Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (“DOL”) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (“ERISA”), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2019 and 2018, and for the years then ended, that the information provided to the plan administrator by the trustee is complete and accurate.

1. Description of Plan

The following description of the Cardinal - Greatwide Retirement Savings Plan (the "Plan"), (formerly Cardinal Employees Retirement Plan) provides only general information. The Summary Plan Description which is available from the personnel department of Cardinal Logistics Management Corporation (the "Company") provides a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan which covers all employees who have completed three consecutive months of service. The Plan provides for retirement, death, disability, or other benefits upon death, disability or termination of employment. The Plan is administered by the Administrative Committee appointed by the Company's Board of Directors. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Each year, participants may contribute up to 70% of pretax annual compensation, subject to annual dollar limits set by the Internal Revenue Service ("IRS"), as defined in the Plan. Those participants who are projected to attain age 50 before the close of the calendar year shall be eligible to make catch up contributions in accordance with, and subject to the limitations of, Internal Revenue Code (the "IRC") Section 414(v). The Company may make discretionary matching contributions determined annually based on a percentage of employee contributions. Only participants who actively participate in the Plan and are employed at the end of each quarter are eligible for the quarterly matching contribution. The Company made matching contributions of \$434,918 and \$415,979 in 2019 and 2018, respectively.

Each year the Company may make additional, profit-sharing contributions at its discretion. The Company is not required to make a contribution for each plan year. Only participants who have completed at least 1,000 hours of service during the plan year and are employed as of the last day of the plan year are eligible to receive this profit-sharing contribution. The Company did not make a profit-sharing contribution for 2019 or 2018.

Investment Options

Participants direct the investment of their accounts into various investment options offered by the Plan. The Plan currently offers mutual funds and a common collective trust fund as investment options for participants.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the Company's contributions and plan earnings, and charged with benefit payments and allocations of administrative expenses and plan losses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants have vested rights to employer discretionary matching contributions and employer profit sharing contributions of 25% after 2 years of service and an additional 25% for each year thereafter until fully vested after 5 years of service. Participants also become fully vested upon retirement, disability, or death.

Cardinal – Greatwide Retirement Savings Plan

Notes to Financial Statements

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of the lesser of \$50,000 or 50% of their vested account balance. Loan terms shall not exceed five years, excluding loans for the purchase of a primary residence for which the maximum loan term is ten years. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined quarterly by the Plan administrator. At December 31, 2019, outstanding loans bore interest rates ranging from 3.25% to 8.50%. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

A participant may receive, on termination of service, a lump-sum amount equal to the vested value of his or her account or, may elect, upon death, disability, or retirement, to receive the entire vested account balance within one calendar year. Hardship distributions are permitted upon demonstration of financial hardship. All fully vested balances are available for distribution after the participant reaches the age of 59½.

Forfeited Accounts

Forfeited balances of terminated participants are used to reduce future employer contributions and administrative expenses. Forfeited nonvested accounts totaled \$150,089 and \$140,024 at December 31, 2019 and 2018, respectively. The Company used \$21,389 of forfeitures to reduce administrative expenses in 2019. The Company used \$11,766 of forfeitures to reduce administrative expenses in 2018.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements have been prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect certain reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates and assumptions.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income from notes receivable from participants is recorded when received. All other interest income is recorded when earned. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Cardinal – Greatwide Retirement Savings Plan

Notes to Financial Statements

Administrative Expenses

The Plan's administrative expenses are paid by either the Plan or the Company, as provided by the plan document. Expenses relating to specific participant transactions (notes receivable from participants and distributions) are charged directly to the participant's account.

Subsequent Events

The Plan has evaluated subsequent events through October 14, 2020, the date the financial statements were available to be issued.

Subsequent to December 31 2019, the outbreak and spread of the COVID-19 virus was classified as a pandemic by the World Health Organization. The spread of the virus across the globe is impacting worldwide economic activity and financial markets. As of the date the financial statements were available to be issued, the economic uncertainty caused by the outbreak has resulted in fluctuations in the value of certain investments, including those held by the Plan. The financial statements do not reflect any adjustments as a result of the subsequent increase in economic uncertainty.

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security ("CARES") Act was passed by Congress. The CARES Act, among other things, includes several relief provisions available to tax qualified retirement plans and their participants. Plan management is evaluating the impact of the CARES Act on the Plan.

3. Fair Value Measurements

Fair value, as defined under GAAP, is an exit price representing the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. GAAP establishes a three-tier fair value hierarchy which prioritizes the inputs used in measuring fair value. These tiers include:

- Level 1: Observable inputs such as quoted prices in active markets.
- Level 2: Inputs other than quoted prices in active markets that are either directly or indirectly observable.
- Level 3: Unobservable inputs about which little or no market data exists, therefore requiring an entity to develop its own assumptions.

Assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The Plan's assessment of the significance of a particular input to the fair value measurement requires judgment, and may affect the valuation of fair value assets and liabilities and their placement within the fair value hierarchy levels.

There have been no changes in the methodologies used at December 31, 2019 and 2018. The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual Funds

Mutual funds are publicly traded investments and are valued daily at the closing price reported on the active market on which the funds are traded.

Cardinal – Greatwide Retirement Savings Plan
Notes to Financial Statements

Stable Value Collective Trust Fund

The Plan invests in a stable value collective trust fund for which quoted prices are not available in active markets for identical instruments. The Plan utilizes the net asset value (“NAV”) per share provided by the trustee as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the stable value collective trust fund, the issuer reserves the right to require 12 months’ notification in order to ensure that securities liquidations will be carried out in an orderly business manner. The stable value collective trust fund is not required to be classified within a level on the fair value hierarchy.

The following tables set forth by level, within the fair value hierarchy, the Plan’s assets accounted for at fair value on a recurring basis as of December 31, 2019 and 2018:

Assets at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3
Mutual funds	\$ 57,832,668	\$ -	\$ -
Total assets in the fair value hierarchy	\$ 57,832,668	\$ -	\$ -
Investments measured at net asset value (a)			3,324,707
Investments at fair value			\$ 61,157,375

Assets at Fair Value as of December 31, 2018			
	Level 1	Level 2	Level 3
Mutual funds	\$ 45,229,373	\$ -	\$ -
Total assets in the fair value hierarchy	\$ 45,229,373	\$ -	\$ -
Investments measured at net asset value (a)			3,342,206
Investments at fair value			\$ 48,571,579

(a) In accordance with Topic 820, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2019 and 2018. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

Cardinal – Greatwide Retirement Savings Plan
Notes to Financial Statements

	<u>Fair Value at December 31, 2019</u>	<u>Fair Value at December 31, 2018</u>	<u>Unfunded Commitments</u>	<u>Other Redemption Restrictions</u>	<u>Redemption Notice Period</u>
Stable value collective trust fund	\$ 3,324,707	\$ 3,342,206	None	Daily	12 months

The Plan recognizes transfers between the levels as of the actual date of the event or change in circumstances that caused the transfer. There were no gross transfers between the levels for the years ended December 31, 2019 and 2018.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. Unaudited Information Certified By Trustee

The accompanying financial statements and supplementary schedule include the following unaudited information as of December 31, 2019 and 2018, and for the years then ended that was obtained from data prepared and certified to be complete and accurate by the Plan's trustee:

	<u>2019</u>	<u>2018</u>
Investments, at fair value	<u>\$ 61,157,375</u>	<u>\$ 48,571,579</u>
Notes receivable from participants	<u>\$ 1,886,249</u>	<u>\$ 1,798,339</u>
Net appreciation (depreciation) in fair value of investments	<u>\$ 7,651,297</u>	<u>\$ (6,385,481)</u>
Interest and dividend income	<u>\$ 2,982,047</u>	<u>\$ 3,232,012</u>
Interest income from notes receivable from participants	<u>\$ 85,584</u>	<u>\$ 66,058</u>

The certification mentioned above includes all investment information discussed in Note 3.

5. Exempt Party-In-Interest Transactions

Certain Plan investments are shares of mutual funds managed by an affiliate of Fidelity Management Trust Company ("Fidelity"). Fidelity is the trustee as defined by the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund. The total fees paid to Fidelity for the years ended December 31, 2019 and 2018 were \$42,316 and \$10,727, respectively. Administrative expense amounts per the statements of changes in net assets available for benefits are shown net of forfeitures used.

6. Plan Termination

Although it has not expressed an intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100 percent vested in their accounts.

7. Income Tax Status

The Plan has not obtained a determination letter from the Internal Revenue Service (the “IRS”) stating that the Plan was in compliance with the applicable requirements of the IRC. The Plan is relying on the IRS approval of the standardized prototype plan that it is utilizing. The IRS has determined and informed the trustee by a letter dated March 31, 2014 that the prototype plan document was designed in accordance with applicable sections of the IRC. The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the plan administrator believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the authorities. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019 and 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Risks And Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
