MONTEREY MUSHROOMS, INC. TAX DEFERRED 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2019 AND 2018 (See Independent Auditors' Report)

NOTE 1 – DESCRIPTION OF PLAN

The following description of the Monterey Mushrooms, Inc. Tax Deferred 401(k) Plan ("the Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan that was established on August 1, 1989 by Monterey Mushrooms, Inc. ("the Company" or "Plan Administrator") covering all eligible employees of the Company and its affiliates as defined in the Plan agreement. Certain classes of employees as defined in the Plan agreement are excluded from plan participation. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

A Plan Committee ("the Committee") manages the operation and administration of the Plan, including the appropriateness of the Plan's investment offerings and investment performance. The Company has contracted with Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company, a member of the Principal Financial Group (collectively referred to as "Principal") to act as trustee, custodian, and record-keeper to process and maintain the records of participant data.

Contributions – Each year, participants may contribute an amount of eligible pre-tax annual compensation as defined in the Plan agreement, not to exceed the maximum statutory amount. The Plan allows for ROTH deferral contributions. Participants who are age 50 or older can elect to make catch-up contributions to the Plan, not to exceed the maximum statutory amount. Participants may also contribute amounts representing distributions from other qualified eligible plans.

The Plan allows for an employer discretionary matching contribution and/or an employer discretionary contribution subject to certain eligibility requirements. In 2019, the Company matched 21.5% of a participant's deferral up to a maximum of 6% of eligible compensation. The Company's matching contribution for 2019 was $299,327 which was a receivable as of December 31, 2019 and was paid in March 2020. In 2018, the Company matched 18% of a participant's deferral up to a maximum of 6% of eligible compensation. The Company's matching contribution for 2018 was $245,221 of which $245,023 was a receivable as of December 31, 2018 and was paid in March 2019. No employer discretionary contribution was made for 2019 and 2018.

In addition, the Plan allows for an employer discretionary contribution for the United Food and Commercial Workers of America, Local 5 ("UFCW5") union

employees subject to certain eligibility requirements. The Company made a discretionary contribution in the amount of $0.11 per hour worked per the terms of the contract and the total discretionary contribution for union employees for 2019 was $10,000 of which $5,933 was funded by forfeitures; $4,067 was a receivable as of December 31, 2019 and was paid in March 2020. The Company made a discretionary contribution in the amount of $0.105 per hour worked from October 23, 2017 which then increased to $0.110 per hour worked from October 24, 2018 per the terms of the contract and the total discretionary contribution for union employees for 2018 was $16,718 of which $2,938 was funded by forfeitures; $13,780 was a receivable as of December 31, 2018 and was paid in January 2019. On September 27, 2019, the Plan was amended to no longer allow UFCW5 union employees to participate in the Plan.

Participant Accounts – Each participant's account is credited with the participant's contribution, the employer discretionary matching contribution, an allocation of the employer discretionary contribution, plan earnings and losses, and plan fees as applicable to the Plan. Allocations of the discretionary contribution are based on participant compensation and allocations of the discretionary contribution to union employees is per the terms of the contract. Allocations of plan earnings and losses are based on individual participant investment choices. All contributions/investments are participant directed. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are 100% vested in their contributions and rollover amounts plus actual earnings thereon. Vesting in the discretionary matching contribution and discretionary contributions and earnings is based on years of credited service based on 20% per year beginning at the end of the first year with 100% vesting after five years of credited service. Participants become fully vested in the event of death, disability, retirement age, or plan termination.

Notes Receivable from Participants – Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of $50,000 or 50% of their vested account balance, whichever is less. The notes are secured by the balance in the participant's account and bear interest at rates which are commensurate with prevailing rates as determined by the Plan Administrator. Outstanding notes receivable from participants as of December 31, 2019 and 2018 carry interest rates which range from 4.25% to 6.50%. Principal and interest is paid ratably through payroll deductions. The notes must be repaid within a five-year period. The Plan Administrator establishes the specific terms and conditions of such notes.

Payment of Benefits – Upon the satisfaction of certain distributable events, participants or their beneficiaries may elect to receive their vested account balance and are paid in accordance with Plan provisions. Effective January 1, 2019, the Plan was amended for certain hardship distribution requirements to conform to the Bipartisan Budget Act of 2018. Participants should refer to Plan documents for specific changes made to the Plan.

Forfeited Accounts – Forfeited non-vested employer accounts may be used to pay plan expenses and/or offset employer contributions.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates – The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value (except for fully benefit-responsive investments which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Committee determines the Plan's valuation policies utilizing information provided by Principal. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 and 2018. Delinquent participant notes are recorded as distributions on the basis of the terms of the Plan agreement.

Excess Contributions Payable – Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") are recorded as a liability. As of December 31, 2019 and 2018, there were no material excess contributions payable.

Plan Expenses – In 2019, some plan fees were paid by the Company and these amounts are excluded from the Plan's financial statements. Investment/fund fees, certain participant transaction fees, investment advisory fees and plan administration fees were charged to participant accounts as applicable. The Plan receives revenue credits which is used to offset the Principal annual plan fees and recordkeeping fees.

Payment of Benefits – Benefits are recorded when paid.

Subsequent Events – The Plan has evaluated subsequent events through October 14, 2020, the date the financial statements were available to be issued.

NOTE 3 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 4 – CERTIFIED INFORMATION

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Principal has certified to the completeness and accuracy of:

- Investments and notes receivable from participants reflected on the accompanying Statements of Net Assets Available for Benefits as of December 31, 2019 and 2018.
- Interest, dividends, net appreciation in fair value of investments, and interest income on notes receivable from participants reflected on the accompanying Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2019.
- Investments reflected on the Schedule of Assets (Held at End of Year).

NOTE 5 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASU Subtopic 820-10 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs other than quoted prices include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective Investment Funds: The funds seek long-term growth of capital and current income, consistent with the investment strategy of a participant investing in the fund. These funds invest in various funds of Principal Funds, Inc. whose underlying investments are actively traded index funds and various securities. The unit value is calculated based on a compilation of primarily observable market information. The number of units of the fund that are outstanding on the calculation date is derived from observable purchases and redemption activity in the fund. The NAV is used as a practical expedient to estimate fair value for the funds. This practical expedient would not be used if it is determined to be probable that the funds will sell the investments for an amount different from the reported NAV. For the collective investment funds there are no unfunded commitments, the units can be redeemed daily, and there is no redemption notice period.

Pooled Separate Accounts: Valued on a unitized share basis based on the NAV of the underlying investments in the pooled separate account less operating expenses as applicable and as determined by Principal. The funds invest in various types of securities which are deemed actively traded. The unit value is calculated based on a compilation of primarily observable market information. The number of units of the fund that are outstanding on the calculation date is derived from observable purchases and redemption activity in the fund. The NAV is used as a practical expedient to estimate fair value for the funds. This practical expedient would not be used if it is determined to be probable that the funds will sell the investments for an amount different from the reported NAV. For the separate accounts there are no unfunded commitments, the units can be redeemed daily, and there is no redemption notice period.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018.

	Assets at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$17,088,034	$ -	$ -	$17,088,034
Total assets in the fair value hierarchy	17,088,034	-	-	17,088,034
Investments measured at NAV (a)	-	-	-	8,330,180
Investments at fair value	$17,088,034	$ -	$ -	$25,418,214

	Assets at Fair Value as of December 31, 2018			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$15,784,135	$ -	$ -	$15,784,135
Total assets in the fair value hierarchy	15,784,135	-	-	15,784,135
Investments measured at NAV (a)	-	-	-	5,796,942
Investments at fair value	$15,784,135	$ -	$ -	$21,581,077

(a) In accordance with FASB ASU Subtopic 820-10, certain investments that were measured at NAV (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

NOTE 6 – GUARANTEED FUND

The Principal Fixed Income Guaranteed Fund is valued at contract value as reported by Principal. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investments. The Principal Fixed Income Guaranteed Fund is considered fully benefit-responsive. As of December 31, 2019 and 2018, contract value equals fair value.

An employer-level liquidation or employer initiated transfer of the Plan's interest in the Fund will be subject to either a 12-month irrevocable advance notice or a 5% surrender charge, whichever the employer chooses. A 5% surrender charge will also apply if the cumulative percentage of participant transfers from the fund exceeds 20% of the Plan's interest in the contract during the 12 month period immediately preceding the employer-level surrender of the Plan's interest in the contract. If this scenario occurs, the surrender charge will be billed to the Company. Principal considers fair value equal to contract value unless an employer-level liquidation or employer-initiated transfer occurs. At this time, no events are probable of occurring that might limit the ability of the Plan to transact at contract value with Principal and that also would limit the ability of the Plan to transact at contract value with the participants.

NOTE 7 – PARTY-IN-INTEREST AND RELATED PARTY TRANSACTIONS

Plan investments are held by Principal, the trustee and custodian of the Plan. Any purchases and sales of these investments are performed in the open market at fair value or contract value. Plan related fees are paid to Principal and to an investment advisory firm. The Plan has other service providers. All these transactions while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

NOTE 8 – PLAN TERMINATION AND/OR MODIFICATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA.

NOTE 9 – TAX STATUS

Effective January 1, 2019, the Plan changed from a prototype plan to a volume submitter plan which received an opinion letter dated August 8, 2014 from the IRS. The Plan has been amended since, however, the Plan Administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believes the Plan is qualified, and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by various taxing authorities and government agencies. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 10 – SUBSEQUENT EVENTS

The COVID-19 outbreak in the United States has resulted in government mandated closures of nonessential businesses, directives aimed at restricting movement for residents of many states, and related financial market disruptions. The Plan Administrator is unable to quantify the potential effects of the pandemic on the financial status of the Plan.

The Plan Sponsor will evaluate and implement changes to the Plan under the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act") and the Setting Every Community Up for Retirement Enhancement Act of 2019 ("SECURE Act"). Participants should refer to Plan documents for any changes made to the Plan.
