Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified or provided by Ascensus Trust Company (Ascensus), the trustee of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that the trustee holds the Plan's assets and executes transactions. The Plan Administrator has obtained certification from Ascensus, the trustee as of December 31, 2019 and 2018 and for the year ended December 31, 2019, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Note 1. Description of Plan

The following description of the A.J. Antunes & Co. Profit Sharing and Employee Savings Plan and Trust (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all eligible employees of A.J. Antunes & Co. (the Company). In order to be eligible for employee salary deferrals and Company matching contributions, the employee must have attained age 18. Payroll deferrals may begin on the first calendar month following the date of hire for eligible participants and there is no service requirement for employee deferrals or company match. In order to be eligible for Company profit sharing contributions, the employee must have completed at least 1,000 hours of service during the first twelve consecutive months of employment with the Company and must be employed on the last day of the plan year.

The Plan has adopted an automatic deferral election, where upon becoming eligible to make salary deferrals, the employee will become a participant in the Plan and will be deemed to have entered into a salary deferral election at a rate of 4%. Automatic deferrals increase 1% each plan year, not to exceed 12%. Employees have an option to opt out from this automatic enrollment. Employees may also defer more than 4% and increase deferrals each year by more than 1%, subject to Internal Revenue Code (IRC) limits.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: The Plan provides for the following contributions which are to be maintained in separate accounts for each participant:

Salary deferral contributions and company matching: Participants can make pre-tax or Roth elective salary deferral contributions up to 50% of their Plan compensation, subject to IRC limits. Participants age 50 or older before year-end are permitted to make catch-up contributions to the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans in the form of a rollover contribution. Company matching contributions are discretionary and are determined as a percentage of salary deferrals employees make during the year or a uniform dollar amount. The Company’s matching contribution is 100% of the first 4% of compensation that a participant contributed to the Plan. During the plan year ended December 31, 2019, the Company made matching contributions of approximately $642,000.

Profit sharing contribution: The Company reserves the right to make an elective contribution each year and allocate it to participants' accounts based on a uniform points formula based on compensation and/or years of service. For the plan year ended December 31, 2019, the Company elected to make a $200,000 profit sharing contribution, which was deposited in 2020.

Participant accounts: Accounts are separately maintained for each participant. Each participant's account is credited with the participant's contributions, the Company's matching contributions, if any, an allocation of the Company's elective profit sharing contribution, if any, and plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific transactions, as defined. The benefit to which each participant is entitled is the benefit that can be provided from the participant’s vested account.

Investment options: Participants direct the investment of their account balance and future contributions into various investment options offered by the Plan. Upon enrollment in the Plan, a participant may select any combination of investment options consisting of registered investment companies (mutual funds) and a common/collective trust. Participants may change their investment options at any time.

Note 1. Description of Plan (Continued)

Vesting: Participants are immediately vested in their salary deferrals and the Company's matching contributions, plus actual earnings thereon. Vesting in Company profit sharing contributions is based on years of continuous service. A participant vests 20% after two years of service and vest an additional 20% for each year of service thereafter. A participant is 100% vested after six years of credited service. Participants become fully vested after reaching early retirement age, and upon termination of service due to death or disability.

Payments of benefits: Upon termination of employment, a participant may elect to receive a lump-sum distribution of his/her entire vested account balance, a partial lump-sum, or an installment distribution in accordance with the plan document. Participants who are still employed by the Company have an option to request a hardship distribution. In-service distributions are permitted by the Plan for eligible participants. Vested account balances of less than $5,000 are automatically distributed in a single lump-sum payment.

Notes receivable from participants: Participants may borrow from their vested account balances a minimum of $1,000 up to a maximum of the lesser of $50,000 or 50% of their available balance, as prescribed in the Participant Loan Program. The Plan restricts participants to one loan outstanding at any time. Loan transactions are treated as a transfer to (from) the investment fund from (to) the participant note fund. Loan terms range from one to five years, unless the proceeds of the loan are used to purchase a primary residence. Loans are secured by balances in the participants' accounts. Loans bear interest at prime rate plus 1% as determined at the time of loan origination. Interest rates on all outstanding loans range from 4.25 to 6.50% for the year ended December 31, 2019. Principal and interest are paid ratably through periodic payroll deductions or by personal checks received from terminated employees.

Forfeitures: Forfeitures are used to pay Plan expenses and to reduce Company and/or matching contributions. Additionally, forfeitures could be used to restore the non-vested portion of the account balance for participants who resume employment with the Company within certain time limits. The Company allocated $102 of forfeitures to pay plan expenses and $0 to reduce contributions in 2019. As of December 31, 2019 and 2018, the balance in the forfeiture account amounted to $0 and $102.

Note 2. Summary of Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Company's Fiduciary Committee determines the Plan's valuation policies utilizing information provided by the investment trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in the value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Note 2. Summary of Accounting Policies (Continued)

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Defaulted participant notes are reclassified as distributions based upon the terms of the plan document. No allowance for credit losses has been recorded as of December 31, 2019 and 2018.

Payment of benefits: Benefit payments to participants are recorded when paid.

Administrative expenses: The majority of the administrative expenses of the Plan are paid for by the Plan with the remainder paid by the Company.

Recent accounting pronouncement: In August 2018, the Financial Accounting Standards Board issued Accounting Standards Update (ASU) 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework – Changes to the Disclosure Requirements for Fair Value Measurement,* which modifies the disclosure requirements by removing, modifying, or adding certain disclosures. ASU 2018-13 is effective for all entities for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2019. An entity is permitted to early adopt any removed or modified disclosures and delay adoption for additional disclosures until their effective date. The Company is currently evaluating the impact of this new standard on its financial statements.

Note 3. Information Certified and Provided by Ascensus Trust Company (the Trustee)

The following is a summary of the Plan's asset and income information as of December 31, 2019 and 2018, and for the year ended December 31, 2019, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by Ascensus Trust Company (Ascensus), the trustee, and furnished to the Plan Administrator. The Plan Administrator has obtained a certification from Ascensus, the trustee, that the information provided to the Plan Administrator by the trustee related to the following assets and income is, complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following assets and income:

	2019	2018
Registered investment companies	$ 25,663,808	$ 22,110,638
Common/collective trust	951,956	1,032,051
Notes receivable from participants	718,010	546,911
Net appreciation in fair value of investments	4,208,475	
Interest and dividends	541,595	
Interest income on notes receivable from participants	34,965	

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Accounting Standards Codification 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Shares of registered investment companies (mutual funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Shares of common/collective trust: Valued at the NAV of units in each account held by the Plan at year-end. The NAV is not a public-quoted price in an active market and is based on fair value of the underlying investments held by the fund less its liability. The NAV, as provided by the trustee, is used as a practical expedient to estimating fair value. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

Note 4. Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018:

	December 31, 2019			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 25,663,808	$ -	$ -	$ 25,663,808
	$ 25,663,808	$ -	$ -	25,663,808
Investment measured at net asset value (a)				951,956
Investments at fair value				$ 26,615,764

	December 31, 2018			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 22,110,638	$ -	$ -	$ 22,110,638
	$ 22,110,638	$ -	$ -	22,110,638
Investment measured at net asset value (a)				1,032,051
Investments at fair value				$ 23,142,689

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amount presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The following table sets forth the fair value of investments in certain funds that calculate net asset per share (or its equivalent) at December 31, 2019 and 2018:

	Fair Value		Unfunded Commitment		Redemption	Redemption
Investment	2019	2018	2019	2018	Frequency	Notice Period
Common/collective trust fund:						
Stable Value Fund	$ 951,956	$ 1,032,051	$ -	$ -	Daily	12 months

Changes in Fair Value Levels

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another; in such instances, the transfer is reported at the end of the reporting period.

Plan management evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2019, there were no transfers in or out of Levels 1, 2 or 3.

Note 5. Related-Party Transactions

Certain plan investments are managed by the trustee. Therefore, these transactions qualify as party-in-interest transactions. Furthermore, the trustee provides plan administration services to the Plan. Fees paid by the Plan to the current trustee for the year ended December 31, 2019, were approximately $35,000.

Dimeo Schneider and Associates (Dimeo Schneider) is the investment advisor; therefore, these transactions qualify as party-in-interest transactions. Dimeo Schneider fees paid by the Plan were approximately $20,000.

Certain employees of the Company provide administrative and trustee services for the Plan and are not reimbursed for their services from the Plan. Certain other administrative expenses are paid by the Company on behalf of the Plan.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a plan termination, participants will become 100% vested in their accounts.

Note 7. Tax Status

Effective August 1, 2018, the Plan adopted a volume submitter plan sponsored by Ascensus LLC. The volume submitter plan has received an opinion letter from the Internal Revenue Service as to the volume submitter plan's qualified status. The volume submitter plan opinion letter has been relied upon by this Plan. Although the Plan has been amended since the issuance of the determination letter, the Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 at December 31, 2019 and 2018:

	2019	2018
Net assets available for benefits per the financial statements	$ 27,570,121	$ 23,691,549
Notes receivable from participants	(718,010)	(546,911)
Participant loans	721,570	550,632
Net assets available for benefits per Form 5500	$ 27,573,681	$ 23,695,270

The following is a reconciliation of the change in net assets per the financial statements for the year ended December 31, 2019, to Form 5500:

	2019
Change in net assets available for benefits per the financial statements	$ 3,878,572
Investment income	(1)
Interest income on notes receivable from participants	(29)
Participant contributions	1
Benefit payments	2,890
Administrative expenses	(3,022)
Change in net assets available for benefits per Form 5500	$ 3,878,411

Note 9. Risks and Uncertainties and Subsequent Event

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

On January 30, 2020, the World Health Organization declared the coronavirus outbreak a "Public Health Emergency of International Concern" and on March 11, 2020, declared it to be a pandemic. Actions taken around the world to help mitigate the spread of the coronavirus include restrictions on travel, and quarantines in certain areas, and forced closures for certain types of public places and businesses. The coronavirus and actions taken to mitigate the spread of it have had and are expected to continue to have an adverse impact on the economies and financial markets of many countries, including the geographical area in which the Plan sponsor operates.

On March 27, 2020, the *Coronavirus Aid, Relief, and Economic Security Act* (CARES Act) was enacted to amongst other provisions, provide emergency assistance for individuals, families and businesses affected by the coronavirus pandemic. The CARES Act also provides for certain optional relief measures that can be adopted by qualified retirement plans including increased levels of participant loans for affected individuals for a limited time, and distributions with special tax treatment for affected individuals.

It is unknown how long the adverse conditions associated with the coronavirus will last and what the complete financial effect will be to the Plan. The Plan's investments have experienced significant changes in fair values because of volatility in the market in 2020 due to the uncertainty caused by the pandemic.

Note 9. Risks and Uncertainties and Subsequent Event (Continued)

Additionally, it is reasonably possible that estimates made in the financial statements have been, or will be, materially and adversely impacted in the near term as a result of these conditions, including those related to investment valuations.

The Plan Administrator has evaluated subsequent events through October 13, 2020, the date the financial statements were available to be issued.
