Independent Auditors' Report

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Paxton Hardwoods 401(k) Plan, which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, and the related statement of changes in net assets available for benefits for the year ended December 31, 2019, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 6, which was certified by Voya Institutional Trust Company, the trustee of the plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2019 and 2018, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of Schedule H, Line 4(i) - Schedule of assets (Held at End of Year) as of December 31, 2019, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustees, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1 - DESCRIPTION OF PLAN

The following description of the Paxton Hardwoods 401(k) Plan ("the plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the plan's provisions. The plan sponsor is Paxton Hardwoods, LLC ("the company").

GENERAL

The plan is a defined contribution plan covering all qualified employees of the company, as defined in the plan agreement, of Paxton Hardwoods, LLC, the company, who are age 21 or older and have completed three months of service. The plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

CONTRIBUTIONS

Participants may contribute a percentage up to 75% of eligible annual compensation not to exceed the annual dollar limitation defined by the Internal Revenue Code, as defined in the plan. Participants may also contribute amounts representing rollover distributions from other qualified plans. All employee contributions are invested with Voya Institutional Trust Company (Voya).

The company may make discretionary matching contributions. These matching contributions are equal to 100% of the participant's contributions up to 2% of the participant's eligible annual compensation. Participants are eligible for matching contributions after three months of employment at the company. The company made matching contributions of \$100,245 for the year ended December 31, 2019.

PARTICIPANT ACCOUNTS

Each participant's account is credited with the participant's contribution, any discretionary company contributions, the allocation of plan earnings and losses and any related investment and administrative expenses. Plan earnings are allocated to participants based on actual earnings on the investment options selected by the participants. Allocations of plan forfeitures and expenses are based on the proportion of each participant's account to the total of all participant account balances. Fees charged on distributions and new notes receivable from participants are charged directly to the participant's account balance. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

VESTING

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of service. A participant becomes 100% vested in company contributions after one year of service.

INVESTMENT OPTIONS

Upon enrollment in the plan, participants are able to direct their contributions, including company contributions, among any or all of the multiple investment account options. Investment options are shares of registered investment companies and a guaranteed interest account held by Voya Retirement Insurance and Annuity Company. Participants may change their investment options daily. There are no nonparticipant directed investments.

Contributions may be temporarily held as cash balances prior to the execution of the investment according to the participant's direction.

The plan provides for various investment fund options, which in turn invest in a combination of stocks, bonds, and other investment securities. Investment securities in general are exposed to various risks such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect participant account balances and the amounts reported in the statement of net assets available for benefits.

PAYMENT OF BENEFITS

On termination of service due to death, disability or retirement, a participant may elect to receive either a single lump-sum distribution equal to the value of the participant's vested interest in his or her account, or an annuity to be paid in equal installments over a period of not more than the participant's or designated beneficiary's assumed life expectancy determined at the time of distribution. For termination of service with vested benefits under \$5,000, the balance will be automatically paid in a lump-sum distribution. Benefits are recorded when paid.

NOTES RECEIVABLE FROM PARTICIPANTS

Participants may borrow from their fund accounts. The amount the plan may loan to a participant is limited by rules under the Internal Revenue Code. The maximum amount a participant may borrow is equal to the lesser of \$50,000 or 50% of their vested account balance. The minimum loan amount is \$1,000. Loan terms generally range from one to five years. If used to acquire a principal residence the plan administrator can permit a longer repayment period for up to 25 years. The loans are secured by the loan balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the plan administrator and is fixed over the life of the loan. The plan requires repayment on the loan obligation through payroll deductions and the loans can be repaid at any time.

EXCESS CONTRIBUTIONS PAYABLE

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Code are recorded as a liability with a corresponding increase to corrective distributions.

FORFEITURES

Forfeitures of nonvested company contributions can be used to pay any plan administrative expenses or offset future employer contributions. Forfeitures of \$15,589 and \$12,223 were available at December 31, 2019 and 2018, respectively. No forfeitures were used during the year ended December 31, 2019.

Note 2 - SUMMARY OF ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The financial statements of the plan are prepared using the accrual method of accounting.

USE OF ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results may differ from those estimates.

INVESTMENT VALUATION AND INCOME RECOGNITION

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the plan. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the plan's gains and losses on investments bought and sold as well as held during the year.

NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are measured at their unpaid principal balance. Accrued but unpaid interest, if any, would not have a material impact on the plan's financial statements.

SUBSEQUENT EVENTS

The COVID-19 outbreak in the United States has caused business disruption, and economic uncertainties have arisen which could negatively affect plan sponsor and plan operations. The COVID-19 outbreak has led to volatility in financial markets and has affected, and may continue to affect, the market prices of the plan's investments. The impact of COVID-19 on the plan sponsor and plan continues to evolve rapidly and its future impact on the plan's net assets available for benefits and changes in net assets available for benefits cannot be reasonably estimated at this time.

Management has evaluated subsequent events through October 14, 2020, the date the financial statements were available to be issued.

Note 3 - FAIR VALUE MEASUREMENTS

The plan's investments are reported at fair value in the accompanying statement of net assets available for benefits.

		Fair value measurements using:		
		Quoted prices in active markets for identical assets (Level 1)	Other observable inputs (Level 2)	Significant unobservable inputs (Level 3)
December 31, 2019	Fair value			
Registered investment companies	\$ 7,918,503	\$ 7,918,503	\$ -	\$ -

December 31, 2018	Fair value	Fair value measurements using:		
		Quoted prices in active markets for identical assets (Level 1)	Other observable inputs (Level 2)	Significant unobservable inputs (Level 3)
Registered investment companies	\$ 6,997,183	\$ 6,997,183	\$ -	\$ -

FASB ASC 820, *Fair Value Measurements*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority and Level 3 inputs have the lowest priority. Level 2 inputs consist of inputs other than quoted market prices included within Level 1 that are observable for valuing the asset. The plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs are only used when Level 1 or Level 2 inputs are not available. There were no Level 2 or 3 inputs used by the plan.

Level 1 Fair Value Measurements

The fair value of registered investment company funds is based on quoted market prices of the shares held by the plan at year-end.

Note 4 - GUARANTEED INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Voya Fixed Account (the Fund) investment choice is a nontradeable obligation of Voya Retirement Insurance and Annuity Company. The objective of the Fund is to protect against loss of principal while providing returns comparable to money market funds and short-term treasury instruments. Characteristics of this investment allows for principal value to remain stable regardless of the volatility of the financial markets. This contract meets the fully benefit-responsive investment criteria and therefore is reported at contract value. Contract value is the relevant measurement of fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the plan. Contract value represents contributions made, plus earnings, less participant withdrawals and administrative expenses.

The fund has no stated maturity date. Interest rates are reset monthly as of the beginning of each month, during which a new interest rate is applied daily to the total outstanding balance of the investment. For deposit liabilities with no defined maturities, contract value is the amount payable on demand at the reporting date.

Certain events, such as the premature termination of the contract by the plan or the termination of the plan, may limit the plan's ability to transact at contract value with the issuer. The plan administrator does not believe that the occurrence of such events, which would also limit the plan's ability to transact at contract value with participants, is probable.

Note 5 - COMMON COLLECTIVE TRUST

The objective of Morley Stable Value Fund (the Fund) was to provide a diversified group of investments offering competitive levels of yield consistent with stable fixed-income methodology and the careful and prudent assumption of investment risk providing for preservation of capital, stability and predictability of returns, liquidity to pay plan benefits and high credit quality. The Fund sought to achieve this objective by investing in conventional, synthetic and separate account investment contracts (collectively contracts) issued by life insurance companies, banks and other financial institutions. Characteristics of these contracts allow for the principal value to remain stable regardless of the volatility of the financial markets.

Within the common collective trust, separate account guaranteed interest contracts (GIC) were invested in a segregated account of assets maintained by an insurance company for the benefit of the investors. The total return of the segregated account assets supports the separate account GIC's return. The credited rate on this product will predominately reset monthly with a one month look back for the portfolio statistics and it would have an interest rate of not less than 0%.

Certain events, such as the premature termination of the contract by the plan or the termination of the plan, may have limited the plan's ability to transact at contract value with the issuer. During 2019, the plan eliminated this investment option with investment balances reinvested based on participant elections.

Note 6 - INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

Voya Institutional Trust Company, plan trustee, certified that the following information included in the financial statements and supplemental schedule is complete and accurate:

- Fair value of investments in registered investment companies
- Contract value of guaranteed interest account and common collective trust
- Investment interest and dividend income
- Net appreciation in fair value of investments
- Interest income on notes receivable from participants
- Investments, as reflected in Schedule H, Line 4(i) – Schedule of assets (Held at End of Year)

Note 7 - PLAN TERMINATION

Although it has not expressed any intent to do so, the company has the right under the plan to discontinue its contributions at any time and to terminate the plan subject to the provisions of ERISA. In the event of termination, participants will become 100% vested in their accounts.

Note 8 - TAX STATUS

The plan's latest determination letter was dated September 1, 2014, in which the Internal Revenue Service stated that the plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (the Code). Once qualified, the plan is required to operate in conformity with the code to maintain its qualifications. The plan administrator believes that as of December 31, 2019 the plan is being operated in compliance with all applicable requirements of the Code and therefore, believes the plan is qualified and the related trust is tax exempt. Therefore, no provision for income taxes has been included in the plan's financial statements.

The plan adopted the provisions of FASB ASC 740-10, Income Taxes, relating to accounting for uncertain tax positions. ASC 740-10 defines a recognition threshold and measurement process for accounting for uncertain tax positions and also provides guidance on various related matters such as interest, penalties, derecognition and disclosures. The plan does not have any plan level uncertain tax positions. The plan files income tax returns in the U.S. federal jurisdiction. The plan administrator believes the plan is no longer subject to U.S. federal examinations by tax authorities for years before 2016.

Note 9 - PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are shares of mutual funds and an annuity contract managed by Voya Retirement Life Insurance and Annuity Company, a company associated with the trustee, Voya Institutional Trust Company. Fees paid by the plan for investment management services are included in the net appreciation (depreciation) of investments. These transactions qualify as party-in-interest transactions. Additionally, certain 401(k) advisory committee members participate in the plan and transactions with these individuals may qualify as party-in-interest transactions.

The plan uses the services of an independent public accounting firm to audit the plan. Administrative expenses for the year ended December 31, 2019 includes approximately \$6,000 paid to the independent public accounting firm.

Note 10 - RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31 to Schedule H of Form 5500:

Independent Auditors' Report

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Paxton Hardwoods 401(k) Plan, which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, and the related statement of changes in net assets available for benefits for the year ended December 31, 2019, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 6, which was certified by Voya Institutional Trust Company, the trustee of the plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2019 and 2018, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of Schedule H, Line 4(i) - Schedule of assets (Held at End of Year) as of December 31, 2019, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustees, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1 - DESCRIPTION OF PLAN

The following description of the Paxton Hardwoods 401(k) Plan ("the plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the plan's provisions. The plan sponsor is Paxton Hardwoods, LLC ("the company").

GENERAL

The plan is a defined contribution plan covering all qualified employees of the company, as defined in the plan agreement, of Paxton Hardwoods, LLC, the company, who are age 21 or older and have completed three months of service. The plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

CONTRIBUTIONS

Participants may contribute a percentage up to 75% of eligible annual compensation not to exceed the annual dollar limitation defined by the Internal Revenue Code, as defined in the plan. Participants may also contribute amounts representing rollover distributions from other qualified plans. All employee contributions are invested with Voya Institutional Trust Company (Voya).

The company may make discretionary matching contributions. These matching contributions are equal to 100% of the participant's contributions up to 2% of the participant's eligible annual compensation. Participants are eligible for matching contributions after three months of employment at the company. The company made matching contributions of \$100,245 for the year ended December 31, 2019.

PARTICIPANT ACCOUNTS

Each participant's account is credited with the participant's contribution, any discretionary company contributions, the allocation of plan earnings and losses and any related investment and administrative expenses. Plan earnings are allocated to participants based on actual earnings on the investment options selected by the participants. Allocations of plan forfeitures and expenses are based on the proportion of each participant's account to the total of all participant account balances. Fees charged on distributions and new notes receivable from participants are charged directly to the participant's account balance. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

VESTING

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of service. A participant becomes 100% vested in company contributions after one year of service.

INVESTMENT OPTIONS

Upon enrollment in the plan, participants are able to direct their contributions, including company contributions, among any or all of the multiple investment account options. Investment options are shares of registered investment companies and a guaranteed interest account held by Voya Retirement Insurance and Annuity Company. Participants may change their investment options daily. There are no nonparticipant directed investments.

Contributions may be temporarily held as cash balances prior to the execution of the investment according to the participant's direction.

The plan provides for various investment fund options, which in turn invest in a combination of stocks, bonds, and other investment securities. Investment securities in general are exposed to various risks such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect participant account balances and the amounts reported in the statement of net assets available for benefits.

PAYMENT OF BENEFITS

On termination of service due to death, disability or retirement, a participant may elect to receive either a single lump-sum distribution equal to the value of the participant's vested interest in his or her account, or an annuity to be paid in equal installments over a period of not more than the participant's or designated beneficiary's assumed life expectancy determined at the time of distribution. For termination of service with vested benefits under \$5,000, the balance will be automatically paid in a lump-sum distribution. Benefits are recorded when paid.

NOTES RECEIVABLE FROM PARTICIPANTS

Participants may borrow from their fund accounts. The amount the plan may loan to a participant is limited by rules under the Internal Revenue Code. The maximum amount a participant may borrow is equal to the lesser of \$50,000 or 50% of their vested account balance. The minimum loan amount is \$1,000. Loan terms generally range from one to five years. If used to acquire a principal residence the plan administrator can permit a longer repayment period for up to 25 years. The loans are secured by the loan balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the plan administrator and is fixed over the life of the loan. The plan requires repayment on the loan obligation through payroll deductions and the loans can be repaid at any time.

EXCESS CONTRIBUTIONS PAYABLE

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Code are recorded as a liability with a corresponding increase to corrective distributions.

FORFEITURES

Forfeitures of nonvested company contributions can be used to pay any plan administrative expenses or offset future employer contributions. Forfeitures of \$15,589 and \$12,223 were available at December 31, 2019 and 2018, respectively. No forfeitures were used during the year ended December 31, 2019.

Note 2 - SUMMARY OF ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The financial statements of the plan are prepared using the accrual method of accounting.

USE OF ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results may differ from those estimates.

INVESTMENT VALUATION AND INCOME RECOGNITION

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the plan. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the plan's gains and losses on investments bought and sold as well as held during the year.

NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are measured at their unpaid principal balance. Accrued but unpaid interest, if any, would not have a material impact on the plan's financial statements.

SUBSEQUENT EVENTS

The COVID-19 outbreak in the United States has caused business disruption, and economic uncertainties have arisen which could negatively affect plan sponsor and plan operations. The COVID-19 outbreak has led to volatility in financial markets and has affected, and may continue to affect, the market prices of the plan's investments. The impact of COVID-19 on the plan sponsor and plan continues to evolve rapidly and its future impact on the plan's net assets available for benefits and changes in net assets available for benefits cannot be reasonably estimated at this time.

Management has evaluated subsequent events through October 14, 2020, the date the financial statements were available to be issued.

Note 3 - FAIR VALUE MEASUREMENTS

The plan's investments are reported at fair value in the accompanying statement of net assets available for benefits.

		Fair value measurements using:		
		Quoted prices in active markets for identical assets (Level 1)	Other observable inputs (Level 2)	Significant unobservable inputs (Level 3)
December 31, 2019	Fair value			
Registered investment companies	\$ 7,918,503	\$ 7,918,503	\$ -	\$ -

December 31, 2018	Fair value	Fair value measurements using:		
		Quoted prices in active markets for identical assets (Level 1)	Other observable inputs (Level 2)	Significant unobservable inputs (Level 3)
Registered investment companies	\$ 6,997,183	\$ 6,997,183	\$ -	\$ -

FASB ASC 820, *Fair Value Measurements*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority and Level 3 inputs have the lowest priority. Level 2 inputs consist of inputs other than quoted market prices included within Level 1 that are observable for valuing the asset. The plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs are only used when Level 1 or Level 2 inputs are not available. There were no Level 2 or 3 inputs used by the plan.

Level 1 Fair Value Measurements

The fair value of registered investment company funds is based on quoted market prices of the shares held by the plan at year-end.

Note 4 - GUARANTEED INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Voya Fixed Account (the Fund) investment choice is a nontradeable obligation of Voya Retirement Insurance and Annuity Company. The objective of the Fund is to protect against loss of principal while providing returns comparable to money market funds and short-term treasury instruments. Characteristics of this investment allows for principal value to remain stable regardless of the volatility of the financial markets. This contract meets the fully benefit-responsive investment criteria and therefore is reported at contract value. Contract value is the relevant measurement of fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the plan. Contract value represents contributions made, plus earnings, less participant withdrawals and administrative expenses.

The fund has no stated maturity date. Interest rates are reset monthly as of the beginning of each month, during which a new interest rate is applied daily to the total outstanding balance of the investment. For deposit liabilities with no defined maturities, contract value is the amount payable on demand at the reporting date.

Certain events, such as the premature termination of the contract by the plan or the termination of the plan, may limit the plan's ability to transact at contract value with the issuer. The plan administrator does not believe that the occurrence of such events, which would also limit the plan's ability to transact at contract value with participants, is probable.

Note 5 - COMMON COLLECTIVE TRUST

The objective of Morley Stable Value Fund (the Fund) was to provide a diversified group of investments offering competitive levels of yield consistent with stable fixed-income methodology and the careful and prudent assumption of investment risk providing for preservation of capital, stability and predictability of returns, liquidity to pay plan benefits and high credit quality. The Fund sought to achieve this objective by investing in conventional, synthetic and separate account investment contracts (collectively contracts) issued by life insurance companies, banks and other financial institutions. Characteristics of these contracts allow for the principal value to remain stable regardless of the volatility of the financial markets.

Within the common collective trust, separate account guaranteed interest contracts (GIC) were invested in a segregated account of assets maintained by an insurance company for the benefit of the investors. The total return of the segregated account assets supports the separate account GIC's return. The credited rate on this product will predominately reset monthly with a one month look back for the portfolio statistics and it would have an interest rate of not less than 0%.

Certain events, such as the premature termination of the contract by the plan or the termination of the plan, may have limited the plan's ability to transact at contract value with the issuer. During 2019, the plan eliminated this investment option with investment balances reinvested based on participant elections.

Note 6 - INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

Voya Institutional Trust Company, plan trustee, certified that the following information included in the financial statements and supplemental schedule is complete and accurate:

- Fair value of investments in registered investment companies
- Contract value of guaranteed interest account and common collective trust
- Investment interest and dividend income
- Net appreciation in fair value of investments
- Interest income on notes receivable from participants
- Investments, as reflected in Schedule H, Line 4(i) – Schedule of assets (Held at End of Year)

Note 7 - PLAN TERMINATION

Although it has not expressed any intent to do so, the company has the right under the plan to discontinue its contributions at any time and to terminate the plan subject to the provisions of ERISA. In the event of termination, participants will become 100% vested in their accounts.

Note 8 - TAX STATUS

The plan's latest determination letter was dated September 1, 2014, in which the Internal Revenue Service stated that the plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (the Code). Once qualified, the plan is required to operate in conformity with the code to maintain its qualifications. The plan administrator believes that as of December 31, 2019 the plan is being operated in compliance with all applicable requirements of the Code and therefore, believes the plan is qualified and the related trust is tax exempt. Therefore, no provision for income taxes has been included in the plan's financial statements.

The plan adopted the provisions of FASB ASC 740-10, Income Taxes, relating to accounting for uncertain tax positions. ASC 740-10 defines a recognition threshold and measurement process for accounting for uncertain tax positions and also provides guidance on various related matters such as interest, penalties, derecognition and disclosures. The plan does not have any plan level uncertain tax positions. The plan files income tax returns in the U.S. federal jurisdiction. The plan administrator believes the plan is no longer subject to U.S. federal examinations by tax authorities for years before 2016.

Note 9 - PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are shares of mutual funds and an annuity contract managed by Voya Retirement Life Insurance and Annuity Company, a company associated with the trustee, Voya Institutional Trust Company. Fees paid by the plan for investment management services are included in the net appreciation (depreciation) of investments. These transactions qualify as party-in-interest transactions. Additionally, certain 401(k) advisory committee members participate in the plan and transactions with these individuals may qualify as party-in-interest transactions.

The plan uses the services of an independent public accounting firm to audit the plan. Administrative expenses for the year ended December 31, 2019 includes approximately \$6,000 paid to the independent public accounting firm.

Note 10 - RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500
