Independent Auditor's Report

October 5, 2020

To the Participants, Plan Administrator and Trustee of the
Bond, Schoeneck & King, PLLC 401(k) Savings Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Bond, Schoeneck & King, PLLC 401(k) Savings Plan, which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the ***Basis for Disclaimer of Opinion*** paragraph; however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Vanguard Fiduciary Trust Company, the Trustee of the Plan, except for comparing such information with the related information included in the

financial statements. We have been informed by the plan administrator that the Trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the Trustee as of December 31, 2019 and 2018, and for the years then ended, that the information provided to the plan administrator by the Trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the ***Basis for Disclaimer of Opinion*** paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter - Supplemental Schedule

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2019, is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the ***Basis for Disclaimer of Opinion*** paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the Trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 1 - Description of the Plan

The following description of the Bond, Schoeneck & King, PLLC (the "Firm") 401(k) Savings Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General - The Plan is a qualified defined contribution profit sharing plan under Section 401(a) of the Internal Revenue Code and has a Section 401(k) salary deferral arrangement. All employees are eligible to participate in the Plan upon reaching the age of eighteen and completing one hour of service. The Plan is subject to the provisions of ERISA.

Contributions - Eligible employees can contribute to their employee deferral account as defined by the Plan and subject to the maximum amount allowed by the Internal Revenue Code. Participants who meet certain age requirements are allowed to make catch-up elective deferrals. Rollover contributions from other plans are permitted. Once an employee meets the eligibility requirements, the Plan automatically enrolls them under its automatic enrollment feature. Under automatic enrollment, a participant is automatically enrolled to begin making elective contributions of 3% of their annual compensation to the Plan. This deferral percentage is increased automatically by 1% each year, up to a maximum of 6%, unless the participant elects a different percentage or expressly elects not to participate in the Plan. In 2018, there were no discretionary profit sharing or matching contributions to the Plan for all employees, other than those who were eligible for discretionary profit sharing or matching contributions under the Jaeckle Fleischmann & Mugel, LLP Retirement Plan (JFM Retirement Plan), see below.

Effective January 1, 2019 the Firm will make a 5.5% match of eligible compensation to all employees and an additional 3.5% contribution to Firm employees who have met a minimum age of 55 and 20 years of service or had a combination of attained age and years of completed services totaling 75 or more. Participants are eligible upon commencement of employment and are fully vested following three years of service.

Effective January 1, 2018, as a result of the JFM Retirement Plan merger, the Firm will make matching contributions to participants from the former JFM Retirement Plan, which are equal to 25% of the first 2% that a participant contributes to the Plan, up to a maximum of 0.5% of eligible compensation. In addition, the Firm will make profit sharing contributions for participants from the former JFM Retirement Plan equal to 5.5% of eligible compensation and an additional 5.5% of compensation in excess of the Federal Insurance Contribution Act (FICA) taxable wage base for the plan year.

The Firm's matching contributions were approximately $1,308,000 and $5,000 and profit-sharing contributions were approximately $58,000 and $76,000, for the year ended December 31, 2019 and 2018, respectively. The Firm shall make qualified non-elective contributions to the Plan to comply with the actual deferral percentage and average contribution percentage tests, as needed. There were no qualified non-elective contributions for the years ended December 31, 2019 or 2018.

Participant accounts - Each participant's account is credited with the participant's elective deferral contributions, the Firm's contributions, plan earnings, and is charged with an allocation of administrative expenses. Allocations of plan earnings and administrative expenses are based on participant earnings or account balances, as defined in the plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants can access their account information via Vanguard Fiduciary Trust Company's website where they have the ability to change their elective deferrals and investment options as well as apply for participant notes receivable and request distributions.

Vesting - Participants are immediately 100% vested in their 401(k) salary deferral contributions and all qualified non-elective contributions plus earnings thereon; accordingly, there are no forfeitures. Participants are fully vested after 3 years of service for employer contributions. Vesting on firm contributions for the participants from the former JFM Retirement Plan is based on years of continuous service, where a participant vested at a rate of 20% after one year of service and 20% each plan year thereafter, with full vesting upon completion of five plan years of service.

Notes receivable from participants - Participants may borrow from their fund accounts up to a minimum of $1,000 and a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account. Interest rates on outstanding notes range from 4.25% to 6.50%. Principal and interest is repaid ratably through payroll deductions. According to requirements of the participant note receivable program, the plan administrator will consider a note in default if any scheduled payment remains unpaid beyond the last day of the calendar quarter following the calendar quarter in which the participant missed the scheduled payment. Any notes that are in default as defined by the plan document are reported as either deemed distributions or benefit payments.

Deemed distributions - Deemed distributions represent the amount of unpaid principal on notes receivable from participants who are actively participating in the Plan and have not continued to make payments on the outstanding notes as required under the notes receivable from participants program. There were no deemed distributions for the years ended December 31, 2019 or 2018.

Investment options - Upon enrollment in the Plan, participants may direct contributions in any of the investment options offered by the Plan. Participants may change their investment options daily through online access, as discussed above.

Payment of benefits - Upon termination of service due to retirement, death or disability, a participant (or participant's beneficiary in the event of death) shall receive a lump-sum distribution equal to the participant's account balance. Upon termination of service due to other reasons, a participant or beneficiary may receive a lump-sum distribution paid at any time. If the value of a terminated participant's vested interest is $5,000 or less, the participant's account value will be automatically distributed to the participant in a lump-sum amount. Once a participant reaches age 70½ a required minimum distribution is made, unless participant elects deferral.

Plan termination - Although it has not expressed any intent to do so, the Firm has the right, under the plan agreement, to discontinue contributions at any time and to terminate the Plan

subject to the provisions of ERISA. On termination, participants will become 100% vested in their account balance.

Note 2 - Summary of accounting policies

Method of accounting - The Plan maintains its accounting records and financial statements on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires plan management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of the Plan's income and expenses during the reporting period. Actual results could differ from these estimates.

Risks and uncertainties - The Plan provides for various investment securities in any combination of registered investment companies, common collective trust funds and other investments. Investment securities are exposed to various risks, such as interest rate, credit and overall market volatility (including risks and volatility from the COVID-19 pandemic). Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

Investment valuation and income recognition - Investments are stated at fair market value (see Note 4) with the exception of common collective trusts, which are valued at net asset value as a practical expedient as reported by the sponsor of the fund; see below, and life insurance policies, which are valued at cash surrender value, which approximate fair value; see below. All investment values have been determined and certified by Vanguard Fiduciary Trust Company, the Trustee of the Plan (see Note 3). Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

The common collective trust (CCT), Vanguard Retirement Savings Trust III, is made up of various investment and security-backed contracts, which are mainly publicly traded securities. Common collective trusts are valued at net asset value (NAV), which serves as a practical expedient to estimate its fair value. The NAV of each common collective trust is not publicly quoted in the active markets and is based on the fair value of the underlying investments held by the funds less its liabilities. This practical expedient is not used when it is determined to be probable that the CCT will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of any CCT, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner. There were no redemption restrictions or unfunded commitments as of December 31, 2019 or 2018. Investments measured at NAV per share used as a practical expedient are not required to be classified in the fair value hierarchy.

The Plan holds a life insurance policy issued by Security Mutual Life Insurance Company of New York. This policy is for the benefit of the participant insured and may be distributed or surrendered at the participant's direction. Premiums shall be paid first from policy dividends and other amounts in the participant's rollover account. If these sources are insufficient, premiums shall be paid from salary reduction contributions, subject to limits as established by the provisions of the plan document. Upon distribution of the participant's total vested account balance, the policy must also be converted to cash or distributed to the participant. This policy is fully allocated to the insured participant's rollover account, with the change in cash surrender value recorded as other income in the statements of changes in net assets available for benefits.

Economic dependency and concentration of credit risk - Approximately 65% annually of the Plan's investments were held and administered by The Vanguard Group, Inc. and approximately 19% of the Plan's investments were held and administered by T. Rowe Price at December 31, 2019 and 2018. Accordingly, the Plan is dependent upon the financial condition of these companies.

Administrative expenses - Administrative costs, including legal and accounting costs, are the obligation of the Plan; however, the Firm may pay for such expenses or reimburse the Plan for any payment of these expenses. Costs of managing the investments and of maintaining participant accounts are paid directly out of the plan assets (see Note 6).

Payment of benefits - Benefits are recorded when paid.

Subsequent events - In early 2020, local, U.S. and world governments have encouraged self-isolation to curtail the spread of the global pandemic, coronavirus disease (COVID-19), by mandating temporary work stoppage in many sectors and imposing limitations on travel and size and duration of group meetings. Most industries are experiencing disruption to business operations and the impact of reduced consumer spending. There is unprecedented uncertainty surrounding the duration of the pandemic, its potential economic ramifications, and any government actions to mitigate them. There has been heightened market risk and volatility associated with the pandemic, and this could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits. Because of the uncertainty of the markets during this time, Plan management is unable to estimate the total impact the pandemic will have. Management has evaluated subsequent events through October 5, 2020, the date that the financial statements were available for issue.

Note 3 - Information certified by the Plan's Trustee

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations and Disclosure under ERISA. Accordingly, Vanguard Fiduciary Trust Company, the Plan's Trustee, has certified that the investments and investment income included in the accompanying financial statements as of December 31, 2019 and 2018, and for the years then ended, and supplemental schedule as of December 31, 2019, are complete and accurate. Furthermore, the Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Note 4 - Fair value measurements

The Financial Accounting Standard Board's authoritative guidance on fair value measurements provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the authoritative guidance are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that a plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value:

Registered Investment Companies (i.e. Mutual Funds) - Valued at the closing price reported on the active market on which the individual security is traded (Level 1).

Life Insurance Policies - Valued at the cash surrender value of the individual policies, which approximates fair value (Level 2).

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial

instruments could result in a different fair value measurement at the reporting date. There have been no changes in the methodologies used at December 31, 2019 and 2018.

The following tables set forth, by Level within the fair value hierarchy, the Plan's assets at fair value as of:

	December 31, 2019			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 120,843,051	$ -	$ -	$ 120,843,051
Life insurance policies	-	241,056	-	241,056
Total assets at fair value	$ 120,843,051	$ 241,056	$ -	$ 121,084,107

	December 31, 2018			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 101,253,299	$ -	$ -	$ 101,253,299
Life insurance policies	-	228,750	-	228,750
Total assets at fair value	$ 101,253,299	$ 228,750	$ -	$ 101,482,049

Note 5 - Tax status of the Plan

The Internal Revenue Service has determined and informed the Firm that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (the "Code"). The Plan has been amended since receiving the determination letter. However, the plan administrator and the plan trustees believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code. Accordingly, the Plan has been accounted for as a tax-exempt plan.

The Plan has reviewed its operations for uncertain tax positions and believes there are no significant exposures. The Plan will include penalties and interest on income tax liabilities in administrative expenses if such amounts arise. The Plan did not incur any penalties and interest for the years ended December 31, 2019 and 2018. The Plan is no longer subject to regulatory examinations by tax authorities for the closed tax years before 2016.

Note 6 - Related party transactions

Certain plan investments are managed by Vanguard Fiduciary Trust Company, the Trustee of the Plan. Fees paid for these services qualify as party-in-interest transactions and are included in the net appreciation (depreciation) in investments on the accompanying statements of changes in net assets available for benefits.

Furthermore, the Plan contracts with The Vanguard Group, Inc. to provide recordkeeping and third-party administrative services, which qualify as party in interest transactions. Fees paid for these services amounted to $62,823 and $64,095 for the years ended December 31, 2019 and 2018, respectively. In addition, the Plan contracts with Alesco Advisors LLC to provide investment advisory services, which qualify as party in interest transactions. Fees paid for these services amounted to $68,750 and $37,500 for the years ended December 31, 2019 and 2018, respectively. These fees are paid directly by the Plan and are included in administrative expenses on the accompanying statements of changes in net assets available for benefits.
