INDEPENDENT AUDITOR'S REPORT

The Plan Administrator and the Board of Directors
Gaylord Hospital 403(b) Plan
Wallingford, Connecticut

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Gaylord Hospital 403(b) Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, and the related statement of changes in net assets available for benefits for the year ended December 31, 2019, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matters described in the first and third Basis for Disclaimer of Opinion paragraphs, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by State Street Bank and Trust Company (State Street) and Transamerica Life Insurance Company, Inc. (TLIC), except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that State Street and TLIC hold the Plan's investment assets and execute investment transactions. The plan administrator has obtained certifications from State Street and TLIC as of December 31, 2019 and 2018, and for the year ended December 31, 2019 that the information provided to the plan administrator by State Street and TLIC is complete and accurate.

(Continued)

As described in Note 2, the Plan has excluded from investments in the accompanying statements of net assets available for benefits, the assets held in certain annuity and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the Department of Labor's Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans* and Field Assistance Bulletin No. 2010-1 *Annual Reporting and ERISA Coverage of 403(b) Plans*. The investment income and distributions related to such accounts have also been excluded from the accompanying statement of changes in net assets available for benefits. Accounting principles generally accepted in the United States of America require that these annuity and custodial accounts and the related investment income and distributions be included in the accompanying financial statements. If these annuity and custodial accounts were included in the accompanying financial statements, investments and net assets available for benefits would increase by \$9,452,142 and \$8,729,584 as of December 31, 2019 and 2018, respectively, and investment income and benefits paid would increase by \$1,391,545 and \$668,987, respectively, for the year ended December 31, 2019.

As described in Note 2, the Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity and custodial accounts issued to current and former employees prior to January 1, 2009. Because the Plan has not maintained sufficient accounting records and supporting documentation with regard to certain annuity and custodial accounts issued prior to January 1, 2009, we were unable to perform appropriate auditing procedures to determine whether the financial statements include all investments, investment income, benefit payments, and net assets available for benefits of the Plan.

Disclaimer of Opinion

Because of the significance of the matters described in the first and third Basis for Disclaimer of Opinion paragraphs, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2019 is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under Employee Retirement Income Security Act of 1974 and is presented for purposes of additional analysis and is not a required part of the financial statements. Because of the significance of the matters described in the first and third Basis for Disclaimer of Opinion paragraphs, we do not express an opinion on the supplemental schedule.

GAYLORD HOSPITAL 403(B) PLAN
NOTES TO THE FINANCIAL STATEMENTS
December 31, 2019 and 2018

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Gaylord Hospital 403(b) Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General: The Plan is a self-directed, defined contribution plan covering substantially all employees of Gaylord Hospital, Inc. (the Hospital) upon their date of hire. The Plan was established on January 1, 2005 as an Internal Revenue Code (IRC) Section 403(b) Plan and was subsequently amended for various provisions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions: Each year, participants may contribute up to 100% of eligible compensation, as defined in the Plan. Participants may direct their contributions as either pre-tax or Roth contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan also permits participants to make after-tax contributions, up to \$6,000 per year. Participants may also contribute amounts representing distributions from other qualified plans. Contributions are subject to certain limitations.

Participant Accounts: Each participant's account is credited with the participant's contributions and an allocation of Plan earnings, and is charged with his or her withdrawals and an allocation of administrative expenses. Allocations are based on eligible compensation, participant account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Each participant directs the investment of his or her account to any of the investment options available under the Plan.

Vesting: Participants are immediately vested in their contributions and rollovers plus actual earnings thereon.

Payment of Benefits: Upon termination of service, a participant is eligible to receive an amount equal to the value of the participant's vested interest in his or her account. Benefit amounts under \$5,000 are automatically distributed to participants. Participants (or their beneficiaries upon the death of the participant) may elect to receive their vested account balances as a single lump sum or in installment payments over a 10-year period. In certain circumstances, participants may make "hardship withdrawals" as defined in the Plan. Active participants may also take distributions from the Plan upon attainment of age 59½.

Notes Receivable from Participants: Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at rates that are commensurate with market rates for similar loans. All loans are covered by demand notes and are repayable through payroll deductions.

Plan Termination: Although it has not expressed any intent to do so, the Hospital has the right under the plan agreement to discontinue contributions at any time and to terminate the Plan subject to provisions of ERISA.

Administrative Expenses: Certain expenses of maintaining the Plan are paid directly by the Hospital and are excluded from these financial statements. Plan recordkeeping and trustee fees are paid by the Plan and are reflected in the financial statements as administrative expenses. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment management fees are charged to the Plan as investment losses reported by the Plan.

GAYLORD HOSPITAL 403(B) PLAN
NOTES TO THE FINANCIAL STATEMENTS
December 31, 2019 and 2018

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

The plan administrator has elected to exclude from investments, in the accompanying statements of net assets available for benefits, certain annuity and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the *Department of Labor Field Assistance Bulletin No. 2009-02, Annual Reporting Requirements for 403(b) Plans*. The investment income and distributions related to such accounts have also been excluded from the accompanying statements of changes in net assets available for benefits.

If these annuity and custodial accounts were included in the accompanying financial statements, investments and net assets available for benefits would increase by \$9,452,142 and \$8,729,584 as of December 31, 2019 and 2018, respectively, and investment income and benefits paid would increase by \$1,391,545 and \$668,987, respectively, for the year ended December 31, 2019. Accounting principles generally accepted in the United States of America (GAAP) requires that these accounts and the related income and distributions be included in the accompanying financial statements.

Historical records for accounts issued prior January 1, 2009 were not maintained or are not available at a Plan level. Accordingly, in addition to the excluded accounts noted in the previous paragraph, the Plan may have also excluded from the accompanying financial statements additional annuity and custodial accounts, and related activity, issued to current and former employees prior to January 1, 2009 that should be included in the Plan's financial statements under accounting principles generally accepted in the United States of America. The Plan administrator has determined that the effects of this matter on the Plan's financial statements, if any, is not reasonably determinable.

Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures, and actual results may differ from these estimates.

Investment Valuation and Income Recognition: The Plan's investments, other than the fully benefit responsive investment contracts, are reported at fair value, as further discussed in Note 4. Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. Contract value is the relevant measure for the Plan's fully benefit-responsive investment contracts, because contract value is the amount Plan participants generally receive when executing transactions under the terms of the contract and Plan provisions.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants: Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' account balances. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Benefit Payments: Benefits are recorded when paid.

NOTES TO THE FINANCIAL STATEMENTS
December 31, 2019 and 2018

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Risks and Uncertainties: The Plan holds various investments. Investments are exposed to various risks such as interest rate, market, liquidity and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 3 - UNAUDITED INFORMATION - CERTIFIED INVESTMENTS AND NOTES RECEIVABLE FROM PARTICIPANTS

Substantially all information pertaining to the Plan's investments and notes receivable from participants included in the financial statements, including the associated interest, dividends and net appreciation in fair value and interest earned on notes receivable from participants, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by State Street Bank and Trust Company and Transamerica Life Insurance Company (TLIC). This information has not been audited by independent accountants.

NOTE 4 - FAIR VALUE MEASUREMENTS

Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following presents the valuation methods and assumptions used by the Plan to estimate the fair values of investments:

Mutual funds: The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

NOTES TO THE FINANCIAL STATEMENTS
December 31, 2019 and 2018

NOTE 4 - FAIR VALUE MEASUREMENTS (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018:

<u>2019</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	<u>\$ 3,730,506</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 3,730,506</u>
<u>2018</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	<u>\$ 2,936,868</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 2,936,868</u>

NOTE 5 - GUARANTEED INVESTMENT CONTRACTS

The Plan holds a fully benefit-responsive traditional investment contract with TLIC. This contract is a fully benefit-responsive traditional investment contract that is reported at contract value. Amounts deposited under this traditional group annuity contract are held with general assets of TLIC.

As described in Note 2, because the guaranteed fixed annuity account is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by TLIC, represents the accumulation of contributions, plus interest, less funds used to pay benefits and expenses. The contract value as of December 31, 2019 and 2018 was \$233,254 and 339,593, respectively.

Participants could withdraw their balances at contract value without restriction or charge on account of any of the following events: death, disability, retirement, terminations of employment, hardship, loans, attainment of age 59.5, the purchase of an annuity from TLIC, or transfers to a non-competing fund. Benefit responsive withdrawals from this contract during any twelve-month period that are made on account of employer initiated events and in aggregate in excess of 15% of the contract balance at the beginning of such twelve-month period shall be subject to a withdrawal adjustment. TLIC will pay participant-elected withdrawals of all or a portion of the participant account that do not constitute benefit responsive withdrawals, to the extent permitted by the Plan and authorized by the contractholder, but such payments will be subject to a withdrawal adjustment with respect to the requested withdrawal amount.

The repayment of principal and interest credited to participants is a financial obligation of TLIC. Guarantees are based on the claims-paying ability of the issuer. As of December 31, 2019 and 2018, there were no reserves against contract value for credit risk of the contract issuer or otherwise.

The contract contained a minimum guaranteed interest rate, which will not be less than 1%. At the beginning of each calendar year, TLIC determines the declared interest rate, which will be credited to all monies invested in the guaranteed separate account during such calendar year. In no event will the declared rate of interest be less than the contracts minimum guaranteed interest rates. As of December 31, 2019 and 2018, the declared interest rate was 2.30%.

(Continued)

GAYLORD HOSPITAL 403(B) PLAN
NOTES TO THE FINANCIAL STATEMENTS
December 31, 2019 and 2018

NOTE 5 - GUARANTEED INVESTMENT CONTRACTS (Continued)

Certain events limit the Plan's ability to transact at contract value with TLIC. Such events include the following: (a) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the Plan's prohibition on competing investment options, (c) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with Plan participants, is probable.

The plan administrator does not believe any events or circumstances that would allow the issuer to terminate the contract with the Plan and settle at an amount different than contract value exist.

NOTE 6 - PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Certain administrative functions are performed by officers or employees of the Hospital. No such officer or employee receives compensation from the Plan. Some administrative expenses of the Plan are paid directly by the Hospital. The Plan holds guaranteed fixed annuity accounts managed by TLIC. TLIC is a service provider to the Plan and, therefore, these transactions and the Plan's payment of fees to TLIC qualify as party-in-interest transactions. Notes receivable from participants also reflect party-in-interest transactions.

NOTE 7 - TAX STATUS

Effective June 28, 2013, the Internal Revenue Service began accepting applications for opinion and advisory letters for prototype and volume submitter 403(b) plans. As of the date on the independent auditor's report, the Plan has not yet received a favorable opinion or advisory letter. Although the Plan has not received a favorable opinion or advisory letter, plan management believes the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, they believe that the Plan was qualified as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019 and 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2016.

(Continued)

NOTE 8 - SUBSEQUENT EVENT

Subsequent events were evaluated for recognition and disclosure through October 14, 2020, which is the date the financial statements were available to be issued.

In December 2019, a novel strain of coronavirus surfaced in Wuhan, China, and has spread around the world, with resulting business and social disruption. The coronavirus was declared a Public Health Emergency of International Concern by the World Health Organization on January 30, 2020. The ultimate impact of the coronavirus on the Plan and the Hospital will depend on future developments, which are highly uncertain and cannot be predicted, including new information which may emerge concerning the severity of the coronavirus and the actions required to contain the coronavirus or treat its impact, among others.

On March 27, 2020, the Coronavirus Aid, Relief and Economic Security ("CARES") Act was enacted and signed into law. Certain provisions of the CARES Act eliminate the need for terminated employees to take a required minimum distribution in calendar year 2020. The CARES Act increases plan loan limits for qualified individuals eligible for a coronavirus-related distribution to the lesser of \$100,000 or 100 percent of the participant's vested account balance, and permits plan sponsors to provide qualified individuals up to an additional year to repay plan loans. In addition, The CARES Act allows participants to take qualified distributions of up to \$100,000 without penalty and pay associated taxes over a three-year period. The features within the CARES Act have been implemented; however, written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance.
