ETHOSENERGY 401(K) PLAN

Notes to Financial Statements

December 31, 2019 and 2018

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the EthosEnergy 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan document and related amendments for a more complete description of the Plan’s provisions.

General

The EthosEnergy 401(k) Plan is a multiple employer defined contribution plan established on April 30, 2014, to provide retirement and other related profit sharing benefits to the employees of following employers:

Gas Turbine Efficiency, Inc.	Wood Group Power Operations (West), LLC
Gas Turbine Efficiency, LLC	Wood Group Component Repair, LLC
H&L Accessory LLC	TurboCare, Inc.
Wood Group Field Services, LLC	EthosEnergy GTS Holdings, LLC
Wood Group Power Solutions, LLC	Wood Group Pratt & Whitney Industrial Turbines
Wood Group Power Plan Services, LLC	Services, LLC

The Plan was established for the exclusive benefit of participating employees and their beneficiaries. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”) and related rules and regulations.

During 2019, the Employer transferred the participation of employees of a division within EthosEnergy GTS Holdings (US), LLC from the EthosEnergy (West), Inc. Plan to the Plan.

Contributions

Participants may make pretax contributions ranging from 1 percent to 60 percent of their earnings as elective contributions up to the limits prescribed by the Internal Revenue Service (“IRS”), \$19,000 for the year ended December 31, 2019. The Plan also allows for participants who are 50 years old or older to make catch-up contributions in the amount of \$6,000 for the Plan year ended December 31, 2019. Participants can change their contribution percentages at any time and those changes will be effective as soon as administratively feasible.

The Plan provides for non-discretionary Employer matching contribution for employees not in the agreement described below. The Employer’s safe harbor matches 100 percent of the first 6 percent of salary deferrals of eligible compensation for the Plan year ended December 31, 2019. The employers may also make nonelective contributions to the Plan, as defined by the Plan, in an amount that they determine each Plan year.

The Plan provides for an Employer matching contribution for employees covered under the collective bargaining agreement with Carpenters Industrial Council United Brotherhood of Carpenters and Joiners of America Local Union 724 Affiliate hired prior to June 7, 2008, who receive a flat percentage match of 50% of eligible contributions made by the eligible participant. Union employees hired on or after June 7, 2008 receive a flat percentage match of 100% of eligible contributions made by the eligible participant.

NOTE 1 – DESCRIPTION OF THE PLAN (CONTINUED)

Eligibility

Employees are eligible to participate in the Plan the first full day of the first full payroll period that begins after their date of hire if they are age 18 or older.

Participant Accounts

Each participant's account is credited with the participant's contributions, Employer's contributions, as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are always 100 percent vested in their rollover and transfer contributions, employee pretax contributions, employer safe harbor matching contributions and related earnings. However, the Employer's nonelective contributions, if any, and related earnings will vest according to the following schedule:

<u>Length of Service</u>	<u>Vesting %</u>
Less than 2 years of service	0
2 years of service	50
3 or more years of service	100

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their account balance. The loans are secured by the balance in the participant's account. The interest rate for new loans, determined quarterly, is set at 2 percent above the prime rate, as defined. Principal and interest are paid ratably through payroll deductions in each pay period.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account or installment payments. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution.

Forfeited Accounts

At December 31, 2019 and 2018, forfeited non-vested accounts totaled \$111,583 and \$122,265, respectively. These accounts are expected to be used to reduce future Employer contributions and administrative expenses. During 2019, the amount of forfeitures that were utilized to reduce Employer contributions and to reduce administrative expenses was \$15,091.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make certain estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Retirement Plan Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credits losses has been recorded as of December 31, 2019 and 2018. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Employer. Expenses that are paid by the Employer are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent Events

The Plan has monitored and evaluated any subsequent events from December 31, 2019 through October 14, 2020, the date on which financial statements were available to be issued.

In March 2020, the World Health Organization categorized Coronavirus Disease 2019 ("COVID-19") as a pandemic, and the President of the United States declared the COVID-19 outbreak a national emergency. The COVID-19 pandemic has led to volatility in financial markets and has affected, and may continue to affect, the market price of Plan assets. The potential economic impact brought by, and the duration of, COVID-19 is difficult to assess or predict and will depend on future developments that are highly uncertain and cannot be predicted.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Subsequent Events (Continued)

The Plan has implemented certain requirements by the Coronavirus Aid, Relief, and Economic Security Act (the “CARES Act”) and the Setting Every Community Up for Retirement Enhancement Act of 2019 (the “SECURE Act”), which laws change the Plan to, among others, allow certain eligible individuals to receive coronavirus-related relief for loan repayment, suspend required minimum distributions, and delay the commencement date for required minimum distributions. The optional features within these acts are currently being assessed but have not been implemented to date. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance. No other subsequent events were identified through October 14, 2020, the date these financial statements were issued.

NOTE 3 – FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (“FASB”) *Accounting Standards Codification* (“ASC”) 820, *Fair Value Measurements*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access;
- Level 2 Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability;
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset’s or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Money Market Funds: Valued at the daily closing price as reported by the fund. Money market funds held by the Plan are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (“NAV”) and to transact at that price, which approximates \$1. The money market funds held by the Plan are deemed to be actively traded.

Registered Investment Companies (Mutual Funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

NOTE 3 – FAIR VALUE MEASUREMENTS (CONTINUED)

Common/Collective Trust: Valued at the NAV of units of a Common/Collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchased and sales) may occur daily. Were the Plan to initiate a full redemption of the common/collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Self-Directed Brokerage: Valued at the closing price reported on the active market on which the individual securities are traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31,:

Assets at Fair Value as of December 31, 2019

NOTE 4 – PLAN TERMINATION

Although it has not expressed any intent to do so, the employers have the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 5 – TAX STATUS

The Plan is a Fidelity Management Trust Company (“Fidelity”) prototype plan. The IRS has informed Fidelity by a letter that the form of the prototype plan is acceptable under Section 401(a) of the Internal Revenue Code (“IRC”). The Plan is designed to constitute a qualified tax-exempt plan under section 401(a) of the IRC. Although the Plan has been amended since Fidelity received the opinion letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe the Plan is qualified.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 6 – RELATED-PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Fidelity. Fidelity is the trustee of the Plan’s assets therefore these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services are included in net appreciation in fair value of investments. Fidelity performs certain administrative advisory and recordkeeping services for the Plan. If revenue received by Fidelity from such services exceeds the amount owed, Fidelity remits the excess to the Plan's forfeiture account on a quarterly basis. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of the participants. During 2019, there was an excess of \$-0- remitted to the Plan's forfeiture account. The Plan has not yet used this excess to pay Plan administrative expenses or allocate to participant accounts.

Morgan Stanley provides investment advisor services for the Plan and is considered a party-in-interest. For the year ended December 31, 2019, Morgan Stanley was paid \$45,000.

The Plan provides for loans to participants. Transactions in such investments qualify as party-in-interest transactions as defined by ERISA.

NOTE 7 – CERTIFIED INFORMATION

Certain information related to investments, at fair value, and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedules, including total investments, at fair value, and notes receivable from participants held at December 31, 2019 and 2018, and net appreciation in investments, interest and dividends and interest income on notes receivable from participants for the year ended December 31, 2019, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the trustee.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan provides for various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant’s account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

As described in Note 2, subsequent to December 31, 2019, the stock market has experienced significant volatility, the ultimate outcome of which could be material to the Plan’s investments.

NOTE 9 – TRANSFERS

During 2019, the Employer approved the transfer of employee participation for one EthosEnergy GTS Holdings (US) LLC division from the EthosEnergy (West), Inc. Plan into the EthosEnergy 401(k) Plan.

NOTE 10 – RECONCILIATION OF PLAN FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 as of December 31,:
