Notes to Financial Statements

Note 1: DESCRIPTION OF THE PLAN

The following description of the East West Manufacturing, LLC 401(k) Profit Sharing Plan and Trust (the Plan) provides only general information. Refer to Plan documents for a more complete description of Plan provisions.

General

The Plan is a defined contribution plan, effective June 18, 2008, covering all employees of East West Manufacturing, LLC (the Company or Plan Sponsor) except interns and employees covered by a collective bargaining agreement. The Plan is subject to the provisions of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA). The Plan's 401k Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Some administrative functions are performed by employees of the Company. No compensation is remitted to the Company for these services.

Beginning July 1, 2019, plan assets are held and managed by Fidelity Management Trust Company (Fidelity or Trustee). Prior to that, plan assets were held and managed by Reliance Trust Company (Reliance). The trustees invested contributions and Plan earnings, made investment transactions as directed by the 401k Committee. Beginning July 1, 2019, Fidelity and prior to July 1, 2019, ADP, act as the third-party administrator for the Plan, performing certain plan administration, recordkeeping, and annual ERISA compliance testing.

Eligibility

Employees may become a participant of the Plan when they have reached three months of service and are age twenty-one or older. An eligible employee may enter the Plan on the first day of each month after all entry requirements have been met.

Contributions

Participants may contribute up to 90 percent (%) of their annual compensation, as defined in the Plan, as pre-tax and/or Roth after-tax contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan includes an auto-enrollment provision whereby all newly eligible employees and employees who were hired on or after October 1, 2016 and are without a deferral election are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 2% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. The Company matches 50% of the first 6% of base compensation that a participant contributes to the Plan. Additional profit sharing amounts may be contributed at the option of the Company's board of directors. During the year ended December 31, 2019, the Company did not make a profit sharing contribution. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (i.e. rollover contributions). Participants direct the investment of their contributions into various investment options offered by the Plan. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

East West Manufacturing, LLC 401(k) Profit Sharing Plan and Trust

Notes to Financial Statements

Note 1: DESCRIPTION OF THE PLAN (Continued)

Participant Accounts

Each participant's account is credited with the participant's contributions and Company's matching contributions, as well as allocations of the Company's profit sharing contributions, if any, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon.

Vesting in the Company's matching contribution portion of their account plus actual earnings thereon is as follows:

Years of Service	Vesting Percentage
1	20%
2	40%
3	60%
4	80%
5	100%

Vesting in the Company's discretionary matching contribution portion of their account plus actual earnings thereon is as follows:

Years of Service	Vesting Percentage
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Notes Receivable from Participants

Participants may borrow from their fund accounts up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account. The interest rate on all outstanding loans ranged from 3.25% to 7.50% as of December 31, 2019. Principal and interest is paid ratably through monthly payroll deductions.

Benefit Payments

Upon termination of employment or attaining the age of 59½, a participant may elect to receive an amount equal to the value of the vested interest in his/her account in a lump sum amount. The trustee will distribute in a lump sum, the vested account balance as soon as administratively possible, if the vested balance is less than \$1,000. Vested balances between \$1,000 and \$5,000 will be distributed in a lump sum or rolled over to an IRA. Vested balances greater than \$5,000 will be distributed in a lump sum.

East West Manufacturing, LLC 401(k) Profit Sharing Plan and Trust

Notes to Financial Statements

Note 1: DESCRIPTION OF THE PLAN (Continued)

Benefit Payments (continued)

In-service withdrawals, prior to attaining age 59½, are not permitted except in the event of death, disability, or as a hardship distribution.

Forfeitures

At December 31, 2019 and 2018, forfeited nonvested accounts totaled \$3,167 and \$335, respectively. These accounts will be used to reduce future employer contributions and Plan expenses. In 2019, no forfeitures were used to reduce employer contributions or plan expenses.

Hardship Withdrawals

As permitted by the Internal Revenue Code (IRC), a participant may request a financial hardship withdrawal if they experience a severe financial hardship. The participant must meet the condition that they cannot relieve the amount of the need by stopping the elective contributions to the Plan. The financial hardship withdrawal may not exceed the amount of the financial hardship or the value of the vested portion of the participant's balance, whichever is less.

Transfers In

During 2019, the Company acquired two companies whose plans assets totaling \$5,112,473 were transferred into the Plan.

Note 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP). The Financial Accounting Standards Board (FASB) provides authoritative guidance regarding U.S. GAAP through the Accounting Standards Codification (ASC) and related Accounting Standards Updates (ASUs).

Use of Estimates

The preparation of U.S. GAAP financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments generally are reported at fair value, but may also be reported at contract value or net asset value (NAV). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for further discussion of fair value measurements, contract value, and NAV.

The Plan's 401k Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company.

East West Manufacturing, LLC 401(k) Profit Sharing Plan and Trust

Notes to Financial Statements

Note 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition (continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Defaulted notes receivable from participants are recorded as distributions based on the terms of the Plan document. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 or 2018.

Excess Contribution Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2019 excess contributions to the applicable participants before March 15, 2020.

Payment of Benefits

Distributions to participants are recorded when paid.

Expenses

Expenses attributable to the general Plan administration were paid by the Plan and allocated among the accounts of all participants, in proportion to their account balances, unless paid by the Employer. During the year ended December 31, 2019, expenses of \$26,308 were paid by the Plan and allocated to participant accounts.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in value of investment securities will occur in the near term and that these changes could materially affect amounts reported in the Plan's financial statements.

Subsequent Events

Management has evaluated subsequent events through the date that the financial statements were available to be issued, October 14, 2020. See Note 9 for relevant disclosure.

East West Manufacturing, LLC 401(k) Profit Sharing Plan and Trust

Notes to Financial Statements

Note 3: INFORMATION CERTIFIED BY THE TRUSTEE (UNAUDITED)

The Plan Administrator has elected the method of compliance, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. The following financial information included in the Plan's financial statements has been derived from information certified to be complete and accurate by the Trustee under such regulation:

- a. Total investments at fair value included in the statements of net assets available for benefits at December 31, 2019 and 2018.
- b. Notes receivable from participants included in the statements of net assets available for benefits at December 31, 2019.
- c. Investment income information included in the statements of changes in net assets available for benefits for the years ended December 31, 2019.
- d. Interest income on notes receivable from participants' information included in the statement of changes in net assets available for benefits for the years ended December 31, 2019.
- e. All amounts included in Note 4, *Fair Value Measurements (Unaudited)*.
- f. All information included in the supplemental schedule of assets (held at end of year) as of December 31, 2019.

Note 4: FAIR VALUE MEASUREMENTS (UNAUDITED)

Fair value is the exchange price that would be received for an asset or paid to transfer a liability (exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. There are three levels of inputs that may be used to measure fair values:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the entity has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices, such as:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs, other than quoted prices, that are:
 - observable; or
 - can be corroborated by observable market data.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

East West Manufacturing, LLC 401(k) Profit Sharing Plan and Trust

Notes to Financial Statements

Note 4: FAIR VALUE MEASUREMENTS (UNAUDITED) (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trusts (CCTs): The Plan's CCTs are valued based on NAV per share or unit as a practical expedient as reported by the fund manager, multiplied by the number of shares or units held as of the measurement date. Accordingly, these NAV based investments have been excluded from the fair value hierarchy leveling.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan Administrator believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in different fair value measurements at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019:

Description	Quoted Prices in Active Markets for Identical Assets Level 1	Significant Other Observable Inputs Level 2	Significant Unobservable Inputs Level 3	Total
December 31, 2019				
Mutual funds	\$ 10,160,466	\$ -	\$ -	\$ 10,160,466
Common collective trusts ^(A)				33,560

^(A) Investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Statement of Net Assets Available for Benefits

Changes in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

Management evaluated the significance of transfer between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2019, there were no significant transfers in or out of Levels 1, 2 or 3.

Fair Value of Investments that Calculate Net Asset Value

The following table summarizes information related to the CCTs measured at fair value based on NAV per share as of December 31, 2019 and 2018, respectively. The CCTs are maintained by investment companies and hold investments in accordance with a stated set of fund objectives.

Notes to Financial Statements

Note 5: TAX STATUS

Effective July 1, 2019, the Plan adopted the Fidelity Volume Submitter Defined Contribution Plan document which received an opinion letter from the IRS dated March 31, 2014, which states the volume submitter plan document satisfies the applicable provisions of the IRC. The Plan Administrator has determined that it is eligible to and has chosen to rely on the current opinion letter. The volume submitter plan document has been amended since receiving the opinion letter. However, the Plan's administrator believes that the Plan is currently designed and being operated in accordance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Tax positions are recognized only if it is "more likely than not" that the tax position be sustained in a tax examination, with a tax examination being presumed to occur. The amount recognized is the largest amount that is greater than 50% likely of being realized on examination. For tax positions not meeting the "more likely than not" test, no tax position is recorded. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6: PARTIES-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Fidelity. Fidelity is the Trustee and custodian for the Plan and, therefore, these transactions qualify as party-in-interest transactions.

Note 7: PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 8: PLAN COMPLIANCE

The Company determined that certain participant contributions and loan repayments had not been remitted to the Plan in a timely manner, according to Department of Labor regulations. Although these remittances were made, they fell outside the normal processing time the Company allows. Lost earnings on these delinquent deposits are in the process of being remitted into the Plan.

The Company has also determined that the Plan failed to comply with various ERISA and IRS regulations. The Company is currently in the process of remediating and correcting these various compliance matters.

Note 9: SUBSEQUENT EVENTS

Subsequent events have been evaluated through October 14, 2020, which is the date that the financial statements were available to be issued. The following occurred:

In March 2020, the World Health Organization made the assessment that the outbreak of a novel coronavirus (COVID-19) can be characterized as a pandemic. As a result, uncertainties have arisen that may have a significant negative impact on the Plan. The occurrence and extent of such an impact will depend on future developments, including (i) the duration and spread of the virus, (ii) government quarantine measures, (iii) voluntary and precautionary restrictions on travel or meetings, (iv) the effects on the financial markets, and (v) the effects on the economy overall, all of which are uncertain.

Note 1: DESCRIPTION OF THE PLAN

The following description of the East West Manufacturing, LLC 401(k) Profit Sharing Plan and Trust (the Plan) provides only general information. Refer to Plan documents for a more complete description of Plan provisions.

General

The Plan is a defined contribution plan, effective June 18, 2008, covering all employees of East West Manufacturing, LLC (the Company or Plan Sponsor) except interns and employees covered by a collective bargaining agreement. The Plan is subject to the provisions of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA). The Plan's 401k Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Some administrative functions are performed by employees of the Company. No compensation is remitted to the Company for these services.

Beginning July 1, 2019, plan assets are held and managed by Fidelity Management Trust Company (Fidelity or Trustee). Prior to that, plan assets were held and managed by Reliance Trust Company (Reliance). The trustees invested contributions and Plan earnings, made investment transactions as directed by the 401k Committee. Beginning July 1, 2019, Fidelity and prior to July 1, 2019, ADP, act as the third-party administrator for the Plan, performing certain plan administration, recordkeeping, and annual ERISA compliance testing.

Eligibility

Employees may become a participant of the Plan when they have reached three months of service and are age twenty-one or older. An eligible employee may enter the Plan on the first day of each month after all entry requirements have been met.

Contributions

Participants may contribute up to 90 percent (%) of their annual compensation, as defined in the Plan, as pre-tax and/or Roth after-tax contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan includes an auto-enrollment provision whereby all newly eligible employees and employees who were hired on or after October 1, 2016 and are without a deferral election are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 2% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. The Company matches 50% of the first 6% of base compensation that a participant contributes to the Plan. Additional profit sharing amounts may be contributed at the option of the Company's board of directors. During the year ended December 31, 2019, the Company did not make a profit sharing contribution. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (i.e. rollover contributions). Participants direct the investment of their contributions into various investment options offered by the Plan. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Notes to Financial Statements

Note 1: DESCRIPTION OF THE PLAN (Continued)

Participant Accounts

Each participant's account is credited with the participant's contributions and Company's matching contributions, as well as allocations of the Company's profit sharing contributions, if any, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon.

Vesting in the Company's matching contribution portion of their account plus actual earnings thereon is as follows:

Years of Service	Vesting Percentage
1	20%
2	40%
3	60%
4	80%
5	100%

Vesting in the Company's discretionary matching contribution portion of their account plus actual earnings thereon is as follows:

Years of Service	Vesting Percentage
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Notes Receivable from Participants

Participants may borrow from their fund accounts up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account. The interest rate on all outstanding loans ranged from 3.25% to 7.50% as of December 31, 2019. Principal and interest is paid ratably through monthly payroll deductions.

Benefit Payments

Upon termination of employment or attaining the age of 59½, a participant may elect to receive an amount equal to the value of the vested interest in his/her account in a lump sum amount. The trustee will distribute in a lump sum, the vested account balance as soon as administratively possible, if the vested balance is less than \$1,000. Vested balances between \$1,000 and \$5,000 will be distributed in a lump sum or rolled over to an IRA. Vested balances greater than \$5,000 will be distributed in a lump sum.

East West Manufacturing, LLC 401(k) Profit Sharing Plan and Trust

Notes to Financial Statements

Note 1: DESCRIPTION OF THE PLAN (Continued)

Benefit Payments (continued)

In-service withdrawals, prior to attaining age 59½, are not permitted except in the event of death, disability, or as a hardship distribution.

Forfeitures

At December 31, 2019 and 2018, forfeited nonvested accounts totaled \$3,167 and \$335, respectively. These accounts will be used to reduce future employer contributions and Plan expenses. In 2019, no forfeitures were used to reduce employer contributions or plan expenses.

Hardship Withdrawals

As permitted by the Internal Revenue Code (IRC), a participant may request a financial hardship withdrawal if they experience a severe financial hardship. The participant must meet the condition that they cannot relieve the amount of the need by stopping the elective contributions to the Plan. The financial hardship withdrawal may not exceed the amount of the financial hardship or the value of the vested portion of the participant's balance, whichever is less.

Transfers In

During 2019, the Company acquired two companies whose plans assets totaling \$5,112,473 were transferred into the Plan.

Note 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP). The Financial Accounting Standards Board (FASB) provides authoritative guidance regarding U.S. GAAP through the Accounting Standards Codification (ASC) and related Accounting Standards Updates (ASUs).

Use of Estimates

The preparation of U.S. GAAP financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments generally are reported at fair value, but may also be reported at contract value or net asset value (NAV). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for further discussion of fair value measurements, contract value, and NAV.

The Plan's 401k Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company.

East West Manufacturing, LLC 401(k) Profit Sharing Plan and Trust

Notes to Financial Statements

Note 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition (continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Defaulted notes receivable from participants are recorded as distributions based on the terms of the Plan document. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 or 2018.

Excess Contribution Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2019 excess contributions to the applicable participants before March 15, 2020.

Payment of Benefits

Distributions to participants are recorded when paid.

Expenses

Expenses attributable to the general Plan administration were paid by the Plan and allocated among the accounts of all participants, in proportion to their account balances, unless paid by the Employer. During the year ended December 31, 2019, expenses of \$26,308 were paid by the Plan and allocated to participant accounts.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in value of investment securities will occur in the near term and that these changes could materially affect amounts reported in the Plan's financial statements.

Subsequent Events

Management has evaluated subsequent events through the date that the financial statements were available to be issued, October 14, 2020. See Note 9 for relevant disclosure.

East West Manufacturing, LLC 401(k) Profit Sharing Plan and Trust

Notes to Financial Statements

Note 3: INFORMATION CERTIFIED BY THE TRUSTEE (UNAUDITED)

The Plan Administrator has elected the method of compliance, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. The following financial information included in the Plan's financial statements has been derived from information certified to be complete and accurate by the Trustee under such regulation:

- a. Total investments at fair value included in the statements of net assets available for benefits at December 31, 2019 and 2018.
- b. Notes receivable from participants included in the statements of net assets available for benefits at December 31, 2019.
- c. Investment income information included in the statements of changes in net assets available for benefits for the years ended December 31, 2019.
- d. Interest income on notes receivable from participants' information included in the statement of changes in net assets available for benefits for the years ended December 31, 2019.
- e. All amounts included in Note 4, *Fair Value Measurements (Unaudited)*.
- f. All information included in the supplemental schedule of assets (held at end of year) as of December 31, 2019.

Note 4: FAIR VALUE MEASUREMENTS (UNAUDITED)

Fair value is the exchange price that would be received for an asset or paid to transfer a liability (exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. There are three levels of inputs that may be used to measure fair values:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the entity has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices, such as:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs, other than quoted prices, that are:
 - observable; or
 - can be corroborated by observable market data.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

East West Manufacturing, LLC 401(k) Profit Sharing Plan and Trust

Notes to Financial Statements

Note 4: FAIR VALUE MEASUREMENTS (UNAUDITED) (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trusts (CCTs): The Plan's CCTs are valued based on NAV per share or unit as a practical expedient as reported by the fund manager, multiplied by the number of shares or units held as of the measurement date. Accordingly, these NAV based investments have been excluded from the fair value hierarchy leveling.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan Administrator believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in different fair value measurements at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019:

Description	Quoted Prices in Active Markets for Identical Assets Level 1	Significant Other Observable Inputs Level 2	Significant Unobservable Inputs Level 3	Total
December 31, 2019				
Mutual funds	\$ 10,160,466	\$ -	\$ -	\$ 10,160,466
Common collective trusts ^(A)				33,560
Total investments at fair value				\$ 10,194,026

East West Manufacturing, LLC 401(k) Profit Sharing Plan and Trust

Notes to Financial Statements

Note 4: FAIR VALUE MEASUREMENTS (UNAUDITED) (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018:

Description	Quoted Prices in Active Markets for Identical Assets Level 1	Significant Other Observable Inputs Level 2	Significant Unobservable Inputs Level 3	Total
December 31, 2018				
Mutual funds	\$ 3,016,150	\$ -	\$ -	\$ 3,016,150
Common collective trusts ^(A)				6,201
Total investments at fair value				\$ 3,022,351

^(A) Investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Statement of Net Assets Available for Benefits

Changes in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

Management evaluated the significance of transfer between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2019, there were no significant transfers in or out of Levels 1, 2 or 3.

Fair Value of Investments that Calculate Net Asset Value

The following table summarizes information related to the CCTs measured at fair value based on NAV per share as of December 31, 2019 and 2018, respectively. The CCTs are maintained by investment companies and hold investments in accordance with a stated set of fund objectives.

Year-End	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period

Note 5: TAX STATUS

Effective July 1, 2019, the Plan adopted the Fidelity Volume Submitter Defined Contribution Plan document which received an opinion letter from the IRS dated March 31, 2014, which states the volume submitter plan document satisfies the applicable provisions of the IRC. The Plan Administrator has determined that it is eligible to and has chosen to rely on the current opinion letter. The volume submitter plan document has been amended since receiving the opinion letter. However, the Plan's administrator believes that the Plan is currently designed and being operated in accordance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Tax positions are recognized only if it is "more likely than not" that the tax position be sustained in a tax examination, with a tax examination being presumed to occur. The amount recognized is the largest amount that is greater than 50% likely of being realized on examination. For tax positions not meeting the "more likely than not" test, no tax position is recorded. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6: PARTIES-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Fidelity. Fidelity is the Trustee and custodian for the Plan and, therefore, these transactions qualify as party-in-interest transactions.

Note 7: PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 8: PLAN COMPLIANCE

The Company determined that certain participant contributions and loan repayments had not been remitted to the Plan in a timely manner, according to Department of Labor regulations. Although these remittances were made, they fell outside the normal processing time the Company allows. Lost earnings on these delinquent deposits are in the process of being remitted into the Plan.

The Company has also determined that the Plan failed to comply with various ERISA and IRS regulations. The Company is currently in the process of remediating and correcting these various compliance matters.
