RCCH HEALTHCARE PARTNERS 401(K) PLAN

Notes to the Financial Statements

December 31, 2019 and 2018

(1) Description of plan

The following description of the RCCH Healthcare Partners 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

(a) General

The Plan was a defined contribution plan which was adopted on December 1, 2005, then amended and restated effective January 1, 2017, to provide retirement benefits for employees of RCHP, LLC (the "Plan Sponsor"). The Plan covered substantially all employees who were at least eighteen years old ("participants"). The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

In August 2018, the Plan Sponsor acquired Trios Health. As a result of the acquisition, the Trios Health 401k Plan ("Trios 401k") was terminated and participants of the Trios 401k had the option to rollover their balances from the Trios 401k to the Plan. As a result, participant balances totaling approximately \$14,800,000 (which includes \$915,196 of loans) were rolled into the Plan and were included in participant rollovers on the statements of changes in net assets available for benefits for the year ended December 31, 2018.

In November 2018, the Plan Sponsor merged with LifePoint Health, Inc. Effective June 3, 2019, approximately \$10,100,000 of plan assets and notes receivable were transferred from the Plan to the LifePoint Health, Inc. Retirement Plan (the "LifePoint Plan") as presented on the statements of changes in net assets available for benefits as of December 31, 2019.

Effective December 31, 2019, the Plan merged into the LifePoint Plan and approximately \$443,700,000 of the Plan's remaining assets and notes receivable were transferred into the LifePoint Plan as presented on the statements of changes in net assets available for benefits as of December 31, 2019. The net assets transferred were recognized in the participants' accounts of the LifePoint Plan as previously carried in the accounts of the Plan.

(b) Contributions

Participants could voluntarily make qualified retirement contributions to the Plan which were deductible by the participants for federal income tax purposes under Section 401(k) of the Internal Revenue Code ("IRC"), subject to certain IRC limitations. Participants could also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Plan permitted automatic enrollment of eligible employees hired on or after January 1, 2017, with a contribution of 6% of eligible compensation unless the participant elected a different percentage. The participant's deferrals increased annually by 1% of compensation, up to a maximum of 12%. Participant contributions were permitted up to 95% of compensation not to exceed the maximum amount deductible for federal tax purposes.

RCCH HEALTHCARE PARTNERS 401(K) PLAN

Notes to the Financial Statements

December 31, 2019 and 2018

The Plan Sponsor could contribute a discretionary matching contribution. The Plan Sponsor authorized an annual discretionary matching contribution; however, each subsidiary determined its own calculation. The matching contributions of \$4,791,803 and \$2,700,761 are included, net of forfeitures, as receivables in the statements of net assets available for benefits as of December 31, 2019 and 2018, respectively.

The Plan also provided that the Plan Sponsor could contribute each year a discretionary profit sharing amount, however, such discretionary contributions by the Plan Sponsor were not required. No discretionary profit sharing contributions were made by the Plan Sponsor during 2019 or 2018.

Plan Sponsor contributions could not exceed the maximum amount deductible for federal income tax purposes.

(c) Participant accounts

Each participant's account was credited (charged) with the participants' and Plan Sponsor contributions and allocations of investment earnings (losses) and administrative expenses. Allocations were based on participant compensation or account balances as defined in the plan agreement. The benefit to which a participant was entitled was the benefit that could be provided from the participant's vested account.

(d) Vesting

Participants were immediately vested in their elective salary deferral plus actual earnings (losses) thereon. Vesting in the Plan Sponsor's matching and profit sharing contributions and related earnings (losses) was based on years of continuous service. Participants vested pro rata over five years of service.

(e) Notes receivable from participants

Participants could borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans were secured by the balances in the participants' accounts and bore interest at fixed rates ranging from 3.50% to 6.50%, which were commensurate with local prevailing rates as determined by the plan administrator. Principal and interest were collected ratably through payroll deductions.

RCCH HEALTHCARE PARTNERS 401(K) PLAN

Notes to the Financial Statements

December 31, 2019 and 2018

(f) Payment of benefits

On termination of service due to death, permanent disability, or retirement, a participant could elect to receive either a lump-sum payment or annual installments over a specified period equal to his or her entire account balance. For termination of service due to other reasons, a participant would be entitled to receive only the vested interest in his or her account as a lump-sum distribution. If the value of a participant's account was less than \$1,000, the total balance was distributed as an automatic lump-sum payment in cash. For participant accounts greater than \$1,000 but less than \$5,000, the value of the participant's account was rolled into an individual retirement account on behalf of the participant, unless the participant elected to receive a lump-sum payment.

(g) Forfeited accounts

Forfeitures were created when participants terminated employment prior to becoming fully vested in the Plan Sponsor contribution portion of their accounts. Such forfeitures could be used to pay the administration expenses of the Plan, to restore benefits previously forfeited, and to reduce the Plan Sponsor's contributions to the Plan. At December 31, 2019, approximately \$390,000 of forfeitures were transferred to the LifePoint Plan as part of the merger (Note 1a). At December 31, 2018, there were \$148,613 of forfeited nonvested amounts. Forfeited nonvested accounts used amounted to \$120,597 and \$157,809 in 2019 and 2018, respectively.

(h) Hardship withdrawals

The Plan permitted distributions in the event of a hardship, as defined in the plan agreement. These distributions were taxable and subject to a tax penalty equal to 10% of the hardship distribution amount if the participant was younger than age 59½. Hardship withdrawals were limited to the participant's elective account balance.

(i) Administrative expenses

Certain administrative expenses were paid by the Plan Sponsor; while certain administrative expenses, as well as investment expenses, were paid by the Plan. Fees related to the processing of distributions were included in administrative expenses and charged directly to the participant's account. Investment related expenses were included in net appreciation (depreciation) in fair value of investments.

(2) Summary of significant accounting policies

(a) Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

RCCH HEALTHCARE PARTNERS 401(K) PLAN

Notes to the Financial Statements

December 31, 2019 and 2018

(b) Investment valuation and income recognition

Investments were stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determined the Plan's valuation policies utilizing information provided by the investment advisors and Vanguard Fiduciary Trust Company ("Vanguard"). See Note 4 for discussion of fair value measurements.

Purchases and sales of securities were recorded on a trade-date basis. Net appreciation (depreciation) included the Plan's gains and losses on investments bought and sold as well as held during the year. Interest income was recorded on the accrual basis. Dividend income was recorded on the ex-dividend date.

(c) Notes receivable from participants

Notes receivable from participants were measured at their unpaid principal balances plus any accrued but unpaid interest. Delinquent notes receivable from participants were reclassified as distributions based upon the terms of the plan agreement.

(d) Payment of benefits

Benefits were recorded when paid.

(e) Use of estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(f) Events occurring after reporting date

Management of the Plan has evaluated events and transactions that occurred between December 31, 2019 and October 14, 2020, which is the date that the financial statements were available to be issued, for possible recognition or disclosure in the financial statements.

Notes to the Financial Statements

December 31, 2019 and 2018

(3) Certified information

Information related to investments and notes receivable from participants reported and disclosed in the accompanying financial statements, including the fair value of investments and notes receivable from participants held at December 31, 2019 and 2018, net appreciation (depreciation) in fair value of investments, interest on notes receivable from participants and dividend income for the years ended December 31, 2019 and 2018, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Vanguard.

(4) Fair value measurements

The Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018.

- (i) *Mutual funds*: Valued at the net asset value ("NAV") of shares held by the Plan at year end in an active market.

RCCH HEALTHCARE PARTNERS 401(K) PLAN

Notes to the Financial Statements

December 31, 2019 and 2018

- (ii) *Self-directed investments*: The self-directed investments consist primarily of common stock, mutual funds and money market funds which are valued at the closing price reported on the active market for common stock held and the NAV of the mutual fund shares and money market funds.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan's management believes its valuation methods were appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018:

	Fair Value Measurements as of December 31, 2018 using the following inputs			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$319,587,372	\$ -	\$ -	\$319,587,372
Self-directed investments	<u>1,927,499</u>	<u>-</u>	<u>-</u>	<u>1,927,499</u>
Total assets in the fair value hierarchy	<u>\$321,514,871</u>	<u>\$ -</u>	<u>\$ -</u>	321,514,871
Investments measured at NAV, as a practical expedient (a)				<u>22,581,042</u>
Investments at fair value				<u>\$344,095,913</u>

- (a) Certain investments were measured at NAV as a practical expedient to estimate fair value and, therefore, have not been classified in the fair value hierarchy. The fair value amounts presented in this table were intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table summarizes investments for which fair value is measured using the NAV practical expedient as of December 31, 2018. There were no participant redemption restrictions for these investments; the redemption notice period was applicable only to the Plan.

<u>Description</u>	<u>Fair Value 12/31/2018</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>
Collective trust funds	\$22,581,042	N/A	Daily	Daily

RCCH HEALTHCARE PARTNERS 401(K) PLAN

Notes to the Financial Statements

December 31, 2019 and 2018

(5) Income tax status

The Plan received a favorable determination letter from the Internal Revenue Service ("IRS") on June 23, 2015, in which the IRS stated that the Plan was in compliance with the applicable requirements of the IRC. The Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan has been amended since receiving the determination letter. However, the plan administrator believes that the Plan was designed and was operating in compliance with the applicable provisions of the IRC.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019 and 2018, there were no uncertain positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(6) Related party and party-in-interest transactions

Certain Plan investments were shares of mutual funds, a collective trust fund, and self-directed investments managed by Vanguard and, therefore, these transactions qualify as party-in-interest transactions under ERISA. As described in Note 1, the Plan paid expenses to various service providers which also qualify as party-in-interest transactions. The Plan also held notes receivable from participants which qualify as party-in-interest transactions.
