NOTES TO FINANCIAL STATEMENTS

FOR THE YEARS ENDED DECEMBER 31, 2019 AND 2018

NOTE 1 - DESCRIPTION OF THE PLAN

The following brief description of the Enerco Group, Inc. Retirement Savings Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

GENERAL

The Plan is a defined contribution retirement plan covering all employees of Enerco Group, Inc. (the Company), that are not covered by a collective bargaining agreement, who meet certain eligibility requirements. Employees are eligible to make elective deferrals to the Plan and receive employer safe-harbor non-elective contributions on the first day of any month after completion of six months of service and having attained age 18, as defined by the Plan. Employees are also eligible to participate in employer discretionary non-elective profit sharing contributions beginning at date of hire regardless of age. The Plan administrator is responsible for oversight of the Plan, determining the appropriateness of the Plan's investment offerings and monitoring investment performance. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

CONTRIBUTIONS

A participant may contribute, through payroll deductions, from 1% to 75% of their compensation, excluding bonuses. Participants who have attained age 50 before the end of the Plan year are permitted to make catch-up contributions. Participants may also enter into a special salary reduction agreement to make additional contributions in an amount up to 100% of effectively available compensation for payroll periods designated by the Company. The Plan has an automatic enrollment provision, wherein eligible employees are automatically enrolled with a deferral percentage of 4% unless the employees elect to defer a different percentage of their compensation or nothing. Plan participants with a deferral rate greater than zero, who are not suspended, will have their deferral increased annually by 1%, until a percentage of 10% is reached. Automatic elective deferrals are invested in the Fidelity Balanced Fund until changed by the participants.

The Company may make discretionary non-elective profit sharing contributions in an amount which the Company, in its sole discretion, may determine. For the 2019 and 2018 Plan years, the Company contributed \$80,035 and \$90,408 respectively, in discretionary non-elective profit sharing contributions. Additionally, in order to meet certain statutory requirements for non-discrimination, the Company makes safe harbor non-elective contributions equal to 4% of eligible participants' compensation. For the years ended December 31, 2019 and 2018, the Company's safe harbor non-elective contributions were \$334,989 and \$292,652, respectively. The Plan also permits the Company to make discretionary matching contributions. There were no discretionary matching contributions made for the years ended December 31, 2019 and 2018.

NOTE 1 - DESCRIPTION OF THE PLAN (CONTINUED)

CONTRIBUTIONS (CONTINUED)

Total annual contributions made to the Plan on behalf of any participant are subject to limitations imposed under the Internal Revenue Code (IRC). Participants may also contribute amounts representing distributions from other qualified plans.

INVESTMENT OPTIONS

Participants are able to direct contributions into a variety of investment options offered by the Plan, or act as their own asset manager and select the option of a self-directed investment account. Assets reported as self-directed investments are the aggregate of all self-directed funds.

PARTICIPANT ACCOUNTS

Each participant's account is credited with the participant's contributions, the Company's discretionary matching and safe harbor non-elective contributions, allocations of the Company's discretionary non-elective profit sharing contributions, and any earnings thereon, and charged with an allocation of investment expenses. Allocations of the discretionary non-elective profit sharing contributions are based on the participant's compensation. Allocations of the earnings and expenses are based on the participant's account balance. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

FORFEITURES

Forfeitures are created when participants terminate employment prior to becoming entitled to full benefits. At December 31, 2019 and 2018, forfeited, nonvested accounts totaled \$352 and \$224, respectively. Forfeitures are used to reduce Company contributions. During the years ended December 31, 2019 and 2018, the Company used \$9,828 and \$10,822, respectively, to reduce the Company's safe harbor matching contributions.

VESTING

Participants are immediately vested in their elective deferrals, rollover contributions, plus actual earnings thereon.

NOTE 1 - DESCRIPTION OF THE PLAN (CONTINUED)

VESTING (CONTINUED)

Vesting in the remainder of their accounts is based on years of service according to the following schedule:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 1 years	0%
At least 1 years but less than 2	20%
At least 2 years but less than 3	40%
At least 3 years but less than 4	60%
At least 4 years but less than 5	80%
At least 5 years or more	100%

NOTES RECEIVABLE FROM PARTICIPANTS

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of the participant's total vested account balance. Notes receivable terms range from one to five years unless the note is for the purpose of purchasing a principal residence, in which case the Plan administrator has the discretion to extend repayment terms. The notes receivable are secured by the balance in the participant's account and bear interest at a reasonable rate of interest as determined by the Plan administrator based on prevailing interest rates.

PAYMENT OF BENEFITS

On termination of service due to death, disability, retirement, or separation of service, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. The Plan administrator will automatically make a lump-sum distribution for terminated participants with vested account balances of less than \$5,000. Retirement age is defined as age 62, with early retirement provisions for participants who are age 55 and have completed 5 years of service. Rollover contributions may be withdrawn at any time. In-service distributions may be made from fully vested accounts if the participant has attained age 59 ½. Minimum distribution payments are required for individuals age 70 ½ or older. In the case of a severe financial hardship, the Company, in its sole discretion, may direct distribution of all or a portion of the participant's vested balance, subject to certain restrictions. Due to changes in legislation, beginning January 1, 2019 the minimum six-month suspension of employee pre-tax and after-tax contributions previously imposed following a hardship withdrawal was lifted.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The accompanying financial statements have been prepared on the accrual basis of accounting.

PAYMENT OF BENEFITS

Benefits are recorded when paid.

ADMINISTRATIVE EXPENSES

Administrative expenses are paid by the Plan, unless the Company elects to make payment, as provided by the Plan document. Expenses paid by the Company are excluded from these financial statements.

USE OF ESTIMATES

The preparation of financial statements in conformity with U.S. generally accepted accounting principles (U.S. GAAP) requires the Plan administrator to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Accordingly, actual results may differ from those estimates.

INVESTMENT VALUATION AND INCOME RECOGNITION

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan administrator determines the Plan's valuation policies utilizing information provided by its investment advisors. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on the investments purchased and sold, as well as held during the year.

NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

NOTES RECEIVABLE FROM PARTICIPANTS (CONTINUED)

In management's opinion, all notes receivable are fully collectible, accordingly, no allowance for credit losses was recorded as of December 31, 2019 and 2018.

SUBSEQUENT EVENTS

The Plan evaluated subsequent events through October 15, 2020, the date these financial statements were available to be issued. Except as described in the following paragraphs, there were no material subsequent events that required recognition or additional disclosure in these financial statements.

In December 2019, the Setting Every Community Up for Retirement Enhancement Act (SECURE Act) was signed into law. The Secure Act increased the age for required minimum distributions from age 70 ½ to 72. This change is effective for participants who turn 70 ½ after December 31, 2019, and does not apply to participants already receiving required minimum distributions.

In March 2020, the World Health Organization declared the outbreak of a novel coronavirus (COVID-19) as a pandemic which continues to spread throughout the United States and the World, triggering volatility in financial markets and a significant negative impact on the global economy. As of the date the financial statements were available to be issued, there was considerable uncertainty around the expected duration of this pandemic. The eventual financial impact to the Plan, participants, and the Company cannot be reasonably estimated at this time.

In March 2020, the Coronavirus Aid, Relief and Economic Security Act (CARES Act) was signed into law. The CARES Act is designed to provide fast and direct economic assistance for workers in the midst of the COVID-19 pandemic. The CARES Act suspends the required minimum distribution provision for the year ending December 31, 2020. In addition, the required minimum distribution requirement is waived for participants who turned 70 ½ in 2019 and postponed their first required minimum distribution until April 1, 2020. The CARES Act also allows participants with outstanding loans to suspend any loan repayments due during the balance of 2020. Loan repayments will restart beginning in January 2021.

NOTE 4 - FAIR VALUE MEASUREMENTS

GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. It applies to fair value measurements already required or permitted by existing standards. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under GAAP are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Quoted prices for identical or similar assets or liabilities in inactive markets. Level 2 includes those inputs other than quoted prices that are observable for the asset or liability. Level 2 inputs are derived principally from, or corroborated by, observable market data by correlation or other means. If the asset or liability has a specified term, the level 2 input must be observable for substantially the full term of the asset or liability.

ENERCO GROUP, INC. RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

FOR THE YEARS ENDED DECEMBER 31, 2019 AND 2018

NOTE 4 - FAIR VALUE MEASUREMENTS (CONTINUED)

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used should maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Self-directed investments - Included within the self-directed investments are various common stocks which are valued at the closing price reported on the active market on which the individual securities are traded, and interest bearing cash which are valued at cost, which equals fair value.

Registered investment companies - Valued at the closing price reported on the active market on which the individual securities are traded.

Common/collective trust - Valued at fair value of the underlying investments, which represents the net asset value (NAV) of the investments. NAV is used as an estimate of fair value; the Plan has the ability to redeem its investment at NAV as of the measurement date as collective investment trusts can be redeemed on a daily basis. The NAV is used as a practical expedient to estimate fair value. For these funds there are no unfunded commitments, redemption restrictions and participants can transact daily.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019:

	Level 1	Total
Registered investment companies	\$8,279,553	\$8,279,553
Self-directed investments	<u>1,279,133</u>	<u>1,279,133</u>
Total	<u>\$9,558,686</u>	9,558,686

Common collective trust		<u>178,521</u>
Total Assets at Fair Value		<u>\$9,737,207</u>

NOTE 4 - FAIR VALUE MEASUREMENTS (CONTINUED)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018:

	Level 1	Total
Registered investment companies	<u>\$7,511,360</u>	\$7,511,360
Investment measured at NAV ^(a)		
Common collective trust		<u>290,800</u>
Total Assets at Fair Value		<u>\$7,802,160</u>

^(a)In accordance with Subtopic 820-10 certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

NOTE 5 - TAX STATUS

The Company adopted a prototype non-standardized volume submitter profit sharing plan with a cash or deferral arrangement, which received an opinion letter from the IRS on March 31, 2014, which stated that the Plan and related trust are designed in accordance with applicable sections of the IRC. The Plan has been restated since receiving the opinion letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

US GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax year pending or in progress.

NOTE 6 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all participants will become 100% vested in their account balances.

NOTES TO FINANCIAL STATEMENTS

FOR THE YEARS ENDED DECEMBER 31, 2019 AND 2018

NOTE 7 - PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of registered investment companies and a common/collective trust fund managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the custodian, and therefore, these transactions are considered party-in-interest transactions. The Plan also makes loans to Plan participants who are also considered to be parties-in-interest.

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

NOTE 9 – RECONCILIATION TO THE FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 at December 31:

ENERCO GROUP, INC. RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

FOR THE YEARS ENDED DECEMBER 31, 2019 AND 2018

NOTE 1 - DESCRIPTION OF THE PLAN

The following brief description of the Enerco Group, Inc. Retirement Savings Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

GENERAL

The Plan is a defined contribution retirement plan covering all employees of Enerco Group, Inc. (the Company), that are not covered by a collective bargaining agreement, who meet certain eligibility requirements. Employees are eligible to make elective deferrals to the Plan and receive employer safe-harbor non-elective contributions on the first day of any month after completion of six months of service and having attained age 18, as defined by the Plan. Employees are also eligible to participate in employer discretionary non-elective profit sharing contributions beginning at date of hire regardless of age. The Plan administrator is responsible for oversight of the Plan, determining the appropriateness of the Plan's investment offerings and monitoring investment performance. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

CONTRIBUTIONS

A participant may contribute, through payroll deductions, from 1% to 75% of their compensation, excluding bonuses. Participants who have attained age 50 before the end of the Plan year are permitted to make catch-up contributions. Participants may also enter into a special salary reduction agreement to make additional contributions in an amount up to 100% of effectively available compensation for payroll periods designated by the Company. The Plan has an automatic enrollment provision, wherein eligible employees are automatically enrolled with a deferral percentage of 4% unless the employees elect to defer a different percentage of their compensation or nothing. Plan participants with a deferral rate greater than zero, who are not suspended, will have their deferral increased annually by 1%, until a percentage of 10% is reached. Automatic elective deferrals are invested in the Fidelity Balanced Fund until changed by the participants.

The Company may make discretionary non-elective profit sharing contributions in an amount which the Company, in its sole discretion, may determine. For the 2019 and 2018 Plan years, the Company contributed \$80,035 and \$90,408 respectively, in discretionary non-elective profit sharing contributions. Additionally, in order to meet certain statutory requirements for non-discrimination, the Company makes safe harbor non-elective contributions equal to 4% of eligible participants' compensation. For the years ended December 31, 2019 and 2018, the Company's safe harbor non-elective contributions were \$334,989 and \$292,652, respectively. The Plan also permits the Company to make discretionary matching contributions. There were no discretionary matching contributions made for the years ended December 31, 2019 and 2018.

NOTE 1 - DESCRIPTION OF THE PLAN (CONTINUED)

CONTRIBUTIONS (CONTINUED)

Total annual contributions made to the Plan on behalf of any participant are subject to limitations imposed under the Internal Revenue Code (IRC). Participants may also contribute amounts representing distributions from other qualified plans.

INVESTMENT OPTIONS

Participants are able to direct contributions into a variety of investment options offered by the Plan, or act as their own asset manager and select the option of a self-directed investment account. Assets reported as self-directed investments are the aggregate of all self-directed funds.

PARTICIPANT ACCOUNTS

Each participant's account is credited with the participant's contributions, the Company's discretionary matching and safe harbor non-elective contributions, allocations of the Company's discretionary non-elective profit sharing contributions, and any earnings thereon, and charged with an allocation of investment expenses. Allocations of the discretionary non-elective profit sharing contributions are based on the participant's compensation. Allocations of the earnings and expenses are based on the participant's account balance. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

FORFEITURES

Forfeitures are created when participants terminate employment prior to becoming entitled to full benefits. At December 31, 2019 and 2018, forfeited, nonvested accounts totaled \$352 and \$224, respectively. Forfeitures are used to reduce Company contributions. During the years ended December 31, 2019 and 2018, the Company used \$9,828 and \$10,822, respectively, to reduce the Company's safe harbor matching contributions.

VESTING

Participants are immediately vested in their elective deferrals, rollover contributions, plus actual earnings thereon.

NOTE 1 - DESCRIPTION OF THE PLAN (CONTINUED)

VESTING (CONTINUED)

Vesting in the remainder of their accounts is based on years of service according to the following schedule:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 1 years	0%
At least 1 years but less than 2	20%
At least 2 years but less than 3	40%
At least 3 years but less than 4	60%
At least 4 years but less than 5	80%
At least 5 years or more	100%

NOTES RECEIVABLE FROM PARTICIPANTS

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of the participant's total vested account balance. Notes receivable terms range from one to five years unless the note is for the purpose of purchasing a principal residence, in which case the Plan administrator has the discretion to extend repayment terms. The notes receivable are secured by the balance in the participant's account and bear interest at a reasonable rate of interest as determined by the Plan administrator based on prevailing interest rates.

PAYMENT OF BENEFITS

On termination of service due to death, disability, retirement, or separation of service, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. The Plan administrator will automatically make a lump-sum distribution for terminated participants with vested account balances of less than \$5,000. Retirement age is defined as age 62, with early retirement provisions for participants who are age 55 and have completed 5 years of service. Rollover contributions may be withdrawn at any time. In-service distributions may be made from fully vested accounts if the participant has attained age 59 ½. Minimum distribution payments are required for individuals age 70 ½ or older. In the case of a severe financial hardship, the Company, in its sole discretion, may direct distribution of all or a portion of the participant's vested balance, subject to certain restrictions. Due to changes in legislation, beginning January 1, 2019 the minimum six-month suspension of employee pre-tax and after-tax contributions previously imposed following a hardship withdrawal was lifted.

FOR THE YEARS ENDED DECEMBER 31, 2019 AND 2018

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The accompanying financial statements have been prepared on the accrual basis of accounting.

PAYMENT OF BENEFITS

Benefits are recorded when paid.

ADMINISTRATIVE EXPENSES

Administrative expenses are paid by the Plan, unless the Company elects to make payment, as provided by the Plan document. Expenses paid by the Company are excluded from these financial statements.

USE OF ESTIMATES

The preparation of financial statements in conformity with U.S. generally accepted accounting principles (U.S. GAAP) requires the Plan administrator to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Accordingly, actual results may differ from those estimates.

INVESTMENT VALUATION AND INCOME RECOGNITION

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan administrator determines the Plan's valuation policies utilizing information provided by its investment advisors. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on the investments purchased and sold, as well as held during the year.

NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

NOTES RECEIVABLE FROM PARTICIPANTS (CONTINUED)

In management's opinion, all notes receivable are fully collectible, accordingly, no allowance for credit losses was recorded as of December 31, 2019 and 2018.

SUBSEQUENT EVENTS

The Plan evaluated subsequent events through October 15, 2020, the date these financial statements were available to be issued. Except as described in the following paragraphs, there were no material subsequent events that required recognition or additional disclosure in these financial statements.

In December 2019, the Setting Every Community Up for Retirement Enhancement Act (SECURE Act) was signed into law. The Secure Act increased the age for required minimum distributions from age 70 ½ to 72. This change is effective for participants who turn 70 ½ after December 31, 2019, and does not apply to participants already receiving required minimum distributions.

In March 2020, the World Health Organization declared the outbreak of a novel coronavirus (COVID-19) as a pandemic which continues to spread throughout the United States and the World, triggering volatility in financial markets and a significant negative impact on the global economy. As of the date the financial statements were available to be issued, there was considerable uncertainty around the expected duration of this pandemic. The eventual financial impact to the Plan, participants, and the Company cannot be reasonably estimated at this time.

In March 2020, the Coronavirus Aid, Relief and Economic Security Act (CARES Act) was signed into law. The CARES Act is designed to provide fast and direct economic assistance for workers in the midst of the COVID-19 pandemic. The CARES Act suspends the required minimum distribution provision for the year ending December 31, 2020. In addition, the required minimum distribution requirement is waived for participants who turned 70 ½ in 2019 and postponed their first required minimum distribution until April 1, 2020. The CARES Act also allows participants with outstanding loans to suspend any loan repayments due during the balance of 2020. Loan repayments will restart beginning in January 2021.

NOTE 4 - FAIR VALUE MEASUREMENTS

GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. It applies to fair value measurements already required or permitted by existing standards. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under GAAP are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Quoted prices for identical or similar assets or liabilities in inactive markets. Level 2 includes those inputs other than quoted prices that are observable for the asset or liability. Level 2 inputs are derived principally from, or corroborated by, observable market data by correlation or other means. If the asset or liability has a specified term, the level 2 input must be observable for substantially the full term of the asset or liability.

NOTES TO FINANCIAL STATEMENTS

FOR THE YEARS ENDED DECEMBER 31, 2019 AND 2018

NOTE 4 - FAIR VALUE MEASUREMENTS (CONTINUED)

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used should maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Self-directed investments - Included within the self-directed investments are various common stocks which are valued at the closing price reported on the active market on which the individual securities are traded, and interest bearing cash which are valued at cost, which equals fair value.

Registered investment companies - Valued at the closing price reported on the active market on which the individual securities are traded.

Common/collective trust - Valued at fair value of the underlying investments, which represents the net asset value (NAV) of the investments. NAV is used as an estimate of fair value; the Plan has the ability to redeem its investment at NAV as of the measurement date as collective investment trusts can be redeemed on a daily basis. The NAV is used as a practical expedient to estimate fair value. For these funds there are no unfunded commitments, redemption restrictions and participants can transact daily.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019:

	Level 1	Total
Registered investment companies	\$8,279,553	\$8,279,553
Self-directed investments	<u>1,279,133</u>	<u>1,279,133</u>
Total	<u>\$9,558,686</u>	9,558,686

Common collective trust		<u>178,521</u>
Total Assets at Fair Value		<u>\$9,737,207</u>

NOTE 4 - FAIR VALUE MEASUREMENTS (CONTINUED)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018:

	Level 1	Total
Registered investment companies	<u>\$7,511,360</u>	\$7,511,360
Investment measured at NAV ^(a)		
Common collective trust		<u>290,800</u>
Total Assets at Fair Value		<u>\$7,802,160</u>

^(a)In accordance with Subtopic 820-10 certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

NOTE 5 - TAX STATUS

The Company adopted a prototype non-standardized volume submitter profit sharing plan with a cash or deferral arrangement, which received an opinion letter from the IRS on March 31, 2014, which stated that the Plan and related trust are designed in accordance with applicable sections of the IRC. The Plan has been restated since receiving the opinion letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

US GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax year pending or in progress.

NOTE 6 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all participants will become 100% vested in their account balances.

NOTES TO FINANCIAL STATEMENTS

FOR THE YEARS ENDED DECEMBER 31, 2019 AND 2018

NOTE 7 - PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of registered investment companies and a common/collective trust fund managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the custodian, and therefore, these transactions are considered party-in-interest transactions. The Plan also makes loans to Plan participants who are also considered to be parties-in-interest.

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

NOTE 9 – RECONCILIATION TO THE FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 at December 31:
