INDEPENDENT AUDITORS' REPORT

October 9, 2020

Plan Administrator
GB Manufacturing Company 401(k) Plan
Delta, Ohio**Report on the Financial Statements**

We were engaged to audit the accompanying financial statements of the *GB Manufacturing Co. 401(k) Plan* (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Independent Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to information summarized in Note 2, which was certified by TD Ameritrade Trust Company, the trustee of the Plan, and American Trust Retirement, custodian of the Plan's participant notes receivable, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan Administrator that the trustee holds the Plan's investment assets and the custodian holds the notes receivable from participants, and each executes the related transactions. The Plan Administrator has obtained certifications from the trustee and custodian as of and for the years ended December 31, 2019 and 2018, that the information provided to the Plan Administrator by the trustee and the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Supplemental Schedules

The supplemental schedules of assets (held at end of year) and delinquent participant contributions as of and for the year ended December 31, 2019 are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on these supplemental schedules.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee and custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

GB MANUFACTURING CO. 401(k) PLAN

Notes to Financial Statements

1. DESCRIPTION OF THE PLAN AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following description of the *GB Manufacturing Co. 401(k) Plan* (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

Description of the Plan

General

The Plan is a defined contribution plan covering all employees of *RP Industries, Inc. and Subsidiaries* (the “Company”) who have attained two months of service and are age nineteen or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Risks and Economic Uncertainties

The Plan invests in various investment securities including mutual funds and an investment contract with an insurance company. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of interest rate, market, and credit risks inherent with certain of the Plan’s investment securities, it is at least reasonably possible that changes in the fair values of investment securities will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the statements of net assets available for benefits and changes in net assets available for benefits.

On March 11, 2020, the World Health Organization categorized Coronavirus Disease 2019 (“COVID-19”) as a pandemic, and on March 13, 2020, the President of the United States declared the global outbreak a national emergency. In addition, state and local authorities have required or recommended social distancing and have imposed quarantine and other isolation measures on large portions of the domestic population, including mandatory business closures. These measures, designed to protect the overall public health, have had and are expected to continue to have material adverse financial and other impacts on world economies.

As a result of the COVID-19 pandemic, there has been heightened market risk and volatility experienced in the financial markets. During this time, because of the uncertainty in financial and other markets associated with the pandemic, it is difficult to fully assess or predict the impact brought by, and the duration of, the pandemic. The longer-term economic effects will depend on future developments that are highly uncertain. As such, Plan management is unable to estimate the impact the current environment will have on participants’ account balances, and the investment amounts reported in the Plan’s statements of net assets available for benefits and changes in net assets available for benefits.

Contributions

Each year participants may contribute up to 100% of pretax annual compensation, as defined in the Plan agreement. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also make rollover contributions from other qualified defined benefit or defined contribution plans. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions are invested in the target date retirement fund that corresponds to their expected retirement date. The Company has elected to make discretionary matching contributions equal to 50% of the first 6% of participant elective deferrals. The Company may also elect to make discretionary nonelective contributions each year; however, no such contributions were made in 2019 or 2018. Participants become eligible for the Company discretionary matching contributions and Company discretionary nonelective contributions after completing one year of service (1,000 hours). To receive an allocation of such contributions, eligible participants must complete 501 hours of service or 91 days of consecutive employment in the related Plan year, or be employed at the end of the Plan year. Participants direct the investment of contributions into various investment options offered by the Plan. The Plan currently offers mutual funds, a stable value common collective trust, and a money market fund as investment options for participants. Contributions are subject to certain Internal Revenue Service ("IRS") limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's discretionary matching contributions (when made), and Plan earnings based on the investment options selected by the participant. Each participant's account is credited with an allocation of the Company's discretionary nonelective contributions (when made) based on participant compensation. Participant accounts are charged for certain administrative expenses as described below. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their 401(k) voluntary contributions plus actual earnings thereon. Vesting in the Company discretionary matching and nonelective discretionary contributions (if applicable) is based on years of continuous service. A participant is 100% vested after five years of credited service with vesting increasing incrementally by 20% in years one through five.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The \$50,000 maximum is reduced by the highest outstanding note receivable balance during the one-year period ending on the day before the origination of the loan. Participants may have no more than one note outstanding at any time. The note receivable is secured by the vested balance in the participant's account and bears interest at rates ranging from 5.25% to 7.50%, which are commensurate with local prevailing rates at the time the note was issued, as determined by the Plan Administrator. Principal and interest are collected ratably through payroll deductions.

GB MANUFACTURING CO. 401(k) PLAN

Notes to Financial Statements

Payment of Benefits

Upon termination of service due to death, disability, retirement or other reasons, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in their account, as defined by the Plan agreement. In-service withdrawals of vested balances may be elected by participants who have reached 59 ½ years of age. If a participant's vested balance is \$1,000 or less, payment will be made in a lump-sum without the participant's consent. The Plan also permits withdrawals of active participants' elective contributions, only in amounts necessary to satisfy financial hardship as defined by the Plan agreement.

Forfeited Accounts

Forfeited nonvested accounts may first be used to pay Plan expenses, if directed by the Plan Administrator, then used to reduce future employer cash contributions. During 2019, Plan expenses were reduced by \$5,194 from forfeited nonvested accounts. During 2018, Plan expenses were reduced by \$6,606 and employer cash contributions were reduced by \$21,018 from forfeited nonvested accounts. At December 31, 2019 and 2018, forfeited nonvested accounts totaled \$4,784 and \$2,149, respectively.

Administrative Expenses

Certain of the Plan's administrative expenses, including an allocation of salaries related to Plan administration, and audit and legal costs, are paid by the Company and qualify as party-in-interest transactions which are exempt from prohibited transaction rules. Expenses that are paid directly by the Company are excluded from these financial statements. Fees for custodial and record keeping services are paid by the Plan and are allocated to participants based on participant account balances. Participants are charged directly for loan fees and fees related to certain distribution types.

Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisor and trustee. See Note 3 for discussion of fair value measurements.

GB MANUFACTURING CO. 401(k) PLAN

Notes to Financial Statements

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's aggregate gains and losses on investments bought and sold as well as held during the year.

Management fees and operating expenses charged to the Plan for investments are deducted from income earned on a daily basis and are not separately reflected. Consequently, such management fees and operating expenses are reflected as a reduction of net appreciation or an addition to net depreciation in the fair value of such investments.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 or 2018. If a participant ceases to make loan repayments and the Plan Administrator deems the note receivable to be in default, the participant note receivable is reduced and a deemed distribution is recorded.

Contributions

Participant contributions are recorded when withheld from compensation. Employer contributions are recorded in the period in which they become the obligations of the Company.

Benefits Paid to Participants

Benefit payments to participants are recorded when paid.

Reclassifications

Certain amounts as reported in the 2018 financial statements have been reclassified to conform with the 2019 presentation.

New Accounting Pronouncement

In August 2018, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update No. 2018-13, *Fair Value Measurement (Topic 820), Disclosure Framework - Changes to the Disclosure Requirements for Fair Value Measurement*. The standard is effective for fiscal years beginning after December 15, 2019. The amendments modify the disclosure requirements on fair value measurements in FASB Accounting Standards Codification 820. Management continues to evaluate the impact of the adoption of ASU 2018-13 and its potential effect on the Plan's financial statement disclosures.

Subsequent Events

In preparing these financial statements, Plan management has evaluated, for potential recognition or disclosure, significant events or transactions that occurred during the period subsequent to December 31, 2019, the most recent statement of net assets available for benefits presented herein, through October 9, 2020, the date these financial statements were available to be issued. No events or transactions of this nature were identified other than risks and economic uncertainties disclosed above.

GB MANUFACTURING CO. 401(k) PLAN

Notes to Financial Statements

2. INVESTMENTS

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, TD Ameritrade Trust Company ("TD Ameritrade") as trustee of the Plan, has certified the completeness and accuracy of the investment information reflected in (1) the accompanying statements of net assets available for benefits as of December 31, 2019 and 2018, (2) the December 31, 2019, schedule of assets (held at end of year), and (3) the related investment activity reflected in the statements of changes in net assets available for benefits during 2019 and 2018. American Trust Retirement ("American Trust"), as custodian, has certified the completeness and accuracy of notes receivable from participants and the related interest income as of and for the years ended December 31, 2019 and 2018.

3. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurements. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value. For financial assets recorded at fair value, the description includes an indication of the level of the fair value hierarchy in which the assets are classified. There have been no changes in the methodology used at December 31, 2019 and 2018.

Mutual funds: Shares held in mutual funds are valued at quoted market prices that represent the net asset value ("NAV") of shares held by the Plan at year end and are classified as Level 1. The NAV is based on the value of the underlying assets owned by the fund, less its liabilities then divided by the number of shares outstanding. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily NAV and to transact at that price and, therefore, are deemed to be actively traded.

GB MANUFACTURING CO. 401(k) PLAN

Notes to Financial Statements

Stable value common collective trust: A stable value fund composed primarily of fully benefit-responsive investment contracts that is valued at the NAV of units of the common collective trust is classified as “other” and is not assigned a level in the fair value hierarchy. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the Plan will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require a 12 month notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

Money market fund: Shares held in the money market fund are comprised of short-term debt securities. The composition of these securities is structured to maintain a value of \$1 per share. The money market fund is classified as Level 2.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan’s assets at fair value at December 31:

2019	Level 1	Level 2	Level 3	Other (1)	Total
Mutual funds	\$ 5,182,237	\$ -	\$ -	\$ -	\$ 5,182,237
Stable value common collective trust	-	-	-	183,421	183,421
Money market fund	-	1,025	-	-	1,025
Total investments at fair value	\$ 5,182,237	\$ 1,025	\$ -	\$ 183,421	\$ 5,366,683
2018	Level 1	Level 2	Level 3	Other (1)	Total

Total investments at fair value	\$ 4,433,714	\$ 534	\$ -	\$ 170,763	\$ 4,605,011

1) Certain investments are measured at NAV per share (or its equivalent) on an inactive market and have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

GB MANUFACTURING CO. 401(k) PLAN

Notes to Financial Statements

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. Plan management evaluates the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. There were no transfers of assets between levels during 2019 and 2018.

The following table sets forth additional disclosures for the fair value measurement of investments in certain entities that calculate net asset value per share (or its equivalent) as of December 31:

Investment Type	Fair Value		Unfunded Commitments	Redemption Frequency	Redemption Notice Period
	2019	2018			
Stable value common collective trust	\$ 183,421	\$ 170,763	\$ -	Daily	Up to 12 months

4. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments and participant notes receivable are managed by affiliates of TD Ameritrade and American Trust, the trustee and custodian/record-keeper of the Plan, respectively, and, therefore, transactions related to these assets qualify as party-in-interest transactions. Fees paid by the Plan for investment management services and the custodial and record keeping services, including transaction charges for loans and benefit payments, amounted to \$46,025 in 2019 and \$40,682 in 2018.

5. TAX STATUS

The Company's Board of Directors adopted the American Trust & Savings Bank Volume Submitter Profit Sharing With CODA plan document. The volume submitter plan document has received an opinion letter from the Internal Revenue Service dated March 31, 2014, stating that the written form of the volume submitter plan document is qualified under Section 401(a) of the Internal Revenue Code (the "Code") and that any employer adopting this form of the plan will be considered to have a plan qualified under Section 401(a) of the Code. The Plan is required to operate in conformity with the Code to maintain its qualification. While the Plan has been amended since receiving the determination letter, the Plan's Administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, that the Plan is qualified and the related trust is tax-exempt.

The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in the financial statements. The Plan may be subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2016.

GB MANUFACTURING CO. 401(k) PLAN

Notes to Financial Statements

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts. Any unallocated assets of the Plan, to the extent not used to pay Plan expenses, would be allocated to participant accounts and distributed in such a manner as the Company may determine.

7. DELINQUENT PARTICIPANT CONTRIBUTIONS

During 2019 and 2018, the Company was untimely in remitting certain participant contributions in the amount of \$294 and \$11,256, respectively. Late remittances of participant contributions constitute a prohibited transaction under ERISA section 406, regardless of materiality. The Company remitted the delinquent participant contributions in each respective year, and the Company reimbursed the Plan for lost earnings related to the 2018 contributions in 2019 and will reimburse the Plan for any lost earnings for the 2019 contributions in 2020.
