The Company is the Plan Administrator, The Benefit Practice is the Third Party Administrator, Transamerica Financial Life Insurance Company ("Transamerica") is the Custodian, and Transamerica Retirement Solutions, LLC is the record-keeper.

Eligibility

Employees are eligible to participate in the Plan upon hire, with no minimum age or service requirements.

Contributions

Each year, participants may contribute up to 100% of total W-2 compensation, limited to the maximum allowed by the Internal Revenue Service ("IRS") ($19,000 for 2019). Participants who have attained age 50 before the end of the plan year are eligible to make additional catch-up contributions ($6,000 for 2019).

The Company provides discretionary profit sharing contributions which are determined by the Plan Sponsor at the end of each Plan year. For the year ended December 31, 2019, there were certain profit sharing contributions made to the Plan for participants not eligible for Prevailing Wage Contributions, as defined below.

The Plan Sponsor will also make Prevailing Wage Contributions on behalf of each participant who performs services subject to the Service Contract Act, Davis-Bacon Act or similar Federal, State, or Municipal Prevailing Wage statutes. The Prevailing Wage Contributions are not considered Qualified Non-elective Contributions. The Prevailing Wage Contributions shall be an amount equal to the balance of the fringe benefit payment for health and welfare for each participant (after deducting the cost of each differential payments for the participant) based on the hourly contribution rate for the Participant's employment classification and under the contract the employee is working under.

Rollovers

The Plan accepts rollover contributions from other tax-qualified plans for those participants who choose to invest in the Plan.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Plan Sponsor's discretionary contributions (if any), the Plan Sponsor's prevailing wage contributions, and Plan earnings or (losses), and charged with an allocation of any administrative expenses paid by the Plan. Earnings or (losses) are allocated by fund based on the ratio of a participant's account invested in a particular fund to all participants' investments in that fund. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting in accordance with generally accepted accounting principles in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the Plan Administrator to make estimates and assumptions that affect reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation

The Custodian maintains the Plan assets in accordance with the Plan's trust agreement and invests all Plan assets in accordance with the participants' instructions.

Investments held by a defined contribution plan are required to be reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of the Plan are allocated to the participants' accounts and are included in administrative expenses. Investment related expenses are included in net appreciation in value of investments.

Date of Management's Review

Subsequent events have been evaluated through October 17, 2020, which is the date the accompanying financial statements were available to be issued.

Note 3 – Investments as Certified by the Custodian

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-5 and 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Custodian of the Plan, have certified to the completeness and accuracy of all investments reported in the accompanying statements of net assets available for plan benefits as of December 31, 2019 and 2018, and the schedule of assets (held at end of year) at December 31, 2019, and the related investment activity reported in the statement of changes in net assets available for plan benefits for the year ended December 31, 2019.

Note 4 – Fair Value Measurements

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures,* provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measure at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual Funds – Valued at the quoted net asset value ("NAV") of shares held by Plan at year end as quoted in the active market.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methods or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4 – Fair Value Measurements, continued

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value:

	At December 31, 2019			
	Fair Value	Level 1	Level 2	Level 3
Mutual funds	$ 2,000,690	$ 2,000,690	$ -	$ -

	At December 31, 2018			
	Fair Value	Level 1	Level 2	Level 3
Mutual funds	$ 1,998,420	$ 1,998,420	$ -	$ -

Note 5 – Party-in-Interest Transactions

The Benefit Practice and Transamerica qualify as parties-in-interest, and certain investments and investment activity presented in the accompanying financial statements are considered transactions with parties-in-interest according to the DOL guidelines; however, they are exempt from the prohibited transaction rules of ERISA according to the DOL guidelines. The Plan made direct payments to the third parties for investment related services and administrative expenses of $37,820 for the year ended December 31, 2019, for services rendered to the Plan. The Sponsor pays directly any other fees related to the Plan's operations.

Note 6 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants' accounts will become 100% vested in the Company's discretionary contributions and the related earnings.

Note 7 – Income Tax Status

The Plan is a Volume Submitter Profit Sharing Plan, sponsored by FIS Business Systems LLC ("FIS") and designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). FIS received an opinion letter from the IRS dated March 31, 2014, stating that the Plan is qualified under section 401(a) of the IRC and, therefore, the related trust is exempt from taxation. Subsequent to this determination by the IRS, the Plan was amended. The Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan, as amended, is qualified and the related trust is tax-exempt.

Note 7 – Income Tax Status, continued

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that at December 31, 2019 and 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes the Plan is not subject to income tax examinations for years prior to 2016.

Note 8 - Risks and Uncertainties

The Plan provides for various investment options. These investment are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with the investments and the level of uncertainty related to changes in value of the investments, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits and the statement of changes in net assets available for plan benefits.

Note 9 – Subsequent Events

On March 11, 2020, the World Health Organization declared the global outbreak of COVID-19 a pandemic. Subsequent to that, The United States of America declared a National Emergency due to the pandemic on March 13, 2020. No revisions were made to the financial results as of December 31, 2019. As the situation is evolving at an extremely rapid pace, the duration and impact of COVID-19 is uncertain at this time as it relates to the financial results of the Plan in future periods.

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security (CARES) Act was passed by Congress. The CARES Act provides immediate and temporary relief for retirement plan sponsors and their participants with respect to employer contributions, distributions and participant loans. The provision of the CARES Act may be effective and operationalized immediately, prior to amending the plan document. Plan management has elected to adopt the following provisions:

For coronavirus-related distributions made before December 31, 2020, to qualified individuals, as defined in the CARES Act, the maximum distribution is the lesser of the vested portion of the participant's account balance in the Plan or $100,000. In addition, for active employees, a coronavirus-related distribution may be repaid at any time during a three-year period beginning on the day after the date on which the distribution was received.
