 31, 2019 and 2018. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the Plan document.

2. Summary of Significant Accounting Policies (continued)

Payment of Benefits – Benefits are recorded when paid.

Administrative Expenses – Substantially all expenses of the Plan including investment advisory, legal expenses and audit fees are funded as a percentage of total assets under the provisions of the Plan. Loan maintenance and setup fees are paid directly from participant accounts. Each year, the Plan is awarded revenue credits payable to the Plan from John Hancock Trust Company LLC (“John Hancock”) that can be used for eligible Plan expenses. The Plan received credits as part of this program totaling \$117,716 and \$140,277 for the years ended December 31, 2019 and 2018, respectively. Administrative expenses in the accompanying financial statements are reduced by these amounts.

Party in Interest Transactions – Certain Plan investments are shares of mutual funds and units of a common/collective trust managed by John Hancock Trust Company LLC (“John Hancock”). John Hancock is the Plan trustee as defined by the Plan (the “Trustee”) and, therefore, these transactions qualify as party in interest transactions.

Risks and Uncertainties – Investments are exposed to various risks, such as interest, market and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes in the values of investments could materially affect participants’ account balances and the amounts reported in the statement of net assets available for benefits and the statement of changes in net assets available for benefits.

Subsequent Events – Plan management has evaluated subsequent events for recognition or disclosure, through October 12, 2020, the date the accompanying financial statements were available to be issued. During the first quarter of 2020 through the date the accompanying financial statements were available for issuance, employee benefit plans have been impacted as a result of the spread of COVID-19 (“Coronavirus”). Plan management is currently assessing potential adverse impacts to the Plan, which includes volatility in the fair market value of the Plan’s investments as well as regulations applicable to employee benefit plans under the Coronavirus Aid, Relief, and Economic Security (“CARES”) Act. The CARES Act waives all required minimum distributions for calendar year 2020, allows the Plan to be amended to provide participants with penalty-free access to their balances up to \$100,000 subject to certain eligibility criteria if distributed prior to January 1, 2021, provides a temporary increase in participant loan limits to the lesser of \$100,000 or 100% of the vested balance, and provides the ability for participants to elect to suspend the repayment of loans prior to December 31, 2020 for one year.

3. Information Certified by the Trustee (Unaudited)

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified that the following data included in the accompanying financial statements and supplementary information is complete and accurate:

	<u>2019</u>	<u>2018</u>
Investments, at fair value	\$ 36,963,783	\$ 27,747,257
Investments, at contract value	7,709,672	7,140,198
Notes receivable from participants	<u>2,005,518</u>	<u>1,749,179</u>
	<u>\$ 46,678,973</u>	<u>\$ 36,636,634</u>

During 2019 and 2018, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in fair value as follows:

	<u>2019</u>	<u>2018</u>
Investment income		
Interest and dividends	\$ 795,458	\$ 635,133
Interest income on notes receivable from participants	94,511	81,550
Net appreciation in fair value of investments	<u>5,663,623</u>	<u>(2,273,586)</u>
	<u>\$ 6,553,592</u>	<u>\$ (1,556,903)</u>

4. Fair Value Measurements

The schedule below provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

- Level 1 – Unadjusted quoted prices in active markets for identical, unrestricted assets or liabilities that are accessible at the measurement date. Investments measured at Level 1 inputs include mutual funds totaling \$36,963,783 and \$27,747,257 at December 31, 2019 and 2018, respectively.

401(k) Union Plan
Notes to Financial Statements (continued)

4. Fair Value Measurements (continued)

- Level 2 – Quoted prices for similar assets or liabilities in active markets or quoted prices for identical or similar assets or liabilities in markets that are not active. This level also includes inputs other than quoted prices that are observable, either directly or indirectly, for substantially the full term through corroboration with observable, independent market data. This includes investments valued at quoted prices adjusted for legal or contractual restrictions specific to the security. There were no assets of the Plan that utilized Level 2 inputs as its primary basis for calculating fair value as of December 31, 2019 and 2018.
- Level 3 – Pricing inputs are unobservable for the asset or liability. That is, inputs that reflect the reporting entity's own assumptions about the assumptions that market participants would use in pricing the asset or liability. There were no assets of the Plan that utilized Level 3 inputs as its primary basis for calculating fair value as of December 31, 2019 and 2018.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual Funds: Shares of mutual funds are valued at quoted market prices which represent the net asset value ("NAV") of shares held by the Plan at year end.

5. Fully Benefit-Responsive Investment Contract

The Plan maintains a fully benefit-responsive investment contract (the "Contract") with New York Life Insurance Company ("New York Life"), referred to as the Guaranteed Interest Account ("GIA"). Contributions to the GIA are invested in a broadly diversified fixed income portfolio within the New York Life general account, which is invested primarily in an array of securities and cash equivalent investments. The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Delaware North Companies
401(k) Union Plan
Notes to Financial Statements (continued)

5. Fully Benefit-Responsive Investment Contract (continued)

Because the Contract is fully benefit responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the Contract. Contract value, as reported to the Plan by New York Life, represents contributions made under the Contract, plus earnings, less participant withdrawals and administrative expenses.

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events could limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) the Plan's failure to qualify under Section 401(a) of the Code or the failure of the trust to be tax-exempt under Section 501(a) of the Code; (2) premature termination of the Contract; (3) Plan termination or mergers; (4) changes to the Plan's prohibition on competing investment options; or (5) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring or have occurred that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the Contract with the Plan and settle at an amount different from contract value. Examples of such events include the following: (1) an uncured violation of the Plan's investment guidelines; (2) a breach of material obligation under the contract; (3) a material misrepresentation; and (4) a material amendment to the agreements without the consent of the issuer.
