XPO LOGISTICS PERSONAL SAVINGS PLAN
Notes to the Financial Statements
December 31, 2019 and 2018

1. Description of Plan

The following description of the XPO Logistics Personal Savings Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan's summary plan description for more complete information. The term "XPO Logistics" or "Company" refers to the entity known as XPO Logistics, Inc. and its subsidiaries.

General

The XPO Logistics sponsored Plan is a defined contribution plan with profit-sharing and salary deferral features and is subject to the provisions of ERISA, as amended. The Plan is intended to qualify under Section 401(a) of the Internal Revenue Code (the "Code"). The Plan was adopted effective January 1, 2010.

Overall responsibility for overseeing the Plan rests with the XPO Logistics Administrative Committee (the "Committee"), which is appointed by the Chief Executive Officer of XPO Logistics. The Plan's Trustee is responsible for the control of the Plan's assets, which are held in individual participant investment accounts (collectively known as the "Trust").

The Plan allows for transfers between other XPO Logistics sponsored defined contribution plans when a participant's eligibility to participate in a certain plan changes. The transfer in from the XPO Logistics, Inc. 401(k) Plan ("XPO 401(k)") represents certain union employees previously included in the XPO 401(k).

Eligibility

Employees are eligible to participate in the Plan if they are union employees. Leased employees, independent contractors and nonresident aliens are not eligible to participate in the Plan. There are no age or service requirements for eligibility except that part-time employees must complete one year of service during which the employee works 1,000 hours.

Contributions

Participants may contribute up to 50% of their eligible compensation subject to certain limitations. XPO Logistics, at its discretion, makes matching contributions ("Matching Contributions") equal to 50% of the first six percent of eligible compensation that participants contribute to the Plan. There were no Matching Contributions made to the Plan for the years ended December 31, 2019 and 2018.

Effective January 1, 2013, the Plan was amended to provide a non-discretionary basic contribution ("Basic Contribution") by the Company equal to 2% of eligible compensation. Participants are eligible to receive Basic Contributions on the first day of the calendar quarter in which the employee completed six months of service.

Participant Accounts

The Plan allows participants to select any one or more of the investment funds established under the Plan in which contributions can be invested.

Individual accounts are maintained for each of the Plan's participants to reflect the participant's contributions, the Company's contributions, and an allocation of the Plan's earnings and expenses. The benefit to which a participant is currently entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are fully vested at all times in the portion of their accounts attributable to their elective deferrals, rollover contributions and Basic Contributions. XPO Logistics' Matching Contributions vest after two years of service with XPO Logistics. If the employee is terminated prior to two years of service, the Matching Contributions are forfeited and are used to reduce future XPO Logistics contributions. As there were no Matching Contributions made during the years ended December 31, 2019 and 2018, there were no forfeitures available to reduce future contributions during these periods.

Notes Receivable from Participants

The Plan has a loan provision allowing participants access to funds. Loans can be no less than \$1,000 and cannot exceed the lesser of \$50,000 or 50% of a participant's vested account balance (subject to administrative adjustment to ensure compliance with the 50% limit). Loans can be made for a term not to exceed 4-1/2 years and bear interest at a rate as determined by the Plan Administrator based on commercial lending rates for comparable loans at the time the loan is granted. Loans outstanding as of December 31, 2019 bear interest ranging from 4.25% to 6.50% and mature through 2024. Principal and interest are paid ratably through payroll deductions.

Payments and Benefits

Participants can receive a total distribution from their accounts upon retirement, death or termination of employment. Disabled participants can receive a partial distribution of their accounts, provided they qualify for benefits under XPO Logistics' long-term disability coverage. Other types of withdrawals are permitted by the Plan in limited situations. Participants can elect to have their accounts distributed in a single lump sum or in a series of substantially equal annual installments, as defined by the Plan. Distributions will be made in cash.

Plan Termination

Although XPO Logistics has no current intention to terminate the Plan, it may do so at any time by resolution of the Board of Directors. In the event that the Plan is terminated, all balances will become 100% vested and the net assets of the Plan shall be distributed to participants in the amount credited to their accounts.

2. Summary of Significant Accounting Policies

Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Risks and Uncertainties

The Plan offers various investments that are generally exposed to various risks, such as interest rate, credit and overall market-volatility risks. Investments are reported at fair value. Due to the risk associated

with certain investment securities, it is reasonably possible that the value of investment securities will change and that such changes could materially affect amounts reported in the statements of net assets available for benefits.

Investment Valuation and Income Recognition

Investments are reported at fair value, which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3, "Fair Value Measurements," for a discussion of fair value measurements.

The annual change in market value, including realized gains and losses, is reported in net appreciation (depreciation) in fair value of investments in the accompanying statements of changes in net assets available for benefits.

Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Purchases and sales of securities are recorded on the trade-date basis.

Administrative Fee Credits and Administrative Expenses

The Plan allocates certain administrative fee credits to participants that are in excess of the recordkeeping fees paid by the Plan. During 2019 and 2018, the excess administrative fee credits were approximately \$5,000 and \$190,000, respectively, and are included in other income on the statements of changes in net assets available for benefits.

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments. For the years ended December 31, 2019 and 2018, the Plan paid direct expenses of approximately \$26,000 and \$14,000, respectively.

Other Credits

During 2019 and 2018, amounts attributable to stale and uncashed checks totaling approximately \$17,000 and \$92,000, respectively, were refunded to the Trust and are included in other credits on the statements of changes in net assets available for benefits.

Payment of Benefits

Benefits paid to participants are recorded upon distribution.

Estimates

XPO Logistics makes estimates and assumptions when preparing the financial statements in conformity with GAAP. These estimates and assumptions affect the amounts reported in the accompanying financial statements and notes. Actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are carried at amortized cost plus accrued interest.

New Accounting Pronouncements

In August 2018, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework - Changes to the Disclosure Requirements for Fair Value Measurement*. This ASU modifies the disclosure requirements on fair value measurements in Topic 820, including the removal, modification to, and addition of certain disclosure requirements. This ASU is effective for fiscal years beginning after December 15, 2019 with early adoption permitted. The majority of the disclosure changes are to be applied on a prospective basis. Management is currently evaluating the impact of this standard but it is not expected to have a material impact to the Plan's financial statements.

3. Fair Value Measurements

FASB Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, establishes a framework for fair value measurement, which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 — Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 — Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 — Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for investment assets measured at fair value. There have been no changes in the methodology used as of December 31, 2019 and 2018.

Mutual funds - Valued at the daily closing price reported on the active market on which the individual securities are traded.

Common collective trusts - The Plan's interest in the common collective trusts are valued at the net asset value ("NAV") of the common collective trust's underlying investments as based on information reported by the investment advisor using the audited financial statements or daily reported NAV of the common collective trust at year-end. The NAV is used as a practical expedient to estimate fair value. Participant transactions can occur daily.

The following tables summarize the valuation of Plan assets within the fair value hierarchy:

Investments at Fair Value as of December 31, 2019				
	Level 1	Level 2	Level 3	Total
Investments at fair value:				
Mutual funds	\$ 180,799	\$ -	\$ -	\$ 180,799
Total	<u>\$ 180,799</u>	<u>\$ -</u>	<u>\$ -</u>	<u>180,799</u>
Investments at NAV:				
Common collective trusts				3,866,012
Total Investments				<u>\$ 4,046,811</u>

Investments at Fair Value as of December 31, 2018				
	Level 1	Level 2	Level 3	Total
Investments at fair value:				
Mutual funds	\$ 161,795	\$ -	\$ -	\$ 161,795
Total	<u>\$ 161,795</u>	<u>\$ -</u>	<u>\$ -</u>	<u>161,795</u>
Investments at NAV:				
Common collective trusts				2,078,310
Total Investments				<u>\$ 2,240,105</u>

The following table provides information regarding redemption of investments where the NAV has been used to measure fair value as of December 31:

	Fair Value		Redemption Frequency	Redemption Notice Period
	2019	2018		
Common collective trusts	\$ 3,866,012	\$ 2,078,310	Daily	1-2 days

The common collective trusts include investments that are operated by a trust company that manages a pooled group of trust accounts. Common collective trusts combine the assets of various institutional investors to create a larger, well-diversified portfolio. Each investor owns a participating interest that is calculated in units and represents a portion of the holdings of the fund.

The investments in common collective trusts can generally be redeemed without restriction; however, in certain cases, redemption or purchase may be limited to prevent excess and/or short-term trading. There are no unfunded commitments related to the common collective trusts as of December 31, 2019.

4. Income Tax Status

The Plan received a determination letter from the Internal Revenue Service ("IRS") dated April 2, 2019 that the Plan and related trust are designed in accordance with applicable sections of the Code. The Plan has been amended after the period covered by the determination letter, however, XPO Logistics believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code. Therefore, XPO Logistics believes that the Plan was qualified and the related Trust was tax exempt as of the financial statement date.

Assuming it meets certain initial and ongoing requirements, the Plan is generally exempt from federal and state income taxes. However, GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS.

5. Related-Party Transactions and Party-In-Interest Transactions

Certain Plan investments are common collective trusts managed by the Trustee. Additionally, certain investment fees are paid by the trustee and are reflected in the investment income or loss for the year. The Plan also issues loans to participants that are secured by the vested balance in the participants' accounts. As such, these transactions qualify as party-in-interest transactions, which are exempt from the prohibited transactions rules.

Additionally, the Plan sponsor, XPO Logistics, is a party-in-interest to the Plan. The transactions between the Plan and the Plan sponsor included funding of contributions to the Plan and payment of certain administrative expenses of the Plan, which are exempt transactions.

6. Information Certified by the Trustee

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. The following information included in the financial statements and supplemental schedule was provided and certified by the Trustee as of December 31, 2019 and 2018 and for the years then ended as complete and accurate:

- Investments, at fair value
- Notes receivable from participants
- Investment income (loss)
- Interest on notes receivable from participants
- Schedule of assets (held at end of year)

7. Subsequent Events

The Plan has evaluated subsequent events through October 13, 2020, the date the financial statements were available for issuance.

The spread of a novel strain of coronavirus ("COVID-19") in the first quarter of 2020 has caused significant

volatility in U. S. markets. On March 11, 2020, the World Health Organization classified an outbreak of the novel strain of COVID-19 as a global pandemic, which has adversely impacted the global economy by disrupting supply chains, creating significant volatility and disruption in financial markets, and increasing unemployment levels. There is significant uncertainty around the breadth and duration of business disruptions related to COVID-19, as well as its impact on economic activity globally, nationally and locally. The impact on the Plan's investments and the amounts reported in the 2019 statement of net assets available for benefits is uncertain and cannot be determined at this time.

On March 27, 2020, Congress passed the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act"), which included several relief provisions available to tax qualified retirement plans and their participants. The provisions of the CARES Act may be effective and operationalized immediately, prior to amending the Plan document. Plan Management is in the process of reviewing the CARES Act and any resulting changes to the Plan.

8. Reconciliation of Financial Statements to the Form 5500

The following is a reconciliation of net assets available for benefits as reported on the Plan's financial statements to amounts reported on the Form 5500 at December 31:

	<u>2019</u>	<u>2018</u>
Net assets available for benefits reported on the the financial statements	\$ 4,879,153	\$ 2,690,207

The following is a reconciliation of the net increase in net assets available for benefits as reported on the Plan's financial statements to amounts reported on the Form 5500 for the years ended December 31:

	<u>2019</u>	<u>2018</u>
