Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note 2 to the financial statements. This includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 8, which was certified by Wells Fargo Bank, n.a., the trustee of The Thrift and Profit Sharing Trust for Cooperatives, of which the Plan is a participant, except for comparing the information with the related information included in the financial statements and the supplemental schedule. We have been informed by the Plan Administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the trustee as of and for the years ended December 31, 2019 and 2018, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Basis of Accounting

We draw attention to Note 2 to the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Other Matter

The supplemental schedule of assets held at the end of the year as of December 31, 2019 is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements – modified cash basis and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

THE RESTATED THRIFT/PROFIT SHARING PLAN FOR COOPERATIVES
Administered by Associated Benefits Corporation
(Participating Employer – United Farmers Cooperative, Afton, Group 175)

Notes to Financial Statements – Modified Cash Basis

December 31, 2019 and 2018

1. Description of the Plan

The Restated Thrift/Profit Sharing Plan for Cooperatives ("Thrift/Profit Sharing Plan") is a prototype defined contribution plan administered by Associated Benefits Corporation ("Plan Administrator"). The participating employer, United Farmers Cooperative, Afton, Group 175, has adopted the Thrift/Profit Sharing Plan with 401(k) provisions ("Plan"). The following description of the Plan provides only general information. Participants should refer to the Plan document for more complete information.

General – The Plan is a defined contribution plan available to all full-time employees of the participating employer who have attained age 21 and thirty days of service. Wells Fargo Bank, n.a. ("Trustee") serves as the trustee of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions – Each year, participants may contribute up to 80 percent of their compensation on a pre-tax basis, as defined in the Plan, subject to certain Internal Revenue Code (IRC) limitations. In addition, after-tax (Roth) contributions to the Plan are permitted up to the limits allowed by law. The participating employer contributes 25 percent of the first 6 percent of base compensation that a participant contributes to the Plan.

Participant Accounts – Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's and employer's contributions and an allocation of the Plan's earnings (losses) and charged with withdrawals and an allocation of administrative expenses. Allocations are based on participant account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investments – Participants direct the investment of their contributions and employer contributions into any combination of the investment alternatives offered by the Plan in multiples of one percent. Plan participants may transfer funds from one investment fund to another. Transfers are effective the day made or the next business day.

Vesting – Participants are immediately vested in employee contributions and actual earnings (losses) thereon. Participants hired before September 1, 2016 are immediately vested in employer contributions and actual earnings (losses) thereon. Participants hired after September 1, 2016 are fully vested in employer contributions and actual earnings (losses) thereon after three years of service. Forfeitures of non-vested employer contributions may be used to reduce future employer contributions.

Forfeitures – Forfeitures of non-vested employer contributions may be sued to reduce future employer contributions. At December 31, 2019, forfeited non-vested accounts were $1 ($398 in 2018). Forfeitures applied to employer contributions during 2019 were $1,601 ($649 in 2018).

Notes Receivable from Participants – Participants may borrow from their fund accounts, subject to balance limitations. The repayment period for the loans is not to exceed five years, or fifteen years if the loan is for the purchase of the participant's principal residence. The loans are secured by the balance in the participant's account. The interest rate charged on the loans is one percentage point above the prime rate. Principal and interest is paid ratably through payroll deductions. As of December 31, 2019, notes receivable have maturities through 2024 at an interest rate of 4.25-6.50%.

Payment of Benefits – On termination of service, a participant may elect to receive either a lump-sum payment equal to the value of his or her vested account, or installment payments over various periods as elected by the participant.

2. **Summary of Significant Accounting Policies**

Recently Issued Accounting Pronouncements – In July 2019, the AICPA Auditing Standards Board Issued Statement on Auditing Standards No. 136, Forming an Opinion and Reporting on Financial Statements of Employee Benefit Plans Subject to ERISA. SAS No. 136 prescribes certain new performance requirements for ERISA plan financial statement audits and changes the form and content of the related auditor's report to improve audit quality and enhance the communicative value and transparency of the auditor's report. SAS 136 also contains additional performance and new reporting requirements for ERISA Section 103(a)(3)(C) audits (previously referred to as "limited scope" audits). SAS No. 136 will be effective for audits of ERISA plan financial statements for periods ending on or after December 15, 2021. Early adoption of this standard is prohibited. Management is currently evaluating the potential impact that the adoption of this new auditing guidance will have on its financial statements.

In July 2018, the FASB issued ASU 2018-09, Codification Improvements. ASU 2018-09 includes, among other improvements, amendments to Plan Accounting - Defined Contribution Pension Plans - Investments Other (Subtopic 962-325). The amendment to Subtopic 962-325 removes the stable value common collective trust fund from the illustrative example in paragraph 962-325-55-17 to avoid the interpretation that such an investment would never have a readily determinable fair value and, therefore, would always use the net asset value per share practical expedient. Rather, the plan should evaluate whether a readily determinable fair value exists to determine whether those investments may qualify for the practical expedient to measure at net asset value in accordance with Topic 820. The update is effective for plan years ending on or after December 15, 2020. Management is currently evaluating the potential impact that the adoption of this new auditing guidance will have on its financial statements.

Recently Adopted Accounting Pronouncements – For the plan year ending December 31, 2019, the Plan adopted ASU 2017-06, Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965), which relates to the reporting requirements for an employee benefit plan with an interest in a master trust. The ASU 2017-06 requires a plan's interest in that master trust and any change in that interest to be presented in separate line items in the statement of net assets available for benefits and in the statement of changes in net assets available for benefits, respectively. In addition, the ASU removes the requirement to disclose the percentage interest in the master trust for plans with divided interests and require that all plans disclose the dollar amount of their interest in each of those general types of investments, which supplements the existing requirement to disclose the master trusts balances in each general type of investments. There are also increased disclosure requirements. The plan adopted the provisions using the retrospective method.

Basis of Accounting – The accompanying financial statements have been prepared on a modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America (GAAP). Under the modified cash basis of accounting, transactions are recorded in the financial statements on the cash receipts and disbursement basis; however, investments are adjusted to fair value. Accordingly, these statements are not intended to present the Plan's financial position or changes to financial position in conformity with GAAP. The principal differences in the Plan's statement relate to investment income and contributions, which are not recorded until received on the financial statements.

Use of Estimates – The preparation of financial statements in conformity with the modified cash basis of accounting, which is a comprehensive basis of accounting other than GAAP, requires Plan management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties – The Plan through its investment in the Thrift and Profit Sharing Trust for Cooperatives ("Trust") utilizes various investment securities, including U.S. government securities, corporate debt instruments, mutual funds, and common collective trust funds. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

Investment Valuation and Income Recognition – Investments in common stock and mutual funds are stated at fair value. Fair value of a financial instrument is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Investments in common collective trusts are measured at estimated fair value. Investments in the general fund are at contract value as a practical expedient for fair value. See Note 3 for a description of valuation methods. Purchases and sales of securities are recorded on a trade-date basis. Dividend and interest income are recorded as received. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Management fees and operating expenses charged to the Plan for investments in the mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expense are reflected as a reduction of investment return for such investments.

Notes Receivable from Participants – Notes receivable from participants are valued at unpaid principal balance plus accrued but unpaid interest. Delinquent notes receivable from participants are recorded as distributions based on the terms of the Plan document.

Administrative Expenses – As of September 1, 2016, administrative expenses of the Plan are paid by the Plan Sponsor for active eligible employees. Former employees will have administrative fees withdrawn from their account. Prior to September 1, 2016, administrative expenses of the Plan were paid by the Plan Sponsor.

Payment of Benefits – Benefit payments to participants are recorded upon distribution. As of December 31, 2019 and 2018, net assets available for benefits included no benefits due to participants who had withdrawn from participation in the Plan but have not yet been paid.

Transfer of Assets Due to Merger – Assets merged into the plan during the year are shown as Transfer of Assets Due to Merger on the Statement of Changes in Net Assets Available for Benefits. Effective October 1, 2019, Participating Employer – South Central Cooperative, Group 400 merged net assets of $1,082,211 into the Plan. Effective August 1, 2018, Participating Employer - Taygold Cooperative, Group 472 merged net assets of $309,554 into the Plan. Effective February 1, 2018, Participating Employer - UM Supply, LLC, Group 464 merged net assets of $354,532 into the Plan.

3. Fair Value Measurements

ASC 820, *Fair Value Measurements and Disclosures* provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value, as follows: Level 1, which refers to securities valued using unadjusted quoted prices from active markets for identical assets; Level 2, which refers to securities not traded on an active market but for which observable market inputs are readily available; and Level 3, which refers to securities valued based on significant unobservable inputs. Assets are classified in their entirety based on the lowest level of input that is significant to the fair value measurement.

The Plan's policy is to recognize significant transfers between levels at the actual date of the event or change in circumstances that caused the transfer. For the years ended December 31, 2019 and 2018, there were no significant transfers in or out of Levels 1, 2, or 3.

Asset Valuation Techniques – Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for assets at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Shares of mutual funds held are primarily categorized as Level 1; they are valued at quoted market prices that represent the net asset value of shares held at plan year end.

U.S. common stocks are categorized as Level 1 if the securities trade on national or international exchanges and are valued at their last reported closing price.

Certain funds are valued at the net asset value of units of the underlying fund. The net asset value (NAV) as provided by the trustee, is used as a practical expedient to estimate fair value. The net asset value is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported net asset value. Participant transactions (purchased and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner. As the practical expedient is utilized, these funds are not included in the fair value leveling table but are included as a reconciling line item to the statements of net assets available for benefits.

The following tables set forth by level, within the fair value hierarchy, a summary of the Trust's investments measured at fair value on a recurring basis at December 31, 2019 and 2018.

The following tables set forth by level, within the fair value hierarchy, a summary of the Plan's investments measured at fair value on a recurring basis at December 31, 2019 and 2018.

	Fair Value Measurements at December 31, 2019, Using

	$ 5,614,103	--	--	5,614,103
Funds Valued at NAV				4,453,727
Total				$ 10,067,830

The valuation methods as described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Transfers Between Levels – The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

The significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits are evaluated. There were no transfers between levels for the years ended December 31, 2019 and 2018.

Net Asset Value (NAV) per Share – The Plan has disclosed the category, fair value, redemption frequency, and redemption notice period for those assets whose fair value is estimated using the net asset value per share as of December 31, 2019 and 2018. The following tables for December 31, 2019 and 2018 set forth a summary of the Trust's investments with a reported NAV.

		Fair Value Estimated Using Net Asset Value per Share December 31, 2019				
Investment		Fair Value	Unfunded Commitment	Redemption Frequency	Other Redemption Restrictions	Redemption Notice Period

Fixed Income Funds	(c)	301,664	--	Immediate	None	None

Total		$5,848,739	--			

Investment		Fair Value	Fair Value Estimated Using Net Asset Value per Share December 31, 2018 Unfunded Commitment	Redemption Frequency	Other Redemption Restrictions	Redemption Notice Period
Common Collective Trust Funds						
Domestic Stock Funds	(a)	$2,226,372	--	Immediate	None	None
International Stock Funds	(b)	163,518	--	Immediate	None	None
Fixed Income Funds	(c)	237,714	--	Immediate	None	None
General Funds	(d)	1,826,123	--	Immediate	None	None
Total		$4,453,727	--			

The fair values of the investments have been estimated using the net asset value of the investment.

(a) The Domestic Stock Funds seek to provide long-term growth of capital by investing primarily in equity securities and to achieve above-average results over a market cycle. The funds employ a "multi-style, multi-manager" approach whereby portions of the domestic stock funds are allocated to different money managers who employ distinct investment styles. The funds use three principal investment styles intended to complement one another:

Growth: Emphasizes investments in equity securities of companies with above-average earnings growth prospects.

Value: Emphasizes investments in equity securities of companies that appear to the money manager to be undervalued relative to their corporate worth, based on earnings, book or asset value, revenues, cash flow or other measures.

Market-Oriented: Emphasizes investments in companies from the broad equity market rather than focusing on the growth or value segments of the market.

(b) The International Stock Funds provide participation in financial markets outside of the United States. The International Stock Funds invest in international financial markets, primarily those of developed economies in Europe and the Pacific Basin. These funds invest primarily in equity securities issued by foreign corporations but may invest in other securities perceived as offering attractive investment return opportunities. As with the domestic equity funds, the international equity funds combine Growth, Value, and Market-Oriented Advisers to ensure style diversification.

(c) The Fixed Income Funds strategies seek to invest at least 80% of their net assets plus any borrowing for investment purposes in a diversified portfolio of bonds, including corporate bonds of domestic and foreign issuers payable in U.S. dollars, short-term debt instruments, mortgage-related securities, and U.S. Treasury securities and other debt securities issued or guaranteed by the U.S. Government (including its agencies and instrumentalities). Although the strategies seek to invest primarily in investment-grade debt securities (i.e., those rated in the four highest rating categories by S&P or Moody's), they may include investing a portion of their net assets in bonds rated below investment grade.

(d) The General Fund is a stabilized fixed income portfolio managed by the Trustee. The objective of the General Fund is to produce stable returns that are usually higher than traditional money market investments. The General Fund usually experiences little or no fluctuation in principal value as it is invested predominately in common collective trust funds invested in direct obligations of the U.S. Government and U.S. Government Agencies. The General Fund simulates the performance of a guaranteed investment contract, whereby participants execute Plan transactions at net asset value per share based on contract value, as a practical expedient for measuring fair value. Contract value represents contributions made to the General Fund, plus earnings, less participant withdrawals. The general fund is composed of a portfolio of fixed income securities and investment contract issued by a financial institution, designed to provide a contract value "wrapper" around the fixed income portfolio to guarantee a specific return. Primary variables impacting future returns of the general fund include the current yield, duration, and performance of the underlying assets within the wrap contract. Plan management believes that the occurrence of events that would cause the General Fund to transact at less than contract value is not probable.

4. Investments and Interest in the Thrift and Profit Sharing Trust for Cooperatives

Wells Fargo Bank, n.a. manages the Trust on behalf of the Thrift/Profit Sharing Plan under the terms of the trust agreement between Wells Fargo Bank, n.a. and the Thrift/Profit Sharing Plan. The Plan is a participant in the Trust. The authority to invest is vested in the Trustee, subject to the funding policy and investment objectives established by the Plan Administrator. The investments and changes therein of the Trust have been reported to the Thrift/Profit Sharing Plan by the Trustee. Since the Plan's funds are commingled with funds from other plans participating in the Trust, the investments reported in these financial statements reflect on the Plan's allocable portion of the individual's investments. The Plan participates in the investment activity of the Trust based on a weighted average of invested Plan assets to the total assets of the Trust on a daily basis. Common stock consists of certain investments which have been allowed to be rolled into the Trust without allocation to the Plan's investment options. Participation in these common stocks is based on the specific investments attributable to the Plan of which the participant is a member.

The investments of the Trust and the Plan's interest in those investments at December 31, 2019 and 2018, are summarized as follows:

5. **Exempt Party-In-Interest Transactions**

Certain Plan investments are shares of mutual funds managed by Wells Fargo Bank, n.a. Wells Fargo Bank, n.a. is the trustee as defined by the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan for the investment management services are included as a reduction of the return earned on each fund.

6. **Plan Termination**

Although it has not expressed any intention to do so, the participating employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA.

7. **Federal Income Tax Status**

The Internal Revenue Service has determined and informed the Plan Administrator by a letter dated July 18, 2017, that the Plan and related Trust were designed in accordance with applicable regulations of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter; however, the Plan Administrator believes that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC and the Plan and related Trust continue to be tax exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. **Information Certified by the Trustee**

The following is a summary of the unaudited information regarding the Plan as of December 31, 2019 and 2018, and for the years then ended, included in the Plan's financial statements and supplemental schedule, that was prepared by or derived from information prepared by Wells Fargo Bank, n.a., the trustee of the Plan, and furnished to the Plan Administrator. 9. **Subsequent Events**

The Plan has evaluated events and transactions occurring after December 31, 2019 for recognition or disclosure in the financial statements. In March 2020, the global coronavirus pandemic began to disrupt the United States economy. The length or severity of this pandemic, or the extent to which the disruption may materially impact the financial status and operations of the Plan and its sponsoring employer cannot be reasonably estimated. On March 27, 2020, the CARES Act was signed into law. The Act, among other things, makes changes to distributions and loans from the Plan for impacted participants as described in the Act. The Plan has elected to authorize the changes of the CARES Act. Subsequent events related to the financial statements – modified cash basis have been evaluated through October 9, 2020, which is the date the financial statements – modified cash basis were available to be issued.
