FLAGSHIP TRADING CORP PROFIT SHARING AND 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2019 AND 2018

NOTE 1 – DESCRIPTION OF PLAN

The following brief description of the Flagship Trading Corp Profit Sharing and 401(K) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering substantially all full-time employees of Flagship Trading Corporation dba Manufacturers Wholesale Lumber Co., Troymill Manufacturing, Inc. dba Troymill Wood Products, Inc., CM Workforce Services, LLC, Appalachian Pallet & Precut, LLC and, Troymill Management, LLC (collectively, the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility: To be eligible to participate in the Plan, an employee must be 18 years of age or older, and have completed one year of service (including a minimum of 1,000 hours worked). Employees whose employment is covered by a collective bargaining agreement or who are leased employees are not eligible to participate in the Plan. Employees may enter the Plan on the first day of the quarter after meeting the age and service requirements.

Contributions: Participants may make voluntary pre-tax or after-tax (Roth) contributions, by means of a salary deferral agreement, of up to 100% of their compensation, subject to IRS limitations for the Plan year. Plan participants over the age of 50 are also permitted to make additional pre-tax and Roth catch-up contributions up to a maximum of \$6,000 in 2019. The Plan also permits rollover contributions from other qualified pre-tax retirement plans. Participants direct the investment of contributions into various investment options offered by the Plan.

The Company may make discretionary safe-harbor contributions and other discretionary qualified non-elective contributions. Discretionary contributions, if any, may be made for each Plan year in an amount determined by the Company and are allocated to each eligible employee who is employed on the last day of the Plan year and has at least 1,000 hours of service during the Plan year. Discretionary safe-harbor contributions are equal to 3% of Plan compensation for all eligible employees, subject to IRS limitations. Discretionary safe-harbor contributions made by the Company totaled \$198,373 and \$179,176 for the Plan years ended December 31, 2019 and 2018, respectively, of which \$198,216 and \$178,876 are included in receivables on the accompanying statements of net assets available for benefits and were subsequently collected in the following years. Other discretionary qualified non-elective contributions are limited to only non-highly compensated employees. There were no other discretionary qualified non-elective contributions during 2019.

Participant accounts: Each participant's account is credited with the participant's contribution and an allocation of (a) the Company's discretionary contributions, and (b) plan earnings, and is charged with an allocation of administrative expenses. Allocations are based on participant compensation or account balances as defined. The benefit to which a participant is entitled is the benefit that can be drawn from the participant's vested account at the time the loan is obtained.

Vesting: Participants are immediately vested in their voluntary contributions and in the Company's safe-harbor contributions, plus actual earnings thereon. Vesting in the Company's other discretionary non-elective contributions, if any, is based on years of continuous service with the Company.

<u>Years of Service</u>	<u>Vesting</u>
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Participant notes receivable: The Plan allows participants to obtain loans from the Plan. These loans are subject to the following general provisions: the maximum amount of loans outstanding is equal to the lesser of \$50,000 or 50% of the participant's account balance with a minimum of \$1,000, the term of any loan may not exceed five years unless the purpose of the loan is to purchase the participant's primary residence, and the loans are secured by the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the plan administrator. Principal and interest are paid ratably through payroll deductions.

If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the plan document.

Payment of benefits: Upon termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or to receive the amount by means of certain annuity options, as defined in the Plan. For termination of service due to other reasons, a participant can elect to receive the value of the vested interest in his or her account as a lump-sum distribution or in partial withdrawals. Lump-sum distributions are required if the vested balance is \$5,000 or less. Any account with vested balance greater than \$1,000, but less than \$5,000, will be automatically rolled into an IRA in a direct rollover if the participant has not reached the age of 65 and has not made an election to have the vested account paid in a lump sum or rolled into another qualified retirement plan. Any account with a vested balance less than \$1,000 will be automatically distributed directly to the participant. The Plan permits in-service withdrawals for participants who have attained age 59½. In the case of hardship, a participant may apply for a distribution described in the Plan agreement.

Forfeited accounts: Forfeitures of qualified non-elective contributions are to be used to reduce employer contributions and will be allocated to the participants' accounts in the same manner as contributions. There were no forfeitures during 2019.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of presentation: The financial statements are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Participant notes receivable: Participant notes receivable are recorded at their unpaid principal balance plus any accrued but unpaid interest.

Investment valuation and income recognition: Certain Plan investments are reported at fair value using methodologies described in Note 3. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians, and insurance company.

Purchases and sales of investments, including gains or losses, are recorded on a trade-date basis. Interest income is recorded when earned, and dividends are recorded on the ex-dividend date. Capital gain distributions are included in dividend income. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Benefit payments: Benefit payments to participants are recorded when paid.

Administrative expenses: Substantially all administrative expenses are paid by the Plan, unless otherwise paid for by the Company, and are included in the statement of changes in net assets available for benefits.

Subsequent events: In preparing these financial statements, management has evaluated events and transactions for potential recognition or disclosure through October 8, 2020, the date the financial statements were available to be issued.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy are described as follows:

Level 1 – inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – inputs to the valuation methodology include:

- a) Quoted prices for similar assets or liabilities in active markets;
- b) Quoted prices for identical or similar assets or liabilities in inactive markets;
- c) Inputs other than quoted prices that are observable for the asset or liability;
- d) Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

1. Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively-traded.
2. Investments measured at net asset value: Investments include the PNC Stable Value Fund Z, which is a common/collective trust fund. The common/collective trust fund is composed primarily of fully benefit-responsive investment contracts that are valued at the net asset value of units of the bank collective trust. The net asset value, as provided by the trustee, is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner. There are no unfunded commitments relating to this type of investment.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

Assets at Fair Value as of December 31, 2019				
	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 3,237,431	\$ -	\$ -	\$ 3,237,431
Total assets in the fair value hierarchy	3,237,431	-	-	3,237,431
Investments measured at net asset value ^(a)	-	-	-	139,652
Investments at fair value	<u>\$ 3,237,431</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 3,377,083</u>

	Assets at Fair Value as of December 31, 2018			
	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 2,630,569	\$ -	\$ -	\$ 2,630,569
Total assets in the fair value hierarchy	2,630,569	-	-	2,630,569
Investments measured at net asset value ^(a)	-	-	-	42,712
Investments at fair value	<u>\$ 2,630,569</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 2,673,281</u>

(a) Certain investments that are measured at net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to amounts presented in the statements of net assets available for benefits.

There were no Level 3 assets and no transfers between Levels 1 and 2 in 2019 and 2018.

NOTE 4 – FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACTS

The Plan held a traditional Guaranteed Investment Contract (“GIC”) through its investment in the Principal Fixed Income Guaranteed Option, which met the fully benefit-responsive contract criteria and therefore was reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. The contract value of the Plan’s investment contract totaled \$15,202 at December 31, 2018. The investment contract was terminated during 2019.

The contract issuer was contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate, which has no required minimum, was 1.75% at December 31, 2018, and was based on a formula established by the contract issuer and was defined in the contract under the term “Composite Crediting Rate”, as defined in the agreement. This Composite Crediting Rate was based on the sum of the aggregate and expected values of the Guaranteed Interest Funds. The crediting rate was reviewed on a semiannual basis for resetting.

NOTE 5 – INCOME TAX STATUS

The trust established under the Plan, which holds the Plan’s assets, is qualified pursuant to the appropriate section of the Internal Revenue Code, and accordingly, the trust’s net investment income is exempt from income taxes. The Plan has adopted an Internal Revenue Service approved prototype plan. The prototype plan has received a favorable opinion letter from the IRS that it qualifies under IRS Code section 401(a), provided all terms of the Plan are followed. The Plan has been amended since adopting the prototype plan. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code, and the related trust is tax exempt. Therefore, no provision for income taxes has been included in the Plan’s financial statements.

NOTE 6 – INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified as complete and accurate by the trustee:

	2019	2018
Net assets available for benefits:		
Investments, at fair value	\$ 3,337,083	\$ 2,673,281
Investments, at contract value	-	15,202
Participant notes receivable	30,201	26,384
	<u>\$ 2,714,867</u>	<u>\$ 2,714,867</u>
Additions to (deductions from) net assets:		
Interest and dividends	\$ 91,225	
Net appreciation in fair value of investments	459,942	
Interest income on participant notes receivable	1,458	

NOTE 7 – PARTY-IN-INTEREST TRANSACTIONS

The Plan issues notes receivable to participants, which are secured by the balances in the participants' accounts. These transactions qualify as party-in-interest transactions.

The Plan's investment in the PNC Stable Value Z is managed by PNC Bank, National Association, the trustee of certain Plan investments, or its affiliates, as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

NOTE 8 – PROHIBITED TRANSACTIONS

During 2019, the Company failed to remit certain participant contributions to the trustee on a timely basis, as defined by the Department of Labor's Rules and Regulations under ERISA. Such contributions totaled \$52,163 for the year ended December 31, 2019 and are included in the Schedule of Delinquent Participant Contributions. Late remittances, totaling \$2,163, were remitted to the Plan during 2019. The remaining contributions totaling \$50,000 which were remitted to the Plan during 2020, and are included in the employee contributions receivable on the December 31, 2019 statement of net assets available for benefits. Lost earnings related to the late remittances will be credited to participant accounts in 2020.

NOTE 9 – RISKS AND UNCERTAINTIES

The participants direct the Plan to invest in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statements of net assets available for benefits.

NOTE 10 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company reserves the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become fully-vested in their employer contributions.

NOTE 11 – SUBSEQUENT EVENT

Subsequent to year end, the World Health Organization officially declared the Coronavirus Disease 2019 (COVID-19) outbreak a global pandemic. During 2020, the financial markets experienced significant volatility due to the COVID-19 pandemic. As a result, the Plan's investment portfolio has also incurred significant volatility in fair value since December 31, 2019. While the financial markets have significantly recovered as of the date of this report, the future stability and volatility of the financial markets cannot be reasonably estimated at this time.
