INDEPENDENT AUDITOR'S REPORT

To the Plan Participants and Plan Administrator of
The Graham Companies 401(k) Plan

Report on the Financial Statements

We have audited the accompanying financial statements of The Graham Companies 401(k) Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2019 and 2018, and the changes in net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter- Coronavirus

As further discussed in NOTE 9, the Plan is subject to the current economic and health conditions in the United States, including the coronavirus which was designated as a global pandemic by the World Health Organization on March 11, 2020. Management is currently assessing the impact of these conditions and continues to explore various options to minimize the financial impact; however, the ultimate outcome is not known as of the date these financial statements were available to be issued. Our opinion is not modified with respect to this matter.

Report on Supplemental Information

Our audits of the Plan's financial statements as of December 31, 2019 and 2018 were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of assets held, referred to as "supplemental information," are presented for the purpose of additional analysis and are not a required part of the financial statements but are supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

1. DESCRIPTION OF THE PLAN

The following description of The Graham Companies 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan and Trust Agreement for a complete description of the Plan's provisions.

General

The Plan is a defined contribution plan that was established as a means of allowing the employees of the Graham Companies (the "Company" and "Plan Administrator") to share in profits and aid in establishing estate and personal savings. The Plan was originally established as The Graham Companies Profit Sharing Plan on June 1, 1974. On January 1, 1997, the Company enacted Plan provisions to become a 401(k) Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Participant

Each employee who has completed 1,000 hours of service during the 12-month period following their hire date is eligible to participate in the Plan.

Plan Administration

The Plan has an Administrative Committee appointed by the Company, serving as the Plan Administrator. Newport Trust Company ("NTC") serves as the Plan's trustee and custodian and Charles Schwab Trust Company ("CSTC") serves as the Plan's sub-custodian. The Newport Group, Inc. serves as the Plan's asset manager. Plan administration expenses are paid directly from Plan assets.

Termination

The Board of Directors of the Company has the right to terminate the Plan for any reason and at any time by adopting an appropriate resolution to that effect. The Board of Directors has not expressed any intent to terminate the Plan, but in such event the Plan provides for the distribution of the net assets of the Plan as if all participants and beneficiaries were 100% vested.

Employer Contributions

During the years ended December 31, 2019 and 2018, the Company provided a 50% matching contribution of the participant's contribution up to 3% and 25% matching contribution of participant's contribution above 3% up to 4%. The Company uses an additional match using a discretionary tiered match formula. The Company contributed $234,194 and $262,131 during the years ended December 31, 2019 and 2018, respectively.

Participant Contributions

Contributions to the Plan are made by the participants. Participants may elect to defer their annual compensation, as defined by the Plan and consistent with the Internal Revenue Service ("IRS") guidelines. Additionally, participants may rollover or transfer to the Plan any portion or all of the property received from another qualified employee benefit trust (rollover contribution). Employees who entered the Plan on or after January 1, 2014 have 4% of their compensation automatically withheld unless the employee elects otherwise. At any time, an employee can elect not to make contributions. If an employee does not select one of the available investment options, his or her contributions will be invested in the JP Morgan Smart Retirement Target Fund that corresponds to the year that the employee turns 65.

Forfeited Accounts

At December 31, 2019 and 2018, forfeited non-vested accounts totaled $3,626 and $1,926, respectively. At December 31, 2019 and 2018, these forfeited amounts were applied to the matching contributions for the next year.

Investment Options

Upon enrollment in the Plan, a participant may direct their contributions into any of several investment options. Participants may change their investment options at their discretion.

1. DESCRIPTION OF THE PLAN (CONTINUED)

Participant Accounts and Vesting

Each participant's account is credited with (a) participant's voluntary contribution, (b) the Company's matching contribution, if any, and (c) allocation of Plan's earnings, and charged with an allocation of administrative expenses and withdrawals. Allocations are based on participant account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested balances.

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company's discretionary and matching portion of their accounts plus actual earnings thereon is based on years of credited service. A participant is 100% vested after three years of credited service in the discretionary portion and the matching portion.

Payment of Benefits

Upon termination of service, death or normal retirement age, the participant or beneficiary may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount or in annual installments over a period not exceeding twenty years. A participant may withdraw his or her own contributions, and applicable earnings thereon, subject to certain Plan provisions.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of (a) 50% of their pre-tax and post-tax contributions, or (b) $50,000. Loans must have a definite repayment period not to exceed five years, or up to fifteen years if for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at rates equal to the prime interest rate at the beginning of the quarter in which the loan is approved plus 2%. Principal and interest are paid through payroll deductions.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Plan's financial statements are prepared under the accrual method of accounting in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates including those regarding fair value, and assumptions that affect the reported amounts of assets and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See NOTE 4 for discussion of fair value measurements. Shares of mutual funds are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year end. Investments in the pooled fund are valued at quoted market prices of the underlying assets of the fund. Purchases and sales of securities are recorded on a trade-date basis.

Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date and gain or loss on sale of investments is recognized when earned. Such amounts are reinvested and become part of the Plan's investment portfolio.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment Valuation and Income Recognition (Continued)

The Plan presents in the Statements of Changes in Net Assets Available for Benefits, the net appreciation (depreciation) of investments, which consists of the realized gains or losses and the unrealized gains or losses on those investments.

Fully Benefit-Responsive Investment Contracts

The Plan entered into traditional fully benefit-responsive guaranteed investment contracts with CSTC, the sub-custodian, which are included in the Morley Stable Value Fund and Schwab Institutional Large Cap Value Fund totaling $3,841,905 and $3,734,826 at December 31, 2019 and 2018, respectively. CSTC maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is reviewed on a quarterly basis for resetting. The guaranteed investment contract does not permit CSTC to terminate the agreement prior to the scheduled maturity date.

These guaranteed investment contracts meet the fully benefit-responsive investment contract criteria and therefore are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by the funds, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, or (4) a material amendment to the agreement without the consent of the issuer.

Payment of Benefits

The benefit amounts are reflected in the Statements of Changes in Net Assets Available for Benefits when the actual benefits are paid.

Corrective Distributions Payable

Amounts payable to participants from contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding addition to corrective distributions. As of December 31, 2019 and 2018, the Plan reflected corrective distributions payable of $98,591 and $36,725, respectively.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Tax Status

The Plan adopted its latest Volume Submitter Profit Sharing Plan with a cash or deferral arrangement developed by Newport Retirement Services, Inc., which obtained a favorable IRS determination letter on March 31, 2014 in which the IRS stated that the form of the underlying prototype plan was acceptable under provisions of the Internal Revenue Code ("IRC") and that any employer adopting this form of the plan will be considered to have a plan qualified under the IRC. Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019 and 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the accompanying financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2016.

Subsequent Events

The Plan has evaluated subsequent events through October 14, 2020, which is the date the financial statements were available to be issued.

3. INVESTMENTS

During the years ended December 31, 2019 and 2018, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated (depreciated) in value by $1,302,565 and $(1,756,534), respectively. During the years ended December 31, 2019 and 2018, the Plan's assets earned dividend income totaling $1,976,417 and $965,900, respectively.

4. FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board ("FASB") *Accounting Standards Codification* ("ASC") 820, *Fair Value Measurement and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include:
  - quoted prices for similar assets or liabilities in active markets;
  - quoted prices for identical or similar assets or liabilities in inactive markets;
  - inputs other than quoted prices that are observable for the asset or liability;
  - inputs that are derived principally from or corroborated by observable market data by correlation or other means.

  If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

4. FAIR VALUE MEASUREMENTS (CONTINUED)

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2019 and 2018.

Registered investment companies: Valued based on quoted prices in active markets.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31,:

		Fair Value Measurements at Reporting Date Using:		
Description	**Fair Value 12/31/2019**	**Quoted Prices in Active Markets for Identical Assets (Level 1)**	**Significant Other Observable Inputs (Level 2)**	**Significant Unobservable Inputs (Level 3)**
Registered investment companies	$ 17,868,067	$ 17,868,067	$ -	$ -
	$ 17,868,067	**$ 17,868,067**	**$ -**	**$ -**

		Fair Value Measurements at Reporting Date Using:		
Description	**Fair Value 12/31/2018**	**Quoted Prices in Active Markets for Identical Assets (Level 1)**	**Significant Other Observable Inputs (Level 2)**	**Significant Unobservable Inputs (Level 3)**
Registered investment companies	$ 14,637,097	$ 14,637,097	$ -	$ -
	$ 14,637,097	**$ 14,637,097**	**$ -**	**$ -**

5. ADMINISTRATIVE AND INVESTMENT EXPENSES

The following represents administrative and investment expenses for the years ended December 31,:

	2019	**2018**
Professional fees	$ 10,286	$ 15,431
Investment advisory and record-keeper fees	110,119	100,100
	$ 120,405	**$ 115,531**

NFP Retirement, Inc. ("NFP") charges a fee to manage the various common stocks and cash in their portfolio. This fee is paid quarterly by the Plan. Each participant who invests in the NFP portfolio is charged his/her proportionate share based upon respective balances.

6. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

7. PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under Department of Labor Regulations as any fiduciary of the Plan, any party rendering service to the Plan, the Company and certain others. Certain Plan investments are in shares of mutual funds managed by CSTC, which serves as the sub-custodian of the Plan and, therefore, these transactions qualify as party-in-interest transactions. Notes receivable from participants are also considered party-in-interest transactions.

8. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 at December 31,:

	2019	2018
Net assets available for benefits per the financial statements	$ 21,941,732	$ 18,621,419
Employer contributions receivable	(21,548)	(16,616)
Corrective distributions payable	98,591	36,725
Accrued expenses	17,326	13,989
Net assets available for benefits per the Form 5500	**$ 22,036,101**	**$ 18,655,517**

The following is a reconciliation of change in net assets available for benefits per the financial statements to the Form 5500 for the years ended December 31,:

	2019	2018
Change in net assets available for benefits per the financial statements	$ 3,320,313	$ (364,692)
Current year corrective distributions payable	98,591	36,725
Prior year corrective distributions payable	(36,725)	(40,847)
Current year accrued expenses	17,326	13,989
Prior year accrued expenses	(13,989)	(14,688)
Current year employer contributions receivable	(21,548)	(16,616)
Prior year employer contributions receivable	16,616	-
Change in net assets available for benefits per the Form 5500	**$ 3,380,584**	**$ (386,129)**

9. SUBSEQUENT EVENT- COVID 19

On January 30, 2020, the World Health Organization ("WHO") announced a global health emergency stemming from a new strain of coronavirus that was spreading globally (the "COVID-19 outbreak"). On March 11, 2020, the WHO classified the COVID-19 outbreak as a pandemic, triggering volatility in financial markets and a significant negative impact on the global economy. The Coronavirus Aid, Relief, and Economic Security Act ("CARES Act") was enacted on March 27, 2020 in the United States. Due to the recent enactment of this legislation, the Plan is considering whether to adopt the new rules, which eliminate tax penalties on certain early withdrawals and relax certain rules on loans for those affected by the COVID-19 outbreak. As a result of the COVID-19 outbreak, the Plan's investment portfolio has incurred a significant decline in fair value since December 31, 2019. However, because the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, cannot be determined. The full impact of the COVID-19 outbreak continues to evolve as of the date of the auditors' report.
