General: The Plan is a defined contribution plan sponsored by Curran Group, Inc. covering all nonseasonal, nonunion, and nonleased employees of Curran Group, Inc. and the related adopting companies (collectively, "the Companies"), as defined in the Plan's literature. Employees are eligible for the salary deferral and matching contribution portion of the Plan and may become participants upon the completion of three months of service. Employees are eligible to participate in the profit sharing portion of the Plan upon completion of one year of service, as defined by the plan document. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan is administered by the Company's Investment Committee. The Investment Committee has overall responsibility for the operation and administration of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and report to the Company's Board of Directors.

Contributions: Each year, participants may contribute up to an amount not to exceed a dollar limit which is set by the Internal Revenue Service (IRS). Participants who will attain age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate. Automatically enrolled participants have their deferral rate set at 4% of eligible compensation, as defined in the Plan's literature. Effective July 1, 2019, the Plan was amended to provide a 5% auto-enrolled deferral rate for all eligible participants deferring less than 5% of Plan compensation on July 1, 2019, unless the participant makes an affirmative election to opt out of the automatic deferral feature. The Companies make matching contributions equal to 50% of the participant's before-tax contributions. The matching percentage is only applied to before-tax contributions that do not exceed 4% of the participant's compensation as defined by the Plan. The total matching contribution was approximately $2,576,800 for the year ended December 31, 2019. The Companies may, at their discretion, also make profit sharing contributions to the Plan. For the year ended December 31, 2019, the profit sharing contribution was approximately $6,952,000. Contributions are subject to certain IRS limitations.

Participant accounts: Each participant's account is credited with the participant's contributions, applicable Companies matching contributions and allocations of (a) the Companies discretionary contributions, if any, and (b) plan earnings, and is charged with an allocation of administrative expenses and applicable loan fees. Allocations are based on participant earnings or account balances, as defined in the plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of continuous service. A participant becomes 20% vested after two years of service and receives an additional 20% vesting for each year of credited service, thereafter. In the event of death, disability or retirement at designated ages, participants become fully vested.

Investment options: Upon enrollment in the Plan, participants may direct their account balances in a variety of investment options, as more fully described in the Plan's literature. Participants have the option to transfer monies between investments and change their investment options daily.

Note 1. Plan Description (Continued)

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of the participant contributions, vested Companies matching contributions, and rollover contributions. Note terms are up to 5 years, or up to 15 years for the purchase of a primary residence. The notes are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan Administrator at the time the note is made. Principal and interest payments are required and are paid ratably through payroll deductions.

Payment of benefits: On termination of service for any reason, a participant will be eligible to receive a lump-sum amount equal to the participant's vested account balance. In-service distributions are allowed from amounts rolled over into the Plan. Participants are allowed to take financial hardship distributions for a minimum amount of $1,000.

Forfeited accounts: At December 31, 2019 and 2018, forfeited nonvested accounts totaled approximately $597,800 and $627,600, respectively. These accounts are used to reduce future Companies contributions. In 2019, the Companies contributions and expenses were reduced by approximately $632,700 from forfeited nonvested accounts.

Note 2. Significant Accounting Policies

Basis of accounting: The accompanying financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on an accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Other income: The Plan may receive revenue sharing payments from mutual funds in which the Plan's assets are invested. The recordkeeping services agreement between the Plan and OneAmerica Retirement Services, LLC (OneAmerica) provides that to the extent revenue sharing payments received by the Plan exceed administrative fees charged to the Plan, the excess will be credited to the Plan and used to pay expenses of the Plan or allocated to participants based upon the market value the participant holds in each respective fund on the date of the allocation. For 2019, approximately $107,000 was earned by the Plan under this agreement. As of December 31, 2019 and 2018, the balance in the suspense account which holds these revenue sharing payments amounted to approximately $63,200 and $169,100, respectively, all of which is available to pay future administrative expenses or to allocate to participants. There was approximately $215,400 used to reduce administrative expenses or allocated to participants during the year ended December 31, 2019.

Note 2. Significant Accounting Policies (Continued)

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the plan document.

Payment of benefits: Benefits paid directly to participants are recorded when paid.

Administrative expenses: Certain expenses of maintaining the Plan are paid directly by the Companies and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefit payments are charged directly to the participant's account.

Subsequent events: The Plan's management has evaluated subsequent events through October 14, 2020, the date on which the financial statements were available to be issued.

Note 3. Information Certified or Provided by BMO Harris Bank N.A. (BMO), the Plan Trustee

The following is a summary of the Plan's asset information as of December 31, 2019 and 2018 and for the year ended December 31, 2019, included throughout the Plan's financial statements and supplemental schedules that were prepared by or derived from information provided by the trustee, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee, related to the following assets, is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and the supplemental schedules related to the following assets:

	December 31,	
	2019	2018
Shares of registered investment companies, at fair value	$ 192,499,637	$ 159,908,999
Units of collective investment trust, at fair value	9,151,786	9,018,711
Notes receivable from participants	4,227,057	4,200,635
Accrued interest and dividends	46,214	43,918

BMO also certified to the completeness and accuracy of $31,741,399 of net appreciation in fair value of investments, $4,116,818 of interest and dividends on investments and $193,329 of interest income on notes receivable from participants related to the aforementioned Plan assets for the year ended December 31, 2019.

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques used maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under FASB Accounting Standards Codification (ASC) 820 are described below:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include: • Quoted prices for similar assets or liabilities in active markets; • Quoted prices for identical or similar assets or liabilities in inactive markets; • Inputs other than quoted prices that are observable for the asset or liability; • Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Shares of registered investment companies: Shares are valued at the daily closing price as reported by the fund. Funds held by the Plan are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The funds held by the Plan are deemed to be actively traded.

Units of collective investment trust: The Plan's collective investment trust is composed primarily of fully benefit-responsive investment contracts and is valued based on the NAV per unit of the collective investment trust. The NAV, as provided by the trustee, is used as a practical expedient to estimating fair value. The NAV is based upon the fair value of the underlying investments comprising the trust less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

Note 4. Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets measured at fair value as of December 31, 2019 and 2018. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

	2019			
	Level 1	Level 2	Level 3	Total
Shares of registered investment companies	$ 192,499,637	$ -	$ -	$ 192,499,637
Investments measured using net asset value per share practical expedient (a)				9,151,786
Investment measured at fair value				$ 201,651,423

	2018			
	Level 1	Level 2	Level 3	Total
Shares of registered investment companies	$ 159,908,999	$ -	$ -	$ 159,908,999
Investments measured using net asset value per share practical expedient (a)				9,018,711
Investment measured at fair value				$ 168,927,710

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of assets available for benefits.

Changes in fair value levels:

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. Plan management evaluates the significance of the transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2019, there were no transfers in or out of Level 3.

Note 4. Fair Value Measurements (Continued)

Investments measured using the net asset value per share practical expedient:

The following table summarizes investments measured at fair value based on the NAV per share practical expedient as of December 31, 2019 and 2018. There are no participant redemption restrictions for these investments. The redemption notice period is applicable only to the Plan.

	Fair Value		Unfunded	Redemption	Redemption
	2019	2018	Commitment	Frequency	Notice Period
Units of collective investment trust	$ 9,151,786	$ 9,018,711	-	Immediate	12 months

Note 5. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 6. Related Party and Party-In-Interest Transactions

Certain Plan investments are shares of registered investment companies managed by BMO Mutual Funds, an affiliate of BMO, and a collective investment trust managed by BMO. BMO is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. OneAmerica provides recordkeeping services to the Plan and therefore, qualifies as a party-in-interest. Fees paid to OneAmerica were approximately $248,000 for the year ended December 31, 2019. There were no fees paid directly to the trustee from the Plan.

Certain administrative functions are performed by officers or employees of the Companies for which no compensation is received from the Plan.

Note 7. Plan Termination

Although they have not expressed any intent to do so, the Companies have the right under the Plan to discontinue their contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become fully vested in their accounts.

Note 8. Income Tax Status

The Plan has adopted a volume submitter plan sponsored by OneAmerica Financial Partners, Inc. The volume submitter plan has received an advisory letter from the IRS as to the volume submitter plan's qualified status. The volume submitter plan advisory letter has been relied upon by the Plan. The Plan has been amended since the volume submitter plan received the advisory letter. However, the Plan Administrator believes the Plan is designed and is being currently operated in compliance with the applicable provisions of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress.

Note 9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 at December 31, 2019 and 2018:

	2019	2018
Net assets available for benefits per the financial statements	$ 212,983,290	$ 177,938,342
Difference in:		
Participant loans	4,227,057	4,200,635
Notes receivable from participants	(4,227,057)	(4,200,635)
Net assets available for benefits per the Form 5500	$ 212,983,290	$ 177,938,342

Note 10. Prohibited Transactions

During 2019 and 2018, the Plan sponsor inadvertently failed to deposit approximately $140,000 and $54,800, respectively, of participant's contributions and loan repayments within the required timeframe as stated by the United States Department of Labor regulations. The Plan Sponsor reimbursed the Plan for lost earnings to correct this failure in 2019 and 2018, respectively. The Plan sponsor filed Form 5330 and paid applicable excise tax in 2019 and 2018, respectively. The correction and any excise tax payments were made from the Plan Sponsor's assets and not from assets of the Plan.

Note 11. Subsequent Events

On January 30, 2020, the World Health Organization declared the coronavirus outbreak a "Public Health Emergency of International Concern" and on March 11, 2020, declared it to be a pandemic. Actions taken around the world to help mitigate the spread of the coronavirus include restrictions on travel, and quarantines in certain areas, and forced closures for certain types of public places and businesses. The coronavirus and actions taken to mitigate the spread of it have had and are expected to continue to have an adverse impact on the economies and financial markets of many countries, including the geographical area in which the Plan sponsor operates.

It is unknown how long the adverse conditions associated with the coronavirus will last and what the complete financial effect will be to the Plan. The Plan's investments have experienced significant changes in fair values because of volatility in the market in 2020 due to the uncertainty caused by the pandemic.

Additionally, it is reasonably possible that estimates made in the financial statements have been, or will be, materially and adversely impacted in the near term as a result of these conditions, including those related to investment valuations.

On March 27, 2020, the *Coronavirus Aid, Relief, and Economic Security Act* (CARES Act) was enacted to amongst other provisions, provide emergency assistance for individuals, families and businesses affected by the coronavirus pandemic. The CARES Act also provides for certain optional relief measures that can be adopted by qualified retirement plans including increased levels of participant loans for affected individuals for a limited time, and distributions with special tax treatment for affected individuals. Plans must also allow participants who are affected by the coronavirus to suspend loan payments through December 31, 2020, and required minimum distributions for participants over 70 ½ can be omitted for 2020.
