ARIZONA TECHNOLOGY COUNCIL 401(K) PLAN
Notes to Financial Statements
December 31, 2019 and 2018

NOTE A – DESCRIPTION OF PLAN

The following description of the Arizona Technology Council 401(k) Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan was formed effective January 1, 2013 by Arizona Technology Council (the "Plan Sponsor"). This Plan is a multiple-employer plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan is a defined contribution plan.

Eligibility – The Plan covers all employees, as defined in the Plan, of adopting employers (the "Employers") who have completed the age and service requirements selected by the Employer in the Adoption Agreement. New Employers entering the Plan may initially waive the eligibility requirements for employees employed by the Employers as of the date entering the Plan. Participation occurs on the first of any month after completing each Employer's age and service requirements.

Contributions – Each year, participants may contribute up to 100% of their eligible pretax annual compensation, after-tax compensation (Roth contributions), or any combination thereof (as defined in the Plan) up to the limits defined by law. Participants may also contribute amounts representing distributions from other qualified plans. Participants direct the investment of their contributions into the investment options offered by the Plan. The Plan currently offers selected mutual funds as investment options for participants. The Company, on a discretionary basis, contributes a matching amount based on a percentage of the amount the participant contributes to the Plan. Contributions are subject to certain limitations as defined by the Plan.

Participant Accounts – Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings (losses), and charged with an allocation of administrative expenses, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are immediately vested in their contributions plus actual earnings thereon. Each adopting Employer selects among three options for vesting of Employer contributions:

Years	Option 1	Option 2	Option 3
1	0%	0%	100%
2	20%	0%	100%
3	40%	100%	100%
4	60%	100%	100%
5	80%	100%	100%
6	100%	100%	100%

Payment of Benefits – On termination of service due to reasons other than death, vested interest will be received by the participant as a lump distribution as soon as administratively feasible after employment is terminated. If vested interest is \$5,000 or more the participant may elect installment payments over a specific period of time. Distributions upon death can be elected, by the beneficiary, as lump sum or equal installment payments.

Notes Receivable from Participant – Subject to certain limitations in the plan document, participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Not terms range from one to five years or up to fifteen years for the purchase of a principal residence. Participants can only have two notes outstanding at any time. The notes are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest is paid ratably through payroll deductions.

ARIZONA TECHNOLOGY COUNCIL 401(K) PLAN
Notes to Financial Statements
December 31, 2019 and 2018

NOTE A – DESCRIPTION OF PLAN (continued)

Forfeited Accounts – Any accumulated benefits forfeited during a Plan year due to participant withdrawal prior to full vesting may be applied to reduce employer contributions or to pay administrative expenses which would otherwise be paid by the Plan. Forfeited non-vested accounts totaled \$37,076 and \$4,258 at December 31, 2019 and 2018, respectively. During the year ended December 31, 2019, \$34,593 was applied to reduce employer contributions and \$3,358 was used to pay administrative expenses.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2019 and 2018, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the Plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the plan document.

Estimates – The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition – The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See "Note G Fair Value Measurements" for discussion of Fair Value Measurements. In accordance with the policy of stating investments at fair value, the Plan presents, in the statement of changes in net assets available for benefits, the net appreciation (depreciation) in the fair value of its investments, which consists of the realized gains or losses and the unrealized appreciation (depreciation) on those investments. Dividends are recorded on the ex-dividend date. Interest income is recorded on an accrual basis. Purchase and sales of securities are recorded on a trade-date basis.

Payment of Benefits – Benefits are recorded when paid.

Administrative Expenses – Certain administrative expenses are paid by the Plan Sponsor. Account administrative fees are paid by the participants. Expenses that are paid by the Plan Sponsor are excluded from these financial statements.

NOTE C – PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan's sponsor has the right to terminate the Plan subject to the provisions of ERISA. In the event of whole or partial plan termination; participants would become fully vested as to the amount credited to their accounts after deductions for estimated liquidation and distribution expenses.

ARIZONA TECHNOLOGY COUNCIL 401(K) PLAN
Notes to Financial Statements
December 31, 2019 and 2018

NOTE D – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities which are exposed to various risks such as interest rate, market fluctuations, and credit risks. Due to the risk associated with certain investment securities, it is at least reasonably possible that changes in market values, interest rates, or other factors in the near term would materially affect participants' account balances as well as the amounts reported in the statement of net assets available for benefits and the statement of changes in net assets available for benefits.

NOTE E – TAX STATUS

The master prototype plan from which the Plan was drafted has received a favorable determination from the IRS on March 31, 2014. Although the Plan has been amended since receiving the determination letter, the Plan Sponsor believes that the Plan is designed and currently being operated in compliance with all applicable provisions of the Internal Revenue Code. Therefore, management believes that the Plan is qualified and that the related trust is exempt from taxation under the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) for any uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Sponsor has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

NOTE F – INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

The Plan administrator has elected the method of annual reporting compliance permitted by 29-CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Matrix Trust Company, the custodian of the Plan, who held the assets and executed investment transactions of the Plan has certified that the following data included in the accompanying financial statements and supplemental schedules is complete and accurate as of and for the year ended December 31, 2019.

Investments, at fair value:	
Mutual funds	\$ 19,056,234
Notes receivable from participants	200,305
Investment income	3,222,116

NOTE G – FAIR VALUE MEASUREMENTS

Accounting Standards Codification (ASC) 820 *Fair Value Measurements and Disclosures* (ASC 820), provides the framework for measuring fair value. Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 Fair Value Measurements

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

ARIZONA TECHNOLOGY COUNCIL 401(K) PLAN
Notes to Financial Statements
December 31, 2019 and 2018

NOTE G – FAIR VALUE MEASUREMENTS (continued)

Level 2 Fair Value Measurements

Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets
- quoted prices for identical or similar assets or liabilities in inactive markets
- inputs other than quoted prices that are observable for the asset or liability
- inputs that are derived principally from, or corroborated by, observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Fair Value Measurements

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual Funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018.

Assets at Fair Value as of December 31, 2019			
	Level 1	Level 2	Total
Mutual funds	\$ 19,056,234	\$ 0	\$ 19,056,234
Total investments at fair value	<u>\$ 19,056,234</u>	<u>\$ 0</u>	<u>\$ 19,056,234</u>

Total Investments

Assets at Fair Value as of December 31, 2018			
	Level 1	Level 2	Total
Mutual funds	\$ 11,149,703	\$ 0	\$ 11,149,703
Total investments at fair value	<u>\$ 11,149,703</u>	<u>\$ 0</u>	<u>\$ 11,149,703</u>

Transfers between Levels – The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances the transfer is reported at the beginning of the reporting period.

ARIZONA TECHNOLOGY COUNCIL 401(K) PLAN
Notes to Financial Statements
December 31, 2019 and 2018

NOTE H – EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Slavic Integrated Administration, Inc. (“SIA”), the Plan’s third-party administrator receives fees for recordkeeping services along with participant account administrative and asset fees. The total fee paid by the Plan for the year ended December 31, 2019 was \$66,114. They also perform certain 3(16) fiduciary services including serving as the authorized signer on distributions, loans, and hardships from data provided by the Employer’s Plan Sponsor and their agents.

The Plan has an investment advisory agreement with UBS Financial Services, Inc. (“UBS”). For the year ended December 31, 2019, the annual advisor fee was \$31,026.

The party-in-interest transactions above are exempt from prohibited transaction rules of ERISA.

NOTE I – RELATED PARTY TRANSACTIONS

Slavic Investment Corporation (“SIC”), which is owned by the stockholders of SIA and SMF, is an SEC registered securities broker/dealer. SIC collects 12b-1 commissions and SubTa and SSF recording fees paid by the mutual fund companies. SIC credits the fees on a monthly basis directly to participant accounts holding those mutual funds. Only participants holding the funds at the crediting date receive a proration of the mutual fund reimbursement revenue; participants who trade out of the fund prior to the crediting date are not credited any prorated revenue. The total amount of the mutual fund revenue reimbursements credited to Plan participants for the year ended December 31, 2019 was \$783.

NOTE J – UNCERTAIN TAX POSITIONS

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Department of Labor or Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any open tax periods in progress.

NOTE K – PARTICIPANT CONTRIBUTIONS TRANSFERRED LATE TO THE PLAN

For the years ended December 31, 2019 and 2018, the Company has remitted certain participant contributions and repayment of notes receivable from participants totaling \$26,023 and \$58,969, respectively, to the Plan later than the time frame required by DOL Regulations 2510.3-102.

NOTE L – SUBSEQUENT EVENTS

The Plan evaluated its December 31, 2019 financial statements for subsequent events through October 13, 2020, which is the date the financial statements were available to be issued.

As a result of the spread of the COVID-19 coronavirus, economic uncertainties have arisen which resulted in market fluctuations that negatively impacted the fair market value of the Plan’s investments. Other financial impact could occur but such potential impact is unknown at this time.
