Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by John Hancock Life Insurance Company, the custodian of the plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the custodian holds the plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the custodian as of and for the year ended December 31, 2019, that the information provided to the Plan administrator by the custodian is complete and accurate.

Note 1—Description of plan

D.A. Schoggin, Inc. dba Techlight 401(k) P/S Retirement Plan (the "Plan") is a defined contribution plan covering eligible employees of D.A. Schoggin, Inc. dba Techlight (the "Plan Sponsor" or the "Plan Administrator"). The following description of the Plan provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution profit-sharing plan covering substantially all employees of the Plan Sponsor who have completed one year of service and are at least 21 years of age. Certain classes of employees as defined by the Plan are excluded from participating in the Plan. The Plan became effective January 1, 1998 and was amended and restated as of January 1, 2015. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Participant Contributions – Each year, participants may contribute up to 100% of their eligible compensation subject to certain Internal Revenue Code (the "IRC") limitations or the maximum amount allowed by law ($19,000 for 2019) of pretax annual compensation, as defined in the Plan. Participants may designate some or all of their contributions as Roth deferrals. This Plan also allows for catch-up contributions for participants at least 50 years of age, ($6,000 for 2019) of pretax annual compensation. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan.

Employer Contributions – The Plan Sponsor will make a safe harbor matching contribution equal to 100% of a participant's elective deferrals up to 5% of the participant's eligible earnings, as defined in the plan document. Additionally, the Plan allows the Plan Sponsor to make non-safe harbor matching, qualified non-elective, and profit-sharing contributions, although the Plan Sponsor is not required to do so. No non-safe harbor matching, qualified non-elective, or profit-sharing contributions were made by the Plan Sponsor during 2019. Contributions are subject to certain IRS limitations.

Participant Accounts – Each participant's account is credited with the participant's contributions and allocations of (a) the Plan Sponsor's contributions and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants – Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of $50,000 or 50% of their vested account balance adjusted for certain loan amounts, whichever is less. The notes receivable are secured by the balance in the participant's account and bear interest at the prime rate plus 1%. Interest rates ranged from 4.25% to 6.50% in 2019. All notes must be repaid within a specified period of time, not to exceed five years, except those that are used for the purchase of a principal residence, in which case the term of the loan may be extended up to 20 years. In most cases, repayment of the note will be made through after-tax payroll deductions. Participants may have up to two active loans at one time. If a participant defaults on the loan, the outstanding loan balance plus accumulated interest is deemed a distribution and reported as income to the participant, subject to early withdrawal penalty.

Vesting – Participants are immediately vested in their contributions plus actual earnings thereon, as well as the safe harbor matching contributions and the qualified non-elective contribution made by the Plan Sponsor.

Note 1—Description of plan (continued)

Vesting in the Plan Sponsor's discretionary non-safe harbor matching and profit-sharing contributions is based on a participant's years of vesting service. A participant is 100% vested after six years of credited service as summarized as follows:

Years of Service	Vested Percentage
Less than 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years or more	100%

Payment of Benefits – Benefits become available to participants on the earliest of five events: (1) termination of employment, (2) death of the participant (benefits are payable to the participants spouse or beneficiary), (3) upon the participant's retirement, (4) financial hardship, or (5) disability. Benefits are payable as lump sums or rollover distributions.

Terminating employees with vested account balances (including rollovers) below $1,000 will automatically be paid out.

If the participant is terminated and the vested balance exceeds $1,000, but is less than $5,000, the Plan Sponsor will direct the balance to be paid. If the participant has not provided distribution instructions, the balance will be distributed to an individual retirement account established in the participant's name.

If the participant's vested account balance exceeds $5,000, the participant's benefits will not be distributed until the participant requests payment from the Plan administrator. The benefits can be left in the Plan until the participant retires. However, the participant is required to begin taking minimum distributions no later than April 1 of the calendar year following the calendar year the participant turns 70½ (72 after January 1, 2020) or terminates employment, whichever is later.

Distributions During Employment – As a general rule, participant's contributions will remain in the Plan as long as the participant remains employed by the Plan Sponsor. The Plan allows for in-service withdrawals at age 59½ and for certain immediate and heavy financial needs (hardship) as defined by the Plan document. The following are the only financial needs considered immediate and heavy:

- Medical expenses,
- Purchase of a principal residence,
- Amounts to prevent the eviction from or foreclosure on the participant's principal residence,
- Post-secondary education for participant or their dependents,
- Payments for burial or funeral expenses for a participant's parent, spouse, children, or other dependents or
- Expenses for repair to primary residence which qualify for the casualty deduction under the IRC.

Withdrawals in such circumstances are only allowed if all other withdrawals or loans available to the participant have been taken.

Forfeited Accounts – At December 31, 2019 and 2018, there were no forfeited non-vested accounts. Forfeited accounts may be used to reduce future Plan administrative expenses and employer contributions. In 2019, no forfeited non-vested account balances were utilized to reduce Plan employer contributions.

Note 2—Summary of significant accounting policies

Basis of Accounting – The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of ("U.S. GAAP").

Use of Estimates – The preparation of financial statements in conformity with U.S. GAAP requires the *Plan* administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Risks and Uncertainties – The Plan provides for investments in various investment securities, which, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the financial statements and supplemental schedule.

Income Recognition – The Plan presents in the statement of changes in net assets available for benefits the net appreciation or depreciation in the fair value of its investments, which consists of realized gains or losses and the unrealized appreciation or depreciation on those investments. Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Investment Valuation – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Benefit responsive investment contracts are presented at contract value (which represent contributions made under the contract, plus interest less withdrawals and administration expenses). While, the stable value collective trust fund itself is considered to be fully benefit-responsive, the overall group annuity contract under which all Plan investments are made, is not considered to be fully benefit-responsive. Accordingly, the stable value collective trust fund is carried at fair value on the statement of net assets available for benefits.

Certified Investments – Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2019 and 2018, and net appreciation or depreciation in fair value of investments, interest on notes receivable from participants for the year ended December 31, 2019, was obtained or derived from information supplied to the Plan Sponsor and certified as complete and accurate by the custodian.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. Delinquent participant loans are classified as distributions based upon the terms of the Plan document. For the year ended December 31, 2019, $7,432 was recorded as interest income on notes receivable from participants.

Payment of Benefits – Benefits are recorded when paid.

Administrative Expenses – Administrative expenses of the Plan are paid by either the Plan or the Plan Sponsor, as provided in the Plan document. Expenses paid by the Plan Sponsor are not reflected in the accompanying financial statements of the Plan.

Note 2—Summary of significant accounting policies (continued)

Income Tax – U.S. GAAP requires the Plan Sponsor to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2019, there were no uncertain tax positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2016.

Recently Issued Accounting Pronouncement – Plan management is not aware of any recently issued accounting pronouncements applicable to the Plan's financial statements.

Subsequent Events – The Plan has evaluated subsequent events through October 8, 2020, which is the date the financial statements were available to be issued.

On January 30, 2020, the World Health Organization ("WHO") announced a global health emergency stemming from a new strain of coronavirus that was spreading globally (the "COVID-19 outbreak"). On March 11, 2020, WHO classified the COVID-19 outbreak as a pandemic, triggering volatility in financial markets and a significant negative impact on the global economy. As a result, the Plan's investment portfolio has incurred a significant volatility in fair value since December 31, 2019. However, because the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, cannot be determined. The full impact of the COVID-19 outbreak continues to evolve as of the date of this report.

Note 3—Investments (unaudited)

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, John Hancock Life Insurance Company, the custodian of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

a. Investments and notes receivable from participants, as shown in the statements of net assets available for benefits, as of December 31, 2019 and 2018.

b. Interest on notes receivable from participants and net appreciation in fair value of investments, as shown in the statement of changes in net assets available for benefits, for the year ended December 31, 2019.

c. The schedule of assets (held at end of year) as of December 31, 2019, as shown in the attached schedule at page 12.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Note 4—Fair value measurements

Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. The framework for measuring fair value provides a fair value hierarchy which requires classification based on observable and unobservable inputs when measuring fair value. The fair value hierarchy distinguishes between assumptions based on market data (observable inputs) and an entity's own assumptions (unobservable inputs).

The hierarchy consists of three levels:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access;

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets or quoted prices for identical or similar assets or liabilities in inactive markets; and

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following are descriptions of the valuation methodologies used for assets measured at fair value:

Separate Accounts – The Plan invests in pooled separate accounts for which quoted prices are not available in active markets for identical instruments. The Plan utilizes the net asset value ("NAV") per share, as determined by John Hancock Life Insurance Company, as a practical expedient to estimate fair value. Because quoted prices in active markets for identical assets are not available, these prices are determined using observable market information such as quotes from less active markets and/or quotes prices of securities with similar characteristics.

Common Collective Trust – The Plan invests in a stable value collective trust fund for which quoted prices are not available in active markets for identical instruments. The Plan utilizes the NAV provided by the custodian as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV.

There have been no changes in the valuation methodologies used as of December 31, 2019. The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

There are no investments at either December 31, 2019 or 2018 that are required to be reported within the fair value hierarchy. In accordance with the Financial Accounting Standards Board Accounting Standards Codification Topic 820, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy

Note 4—Fair value measurements (continued)

The following tables set forth additional disclosures of the Plan's investments, whose fair value is estimated using net asset value per share (or its equivalent) as of December 31, 2019 and 2018. There are no participant redemption restrictions for these investments.

December 31, 2019	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Common collective trusts (a)	$ 117,650	$ -	Daily	None
Separate accounts (b)	3,798,264	-	Daily	None
Investments at fair value	$ 3,915,914	$ -		

December 31, 2018	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Common collective trusts (a)	$ 353,360	$ -	Daily	None
Separate accounts (b)	3,349,404	-	Daily	None
Investments at fair value	$ 3,702,764	$ -		

(a) This common collective trust (CCT) invests in the John Hancock Stable Value Fund Collective Investment Trust, the objective of which is capital preservation.

(b) These pooled separate accounts (PSAs) invest mainly in domestic stocks and international stocks, although some invest in single mutual funds or fixed securities, the objective of which is to provide the Plan's participants with an appropriate mix of investment opportunities with various risk and returns profiles.

In some cases, payment may be deferred under these investments, and may not necessarily redeem its units at full value in all cases. Participants should refer to the Plan's Group Annuity Contract, the John Hancock Stable Value Fund Declaration of Trust, the John Hancock Stable Value Fund Declaration Offering Memorandum, and the applicable Sub-accounts Annual Report for additional rights and restrictions.

Note 5—Nonparticipant-directed investments

The Plan's participants direct all investments. There are no non-participant directed investments as of December 31, 2019.

Note 6—Related party and party-in-interest transactions

Certain Plan investments are shares of units of common collective trusts or separate accounts managed by John Hancock Life Insurance Company U.S.A., the custodian of the Plan's assets. Accordingly, these transactions qualify as exempt party-in-interest transactions. In addition, the Company pays certain fees on behalf of the Plan for accounting services.

Note 7—Plan termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 8—Tax status

The Plan has not obtained a determination letter from IRS stating that the Plan was in compliance with the applicable requirements of the IRC. The Plan is relying on the IRS approval of the volume submitter plan that it is utilizing. The IRS has determined and informed the document sponsor by a letter dated March 31, 2014, that the volume submitter plan document was designed in accordance with applicable sections of the IRC. The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 9—Fidelity bond

The Plan was covered by a $500,000 fidelity bond during 2019.
