(1) Description of plan

The following description of the IVCi, LLC 401(k) Profit Sharing Plan and Trust (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution 401(k) salary deferred and profit sharing plan. The Plan is sponsored by IVCi, LLC (the "Employer"). The Plan covers substantially all employees who have attained age 21 or older ("participants"). Eligible employees can begin participating in the Plan immediately upon satisfying the eligibility requirement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). 401K SAFE, LLC (the "Plan Sponsor") is charged with oversight of the Plan.

During December 2018, the Plan began transferring its assets from Lincoln Financial Group Trust Company, Inc. ("Lincoln") to Voya Retirement Annuity Insurance Company ("Voya"). As of December 31, 2018, all investments had been sold, and cash was in transit between Lincoln and Voya. Voya received the Plan's assets on January 2, 2019.

(b) Contributions

Participants may voluntarily make qualified retirement contributions to the Plan which are deductible by the participants for federal income tax purposes under Section 401(k) of the Internal Revenue Code ("IRC") or may be made after-tax in the form of a Roth 401(k) contribution. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Employer may make a discretionary matching contribution on behalf of each participant. During 2019, the Employer made discretionary matching contributions equal to the lesser of 25% of each participant's deferral contribution or 10% of the taxable wage base. During 2018, the Employer made discretionary matching contributions equal to the lesser of 30% of each participant's deferral contribution or 2% of the taxable wage base.

The Plan also provides that the Employer may contribute each year a discretionary profit sharing amount; however, such discretionary contributions by the Employer are not required. No additional discretionary profit sharing contributions were made in 2019 nor 2018.

Participants must work a minimum of 1,000 hours and must be employed on the last day of the plan year to be eligible to receive the discretionary Employer matching and profit-sharing contributions.

The Employer and participant contributions may not exceed the maximum amount allowable for income tax purposes.

(c) Participant accounts

Each participant's account is credited or charged with the participant's contributions, Employer contributions, investment earnings (losses) of the investment options selected by the participants, and an allocation of administrative expenses. Allocations are based on participant's compensation, account balances, or specific participant transactions as defined in the plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

(d) Vesting

Participants are immediately vested in their elective salary deferral contributions plus actual earnings (losses) thereon. Vesting in the Employer's discretionary matching and profit sharing contributions are based on years of continuous service. Participants vest after five years of credited service.

Years of Service	Vesting
1	0%
2	25%
3	50%
4	75%
5	100%

(e) Notes receivable from participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balances. The notes receivable from participants are secured by the balances in the participants' accounts and bear interest at fixed rates ranging from 4.25% to 7.50% as of December 31, 2019, which is commensurate with local prevailing rates as determined by the plan administrator. Principal and interest are collected ratably through payroll deductions.

(f) Payment of benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either either a lump-sum payment or annual installments over a specified period equal to the value of the vested interest in his or her account, or periodic installments over a fixed period of time, not to exceed the life expectancy of the participant. For termination of service due to other reasons, a participant will be entitled to receive the value of the vested interest in his or her account as a lump sum distribution.

(g) Forfeited accounts

Forfeitures are created when participants terminate employment prior to becoming fully vested in the Employer discretionary contribution portion of their accounts. At December 31, 2019, forfeited nonvested accounts totaled $13,341. There were no forfeited nonvested accounts at December 31, 2018. These accounts will be used to reduce future Employer contributions and pay administrative expenses. Employer contributions were reduced by $57,836 during 2018.

(h) Hardship withdrawals

The Plan permits distributions in the event of a hardship, as defined in the plan agreement. These distributions are taxable and subject to a tax penalty equal to 10% of the hardship distribution amount if the participant is younger than age 59½. Hardship withdrawals are limited to the participant's elective account balance.

(i) Administrative expenses

Certain administrative expenses are paid by the Employer, while certain administrative expenses are paid by the Plan. Fees related to the administration of notes receivable from participants and distributions are charged directly to those participants' accounts and included in administrative expense. Certain fees incurred by the Plan for the investment management services are netted within net appreciation (depreciation) in fair value of the investments, as they are paid through revenue sharing rather than as a direct payment.

(j) Plan termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their Employer contributions.

(2) Summary of significant accounting policies

(a) Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

(b) Investment valuation and income recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The plan administrator determines the Plan's valuation policies utilizing information provided by the investment advisers. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year

(c) Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the plan agreement.

(d) Payment of benefits

Benefits are recorded when paid.

(e) Use of estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(f) Events occurring after reporting date

Management of the Plan has evaluated events and transactions that occurred between December 31, 2019 and October 13, 2020, which is the date that the financial statements were available to be issued, for possible recognition or disclosure in the financial statements.

(3) Certified information

Certain information related to investments reported and disclosed in the accompanying financial statements and the schedule of assets (held at end of year), including the fair value of investments held at December 31, 2019 and 2018, and net appreciation (depreciation) in fair value of investments, dividends, and interest income on notes receivable for participants for the years then ended, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Voya Retirement Insurance and Annuity Company ("Voya") as of and for the year ended December 31, 2019 and by Lincoln Financial Group Trust Company, Inc. ("Lincoln") as of and for the year ended December 31, 2018.

(4) Fair value measurements

Fair value is a market-based measurement, not an entity-specific measurement. Therefore, a fair value measurement should be determined based on the assumptions that market participants would use in pricing the asset or liability. As a basis for considering market participant assumptions in fair value measurements, fair value accounting standards establish a fair value hierarchy that distinguishes between market participant assumptions based on market data obtained from sources independent of the reporting entity including quoted market prices in active markets for identical assets (Level 1), or significant other observable inputs (Level 2) and the reporting entity's own assumptions about market participant assumptions (Level 3).

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

(i) ***Money Market fund*****: Valued based on the funds' reported closing net asset values of shares held by the Plan as of the last business day of the plan year. The funds are deemed to be actively traded.**

(ii) ***Insurance contract*****: Valued at fair value which approximates contract value based on the amount the Plan Sponsor would receive if they terminated the contract at the reporting date, which is book value less an early withdrawal charge, discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer. See Note (5).**

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan's management believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

All Plan investments had been converted to cash and were excluded from the fair value hierarchy as of December 31, 2018. The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019:

	Fair Value Measurements as of December 31, 2019 using the following measurements			
	Level 1	Level 2	Level 3	Total
Money market fund	$ 7,742	$ -	$ -	$ 7,742
Insurance contract	-	1,158,232	-	1,158,232
Total assets in the fair value hierarchy	$ 7,742	$ 1,158,232	$ -	$ 1,165,974
Investments measured at NAV as a practical expedient (a)				11,013,002
Investments at fair value				$ 12,178,976

(a) Certain investments are measured at net asset value as a practical expedient to estimate fair value and, therefore, has not been classified in the fair value hierarchy.

The following table summarizes investments for which the fair value is measured using the net asset value ("NAV") practical expedient as of December 31, 2019. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

Description	Fair Value 12/31/2019	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Pooled separate accounts	$11,013,002	n/a	Daily	30 days

The Plan holds various pooled separate accounts that are not direct filing entities. These pooled separate accounts have investment strategies that include: various target date, lifestyle, international, equity and income funds.

(5) Insurance contract

The Plan provides a group annuity insurance contract with Voya as an investment option. Voya maintains these unallocated funds in its general account which supports insurance and annuity obligations of the insurance company. The contract is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses of Voya. The contract is included in the financial statements at fair value which approximates contract value as reported to the Plan by Voya. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses of Voya.

Voya's determination of credited interest rates reflects a number of factors, including mortality and expense risks, interest rate guarantees, the investment income earned on invested assets and the amortization of any capital gains and/or losses realized on the sale of the invested assets. A market value adjustment may apply to amounts withdrawn at the request of the contract holder.

The underlying contract has no restrictions on the use of plan assets and there are no valuation reserves recorded to adjust contract amounts. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (i) amendments to plan documents (including a complete or partial plan merger with another plan) (ii) changes to the Plan's prohibition on competing investment options; or (iii) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA.

(6) Excess contributions

Contributions received from participants for 2019 are net of payments of $58,493 made in March 2020 to certain active participants to return to them excess participant deferral contributions, as required to satisfy the relevant nondiscrimination provisions of the Plan.

(7) Income tax status

The Employer adopted a volume submitter plan which received a favorable opinion letter on March 31, 2014, in which the Internal Revenue Service ("IRS") stated that the volume submitter plan was in compliance with the applicable requirements of the IRC. The Plan is required to operate in conformity with the IRC to maintain its qualification. The plan administrator believes that the amended Plan is designed and is currently being operated, in compliance with the applicable provisions of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax exempt.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019 and 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(8) Related-party and party-in-interest transactions

Plan investments are units of money market fund, pooled separate accounts and an insurance contract managed by Voya and, therefore, these transactions qualify as party-in-interest transactions under ERISA. The plan also holds participant notes receivable, which also qualify as party-in-interest transactions. As described in Note 1, the Plan paid expenses to various service providers which also qualify as party-in-interest transactions.

(9) Reconciliation of financial statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2019 and 2018:

	2019	2018
Net assets available for benefits per the financial statements	$ 12,439,199	$ 10,010,151
Excess contributions payable	52,181	-
Deemed distributions	-	(16,031)
Participant contribution receivables	101	-
Net assets available for benefits per the Form 5500	$ 12,491,481	$ 9,994,120

The following is a reconciliation of the change in net assets available for benefits per the financial statements to the Form 5500 for the years ended December 31, 2019 and 2018:

	2019	2018
Change in net assets available for benefits per the financial statements	$ 2,429,048	$ (1,103,326)
Change in accounts payable	52,181	892
Change in deemed distributions	16,031	(16,031)
Change in contribution receivable	101	-
Change in net assets available for benefits per the Form 5500	$ 2,497,361	$ (1,118,465)

(10) Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

(11) Subsequent event

During 2020, the Plan has implemented certain provisions allowed by the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) and the Setting Every Community Up for Retirement Enhancement Act of 2019 (the SECURE Act), which change the Plan to allow loan repayments be deferred up to one year, suspend required minimum distributions, and delay the commencement date for required minimum distributions. Other optional features within these acts are currently being assessed but have not been implemented to date. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance.
