Part I Asset and Liability Statement

1 Current value of plan assets and liabilities at the beginning and end of the plan year. Combine the value of plan assets held in more than one trust. Report the value of the plan's interest in a commingled fund containing the assets of more than one plan on a line-by-line basis unless the value is reportable on lines 1c(9) through 1c(14). Do not enter the value of that portion of an insurance contract which guarantees, during this plan year, to pay a specific dollar benefit at a future date. **Round off amounts to the nearest dollar.** MTIAs, CCTs, PSAs, and 103-12 IEs do not complete lines 1b(1), 1b(2), 1c(8), 1g, 1h, and 1i. CCTs, PSAs, and 103-12 IEs also do not complete lines 1d and 1e. See instructions.

Independent Auditors' Report

To the Participants and Administrator of
Engility Master Savings Plan

We have audited the accompanying financial statements of Engility Master Savings Plan, which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, and the related statement of changes in net assets available for benefits for the year ended December 31, 2019, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Engility Master Savings Plan as of December 31, 2019 and 2018, and the changes in net assets available for benefits for the year ended December 31, 2019, in accordance with accounting principles generally accepted in the United States of America.

1. Plan Description

The following description of the Engility Master Savings Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

Merger

Effective January 1, 2020, the Plan was merged into the Science Applications International Corporation Retirement Plan (the SAIC Plan). At the time of the merger, all assets from the Plan were transferred into the SAIC Plan.

General

Engility Corporation (the Company or Engility), formerly known as Engility LLC and, through the date of the merger with Science Applications International Corporation (SAIC), a wholly owned subsidiary of Engility Holdings, Inc., established the Plan to provide retirement benefits to eligible employees of the Company. The Plan was adopted and effective June 29, 2012. The Benefit Plan Committee, which consists of members appointed by the Board of Directors of Engility Holdings, Inc., was responsible for the overall administration of the Plan and serves as the Plan Administrator. Effective January 14, 2019, Engility Holdings, Inc. became a wholly owned subsidiary of SAIC. Effective January 15, 2019, SAIC became the plan sponsor of the Plan.

The Plan was a defined contribution plan under Section 401(k) of the U.S. Internal Revenue Code (IRC) and was designed to provide eligible employees with tax advantaged long-term savings for retirement. The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. Participants could direct their investment to a combination of different funds and investment alternatives, which were managed by Fidelity Management Trust Company (FMTC), as "Trustee." Fidelity Workplace Services LLC provided record keeping services.

Participant Contributions

Prior to the merger, an eligible Engility employee could generally participate in the Plan effective as of the date that such employee completes one hour of service with Engility, and could contribute from 1 percent to 75 percent of his or her total compensation, as defined in the Plan. Participants who had attained age 50 before the end of the plan year were eligible to make catch-up contributions from 1 percent to 50 percent of their total compensation up to the IRC limited catch-up contribution amount, as defined in the Plan. Newly hired full-time employees of the Company would be deemed to have elected to contribute 3 percent of their total compensation each pay period to the Plan. The contribution commences on the first payroll period on or after the 30th day following the employee's date of hire. An employee could opt out of the automatic enrollment election before the 30th day or increase or decrease the percentage elected at any time in accordance with the rules established under the Plan.

A participant could elect to increase, decrease, suspend or resume contributions at any time in accordance with the rules established under the Plan, with the election becoming effective within the next two payroll periods. The IRC limited the maximum amount an employee may contribute on a pre-tax basis in 2019 to $19,000 for participants under 50 years of age and $25,000 for participants 50 years of age and over. Participants were 100 percent vested in their individual contributions and net earnings thereon. Participants had the option of investing their contributions in various investment options offered by the Plan, which included mutual funds, common/collective trust funds, and stock funds. During 2019, as a result of the merger with SAIC, shares held within the Engility Stock Fund were converted to the SAIC Stock Fund. FMTC uses a stock purchase account (SPA) to house fractional shares of the Engility and SAIC Stock Funds. SPA account balances are invested in the Fidelity Cash Reserves fund.

As a result of Engility's merger with SAIC, each eligible share of Engility common stock issued outstanding immediately prior to the effective time of the Company's merger was converted into the right to receive 0.45 of a share of SAIC common stock, with cash paid in lieu of any fractional shares. Furthermore, Engility common stock ceased to be used for trading on the New York Stock Exchange.

An employee who was automatically enrolled in the Plan will have his or her pre-tax contributions invested in an investment fund designated by the Benefit Plan Committee as the qualified default investment alternative (QDIA) until such time as the employee made an alternative investment election. The QDIA for the Plan was the applicable American Century Retirement Date Trust fund as determined by the participant's date of birth.

Company Contributions and Vesting Provisions

Prior to the merger, the Plan provided a Company matching contribution equal to 50 percent of the first 8.0 percent of compensation that a participant contributes, for a maximum Company contribution of 4.0 percent of compensation. The Company funded matching contributions on a quarterly basis. Part-time employees were not eligible for Company matching contributions. Participants who received Company contributions under the Plan vest in such contributions based on their period of employment with the Company as follows:

Years of Service	Percentage
Less than 1 year	0 %
1 year	25
2 years	50
3 years or more	100

Participant Accounts

Prior to the merger, each participant's account was credited with the participant's contribution and allocations of the Plan's earnings (losses), and could be charged with certain administrative expenses. Allocations were based on participant eligible earnings or account balances, as defined. The benefit to which a participant was entitled was the benefit that can be provided from the participant's vested account.

Notes Receivable From Participants

Prior to the merger, the Plan provided for loans to active participants. Generally, participants could not have more than one loan outstanding at any time. The maximum loan allowed to each participant was the lesser of (1) $50,000 less the highest outstanding loan balance over the prior 12 months or (2) 50 percent of the vested value of the participant's account in the Plan. The minimum loan amount was $1,000. The interest rate was based on the prime interest rate, as defined in the plan document, plus 1 percent. The maximum term of a loan was five years, or ten years if used to purchase a principal residence.

Loan repayments were made through payroll deductions, with principal and interest credited to the participants' fund accounts. Repayment of the entire balance was permitted at any time. Participant loans were collateralized by the participant's vested account balance. Defaulted loans were treated as either actual or deemed distributions depending on the participant's eligibility at the time the default occurs. Participant loans at December 31, 2018 had interest rates ranging from 4.25 percent to 9.25 percent. There were no participant loans outstanding as of December 31, 2019.

Benefit Payments

Prior to the merger, upon termination, participants could receive the vested portion of their account balance as soon as practicable after termination. Terminated participants who had an account balance in excess of $5,000 could elect to leave their account balance in the Plan and withdraw it at any time up to age 70 ½, at which time withdrawal was mandatory by April 1 of the following year. Terminated participants who had an account balance less than $5,000 but in excess of $1,000 should have their account balance rolled over to a Fidelity IRA if they did not elect to receive the vested portion of their account balance. A participant who terminated employment with a vested account balance of $1,000 or less should receive an immediate payment of the vested account balance.

A participant could withdraw after-tax contributions and rollovers at any time. A participant who attained age 55 could withdraw his or her vested matching contribution and supplemental contribution. Also, a participant could withdraw pre-tax contributions before termination of employment or before reaching age 59 ½ only for financial hardship. Financial hardship was determined pursuant to provisions of the Plan and the IRC. Generally, a penalty would be imposed on withdrawals made before the participant reaches age 59 ½. In the event of retirement or termination of employment prior to age 59 ½, funds could be rolled over to another qualified plan or individual retirement account without being subject to income tax or a penalty.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP), using the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results will differ from these estimates. The most significant estimate related to valuations of investments in the Plan that were not traded in an active market.

Valuation of Investments

Investments were reported at fair value. The Plan's administrator determined the Plan's valuation policies utilizing information provided by the Trustee. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Investments in mutual funds were valued at quoted market prices, which represent the net asset value per share as reported by FMTC. Refer to Note 3 for additional information and disclosure provided for the fair value of the Plan's investments.

Shares of Engility Holdings, Inc. common stock and SAIC common stock were valued at the last reported quoted market price per share on the last trading day of the year prior to merger.

The common/collective trust fund investments were valued at the Net Asset Value (NAV) provided by the administrator of the fund. Issues and redemptions of units are recorded upon receipt of unit holders' instructions based on the determined NAV per unit, which is determined daily. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. For these funds, there were no unfunded commitments, no redemption restrictions, and participants can transact daily.

The investments in self-directed brokerage accounts included cash and cash equivalents, mutual funds, and common and preferred stock. The fair values of these investments were based on quoted market prices of the shares held at year end.

There have been no changes in the valuation methodologies used at December 31, 2019 and 2018. The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value could result in a different fair value measurement at the reporting date.

Valuation of Notes Receivable

Notes receivable from participants represent participant loans and were recorded at their unpaid principal balance plus any accrued, unpaid interest.

Investment Transactions and Income

Investment transactions were accounted for on a trade date basis. Dividend income was recorded on the ex-dividend date. Interest income was recorded on an accrual basis. Gains and losses on sales of investment securities were determined based on the average cost method. Net depreciation in the fair value of investments included the Plan's gains and losses on investments bought and sold as well as held during the year.

Forfeitures

Non-vested company contributions were forfeited upon a participant's five-year break in service or withdrawal of the participant's vested balance, if earlier, and were used to reduce employer contributions or pay for the plan expenses. During the year ended December 31, 2019, $2.3 million and $237,000 was applied to reduce employer contributions and pay administrative expenses, respectively. At December 31, 2019 and 2018, forfeited non-vested account balances available to offset future company contributions and plan expenses totaled $0 and $881,424, respectively.

Benefit Payments

Benefit payments were recorded when paid.

Plan Expenses

The Plan provided for the payment of all its administrative expenses, including trustee, record keeping, consulting, audit and legal fees, from available forfeitures. Loan administration fees were charged to participants. Administrative and brokerage fees incurred by self-directed brokerage accounts were charged directly to the related participant's brokerage account. In the event that forfeitures were not available, the Company paid for administrative expenses. Taxes and investment fees related to the stock or mutual funds were paid from the net assets of such funds.

Recent Accounting Standards

In August 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2018-13, *Disclosure Framework - Changes to the Disclosure Requirements for Fair Value Measurement*. ASU No. 2018-13 modifies the disclosure requirements for fair value measurements in Topic 820, *Fair Value Measurement*. The amendments are based on the concepts in the FASB Concepts Statement, *Conceptual Framework for Financial Reporting—Chapter 8: Notes to Financial Statements*, which the Board finalized on August 28, 2018. ASU No. 2018-13 is effective for fiscal years beginning after December 15, 2019. Early adoption is permitted. Management has elected not to early adopt the provisions of this new standard.

3. Fair Value Measurements

The Plan's investments were measured and recorded at fair value. Fair value is defined as the price that would be received for an asset or the exit price that would be paid to transfer a liability in the principal or most advantageous market in an orderly transaction between market participants. Valuation measures may not be indicative of net realizable value. The three levels of the fair value hierarchy are described below:

Level 1 - Quoted market prices available in active markets for identical assets or liabilities as of the reporting date. The Plan's Level 1 assets include mutual funds and the Engility Stock Fund, whose fair values are derived from quoted market prices.

Level 2 - Pricing inputs, other than quoted prices in active markets included in Level 1, which are either directly or indirectly observable.

Level 3 - Pricing inputs that are generally unobservable and not corroborated by market data.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observables and minimize the use of unobservable inputs.

As of December 31, 2019, the Plan's investments measured at fair value were as follows (in thousands):

	Assets at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Participant self-directed brokerage accounts	$ 32,035	$ -	$ -	$ 32,035
Mutual funds	632,337	-	-	632,337
SAIC Stock Fund	9,775	-	-	9,775
Total assets in the fair value hierarchy	$ 674,147	$ -	$ -	674,147
Investments measured at net asset value (a)				481,682
Total investments at fair value				$ 1,155,829

As of December 31, 2018, the Plan's investments measured at fair value were as follows (in thousands):

	Assets at Fair Value as of December 31, 2018			
	Level 1	Level 2	Level 3	Total
Participant self-directed brokerage accounts	$ 31,341	$ -	$ -	$ 31,341
Mutual funds	613,858	-	-	613,858
Engility Stock Fund	8,886	-	-	8,886
Total assets in the fair value hierarchy	$ 654,085	$ -	$ -	654,085
Investments measured at net asset value (a)				473,068
Total investments at fair value				$ 1,127,153

(a) Certain investments that are measured at fair value using the NAV per share (or its equivalent) as a practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented on the Statements of Net Assets Available for Benefits.

4. Tax Status

The Plan had received a determination letter from the Internal Revenue Service (IRS) dated July 30, 2014, stating that the Plan was qualified under Section 401(k) of the IRC, and, therefore, the related trust was exempt from taxation. Once qualified, the Plan was required to operate in conformity with the IRC to maintain its qualification. The Plan had been amended since receiving this determination letter. The Plan Administrator believes the Plan was being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan, as amended, was qualified and the related trust was tax exempt.

Management evaluates tax positions taken by the Plan and recognizes a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions by the Plan, and has concluded that as of December 31, 2019 and 2018, there were no uncertain tax positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress. The Plan Administrator believes it is not subject to income tax examinations prior to December 31, 2015.

5. Related-Party Transactions

Certain plan investments were shares of mutual funds and units of common collective trust funds managed by FMTC and, therefore, these transactions qualified as party-in-interest transactions. Fees reimbursed by Fidelity Investments Institutional Operations Company, Inc. to the Company for record keeping services were approximately $202,000 for 2019.

The Plan's interest in the SAIC Stock Fund included 112,334 shares of SAIC common stock valued at $9.8 million at December 31, 2019, prior to the merger. During 2019, the Plan purchased 197,317 shares of SAIC common stock for $13.5 million and sold 64,930 shares of SAIC common stock for $5.3 million. The Plan's interest in the Engility Stock Fund included 312,165 shares of Engility Holdings, Inc. common stock valued at $8.9 million at December 31, 2018.

6. Subsequent Events

The Plan has evaluated subsequent events through October 14, 2020, the date the financial statements were available to be issued.

7. Reconciliation to the Form 5500, Schedule H

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2019 and 2018 (in thousands):

	2019	2018
Net assets available for benefits per the financial statements	$ 1,164,919	$ 1,143,061
Less transfer out due to plan merger	(1,164,919)	-
Net assets available for benefits per Form 5500	$ -	$ 1,143,061

As the Plan's Form 5500 reflects $0 in net assets available as of December 31, 2019, a Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) is not attached.
