Notes to Financial Statements
December 31, 2019 and 2018

Note 1: Description of the Plan

The following description of the Impact Networking, LLC 401(k) Retirement Savings Plan (Plan) provides only general information. Interested parties should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan, established on January 1, 2000, sponsored by Impact Networking, LLC (Company) for the benefit of all its non-union employees. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA), as amended by subsequent legislation.

Contributions

Each year, participants may contribute a percentage of eligible compensation, as defined by the plan document. A participant may also defer eligible compensation on an after-tax basis, Roth contributions, up to Internal Revenue Service limits. Employee rollover contributions are also permitted. In addition, any eligible employee over the age of 50 may make catch-up contributions to the Plan.

The Company, at its discretion, may make matching or profit sharing contributions on behalf of plan participants. Participants must be employed on the last day of the plan year to receive Company contributions unless due to death, retirement or disability. Participants must also have completed one year of service (as defined by the plan document) to receive Company contributions. For the plan year ended December 31, 2019, the Company made matching contributions of $695,460.

Participant Investment Account Options

Each participant has the option of directing his contributions into any of the various investment options offered by the Plan and may change the allocation daily.

The plan document also includes an automatic deferral feature whereby a participant is treated as electing to defer 6% of eligible compensation unless the participant made an affirmative election otherwise. These deferrals are invested in a designated default investment.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's contributions and plan earnings and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes to Financial Statements
December 31, 2019 and 2018

Vesting

Participants are immediately vested in their voluntary contributions plus earnings thereon. Vesting in the Company's contribution portion of their accounts plus earnings thereon is based on years of continuous service as follows:

Years of Service	Percentage
Less than 2	0%
2 but less than 3	20%
3 but less than 4	40%
4 but less than 5	60%
5 but less than 6	80%
Greater than 6	100%

Notes Receivable From Participants

The plan document includes provisions authorizing loans from the Plan to active eligible participants. The minimum amount of a loan is $1,000. The maximum amount of a participant's loan is determined by the available loan balance restricted to the lesser of $50,000 or 50% of the participant's vested account balance. All loans are covered by demand notes and are repayable over a period not to exceed five years (except for loans for the purchase of a principal residence) through payroll withholdings unless the participant is paying the loan in full. Interest on the loans is based on prime rate plus 1% on the date of issuance. At December 31, 2019, the interest rates on the loans were between 4.25% and 6.50%.

Payment of Benefits

Upon termination of service, a participant may elect to receive either a lump-sum amount equal to the value of his or her account or a distribution of less than their entire vested account balance. Any vested account balance of less than $5,000 of a participant who terminates employment will automatically be rolled over to an IRA provider selected by the plan administrator.

Participants may elect to receive an in-service distribution of their voluntary contributions portion of their account because of a hardship event. In addition, participants who have reached the age of 59½ may elect to receive an in-service distribution.

Forfeitures

Forfeitures may be used to reduce future employer contributions or reduce plan expenses. As of December 31, 2019 and 2018, there were $5,911 and $4,185, respectively, of forfeitures, available for future use. For the year ended December 31, 2019, no forfeitures were utilized.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets, the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments in registered investment companies are reported at fair value. Investments in interest bearing cash is reported at cost which approximates fair value. See Note 3.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the plan document.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2019 and 2018 excess contributions payable to the applicable participants before March 15, 2020 and March 15, 2019, respectively.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Administrative expenses may be paid by the Company or the Plan, at the Company's discretion.

Note 3: Information Certified by the Custodian of the Plan

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Charles Schwab Bank, the custodian of the Plan, has certified the following information included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments, at fair value, and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2019 and 2018
- Investment income and interest income from notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2019
- Investment information and notes receivable from participants included in the accompanying schedule of assets (held at year end) as of December 31, 2019

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Note 4: Fair Value of Plan Assets

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

Level 1 Quoted prices in active markets for identical assets or liabilities

Level 2 Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities

Level 3 Unobservable inputs supported by little or no market activity and are significant to the fair value of the assets or liabilities

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. There have been no changes in the methodologies used at December 31, 2019 and 2018.

The fair value of shares of registered investment companies are valued at quoted market prices for identical investments on nationally recognized securities exchanges (Level 1 inputs). Interest bearing cash is valued at cost which approximates market based on yields currently available on comparable amounts. (Level 2 inputs).

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the report date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018:

		Fair Value Measurements at Reporting Date Using		
	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
December 31, 2019				
Registered investment companies	$ 14,088,481	$ 14,088,481	$ -	$ -
Interest bearing cash	91,647	-	91,647	-
Total	$ 14,180,128	$ 14,088,481	$ 91,647	$ -
December 31, 2018				
Registered investment companies	$ 9,205,467	$ 9,205,467	$ -	$ -
Interest bearing cash	54,766	-	54,766	-
Total	$ 9,260,233	$ 9,205,467	$ 54,766	$ -

Note 5: Risks and Uncertainties

The Plan provides for investments that, in general, are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the

near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 6: Tax Status

The Plan operates under a nonstandardized adoption agreement in connection with a prototype profit sharing plan and trust sponsored by July Business Services. This prototype plan document has been filed with the appropriate agency and has obtained an opinion letter dated March 31, 2014, from the Internal Revenue Service stating that the prototype constitutes a qualified plan under Section 401 of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan is designed and being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified, and the related trust is tax exempt as of the financial statement date.

Note 7: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants become fully vested in their respective account balances.

Note 8: Related-Party and Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association or relatives of such persons.

Certain plan investments and notes receivable from participants are managed by Charles Schwab Bank, who is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Alliance Pension Consultants, LLC (Alliance), the Plan's record keeper, may receive revenue-sharing payments from mutual fund accounts in which plan assets are invested. The administrative services agreement between the Plan and Alliance provides that to the extent revenue sharing payments received by Alliance exceed administrative fees charged to the Plan by Alliance, the excess will be credited to the Plan. For 2019, $21,241 was credited to the Plan under this agreement, of which $21,241 was used for other administrative expenses incurred by the Plan in 2019. At December 31, 2019, the Plan has $0 available to pay future other administrative expenses of the Plan.

The Plan paid $36,640 and $52,842 of recordkeeping fees and investment management fees, respectively, to Alliance and Charles Schwab Bank during 2019.

Note 9: Nonexempt Transactions

Defined contribution plans are required to remit employee contributions to the Plan as soon as they can be reasonably segregated from the employer's general assets, but no later than the 15th business day of the month following the month in which the participant contributions are withheld by the employer. While the Company remitted all employee contributions to the Plan, contributions of $1,821,213 and $907,437 were not remitted within the required time period for the years ended December 31, 2019 and 2018, respectively. In 2019, participant accounts were corrected for the lost earnings related to the 2018 delinquent contributions. The Company will correct participant accounts for lost earnings related to the 2019 delinquent contributions in 2020.

Note 10: Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2019 and 2018, to Form 5500:

	2019	2018

Note 11: Subsequent Events

As a result of the spread of the COVID-19 coronavirus, economic uncertainties have arisen which have resulted in significant volatility in the investment markets, and in the value of the Plan's investments. The duration of these uncertainties and the ultimate financial effects cannot be reasonably estimated at this time.

Subsequent events have been evaluated through October 13, 2020, which is the date the financial statements were available to be issued.
