Advantage Management Group 401(k) Savings Plan

Notes to Financial Statements

1. Description of Plan

The following description of the Advantage Management Group 401(k) Savings Plan (“Plan”) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

Advantage Management Group, Inc. (the “Company”) sponsors the Plan, which is a defined contribution plan covering eligible participants. The Company has given Ascensus, LLC (the “Trustee”) the authority to hold the assets of the Plan and to invest, control, and disburse all assets of the Plan in accordance with the Plan document. Participating affiliates through common ownership of the Plan include Advantage Management Group, Inc., Advantage Management Group-LTC, Inc., Rhema Battle Creek Operating, LLC, Rhema Southgate Operating, LLC, Rhema WTLC Operating, LLC, Rhema Northwest Operating, LLC, Rhema Armada Operating, LLC, Rhema Armada Village Operating, LLC, Rhema Warren Operating, LLC, Rhema Belmont Operating, LLC, Rhema Redford Operating, LLC, Rhema Redford Village Operating, LLC, and Rhema Roseville Operating LLC. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

Eligibility

Employees who have provided six months of service, are age 18 or older, and are not a member of a collective bargaining unit are eligible to participate in the 401(k) deferral arrangement of the Plan. Eligible participants may enter the Plan on the first day of the month following the completion of eligibility requirements.

Contributions

Contributions to the Plan include (i) salary reduction contributions authorized by participants, (ii) participant rollovers from other plans. The Company did not make employer contributions in 2019.

Participants may elect to contribute a percentage of their eligible compensation to the Plan each year, subject to the limitations, as defined in the Plan document. Such contributions are excluded from the participant's taxable income for federal income tax purposes until received as a withdrawal or distribution from the Plan. Eligible employees may elect to be enrolled in the Plan. Participants are permitted to make elective participant compensation deferral contributions in an amount up to 90 percent of eligible compensation, not to exceed \$19,000 and \$18,500 in 2019 and 2018, respectively. All employees who are eligible to make salary deductions under this Plan and who have attained age 50 before the close of the Plan year are eligible to make catch-up contributions in accordance with the Plan document, and subject to Internal Revenue Service (“IRS”) limitations, which were limited to \$6,000 in 2019 and 2018. Participants may also contribute amounts representing distributions from other qualified plans (rollover). The Plan also offers a Roth 401(k) deferral option.

Vesting

Participants are fully vested in their voluntary and rollover contributions plus actual earnings thereon.

Advantage Management Group 401(k) Savings Plan

Notes to Financial Statements

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of earnings, expenses, and gains and losses attributable thereto. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of the participant's vested account balance. The loans are secured by the balance of the Participant's account and bear interest at rates commensurate with local prevailing rates as determined by the Plan administrator. Interest rates ranged from 5.25% to 8.50% at December 31, 2019. Principal and interest are paid ratably through payroll deductions or as a lump sum for the outstanding loan balance. Participants may have a maximum of one loan outstanding at one time, and loan terms may not exceed five years, unless it is for the purchase of a primary residence. In these instances, the loan term may not exceed 30 years.

Forfeited Accounts

If a participant is not fully vested on his or her termination date, the nonvested amount of the account is forfeited. Forfeitures are first used to pay administrative expenses and then to reduce employer contributions. There were no forfeitures remaining in the Plan as of December 31, 2019 and 2018.

Payment of Benefits

On termination of service with the Company (including termination of service due to death, disability, or retirement), a participant may generally elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Participants who reach the age of 59½ may withdraw any of the funds they have contributed.

Participants are also eligible to make hardship withdrawals in the event of certain financial hardships. Following a hardship withdrawal, participants are not allowed to contribute to the Plan for a period of six months.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting and in accordance with principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Advantage Management Group 401(k) Savings Plan

Notes to Financial Statements

Recently Issued Accounting Guidance

In August 2018, the Financial Accounting Standards Board issued ASU-2018-13, *Fair Value Measurement (Topic 820) - Disclosure Framework - Changes to the Disclosure Requirements for Fair Value Measurement*. The ASU modifies the disclosure requirements for the fair value measurements in Topic 820, including the elimination, modification to, and addition of certain disclosures. The ASU is effective for fiscal years beginning after December 15, 2019. The provisions of the ASU are not expected to have a material impact of the Plan's financial statements.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair market value. Shares of mutual funds are valued at quoted market prices in an active market, which represent the value of shares held by the Plan at year-end. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

The change in aggregate fair value and the cost of investments purchased, sold, and held is reflected in the Statements of Changes In Net Assets Available for Benefits as net realized and unrealized appreciation (depreciation) in fair value of investments.

Payment of Benefits

Payment of benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in the Administrative expenses. Investment related expenses are included in Net appreciation of fair value of investments.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. As participant loans are repaid through payroll deduction, the amounts are allocated to the investment fund according to the participant's most recent election with respect to current contributions. Interest income on loans is recognized when earned. If a participant loan is in default, the participant shall be treated as having received a taxable deemed distribution. No allowance for credit losses has been recorded as of December 31, 2019 or 2018.

Subsequent Events

Subsequent events have been evaluated through October 15, 2020, which is the date the financial statements were available to be issued. There were no other subsequent events impacting the Plan which require recognition or disclosure in the financial statements, except as follows:

In March 2020, the Plan changed trustee and recordkeeper to USI Consulting Group, Inc.

Advantage Management Group 401(k) Savings Plan

Notes to Financial Statements

On January 30, 2020, the World Health Organization (“WHO”) announced a global health emergency because of a new strain of coronavirus originating in Wuhan, China (the “COVID-19 outbreak”) and the risks to the international community as the virus spreads globally beyond its point of origin. In March 2020, the WHO classified the COVID-19 outbreak as a pandemic, based on the rapid increase in exposure globally.

The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. This pandemic has adversely affected global economic activity and greatly contributed to volatility in financial markets. Because the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, and related impact on the Plan's liquidity cannot be determined at this time.

Although the Company cannot estimate the length or gravity of the impact of the COVID-19 outbreak at this time, if the pandemic continues, it may have a material adverse effect on the Company's results of future operations, financial position, and liquidity in fiscal year 2020.

On March 27, 2020, President Trump signed into law the “Coronavirus Aid, Relief, and Economic Security (“CARES”) Act.” The CARES Act, among other things, includes several relief provisions available to tax-qualified retirement plans and their participants. Plan management has evaluated the relief provisions available to plan participants under the CARES Act and has implemented the following provisions:

- Suspended required minimum distributions for 2020

3. Information Certified by Trustee

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Ascensus Trust Company has certified that the following data included in the financial statements and supplemental schedule is complete and accurate:

<i>December 31,</i>	2019	2018
Mutual funds	\$ 1,646,696	\$ 1,321,234

4. Fair Value Measurements

As defined in accounting standards generally accepted in the United States of America, fair value is the price that would be received to sell an asset, or paid to transfer a liability, in an orderly transaction between market participants at the measurement date. In determining fair value, the Plan uses various methods including market, income, and cost approaches. Based on these approaches, the Plan often utilizes certain assumptions that market participants would use in pricing the asset or liability, including assumptions about risk or the risks inherent in the inputs to the valuation technique. These inputs can be readily observable, market corroborated, or generally unobservable inputs. The Plan utilizes valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs. Based on the observability of the inputs used in the valuation techniques, the Plan is required to provide the following information according to the fair value hierarchy. The fair value hierarchy ranks the quality and reliability of the information used to determine fair value. Financial assets and liabilities carried at fair value will be classified and disclosed in one of the following three categories:

Level 1 - Quoted prices (unadjusted) for identical assets or liabilities in active markets that the entity has the ability to access as of the measurement date.

Level 2 - Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3 - Significant unobservable inputs that reflect a company's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2019 or 2018.

Mutual Funds - Valued at quoted market prices in an active market, which represent the net asset value of shares held by the Plan at year-end.

Money Market Fund - Shares held in the money market fund invest in a variety of money market instruments to seek current income are comprised of high-quality dollar-denominated debt securities with individual maturities of 13 month or less and an average maturity of 75 days or less. The composition of securities is structured to maintain a value of \$1 per share and are classified as Level 1 since it is in the active market.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

5. Tax Status

The IRS has determined and informed the Company by a letter dated January 1, 2018, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the determination letter. However, the Plan administrator believes the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan is subject to routine audits by taxing jurisdictions, however there are currently no audits for any tax periods in progress.

6. Related Party and Party-in-Interest Transactions

Fees incurred by the Plan for the investment management services are included in net appreciation (depreciation) in investments on the Statements of Changes in Net Assets Available for Benefits. The Plan paid certain expenses related to the Plan's operations to service providers and the Company pays certain Plan expenses. These transactions qualify as party-in-interest transactions. In addition, notes receivable from participants also qualify as party-in-interest transactions.

7. Risk and Uncertainties

The Plan's investments substantially consist of mutual funds composed of stocks and bonds. These investments are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near-term and long-term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

9. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

10. Nonexempt Transactions

For one participant loan, the loan terms did not satisfy the limits on the duration of the loan under IRC Section 72(p)(2)(B). The outstanding balance of the loan will be re-amortized over a remaining period that does not extend beyond five years from the date of the original loan and the Plan sponsor has paid any additional unpaid interest. Unpaid interest of \$324 was paid by the Plan sponsor in 2019. In addition, the Plan sponsor requested the Plan be permitted to report as a deemed distribution in the year of correction instead of the year of failure.

For three participant loans, the loan terms satisfied the requirements of IRC Section 72(p)(2), but defaults occurred because loan payments were not made in accordance with the terms of the loans. The Plan Sponsor requested relief for the three defaulted loans.

These corrections were submitted through the Voluntary Correction Program and the corrective actions were accepted by the Internal Revenue Service.
