NOTES TO FINANCIAL STATEMENTS

FOR THE YEARS ENDED DECEMBER 31, 2019 AND 2018

NOTE 1 – DESCRIPTION OF PLAN

The following description of the OB/GYN Specialists of the Palm Beaches II, LLC 401(k) Profit Sharing Plan & Trust (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions. Copies of this document are available from the plan administrator.

GENERAL

The Plan is a defined contribution plan, established on January 1, 2001, pursuant to the provisions of Section 401(k) of the Internal Revenue Code ("IRC"). The Plan covers employees of OB/GYN Specialists of the Palm Beaches II, LLC (the "Plan Sponsor") along with OBGYN Specialists of Lakeside, LLC, OBGYN Staffing Services, LLC, OBGYN Management Service, LLC, and PB Operations, LLC (collectively, the "Company") who have completed one year of service (reduced to 9 months effective January 1, 2020), are age twenty-one or older, and are not excluded by certain provisions outlined in the Plan document. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Through December 31, 2018, OB/GYN Specialists of the Palm Beaches, PA was the sponsor of the Plan and the Plan was known as OB/GYN Specialists of the Palm Beaches, PA 401(k) Profit Sharing Plan and Trust.

CONTRIBUTIONS

Each year, participants may elect to make pre-tax contributions or after-tax contributions ("Roth") to the Plan's Roth investment option, as defined in the Plan document. For any calendar year, a participant's elective deferrals may not exceed the lesser of a specified amount ($19,000 and $18,500 in 2019 and 2018, respectively) as determined by the Internal Revenue Service ("IRS"), or 100% of the participant's eligible compensation. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans, or from certain individual retirement accounts ("Rollovers"). Additionally, participants age 50 or older as of the end of the Plan year, who are making contributions to the Plan, are allowed to make catch-up contributions ($6,000 in 2019 and 2018).

Each year, the Company may elect to make discretionary matching and/or profit-sharing contributions, and the manner in which such contributions are determined. The Company made profit sharing contributions of approximately $269,000 and $565,000 for the years ended December 31, 2019 and 2018, respectively. During the years ended December 31, 2019 and 2018, the Company elected not to make any discretionary matching contributions to the Plan. Additionally, the Company makes safe harbor contributions equal to 3% of each eligible participant's compensation, as defined in the Plan document.

NOTE 1 – DESCRIPTION OF PLAN (CONTINUED)

PARTICIPANT ACCOUNTS

Each participant's account is credited with the participant's contributions, Rollovers, Company contributions, as well as allocations of Plan earnings and losses. Participant accounts are reduced by any withdrawals or distributions and charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined by the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

VESTING

Participants are immediately vested in their own contributions, including Rollovers, and the Company's safe harbor contributions plus actual earnings thereon.

Discretionary contributions made by the Company on behalf of participants, plus actual earnings thereon, vest in accordance with the following schedule:

Years of Service	Vested Percentage
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Upon termination of employment, a participant's non-vested amounts are forfeited in accordance with the Plan document.

PAYMENT OF BENEFITS

The distribution of a participant's vested interest in the Plan may occur upon the participant's death, disability, retirement, termination of employment, attainment of 59½ years of age, or qualifying under certain "hardship" rules as prescribed by the IRS. Distributions of $5,000 or less are to be made in a single lump-sum payment. Distributions in excess of $5,000 may be in the form of a single lump-sum payment, installments, or an annuity, as elected by the participant. Participants may also receive their distribution in the form of a rollover into another qualified defined benefit or contribution plan or an individual retirement account.

NOTE 1 – DESCRIPTION OF PLAN (CONTINUED)

HARDSHIP WITHDRAWAL

A participant who is experiencing a financial hardship as defined in the Plan document may request a withdrawal of all or any portion of such participant's contributions. For the years ended December 31, 2019 and 2018, there were approximately $34,000 and $22,000, respectively, of hardship withdrawals which are included in benefits paid to participants in the accompanying Statements of Changes in Net Assets Available for Benefits.

COMPENSATION ACCOUNT

If the investment fees paid to Great-West Trust Company, LLC and Great-West Life & Annuity Insurance Company, the trustees, are more than the agreed upon amount, as defined in the service agreement, the difference is remitted back to the Plan to be used to reduce certain future Plan expenses. The compensation account balance was zero at both December 31, 2019 and 2018. There were no compensation amounts available to be used during 2019 and 2018.

FORFEITURES

When certain terminations of participants in the Plan occur, the non-vested portion of the participant's account, as defined by the Plan document, represents forfeitures. Forfeitures are retained in the Plan and may be used to offset Company contributions or to pay the Plan's administrative expenses. As of December 31, 2019 and 2018, the Plan had approximately $8,000 and $9,000, respectively, in the forfeitures account. During the years ended December 31, 2019 and 2018, the Company used forfeitures to offset Company contributions of approximately $7,000 and $11,000, respectively.

RECENTLY ISSUED ACCOUNTING PRONOUNCEMENTS

In August 2018, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2018-13, Fair Value Measurement (Topic 820) which modifies the disclosure requirements on fair value measurements under Accounting Standards Codification ("ASC") Topic No. 820, Fair Value Measurement, as amended. For nonpublic entities, including employee benefit plans, ASU 2018-13 removes (a) the prior requirement to disclose the amount and reason for transfers between Level 1 and Level 2 of the fair value hierarchy, (b) the policy for timing of transfers between levels, (c) the valuation process used for Level 3 fair value measurements, and (d) the requirement to disclose changes in unrealized gains and losses for the period included in earnings for recurring

NOTE 1 – DESCRIPTION OF PLAN (CONTINUED)

RECENTLY ISSUED ACCOUNTING PRONOUNCEMENTS (CONTINUED)

Level 3 fair value measurements held at the end of the reporting period. For nonpublic entities, including employee benefit plans, ASU 2018-13 also adds, among other things, a requirement to disclose transfers into and out of Level 3 of the fair value hierarchy, and purchases and issuances of Level 3 assets and liabilities, rather than reconcile the opening balances to the closing balances of recurring Level 3 fair value measurements. The amendment is effective for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2019. Early adoption was permitted upon issuance of ASU 2018-13. The Plan has not adopted ASU 2018-13 and, based on its preliminary assessment, does not believe the adoption will have a material impact on its financial statements.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The Plan's financial statements are prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully-benefit responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

USE OF ESTIMATES

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

INVESTMENT VALUATION AND INCOME RECOGNITION

Investments are reported at fair value, except for the Plan's fully benefit responsive investment contract which is stated at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The plan administrator determines the Plan's valuation policies utilizing information provided by the investment advisers, trustees, and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments purchased and sold as well as held during the year. All gains and losses are reported in the accompanying statements of changes in net assets available for benefits.

PAYMENT OF BENEFITS

Benefits are recorded when paid.

PLAN EXPENSES

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements, while others are paid by the Plan and allocated to participant accounts on a prorated basis or paid out of available forfeitures or compensation account funds, as defined in the Plan document. Investment related expenses are included in net appreciation/depreciation in fair value of investments.

RISKS AND UNCERTAINTIES

The Plan provides for various investment options in investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying statements of net assets available for benefits. The plan administrator, through its investment advisor, monitors the Plan's investments and the risks associated therewith on a regular basis, which the plan administrator believes minimizes these risks.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 14, 2020, the date the financial statements were available to be issued.

In March and April 2020, the Plan was modified in response to provisions in the U.S. Coronavirus Aid, Relief, and Economic Security ("CARES") Act, as follows:

Coronavirus-Related Distributions - Participants who meet certain requirements related to the coronavirus disease 2019 ("COVID-19") may take a distribution up to $100,000 in the aggregate from all plans maintained by the Employer through December 31, 2020. These distributions are exempt from the ten percent excise tax generally imposed by the Internal Revenue Service, subject to federal income tax over a three-year period and may be repaid to an eligible retirement plan within three years.

Required Minimum Distribution Waiver - Required minimum distributions from participants' accounts are waived for 2020, including those resulting from the attainment of age 70½ in 2019.

NOTE 3 – INFORMATION CERTIFIED BY THE PLAN'S TRUSTEES

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure ("DOL") under ERISA. Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule of assets (held at end of year), including investments held at December 31, 2019 and 2018, and net appreciation/depreciation in fair value of investments, interest and dividends for the years then ended, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Great-West Life & Annuity Insurance Company ("Great-West") and Great-West Trust Company, LLC ("Great-West Trust"), the trustees of the Plan.

For the year ended December 31, 2018, approximately $70,000 of the Plan's net investment income was not certified by the trustees.

NOTE 4 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under the FASB ASC Topic 820, Fair Value Measurements and Disclosures are described as follows:

Level 1
Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2
Inputs other than quoted prices included within Level 1 that are observable or the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3
Inputs that are unobservable inputs for the asset or liability.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2019 and 2018.

Mutual Funds
Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan, including those in the self-directed brokerage accounts, are deemed to be actively traded.

NOTE 4 – FAIR VALUE MEASUREMENTS (CONTINUED)

Self-Directed Brokerage Accounts
Self-directed brokerage accounts generally include equity securities (common stocks) that are traded on a national stock exchange. Valued at the closing price reported on the active market on which the individual securities are traded.

Money Market Funds
Valued at the NAV of shares held by the Plan at year end.

Common Collective Trust Funds
Valued on the basis of the relative interest of each participating investor in the fair value of the underlying assets of each of the respective common/collective trusts. The underlying assets are valued based on the net asset value as provided by the investment account manager. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the trusts will sell the investment for an amount different from the reported net asset value. There are no restrictions on redemptions of these investments. The common/collective trust investments held by the plan are not fully benefit responsive contracts.

The common collective investment trusts (the "Funds") are designed for participants who want to structure their asset allocation under the Company's Plan toward a specific target year in which they intend to retire. Each Fund's assets are allocated among the underlying portfolios based on the Fund's target retirement date (or income objective in the case of the Maturity Fund) in percentages that are weighted more heavily toward equity securities when the target retirement date is further off and fixed income securities and money market instruments when the target retirement date is near or in the past. Although there can be no assurance as to investment results, the Funds are designed so that both the risk of the investment and the potential return are reduced as the target retirement date approaches.

NOTE 4 – FAIR VALUE MEASUREMENTS (CONTINUED)

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2019 and 2018.

	Assets at Fair Value as of December 31, 2019

The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items in the statement of net assets available for benefits.

NOTE 5 – GUARANTEED PORTFOLIO ACCOUNT

The Plan has a fully benefit-responsive guaranteed portfolio account, Key Guaranteed Portfolio Fund, with Great-West Life. As of December 31, 2019 and 2018, the account balance was $951,592 and $546,203, respectively. Great-West maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed portfolio contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed portfolio account is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed portfolio account. The guaranteed portfolio account is presented on the face of the accompanying statements of net assets available for benefits at contract value. Contract value, as reported to the Plan by Great-West, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on the earnings of the underlying assets in the entire medium-long term new portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. Interest crediting rate is reset quarterly.

Certain events may limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that any of such events which would limit the Plan's ability to transact at contract value with participants are probable of not occurring.

The guaranteed portfolio contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

NOTE 6 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in all of the Company's contributions.

NOTE 7 – TAX STATUS

The Plan uses a Volume Submitter Profit Sharing Plan with CODA which received an opinion letter from the IRS dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan is designed and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 – PARTY-IN-INTEREST TRANSACTIONS

During the years ended December 31, 2019 and 2018, Great-West and Great-West Trust served as trustees of the Plan, as defined in the Plan document, and therefore, any fees paid by the Plan to Great-West and Great-West Trust qualify as party-in-interest transactions; however, they are exempt from the prohibited transactions rules under ERISA..

Additionally, certain investment related fees incurred by the Plan have been included in net appreciation/depreciation in fair value of investments as they are paid through revenue sharing rather than as a direct payment.

NOTE 9 - PROHIBITED TRANSACTION

During 2019, participant contributions for certain payroll periods, of approximately $128,000 were not remitted timely to the Plan. The DOL requires that participant contributions be remitted to the Plan on the earliest date on which they can be reasonably segregated from the Company's general assets. Failure to remit participant contributions to the Plan in a timely manner results in a prohibited transaction which must be separately reported to the DOL and may result in penalties to the Plan Sponsor. The accompanying supplemental Schedule of Delinquent Participant Contributions presents the prohibited transactions of the Plan.
