IMI MANAGEMENT, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2019

NOTE A. DESCRIPTION OF PLAN

The following description of the IMI Management, Inc. ("Company") 401(K) Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan covering all employees of the Company except the following: those covered by a collective bargaining unit, non-resident aliens, reclassified employees, or leased employees. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Trustees oversees governance of the Plan. The Plan's Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Plan's Board of Trustees.

Contributions – Each year, participants may contribute up to the maximum amount allowed by law. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and money markets as investment options for participants. Contributions are automatically invested according to plan policies until changed by the participant. The Company may make discretionary matching contributions. These contributions will only apply to employees who are currently making deferral contributions and will not exceed 4% of the employee's eligible compensation. The Company may also make Safe Harbor Nonelective Employer Contributions. These contributions will be made to eligible participants regardless of actual participation. A Safe Harbor amount of at least 3% will contributed for the Safe Harbor Nonelective Employer Contributions.

Participant Accounts – Each participant's account is credited with the participant's contribution and allocations of (a) the Company's matching contribution and, (b) Plan earnings (losses). Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are immediately vested in their rollover contributions, qualified nonelective contributions, deferral contributions, safe harbor nonelective employer contributions plus actual earnings thereon. Vesting in the Company's matching contribution and nonelective contributions and any earnings thereon will be vested with the following schedule:

Years of Service	Vesting Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Forfeited Accounts – At December 31, 2019 and 2018, forfeited nonvested accounts totaled $29,934 and $10,012 respectively. These accounts were used to reduce employer contributions in the following plan year in the amounts of $10,012 and $52,851 respectively.

NOTE A. DESCRIPTION OF PLAN (Cont'd)

Notes Receivable from Participants – Participants' may borrow from their fund accounts a minimum of $1,000 up to a maximum of the lesser of $50,000 or 50% of their vested account balance. No more than 2 loans may be existing at one time. Interest shall be charged at a rate based on the prevailing interest rate charged by persons in the business of lending money. Loans must be repaid in level payments through after-tax payroll deductions over a period of years not to exceed 5 years. If the loan is to be used for the purchase of a primary residence, the loan repayment may be extended to a 20 year period.

Payment of Benefits – On termination of service, a participant may elect to receive a lump sum distribution as soon as is administratively feasible. At December 31, 2019 and 2018, the plan held $136,561 and $0 of benefits allocated to members who had withdrawn from the Plan. Any remaining loan balances outstanding at the time of termination are treated as a taxable distribution from the plan.

NOTE B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Date of Management's Review – Subsequent events were evaluated through October 14, 2020, which is the date the financial statements were available to be issued.

Estimates – The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance. Interest income is recorded on the cash basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2019 and 2018, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Basis of Accounting – The financial statements of the plan are prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Investment Committee determines the Plan's valuation policies. See Note F for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Excess Contributions Payable - There were no excess contributions for the years ending December 31, 2019 and 2018.

Payment of Benefits – Benefits are recorded when paid.

Operating Expenses – Certain expenses related to the Plan are paid by the Company and are therefore excluded from these financial statements. Investment related expenses are included in net appreciation in fair value of investments.

NOTE C. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE D. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE E. RELATED PARTY AND PARTIES IN INTEREST TRANSACTIONS

The plan participated in the following Parties in Interest Transactions:

Name	Transaction	Amount 2019	Amount 2018
ICON Mechanical Construction and Engineering, LLC	Participating Employer	Contributions of $206,598	Contributions of $801,640

NOTE F. FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to measure the fair value of certain financial instruments could result in a different fair value at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority,

NOTE F. FAIR VALUE MEASUREMENTS (Cont'd)

Level 2 inputs are quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets in markets that are not active; and inputs other than quoted prices, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No Level 2 or Level 3 inputs were available to the Plan.

Level 1 Fair Value Measurements – The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end.

NOTE I. TAX STATUS

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2017.

NOTE J. ADOPTION OF FASB ASU 2015-12

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit –Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient.* Part I is not applicable to the Plan. Part II eliminates the requirements to disclose individual investments that represent 5% or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III is not applicable to the Plan. The ASU is effective for fiscal years beginning after December 15, 2015.

NOTE K. SUBSEQUENT EVENT

Subsequent to December 31, 2019, local, U.S., and world governments have encouraged self-isolation to curtail the spread of the global pandemic, coronavirus disease (COVID-19), by mandating temporary work stoppage in many sectors and imposing limitations on travel and size and duration of group meetings. Most industries are experiencing disruption to business operations and the impact of reduced consumer spending. There is unprecedented uncertainty surrounding the duration of the pandemic, its potential economic ramifications, and any government actions to mitigate them. Accordingly, while management cannot quantify the financial and other impact to the Plan as of December 31, 2019, management believes that a material impact on the Plan's financial position and results of future operations is reasonably possible.
