Abel Bishop & Clark Realty Co. 401(k) Profit Sharing Plan

Notes to the Financial Statements

December 31, 2019 and 2018

A. PLAN DESCRIPTION

The following description of the Abel Bishop & Clark Realty Co. 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan was adopted by Abel Bishop & Clark Realty Co. (the "Company") effective January 1, 1995 and restated effective November 1, 2017. The Plan is a defined contribution plan covering all employees of the Company, including The Normandy division, who have completed six months of service, as defined, and reached age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions - Contributions to the Plan include both employee salary deferrals and employer contributions. Beginning on the first day of the month following the date of eligibility, participants may voluntarily contribute a minimum of 1% to a maximum of 90%, limited to the Internal Revenue Code ("IRC") 402(g) limit, of their compensation on a pre-tax and post-tax ("Roth") basis. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Company, however, may be required to limit contributions of certain employees to comply with the IRC.

The Company may make additional non-elective contributions to the Plan. All eligible employees, as defined, may receive these non-elective contributions, but must be actively employed as of December 31. The Company did not make any non-elective contributions during the year ended December 31, 2019.

The Plan also permits rollover contributions from other qualified retirement plans.

Participant Accounts - Each participant's account is credited with the participant's contributions, nonelective contributions, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which the participant is entitled is the benefit that can be provided from the participant's vested account.

Participants may direct their contributions to one or all of the various investment funds provided. Participants may change their allocation of contributions or transfer money between investment options any time during the year.

Vesting - Participants are immediately vested in their voluntary pre-tax and Roth contributions plus actual earnings or losses thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after six years of credited service.

Notes Receivable from participants - Participants may borrow from their fund accounts a minimum of \$500 up to the maximum equal to the lesser of \$50,000 or 50% of their account balance. The note is secured by the balance in the participant's account and bears interest at a rate determined at the time the loan is taken based on prime plus 1%. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits - Upon termination of service due to death, disability, or retirement, a participant (or beneficiary) having a vested account balance greater than \$5,000 may elect to receive the value of the participant's vested interest in his or her account and has the option to: (a) remain in the plan and defer receiving payments until age 70 ½, (b) roll over assets to another qualified plan, (c) receive a lump-sum distribution, or (d) receive installment payments. Participants terminated for reasons other than death, disability, or retirement are entitled to receive their vested benefits as soon as administratively feasible. Distributions of a participant's account balance may be authorized at any time by Plan management under certain hardship conditions.

Abel Bishop & Clark Realty Co. 401(k) Profit Sharing Plan

Notes to the Financial Statements

December 31, 2019 and 2018

Forfeitures - Unvested amounts forfeited by terminated participants may be used by the Plan for the payment of Plan expenses or to be reallocated to participants.

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The financial statements of the Plan are prepared using the accrual method of accounting.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisors, custodian, and trustees. See Note D for discussion of fair value instruments.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits - Plan benefits are recorded when paid.

Administrative Expenses - Administrative expenses, including third party administrative expenses and investment management fees, are paid by the Plan. Fees attributable to loans, distributions, and deferred payouts are paid by the participants. Investment related expenses are included in net appreciation of fair value of investments.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for credit losses has been recorded as of December 31, 2019 and 2018. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default upon a distributable event, the participant loan balance is reduced and a benefit payment is recorded.

C. INFORMATION CERTIFIED BY TRUSTEES

The Plan Administrator has elected to restrict the scope of the auditor's examination with regard to statements of information prepared and certified by Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC (collectively, "Great-West") the trustees of the Plan.

Great-West has certified as to the completeness and accuracy of the investments it holds and changes in net assets arising from said investment activity as of December 31, 2019 and 2018, and for the years then ended.

Great-West has certified to the completeness and accuracy of the schedule of assets (held at end of year) as of December 31, 2019.

Notes to the Financial Statements

December 31, 2019 and 2018

D. INVESTMENT IN FIXED ACCOUNT

The Fixed Account, known as the Guaranteed Interest Fund, an annuity product issued by Great-West Life & Annuity Insurance Company ("Great-West"), is an account credited with a declared rate of interest and valued daily. The effective annual interest rate will never be less than 0% and the interest rate to be credited will be determined prior to the last day of the previous calendar quarter. The average yield earned by the Plan was 1.45% for 2019. The actual average yield earned by the Plan was 1.45% for 2019.

Amounts allocated to the Fixed Account are held in the general account of Great-West, are managed on an aggregate basis, and support the general activities of Great-West.

The Fixed Account is included in the financial statements at contract value. Contract value represents contributions and reinvested income, less any withdrawals plus accrued interest, because these investments have fully benefit-responsive features. For example, participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against contract values for credit risk of contract issues or otherwise.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are probable of not occurring.

The Fixed Account does not permit the trust company to terminate the agreement prior to the scheduled maturity date.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants. In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value.

E. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The levels of the fair value hierarchy under the FASB guidance in these financial statements are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Abel Bishop & Clark Realty Co. 401(k) Profit Sharing Plan

Notes to the Financial Statements

December 31, 2019 and 2018

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018:

Mutual funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective trust funds - Valued at the NAV of units of the collective trust fund. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the trust less its liabilities. This practical expedient is not used when it is determined to be probable that the Plan will sell the investment for an amount different than the reported NAV.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019:

	Level 1	Total
Mutual funds	\$ 2,479,442	\$ 2,479,442

^(a) In accordance with the Financial Accounting Standards Board (FASB) Accounting Standards Codification Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

F. RELATED PARTY AND PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are managed by Great-West, the trustee of the Plan and therefore, these transactions qualify as party-in-interest transactions.

Great-West provides certain administrative services to the Plan pursuant to a Service Agreement ("SA") between the Company and the trustee. Great-West receives revenue from mutual fund service providers for services they provide to the funds. This revenue is used to offset certain amounts owed to Great-West for its administrative services to the Plan.

If the revenue received by Great-West from such mutual fund service providers exceed the amount owed under the SA, they remit the excess to the Plan's trust on a quarterly basis. Such amounts are applied to pay Plan administrative expenses or allocated to the accounts of the participants. There were excess funds to \$7,827 in 2019 that were used to pay administrative expenses. The Plan or Plan Sponsor may make a payment to Great-West for administrative expenses not covered by revenue sharing.

Abel Bishop & Clark Realty Co. 401(k) Profit Sharing Plan

Notes to the Financial Statements

December 31, 2019 and 2018

G. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

H. TAX STATUS

Effective November 1, 2017, the Plan has adopted a prototype plan sponsored by Great West which received an Internal Revenue Service ("IRS") Opinion Letter dated March 31, 2014. The Plan Administrator believes that the Plan is currently designed and being operated in compliance with the prototype plan. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the company has taken an uncertain position that more likely than not would be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

I. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

The COVID-19 pandemic during 2020 has significantly disrupted financial markets, economies and other events subsequent to December 31, 2019. As noted above, investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

J. RECONCILIATION TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31:

	2019	2018
Net assets available for benefits per the financial statements	\$ 2,954,970	\$ 2,339,885

Notes to the Financial Statements

December 31, 2019 and 2018

K. SUBSEQUENT EVENTS

Subsequent to December 31, 2019, the impact to the Plan of the COVID-19 pandemic during 2020 has resulted in significant fluctuations in value to many investments of the Plan. The long-term impact of the effects of the COVID-19 pandemic to the Plan are currently unknown. The extent of the adverse impact of the COVID-19 pandemic on the Plan and the net assets available for benefits cannot be reasonably estimated at this time.

In April 2020, the Plan elected to opt-in to all the provisions outlined in the Coronavirus Aid, Relief, and Economic Security Act ("Cares Act") which provides for special distribution options, rollovers rules, and expands permissible loans from certain retirement plans. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance.

The Plan has evaluated subsequent events through October 14, 2020, the date that the Plan's annual financial statements were available to be issued.
