INDEPENDENT AUDITOR'S REPORT

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Mesa Systems, Inc. 401(k) Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on the 2018 financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2019 financial statements.

Basis for Disclaimer of Opinion on the 2019 Financial Statements

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Charles Schwab Bank, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the year ended December 31, 2019, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion on the 2019 Financial Statements

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2019 financial statements. Accordingly, we do not express an opinion on the 2019 financial statements.

Other Matters – Report on Supplemental Schedule and Report on 2018 Financial Statements

The supplemental Schedule H, Line 4i Schedule of Assets (Held at End of Year) as of December 31, 2019, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion on the 2019 Financial Statements paragraph, we do not express an opinion on the supplemental schedule referred to above.

We have audited the accompanying statement of net assets available for benefits of the Plan as of December 31, 2018, and in our report dated October 9, 2020, we expressed our opinion that such financial statement presents fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2018, and the changes in net assets available for benefits for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Report on Form and Content in Compliance With DOL Rules and Regulations for 2019 Financial Statements

The form and content of the information included in the 2019 financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Mesa Systems, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering employees of Mesa Systems, Inc. (the Company). The Plan covers all employees who have completed three months of service with the Company. Such employees are eligible to participate in the Plan, including the Company's discretionary matching and profit sharing contributions. The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA) and includes a deferred compensation arrangement under Internal Revenue Code (IRC) Section 401(k), which allows eligible employees to make elective deferral contributions to the Plan as a percentage of their compensation.

Contributions

Under the terms of the Plan, employees may elect to make both pre-tax and after-tax contributions. The total of each participant's annual pre-tax and after-tax contributions are subject to applicable IRC limits. The Plan includes an automatic enrollment feature. The automatic enrollment feature is a mechanism under which an eligible employee who does not make an affirmative election to make contributions to the Plan is automatically enrolled in the Plan. Participants are automatically enrolled to make a 3% pre-tax contribution unless the employee specifically elects not to participate in the Plan.

Under the terms of the Plan, the Company can match elective deferral contributions made by their employees to the Plan up to an agreed-upon percentage subject to the discretion of the Company. Effective January 1, 2019, the Company elected to match up to 40% of the first 3% of participants' contributions to the Plan. For the year ended December 31, 2018 there were no discretionary matching contributions made by the Company. The Company may also make a profit sharing contribution each year at its discretion. The amount that can be added each year to a participant's account, which includes contributions made by the participant and the Company on the participant's behalf is subject to restrictions imposed by the IRC. For the years ended December 31, the Company made matching contributions of $118,951 (2019) and $0 (2018) contributions, respectively.

The Plan allows for participants to rollover contributions into the Plan from another qualified plan or individual retirement account. Such rollovers are included in the accompanying statements of changes in net assets available for benefits.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's contributions made on the participant's behalf, and an allocation of Plan earnings. Allocations are based on participant account balances as of the beginning of the Plan year.

Vesting

Participants are immediately vested in their elective deferral contributions plus earnings or losses thereon.

Vesting in the Company's discretionary matching and profit sharing contributions plus earnings or losses thereon is based on years of continuous service as follows:

Years of Service	Vested Interest
Less than 1	0%
1 year	20%
2 years	40%
3 years	60%
4 years	80%
5+ years	100%

A participant becomes 100% vested in the Company's contributions if the participant dies, becomes disabled, or upon termination of the Plan.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 and up to a maximum of $50,000 or 50% of their vested account balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) the loan fund. The maximum loan term is five years unless the loan is used for the purchase of a principal residence. Participants may only have two loans outstanding at any time. The loans are secured by the vested balance in the participant's account. Interest rates are determined by the trustee and plan administrator at the time the loan is processed. The interest rates for new participant loans issued during the years ended December 31, 2019 and 2018, were prime rate plus 1%.

Payment of Benefits

Upon termination of service, a participant will receive a lump-sum payment equal to the value of his or her account, provided the account does not have a value greater than $1,000. Distributions greater than $1,000 and less than $5,000 must be directly rolled over to an IRA on behalf of the terminated participants who do not select a payout option. A participant with a vested account balance greater than $5,000 may continue holding investments within the Plan, or elect to withdraw. Prior to separation from service, a participant may elect to receive a distribution of all or any portion of the participant's account balance attributable to their pre-tax and after-tax contributions as well as discretionary matching and profit sharing contributions made by the Company if the participant has attained the age of 59 1/2 and has completed five years of service with the Company, or the participant has incurred a disability. For participants who select a payout option, they may elect to receive a lump-sum distribution, partial payment, a monthly life income annuity to be paid in monthly installments over a period not to exceed the employee's lifetime, or the vested portion of their account may be applied toward the purchase of an annuity contract as defined by the Plan document.

Administrative Expenses

Administrative expenses shown in the Plan's statement of changes in net assets available for benefits include professional fees and other expenses paid to third-party administrators performing various services such as recordkeeping, transaction processing, and custodial services for the Plan.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (see Note 5).

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document. Interest income is recorded on the accrual basis.

Payment of Benefits

Benefits are recorded when paid by the third-party administrator.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

NOTE 3 - TAX STATUS

The Plan has not received a determination letter specific to the Plan itself; however, the plan administrator believes that the Plan is designed and is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements as of December 31, 2019 and 2018.

NOTE 4 - INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Charles Schwab Bank, trustee of the Plan, certified to the completeness and accuracy of all investments reflected on the accompanying statement of net assets available for benefits as of December 31, 2019, the supplemental Schedule H, Line 4i Schedule of Assets (Held at the End of Year) as of December 31, 2019, and the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2019. Notes receivable from participants were not certified by the trustee.

NOTE 5 - FAIR VALUE MEASUREMENTS

The Plan complies with Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurements and Disclosures* (ASC 820), which defines fair value, establishes a consistent framework for measuring fair value and expands disclosure requirements for fair value measurements. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

Assets and liabilities are grouped into three levels, based on the markets in which the assets and liabilities are traded and the reliability of the assumptions used to determine fair value. These levels are:

- Level 1 – Valuation is based upon quoted prices for identical instruments traded in active markets.
- Level 2 – Valuation is based upon quoted prices for similar instruments in active markets, quoted prices for identical or similar instruments in markets that are not active, and model-based valuation techniques for which all significant assumptions are observable in the market.
- Level 3 – Valuation is generated from model-based techniques that use significant assumptions not observable in the market. These unobserved assumptions reflect Plan management's own estimates of assumptions that market participants would use in pricing the asset or liability. Valuation techniques include use of option pricing models, discounted cash flow models and similar techniques.

The Plan bases fair values on the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements for assets and liabilities where there exists limited or no observable market data and, therefore, are based primarily upon Plan management's own estimates, are often calculated based on current pricing policy, the economic and competitive environment, the characteristics of the asset or liability and other such factors. Therefore, the results cannot be determined with precision and may not be realized in an actual sale or immediate settlement of the asset or liability. Additionally, there may be inherent weaknesses in any calculation technique, and changes in the underlying assumptions used, including discount rates and estimates of future cash flows, that could significantly affect the results of current or future values.

Following is a description of the valuation methodology used for assets measured at fair value:

Mutual Funds: Valued at the net asset value of shares held by the Plan at year-end.

Collective Investment Trust: The Plan has an investment in units of the Reliance Trust Company Stable Value Fund Collective Investment Trust, Series 25157 (the CIT). The CIT was formed for the purpose of allowing participating plan sponsors to invest in MetLife Group Annuity Contract 25157 and MetLife Group Annuity Contract 37001 (collectively referred to as the Contracts) issued by Metropolitan Life Insurance Company (MetLife) to Reliance Trust Company (the Trustee). The Contracts are the primary underlying investments of the CIT. The Contracts consist of separately managed investment portfolios in fixed income securities, and also enters into wrapper contracts, which are issued by third-parties and are designed to allow the CIT to maintain a constant net asset value (NAV). The CCT provides for daily redemptions by the Plan at reported NAV, with no advance notice requirements. The fair value of participation units in the CIT held by the Plan are based on the NAV of the CIT, as reported by the manager of the CIT, Reliance Trust Company, and as supported by the unit prices of actual purchase and sale transactions occurring as of or close to the financial statement date.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although Plan management believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Fair value measurements for assets recorded at fair value on a recurring basis at December 31, 2019 are as follows:

Description	Level 1	Level 2	Level 3	Other	Total Fair Value
Mutual funds	$ 5,748,805	$ -	$ -	$ -	$ 5,748,805
Common/Collective Trust	-	-	-	102,133	102,133
Total investments, at fair value	$ 5,748,805	$ -	$ -	$ 102,133	$ 5,850,938

The Plan changed trustees on December 31, 2018 and as a result all cash and investments were transferred from the previous trustee to the new trustee and were in transit (noninterest-bearing cash) at December 31, 2018. Therefore, the Plan did not hold any investments and there were no assets recorded at fair value on December 31, 2018.

NOTE 6 - PLAN AMENDMENT

Effective January 1, 2019, the Plan was amended to reflect a change in the trustee from Fidelity Management Trust Company to Charles Schwab Bank. As a result of this change, participants can no longer contribute to certain investment options offered by Fidelity Management Trust Company. The Plan Sponsor and investment advisor completed a mapping of the previous investment options to the new investment options provided by Charles Schwab Bank. The conversion initiated a blackout period beginning December 28, 2018 and continuing through January 28, 2019. During this period, funds could not be applied to the employee-selected funds with the trustee and funds could not be withdrawn from the Plan until the trustee could accurately complete the conversion. During this period, employee contributions continued to be made through payroll deductions, and the contributions were deposited and held in the Plan's income fund until the completion of the blackout period. At the end of the blackout period, such funds were transferred to the investment options requested by each participant.

NOTE 7 - PLAN TERMINATION

Although it has expressed no intention to do so, the Company has the right under the Plan, at any time, to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 8 - FORFEITURES

Forfeitures are determined at year-end and may be used to reduce the Company's contributions, if any, for the plan year immediately following the plan year in which the forfeiture occurs or to pay Plan expenses. For the year ended December 31, 2019, $2,350 of forfeitures were allocated to remaining participants and there were $1,536 in unallocated forfeitures. For the year ended December 31, 2018, there were no allocated or unallocated forfeitures. Unallocated forfeitures are not considered assets available for Plan benefits as of year-end.

NOTE 9 - RELATED PARTY TRANSACTIONS

Charles Schwab Bank, the trustee of the Plan for the year ended December 31, 2019, manages certain Plan investments. Therefore, these transactions qualified as party-in-interest transactions and are denoted as such on the supplemental Schedule H, Line 4i - Schedule of Assets (Held at the End of Year).

Fidelity Management Trust Company, the former trustee of the Plan for the year ended December 31, 2018, managed certain Plan investments. Therefore, these transactions qualified as party-in-interest transactions for the year ended December 31, 2018.

The Plan pays for certain expenses while the Company absorbs certain administrative expenses on behalf of the Plan, such as accounting fees.

NOTE 10 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Subsequent to year end, the World Health Organization declared the spread of Coronavirus Disease (COVID-19) a worldwide pandemic (see Note 11). As a result of COVID-19, there has been heightened market risk and volatility associated with the pandemic, and this could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits, as mentioned above. Because of the uncertainty of the markets during this time, Plan management is unable to estimate the total impact the pandemic will have.

NOTE 11 - SUBSEQUENT EVENTS

Plan management has evaluated subsequent events through October 9, 2020, the date at which the financial statements were available to be issued.

Subsequent to year end, the World Health Organization declared the spread of Coronavirus Disease (COVID-19) a worldwide pandemic. The COVID-19 pandemic is having significant effects on global, national, and local markets, supply chains, businesses, and communities. The economic effects of the COVID-19 pandemic have already caused a significant decrease in fair values of most investment securities and significant increases in volatility of securities markets. The Plan believes it is taking appropriate actions to mitigate the negative impact. However, the full impact of COVID-19 is unknown and cannot be reasonably estimated as of December 31, 2019.

Due to the economic effects of COVID-19, the Plan has implemented certain provisions of the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) and the Setting Every Community Up for Retirement Enhancement Act of 2019 (the SECURE Act), which are laws that

change the Plan to, among other changes, allow certain eligible individuals to receive coronavirus-related relief for loan repayment, suspend required minimum distributions, and delay the commencement date for required minimum distributions.

On March 23, 2020, the Plan's hardship distribution requirements were amended as a result of final regulations published by the IRS in relation to legislation included in the Bipartisan Budget Act of 2018. These regulations allowed retroactive application of its provisions to the 2019 calendar year and the Plan's board of trustees elected to adopt the regulations in the amendment signed on March 23, 2020 with an effective date of January 1, 2019. This amendment made the following changes to the Plan effective January 1, 2019:

- Participants may now take a hardship distribution from earnings on all elective deferrals and qualifying contributions, including Roth contributions.
- The six month suspension period for elective deferrals and after-tax contributions will no longer be a condition for obtaining a hardship distribution, even if the hardship was made in a prior plan year.
- Participants are no longer required to take out all available Plan loans as a condition to qualify for a hardship distribution.
- The determination of financial need is more clearly defined. The Plan amendment specifically defines financial need as an immediate and heavy financial need involving only the following circumstances:
    - Expenses incurred or necessary for medical care, described in Code section 213(d), for the participant, the participant's spouse, children, or dependents.
    - The purchase (excluding mortgage payments) of a principal residence for the participant.
    - Payment of tuition and related educational fees for the next twelve months of post-secondary education for the participant, the participant's spouse, children, or dependents.
    - The need to prevent eviction of the participant from their principal residence (or a foreclosure on the mortgage on the participant's principal residence).
    - Payments for burial or funeral expenses for the participant's deceased parent, spouse, children or dependents.
    - Expenses for the repair of damage to the participant's principal residence that would qualify for the casualty deduction.
    - Expenses incurred on account of a federally declared disaster.
- A hardship distribution cannot exceed the amount of the participant's need (including any amounts necessary to pay any federal, state, or local income taxes or penalties reasonably anticipated to result from the distribution).
- The participant must first obtain other available distributions (not including hardship distributions or plan loans) under the Plan and all other plans maintained by the Company, whether qualified or nonqualified.
- The participant must represent (in writing or by an electronic medium) that he or she has insufficient cash or liquid assets "reasonably available" to satisfy the participant's financial need.
