Notes to Financial Statements
December 31, 2019 and 2018

Note 1 - Description of the Plan

The following description of the DDH Enterprise, Inc. 401(k) Profit Sharing Plan and Trust (the Plan) provides only general information

Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan initially effective January 1, 1994 and was amended and restated July 1, 2011. The Plan is available to substantially all employees after the completion of twelve months of service during which the employee is credited with at least 1000 eligible hours of service.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The board of directors of DDH Enterprises, Inc. oversee the governance of the Plan and determine the appropriateness of the Plan's investment offerings and monitor investment performance.

The Company has contracted with AXA Equitable Life Insurance Company to provide plan record keeping and administrative services, and to serve as trustee of the Plan's assets.

Eligibility

Employees eligible to participate in the Plan and may enroll quarterly on the first day of the Plan year and the first day of the fourth, seventh and tenth month of the Plan Year.

Participant Contributions

Participants may contribute 15% of pretax annual compensation not exceeding \$19,000 for the year ended December 31, 2019 and \$18,500 for the year ended December 31, 2018, as defined by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions of \$6,000 for the years 2019 and 2018. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and a guaranteed interest option (GIO) as investment options for participants. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan, unless they affirmatively elect not to participate.

Company Contributions

Each year the Company will contribute a discretionary matching contribution not to exceed a portion of the before-tax contributions. The percentage of contribution is determined by the employer on an annual basis. The matching Company contribution is invested directly into a portfolio of investments at the option of the company's board of directors. Contributions are subject to certain limitations. For the years ended December 31, 2019 and 2018, the company matched 10% of the employee's contribution to the Plan.

Participant Accounts

Each participant's account is maintained separately within the Plan and is credited with their elective deferrals, employer contributions and earnings. Participants may elect to have contributions invested in any or all of the funds of the Plan, subject to certain limitations. Investment income and losses and related management expenses are allocated to the participants' accounts regularly. Allocation of employer contributions, investment income and losses and administrative expenses are based on participants' compensation or account balances, as defined. Forfeited balances of terminated non-vested participants' accounts are applied at the end of the Plan year in which they occur to reduce employer contributions or expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note 2 - Summary of Significant Accounting Policies (con't)

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles require management to make estimates and assumptions that could affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Valuation of Investments and Income Recognition

Plan investments are stated at fair value. If available quoted market prices are used to value investments. Shares of registered investment companies are valued at quoted market prices, which represent the net value of shares held by the Plan at year-end.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded at the ex-dividend date. The realized gain or loss on investments is included with unrealized appreciation or depreciation in the current value of the pooled separate accounts.

Payment of Benefits

Benefits are recorded when paid

Administrative Expenses

The tax compliance fees and administration costs of maintaining the Plan are paid by the Company, but brokerage services are borne by the participants.

Income Tax Status

The Internal Revenue Service has determined the Plan is designed in accordance with applicable sections of the Internal Revenue Code, and therefore the related trust is not subject to tax under current law.

The Plan administrator believes the Plan is designed and is currently being operated in compliance with applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan management believes the Plan is no longer subject to income tax examinations for years prior to 2016.

Risks and Uncertainties

Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the value of investment securities will occur in the near term and those changes could materially affect the amounts reported in the financial statements.

December 31, 2019 and 2018

Note 3 - Information Certified by the Trustee

The following is a summary of the unaudited information regarding the Plan, as included in the Plan's financial statements and supplemental schedule prepared by or derived from information reported by the trustee of the plan, AXA Equitable Life insurance Co. The plan administrator has obtained certifications from the trustee that such information is complete and accurate.

Statement of net assets available for benefits:	<u>2019</u>	<u>2018</u>
Investments at fair value:		
Mutual funds	\$ 13,994,832	\$ 12,042,121
Guaranteed investment option	1,314,671	803,416
Money market	34,724	103,692
Total investments	<u>\$ 15,344,227</u>	<u>\$ 12,949,229</u>

Note 4 - Investment Contract with Insurance Company

In 2010 the Plan entered into an investment contract with AXA Equitable Life Insurance (AXA) for a combined profit sharing 401(k) plan. AXA maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The Plan provides for a participant-directed investment program, whereby the participant may select among available alternatives and periodically change their selection. Once a year the Plan's board of directors evaluates the Plan's assets and can change investments offered to the participants in the Plan.

Integrated with the Plan is a Guaranteed Interest Option (GIO) The GIO provides for a minimum guaranteed interest, the actual rate of interest credited during the time over which the funds are invested is declared periodically and is subject to change. The interest is credited daily with minimum interest rate guaranteed over the life of the contract . The GIO rate is 1.75% and the contract minimum interest rate is 1.0% as of December 31, 2019 and 2018 respectively. The value of the GIO at any time is equal to the contributions and transfers to the options, minus withdrawals and transfers out of the option and charges that are deducted by AXA as specified in the contract.

As of December 31, 2019 and 2018, the guaranteed interest balance is \$1,315,156 and \$803,416 respectively. The managers of AXA believe that this Plan is not a fully benefit-responsive investment contract as described in ASC 946-210-45-10 and should be reported at fair value.

Note 5 - Fair Value Measurement

The Plan accounts for certain assets and liabilities at fair value. The hierarchy below lists three levels of fair value based on the extent to which inputs used in measuring fair value are observable in the market. The Plan categorizes each of its fair value measurements in one of these three levels based on the lowest level input that is significant to the fair value measurement in its entirety. These levels are:

DDH Enterprise, Inc. 401(k) Profit Sharing Plan and Trust

Notes to Financial Statements

December 31, 2019 and 2018

Note 5 - Fair Value Measurement (con't)

Level 1 - Unadjusted quoted prices in active markets for identical investments as of the reporting date.

Level 2 - Observable inputs to the valuation methodology are other than Level 1 inputs, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies.

Level 3 - Inputs to the valuation methodology are unobservable inputs in situation where there is little or no market activity for the asset or liability, and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

The Plan's policy is to recognize significant transfers between levels at the actual date of the event or circumstance that caused the transfer, for the year ended December 31, 2019, there were no transfers in or out of levels 1, 2 or 3

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 13,994,832			\$ 13,994,832

	<u>\$ 15,344,227</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 15,344,227</u>

Mutual funds held by the Plan are considered to be actively traded. The fair values of common stocks are based on the closing price reported on the active market where the individual securities are traded.

Note 6 - Reconciliation of Financial Statements to Form 5500

The net assets available for benefits per the financial statements at December 31, 2019 in the amount of \$15,354,097 does not differ from the net assets available for benefits per Form 5500.

The following is a Reconciliation for the year ended December 31, 2019 and 2018:

Note 7 - Excess Contributions Distributions

During the years ended December 31, 2019 and 2018, the Plan distributed excess contributions in order to keep the plan in compliance under the Internal Revenue Service guidelines. These distributions resulted because of the Plan's failure of the test of Actual Deferral Percentage (ADP) over Actual Contribution Percentage (ACP) for highly compensated employees. The total amount of the distributions is \$42,215. and \$57,220 respectively including tax withheld and cash paid to over-funded employees for the years ended December 31, 2019 and 2018 respectively.

Note 8 - Date of Management's Review of Subsequent Events

Subsequent events were evaluated through October 12 , 2020, which is the date the financial statements were available to be issued. The management of the Plan is not aware of any other obligations, legal actions or other commitments not disclosed in these financial statements.
