Employee Savings and Investment Plan**

Notes to Financial Statements
December 31, 2019 and 2018

1. Description of the Plan

The following description of The Hubbell Incorporated Employee Savings and Investment Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan provisions.

General

The Plan is a defined contribution plan available to all domestic employees of Hubbell Incorporated and its subsidiaries (the “Company”), except for weekly employees of one division, whose compensation is not covered by, or based upon, collective bargaining agreements.

T. Rowe Price Trust Company (the “Trustee”) is the trustee for the Plan and custodian of the investments. Self-directed brokerage account assets are held in the custody of Charles Schwab & Co. Inc. and maintained by the Trustee.

During 2019, assets and participant loans totaling \$74,475,633 and \$1,471,379 from Aclara Technologies, LLC and assets totaling \$6,698,142 from Meramec Instrument Transformer Co. were transferred into the Plan. In addition, assets and participant loans totaling \$93,710 and \$11,387 from The Hubbell Incorporated Savings and Investment Plan for Collectively Bargained Employees (“CB Plan”) were merged into the Plan into similar type investment options. Furthermore, assets and participant loans totaling \$3,779 and \$888, respectively were transferred out of the Plan into the CB Plan.

During 2018, assets and participant loans totaling \$269,789 and \$7,103, respectively, from The Hubbell Incorporated Savings and Investment Plan for Collectively Bargained Employees (“CB Plan”) were merged into the Plan into similar type investment options. In addition, assets and participant loans totaling \$7,488 and \$368, respectively were transferred out of the Plan into the CB Plan.

Participation

The Plan was established on July 1, 1984 to enable employees to defer a portion of their compensation, thereby deferring federal income tax and providing savings to supplement retirement income. Employees become eligible to participate in the Plan on the first day of the month following 30 days of service.

Contributions

Participants in the Plan may periodically elect to have a specified portion of their compensation (as defined in the Plan agreement) allocated to their accounts. This amount may not be less than 1 percent nor more than 50 percent of their eligible compensation. In addition, eligible participants over the age of 50 may contribute additional “catch-up” contributions. Participants are always 100% vested in their own contributions and related earnings.

Employee Savings and Investment Plan

Notes to Financial Statements
December 31, 2019 and 2018

1. Description of the Plan *(continued)*

Contributions (continued)

All employees are automatically enrolled in the Plan with a 3% deferral percentage, unless the employee elects a different percentage, including 0%.

The Company will make a matching contribution equal to ½% for every 1% contributed up to 6% of salary for all employees participating in the Plan. Employees hired prior to January 1, 2017 vest in the match 50% after one year of service and are 100% vested after two years. Employees hired after January 1, 2017 will cliff vest 100% after two years of service.

Effective January 1, 2017, the Company began contributing an employer contribution equal to 4% of compensation per payroll period for each active eligible participant. Participants are 100% vested in these contributions.

Administration

An Employee Savings and Investment Plan Committee, which serves without compensation, is appointed by the Company and is responsible for the general administration of the Plan and makes the final determination on all questions arising in connection with the interpretation, application and administration of the Plan.

The Company may, by resolution of its Board of Directors, amend or terminate the Plan at any time. Except where necessary to satisfy the applicable qualification requirements of the Internal Revenue Code, no amendment may be made which would decrease the value of a participant's account under the Plan at the time the amendment is made.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the Company's contributions and plan earnings or losses and administrative expenses. Allocations are based on a participant's earnings, account balances, or specific participant transactions, as defined.

Notes Receivable from Participants

Loans to participants are permitted pursuant to the terms and conditions of the Plan agreement. The minimum amount for any loan is \$1,000. The maximum a participant may borrow, including the outstanding balance of existing Plan loans, is 50% of the participant's vested account balance not including their profit sharing account balance, not to exceed \$50,000.

A participant may have a maximum of two loans outstanding at any given time. A loan to a participant shall be made solely from the assets of the participant's account. Loan repayments are withheld from payroll and remitted semi-monthly, and the loan repayment period shall not exceed five years except for loans to acquire a principal residence for which the loan repayment period shall not exceed ten years. Loans to participants bear an interest rate equal to the Trustee's prime rate plus 1%.

1. Description of the Plan (*continued*)

Distributions/Payment of Benefits

Upon the earliest of retirement, death, disability or termination of employment, participants become eligible for a lump-sum distribution of their accounts. At the participant's option, an account balance in excess of \$1,000 may remain in the Plan. At age 70½ there is a required distribution of a portion of the account balance, based on the life expectancy of the individual.

However, if a participant is still employed at the age of 70½, they can defer receipt of their required minimum distributions until after termination of employment. Participants who demonstrate that a hardship (as defined under Internal Revenue Service regulations) exists, may withdraw funds from their accounts. In addition, the Plan permits loans with certain specified limitations based on account balances.

Forfeited Accounts

Forfeited non-vested amounts will be used to offset future plan expenses. All remaining forfeitures will be treated as an employer contribution and shall be used to reduce matching and discretionary profit sharing contributions or reinstate returning participants account balances. During 2019 and 2018, \$21,114 and \$9,582 in forfeitures were used to pay Plan expenses and \$647,109 and \$740,382 were used to reduce employer contributions, respectively. As of December 31, 2019 and 2018, forfeited non-vested accounts approximated \$117,400 and \$47,100, respectively.

2. Summary of Significant Accounting Policies

Basis of Accounting and Use of Estimates

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("U.S GAAP"), which requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Fair Value Measurements

The Plan follows U.S. GAAP guidance on *Fair Value Measurements* which defines fair value and establishes a fair value hierarchy organized into three levels based upon the input assumptions used in pricing assets. Level 1 inputs have the highest reliability and are related to assets with unadjusted quoted prices in active markets. Level 2 inputs relate to assets with other than quoted prices in active markets which may include quoted prices for similar assets or liabilities or other inputs which can be corroborated by observable market data. Level 3 inputs are unobservable inputs and are used to the extent that observable inputs do not exist.

Employee Savings and Investment Plan

Notes to Financial Statements
December 31, 2019 and 2018

2. Summary of Significant Accounting Policies *(continued)*

Fair Value Measurements (continued)

U.S. GAAP guidance provides for the use of Net Asset Value (“NAV”) as a “Practical Expedient” for estimating fair value of alternative investments. Pursuant to U.S. GAAP guidance, alternative investments where fair value is measured using NAV are not categorized within the fair value hierarchy.

Investment Valuation and Income Recognition

The Plan’s investments are stated at fair value. The mutual funds held by the Plan are valued at fair value based on the daily closing price as reported by the funds. All of the mutual funds are open-ended and are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price.

The Plan’s self-directed brokerage account is valued at fair value based on the quoted values of underlying shares held within the account. There are no restrictions as to redemption of investments nor does the Plan have any contractual obligations to further invest in this account.

The common/collective trusts are valued at the NAV of units held by the Plan. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. The practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document.

Payment of Benefits

Participants withdrawals are recorded when paid.

Plan Expenses

Plan expenses are paid from participant forfeitures and any remaining amounts are paid by the Plan, unless paid by the Company.

Subsequent Events Evaluation by Management

Management has evaluated subsequent events for disclosure and/or recognition in the financial statements through the date that the financial statements were available to be issued, which date is October 14, 2020.

3. Information Certified (Unaudited)

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee of the Plan, has certified to the completeness and accuracy of all investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2019 and 2018, the related investment and notes receivable from participants activity reflected in the statements of changes in net assets available for benefits for the years then ended, and the supplemental Schedule H, Part IV, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2019.

4. Investments (*continued*)

* As discussed in Note 2, investments that are measured using the practical expedient are not classified within the fair value hierarchy.

5. Common/Collective Trusts

The Plan invests in two types of common/collective trust funds: The T. Rowe Price Stable Value Fund - F ("Fund") and T. Rowe Price Retirement Trust Funds ("Trusts"). The Fund is a common/collective trust operated by T. Rowe Price Trust Company ("the Fund Trustee"). The Fund consists of commingled pool of synthetic investment contracts ("SICs") that invests in (i) investment contracts issued by insurance companies and other financial institutions, (ii) fixed income securities, and (iii) money market funds. It is the policy of the Fund to use its best efforts to maintain a stable NAV of \$1.00 per unit, although there is no guarantee that the Fund will be able to maintain this value.

All investment contracts held by the Fund are entered into directly between the Fund and the issuer of the contract and are nontransferable. Fund units may be redeemed on a daily basis to meet benefit payments and other participant-initiated withdrawals permitted by retirement plans invested in the Fund. Retirement plans invested in the Fund are required to provide either 12 or 30 months' advance written notice to the Fund Trustee prior to redemption of Fund units; the notice period may be shortened or waived by the Fund Trustee in its sole discretion.

The investment objectives of the Fund are to maximize current income consistent with the maintenance of principal and to provide for benefit-responsive participant withdrawals at contract value for certain events without penalty or adjustment. The Fund will attempt to achieve these objectives by investing and reinvesting amounts transferred to the trust in investment contracts selected by the Fund Trustee.

Income from investment contracts is recorded at the contract rate, which is referred to as the crediting rate. Crediting rates are determined in accordance with contract terms and are net of investment-related costs permitted by the contract, generally issuer fees and custody charges for underlying assets.

The Trusts are target glide path investments focusing on lowering balance variability around retirement. The Trusts are institutional investment vehicles sponsored by T. Rowe Price to pool retirement plan assets into a single portfolio that is invested with a specified philosophy and strategy. The Trusts do not trade on an exchange, and are less transparent than mutual funds since their daily prices are not publicly available. The Trusts are only available to certain types of retirement plans and are not available to individual investors.

6. Tax Status

The Plan Sponsor adopted a non-standardized prototype plan of the Plan record-keeper, which received an Internal Revenue Service (“IRS”) opinion letter dated March 31, 2014. The Plan has been amended since this date. However, the Plan sponsor believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan’s financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine examinations by taxing jurisdictions; however, there are currently no examinations for any tax periods in progress.

7. Plan Termination

The Company may, by resolution of its Board of Directors, amend or terminate the Plan at any time subject to provisions of ERISA. In the event the Plan is discontinued, the Plan provides that the net assets of the trust, as allocated to the participants, are nonforfeitable, and after the net assets have been reduced to cash, the amounts shall be distributed to the participants in relation to their pro rata share of net assets.

8. Party-in-Interest Transactions

Certain Plan investments are funds managed by the Trustee of the Plan. Therefore, these transactions qualify as parties-in-interest under ERISA. Fees incurred by the Plan to T. Rowe Price Trust Company for services provided were approximately \$626,000 in 2019 and 2018.

Participants who are active employees may borrow from their accounts and such loans qualify as exempt party-in-interest transactions under ERISA. These loans are recorded as notes receivable from participants in the statements of net assets available for benefits.

9. Risk and Uncertainties

Investment securities, in general, are exposed to various risks such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the statement of net assets available for benefits.

Subsequent to year end, the COVID-19 pandemic has resulted in substantial volatility in the global financial markets. As a result, the Plan’s investments have incurred significant volatility in their fair value since December 31, 2019. Because the value of the Plan’s investments have and will fluctuate in response to changing market conditions, the amount of losses, if any, that will be recognized in subsequent periods, cannot be determined.
