**HITACHI HEALTHCARE AMERICAS CORPORATION
RETIREMENT SAVINGS PLAN**

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2019 AND 2018

NOTE 1 – DESCRIPTION OF PLAN

The following brief description of the Hitachi Healthcare Americas Corporation Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan adopted on July 1, 1994 covering substantially all full-time employees of Hitachi Healthcare Americas Corporation (the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility: To be eligible to participate in the Plan, an employee must have completed one month of service, as defined in the Plan, and be 18 years of age or older. Employees whose employment is covered by a collective bargaining agreement or who are non-resident alien employees are not eligible to participate in the Plan. Employees may enter the Plan on the first day of the payroll period after meeting the eligibility requirements.

Contributions: Participants may make voluntary pre-tax or after-tax (Roth) contributions, by means of a salary deferral agreement, of up to 100% of their compensation, subject to IRS limitations for the Plan year. The Plan provides for automatic enrollment upon eligibility and, accordingly, employees are treated as having elected to contribute 6% of their earnings as a pre-tax 401(k) contribution with a 1% annual increase each May until the participant reaches a contribution level equal to 10% of compensation, unless an election is made for a different amount or an election is made not to participate. Plan participants over the age of 50 are also permitted to make additional pre-tax and Roth catch-up contributions up to the maximum of \$6,000 in 2019 and 2018. The Plan also permits rollover contributions from other qualified pre-tax retirement plans. Participants direct the investment of contributions into various investment options offered by the Plan.

The Company matches 50% of the first 6% of a participant's contribution. Additionally, the Company may contribute a discretionary profit sharing contribution. No discretionary profit sharing contributions were made in 2019 and 2018. Participants are eligible for the Company match the first quarter after attaining six months of employment.

Participant accounts: Each participant's account is credited with the participant's contribution and an allocation of (a) the Company's matching and discretionary profit sharing contributions, and (b) plan earnings, and is charged with an allocation of administrative expenses. Allocations are based on participant compensation or account balances as defined. The benefit to which a participant is entitled is the benefit that can be drawn from the participant's vested account.

Vesting: Participants are immediately vested in their voluntary contributions, plus actual earnings thereon. Vesting in employer matching and discretionary profit sharing contributions is based on years of continuous service with the Company. Participants are 100% vested after two years of credited service.

**HITACHI HEALTHCARE AMERICAS CORPORATION
RETIREMENT SAVINGS PLAN**

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2019 AND 2018

Participant notes receivable: The Plan allows participants to obtain loans from the Plan. Loans are subject to the following general provisions: the maximum amount of loans outstanding is equal to the lesser of \$50,000 or 50% of the participant's account balance with a minimum of \$1,000, the term of any loan may not exceed five years unless the purpose of the loan is to purchase the participant's primary residence, the loans are secured by the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the plan administrator. Principal and interest are paid ratably through payroll deductions.

If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Payment of benefits: Upon termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or payment in annual installments not to extend past the lives or life expectancies of the participant and spouse. For termination of service due to other reasons, a participant can elect to receive the value of the vested interest in his or her account as a lump-sum distribution or in partial withdrawals. The Plan permits in-service withdrawals for participants who have attained age 59½ and for all participants that have rollover contributions in the Plan. In the case of hardship, a participant may apply for a distribution as described in the Plan agreement.

Forfeited accounts: During 2019 and 2018, \$9,245 and \$20,924, respectively, were forfeited from participants' accounts. Forfeitures of Company matching contributions were used to reduce employer contributions, totaling \$9,507 and \$25,170 in 2019 and 2018, respectively, and were allocated to the participants' accounts in the same manner as contributions. There were no unused forfeitures at December 31, 2019 or 2018.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of presentation: The financial statements are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Participant notes receivable: Participant notes receivable are recorded at their unpaid principal balance plus any accrued but unpaid interest.

Investment valuation and income recognition: Investments are reported at fair value using methodologies described in Note 3. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the trustee.

DECEMBER 31, 2019 AND 2018

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded when earned, and dividends are recorded on the ex-dividend date. Capital gain distributions are included in dividend income. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Benefit payments: Benefit payments to participants are recorded when paid.

Administrative expenses: All third-party administrative expenses are paid by the Plan, unless otherwise paid for by the Company. In 2019 and 2018, the administrative expenses paid for by the Plan included investment consulting fees which are included in administrative expenses in the statements of changes in net assets available for benefits.

Subsequent events: In preparing these financial statements, Plan management has evaluated events and transactions for potential recognition or disclosure through October 13, 2020, the date the financial statements were available to be issued.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy are described as follows:

Level 1 – inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – inputs to the valuation methodology include:

- a) Quoted prices for similar assets or liabilities in active markets;
- b) Quoted prices for identical or similar assets or liabilities in inactive markets;
- c) Inputs other than quoted prices that are observable for the asset or liability;
- d) Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2019 AND 2018

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019, and 2018.

1. Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.
2. Common/collective trust: A stable value collective trust that is composed primarily of fully benefit-responsive investment contracts that is valued at the net asset value of units of the bank collective trust. The net asset value, as provided by the trustee, is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner. There are no unfunded commitments relating to this type of investment.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2019 AND 2018

- (a) Certain investments that are measured at net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to amounts presented in the statements of net assets available for benefits.

There were no Level 3 assets and no transfers between Levels 1 and 2 in 2019 and 2018.

NOTE 4 – INCOME TAX STATUS

The trust established under the Plan, which holds the Plan's assets, is qualified pursuant to the appropriate section of the Internal Revenue Code, and accordingly, the trust's net investment income is exempt from income taxes. The Plan has adopted an Internal Revenue Service approved prototype plan. The prototype plan has received a favorable opinion letter from the IRS that it qualifies under IRS Code section 401(a), provided all terms of the plan are followed. The Plan has been amended since adopting the prototype plan. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE 5 – INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

NOTE 7 – RISKS AND UNCERTAINTIES

The participants direct the Plan to invest in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statements of net assets available for benefits.

NOTE 8 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company reserves the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA; however each participant would have a nonforfeitable right to his or her total account balance as of the date of termination.

NOTE 9 – SUBSEQUENT EVENTS

Subsequent to year end, the World Health Organization officially declared the Coronavirus Disease 2019 (COVID-19) outbreak a global pandemic. During 2020, the financial markets experienced significant volatility due to the COVID-19 pandemic. As a result, the Plan's investment portfolio has also incurred significant volatility in fair value since December 31, 2019. While the financial markets have significantly recovered as of the date of this report, the future stability and volatility of the financial markets cannot be reasonably estimated at this time.

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security (CARES) Act was enacted and signed into law. The CARES Act provides emergency economic relief in response to the COVID-19 pandemic. There are several key provisions of the CARES Act that affect retirement plans related to hardship distributions, participant loans, and required minimum distributions. In April 2020, the Plan adopted the provisions of the CARES Act which suspended loan repayments that are due between March 27, 2020 and December 31, 2020 for up to one year; and waives all 2020 required minimum distributions for plan participants aged 70½.
