Crius 401(k) Plan

Notes to Financial Statements
December 31, 2019

1. Plan Description

The following description of the Crius 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all non-excluded employees of Crius Energy Management (the "Company" or "Employer") who have completed 3 months of service and are 21 years of age or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

On July 15, 2019, Vistra Energy acquired Crius Engery Trust, the Plan Sponsor. Substantially all of the Plan's assets were transferred to the Vistra Energy Thrift Plan by December 31, 2019. The assets transferred out are included in the transfer out of plan assets on the statement of changes in net assets available for benefits.

Contributions

Each year, participants may contribute their pre-tax or post-tax annual compensation as defined by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. There is an annual limit as to the amount that can be deducted from compensation that is determined by the Internal Revenue Code ("IRC"). Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution retirement plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company may, in its sole discretion, make a profit sharing contribution, employer safe harbor contribution or a discretionary Company matching contribution to the Plan. During the 2019 plan year, the Company made a safe harbor contribution.

Vesting

Participants are 100% vested in their contributions, rollover contributions and Safe Harbor contributions plus actual earnings thereon. Vesting in the Company's profit sharing and matching contributions (prior to January 1, 2013) and discretionary Company matching contributions are based on years of continuous service as follows:

<u>Years or Service</u>	<u>Percentage Vested</u>
1	25%
2	50%
3	75%
4	100%

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings. Allocations are based on a participant's earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. Plan Description (*continued*)

Forfeitures

If a participant terminates employment and is less than 100% vested in their Employer profit sharing and matching contributions (prior to January 1, 2013) and discretionary Company matching contributions, the participant will forfeit the non-vested portion of their account. The Company uses forfeited non-vested amounts to pay administrative expenses and Employer contributions. At December 31, 2019 and 2018, forfeited non-vested accounts totaled \$0 and \$506. During 2019, no forfeitures were used to reduce Employer contributions.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000, up to a maximum equal to the lesser of 50% of a participant's vested account balance or \$50,000, subject to the approval of a loan application. Participants may not have more than one loan outstanding at any time. The interest rate is the prime rate, plus one percentage point and will be fixed for the duration of the loan. Loans are repaid through payroll deductions within a five year period, unless the loan was made to acquire a primary residence, in which case the plan administrator may permit a longer repayment term.

Payment of Benefits

Upon termination of service due to death, disability, retirement or other reason, a participant is entitled to receive a lump-sum amount equal to the value of the participant's vested interest in their account.

Benefits can also be distributed in the event of a participant's immediate and heavy financial need. Such distributions, which are considered hardship withdrawals, cannot exceed the amount required to relieve the financial need.

2. Summary of Significant Accounting Policies

Basis of Accounting and Use of Estimates

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP"), which requires management to make certain estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Fair Value Measurements

The Plan follows U.S. GAAP guidance on *Fair Value Measurements* which defines fair value and establishes a fair value hierarchy organized into three levels based upon the input assumptions used in pricing assets. Level 1 inputs have the highest reliability and are related to assets with unadjusted quoted prices in active markets. Level 2 inputs relate to assets with other than quoted prices in active markets which may include quoted prices for similar assets or liabilities or other inputs which can be corroborated by observable market data. Level 3 inputs are unobservable and are used to the extent that observable inputs do not exist.

Pursuant to U.S. GAAP guidance, alternative investments where fair value is measured using the Net Asset Value ("NAV") per share as a practical expedient are not categorized within the fair value hierarchy.

Crius 401(k) Plan

Notes to Financial Statements

2. Summary of Significant Accounting Policies (*continued*)

Investment Valuation and Income Recognition

All of the Plan's investments were stated at fair value except for the group annuity contract, which is stated at contract value. Mutual funds held by the Plan are valued at fair value based on the daily closing price as reported by the funds. All of the mutual funds are registered with the Securities and Exchange Commission. These mutual funds are required to publish their daily net asset value and to transact at that price. The stable value fund is valued at the NAV of units held by the Plan. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. The group annuity contract is valued at contract value, which represents contributions plus credited interest less participant withdrawals and fees.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued unpaid interest. If a participant ceases to make loan repayments and the plan administrator deems the loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefit payments are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Subsequent Events Evaluation by Management

Management has evaluated subsequent events for disclosure and/or recognition in the financial statements through the date that the financial statements were available to be issued, which date is October 14, 2020.

In March 2020, the World Health Organization categorized the novel coronavirus (COVID-19) as a pandemic, triggering volatility in financial markets and significant economic uncertainties. This volatility and related uncertainties could have a material impact on the amounts reported in the statements of net assets available for benefits and changes in net assets available for benefits. The duration of these uncertainties and the ultimate financial effects are unknown at this time. Plan management does not believe there is substantial doubt about the Plan's ability to continue as a going concern.

3. Information Certified (Unaudited)

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Great-West Life & Annuity Insurance Company of New York and Great-West Trust Company LLC the custodian and trustee of the Plan, have certified to the completeness and accuracy of all the investments and notes receivable from participants reflected in the accompanying statements of net assets available for benefits as of December 31, 2019 and 2018, and the related net appreciation (depreciation), interest and dividends and interest on notes receivable from participants reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2019.

4. Investments, at Fair Value

The Plan's investments, that were valued at fair value, consisted of the following at December 31, 2018:

	Level 1	Other Investments Measured at NAV *	Total
Mutual funds	\$ 9,094,314	\$ -	\$ 9,094,314
Stable Value Fund	-	57,642	57,642
	<u>\$ 9,094,314</u>	<u>\$ 57,642</u>	<u>\$ 9,151,956</u>

(*) Investments that are measured using the practical expedient are not classified within the fair value hierarchy.

Stable Value Fund

The Plan invested in the Wells Fargo Stable Return Fund M (the "Fund"). The Fund seeks principal and consistent returns while trying to maintain minimal volatility. The Fund consists primarily of investment contracts including: guaranteed investment contracts, separate account guaranteed investment contracts and security backed investment contracts. Guaranteed investment contracts are issued by insurance companies that guarantee the return of principal with a stated interest rate and are backed by the general account of the insurance company. Separate account guaranteed investment contracts are issued by an insurance company which are retained within a separate account and backed by a segregated pool of assets. Security backed investment contracts consist of investment contracts and underlying portfolios of fixed income securities that fluctuate market prices. The Plan was not invested in the Fund at December 31, 2019.

Notes to Financial Statements

5. Group Annuity Contract, at Contract Value

The Plan invested in the Key Guaranteed Portfolio Fund (the "Portfolio Fund") as an investment option for Plan participants. The Portfolio Fund is a general account product offered through a group annuity contract and is fully benefit-responsive. Participant principal and interest are fully guaranteed by the entire general account assets of Great-West Life & Annuity Insurance Company, the issuer of the Portfolio Fund. Each quarter an interest rate is established for all money, regardless of when it was deposited. The credited interest rate may stay the same or change each quarter. Participants may transfer their account balance to any other investment option offered under the plan at any time with no restrictions or penalties.

An event that limits the ability of the plan to transact at contract value with the issuer (for example, premature termination of the contracts by the plan, plant closings, layoffs, plan termination, bankruptcy, mergers, and early retirement incentives) and that also limits the ability of the plan to transact at contract value with the participants in the plan must be probable of not occurring.

The credit risk of the issuer was evaluated by nationally recognized statistical rating agencies as follows: A.M. Best Company, Inc. (A+ as of October 2020), Moody's Investors Service (Aa3 as of October 2020), Standard and Poor's (AA as of October 2020), and Fitch Ratings (AA as of October 2020). The Plan was not invested in the Portfolio Fund at December 31, 2019.

6. Party-In-Interest Transactions

The Key Guaranteed Portfolio Fund was managed by Great-West Life & Annuity Insurance Company of New York. Great-West Life & Annuity Insurance Company of New York is the custodian as defined by the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions under ERISA.

7. Tax Status

The Internal Revenue Service has determined and informed the prototype document preparer by a letter dated August 22, 2014, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

U.S. GAAP requires plan management to evaluate tax positions taken by the plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine examination by taxing jurisdictions; however, there are currently no examinations for any tax periods in progress.

8. Risk and Uncertainties

The Plan invested in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
