# INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee of
the Talgood Enterprises 401(k) Plan

We have audited the accompanying financial statements of Talgood Enterprises 401(k) Plan, which comprise the statements as of December 31, 2019 and 2018, and for the year ended December 31, 2019, as listed in the accompanying index, and the related notes to the financial statements.

## Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

## Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified audit opinion.

**Basis for Qualified Opinion**

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note E, which was certified by Lincoln Financial Group, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2019 and 2018, and for the year ended December 31, 2019, that the information provided to the plan administrator by the trustee is complete and accurate.

**Qualified Opinion**

In our opinion, except for the possible effects of the matter described in the Basis for Qualified Opinion paragraph, the financial statements referred to in the first paragraph present fairly, in all material respects, the financial status of Talgood Enterprises 401(k) Plan as of December 31, 2019 and 2018, and the changes in its financial status for the year ended December 31, 2019, in accordance with accounting principles generally accepted in the United States of America.

**Report on Supplemental Information**

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules listed in the accompanying index, together referred to as "Supplemental Information," are presented for the purpose of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, except for the effects on the Schedule of Assets (Held at end of period) of the matter described in the Basis for Qualified Opinion paragraph, the information is fairly stated in all material respects in relation to the financial statements as a whole.

## NOTE A – DESCRIPTION OF PLAN

The following description of the Talgood Enterprises 401(k) Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

***General*** **-** The plan is a defined contribution plan covering all employees of the company that have completed 1,000 hours of service during the first 12 months of employment. If 1,000 hours of service is not completed in the first 12 months of employment, a year of eligible service will be credited provided 1,000 hours of service is completed in any following calendar year. It is subject to the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Trustees oversees governance of the Plan. The Plan's Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Board of Trustees.

***Contributions*** - In addition to IRS limits, the Plan limits the amount an individual may contribute as salary deferrals. Under the Plan limit, an individual may not defer an amount in excess of 90% of compensation for any Plan year.

***Safe harbor 401(k) plan*** - The Plan is referred to as a safe harbor 401(k) plan. If your Employer elects to satisfy the "safe harbor" rules, then before the beginning of each Plan Year, you will be provided with a comprehensive notice of your rights and obligations under the Plan. However, if you become eligible to participate in the Plan after the beginning of the Plan Year, then the notice will be provided to you on or before the date you are eligible. A safe harbor 401(k) plan is a plan design where your Employer commits to making certain contributions. This commitment to make contributions enables your Employer to simplify the administration of the Plan by ensuring that nondiscrimination regulations are met, which is why it is called a "safe harbor" plan.

***Safe Harbor Matching Contributions*** - In order to maintain "safe harbor" status, your Employer will make a safe harbor matching contribution equal to 100% of your salary deferrals that do not exceed 3% of your compensation plus 50% of your salary deferrals between 3% and 5% of your compensation. This safe harbor matching contribution is 100% vested.

***Discretionary Matching Contributions*** - The employer may make annual discretionary matching contributions in an amount to be determined each plan year by the employer. The employer contribution may be determined as a uniform percentage of compensation or as a uniform dollar amount. An individual will be entitled to share in any matching contributions made to the plan if they satisfy the eligibility requirements and have made elective deferrals to the Plan. The individual will receive their share of the matching contributions regardless of how many hours worked during the year or whether they terminate during the year.

## NOTE A – DESCRIPTION OF PLAN (Continued)

***Participant Accounts*** - Each participant's account is credited with the participant's contribution and allocations of the Company's contributions. The Plan is intended to qualify as a Participant-directed plan under Section 404(c) of ERISA. The individual is responsible for investment decisions relating to the investment of assets in their account under the plan and the plan fiduciaries are not responsible for any losses resulting from the individual's investment instructions.

***Vesting*** - Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after six years of credited service. The vesting rule no longer applies to an individual once they reach normal retirement age under the Plan, upon death or become disabled, while they are still employed, the individual automatically becomes 100% vested.

***Payment of Benefits*** - On termination of employment the individual may elect to receive their vested account balance in a lump sum distribution in cash or they may elect to rollover the distribution to an IRA or to another qualified plan.

***Forfeited Accounts*** - Non vested account balances are forfeited to the plan when an individual terminates their employment. Forfeitures are used to reduce employer contributions.

## NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

***Basis of Accounting*** - The financial statements of the Plan are prepared under the accrual method of accounting.

As described in Financial Accounting Standards Board Staff Position, FSP AAG INV-1 and SOP 94-4-1, Reporting of Fully Benefit Responsive Investment Contracts Held by Certain Investment Companies Subject to the AICPA Investment Company Guide and Defined-Contribution Health and Welfare and Pension Plans (the FSP), investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. As required by the FSP, the statement of net assets available for benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statement of changes in net assets available for benefits is prepared on a contract value basis.

## NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

***New Accounting Standards*** **-** In 2016, the Plan adopted Accounting Standards Update (ASU) 2015-07, *Fair Value Measurement (Topic 820); Disclosure for Investments in Certain Entities That Calculate Net Asset Value per Share (or its Equivalent).* The ASU removes the requirement to categorize investments measured at fair value using net asset value (NAV) as a practical expedient within the fair value hierarchy. The standard, as permitted, was applied retrospectively.

In 2017, the Plan adopted ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic* 962), *Health and Welfare Benefit Plans (Topic* 965): *(Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient.* In accordance with the standard the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures was eliminated. Contract value is the only required measure for fully benefit-responsive investment contracts. The requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type was also eliminated. The Plan will continue to disaggregate investments that are measured using fair value by general type; however, the Plan is no longer required to disaggregate investments by nature, characteristics, and risks. The relevant sections of the standard were applied retrospectively.

***Estimates*** **-** The preparation of financial statements, in conformity with generally accepted accounting principles, requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

***Risks and Uncertainties*** - The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

***Investment Valuation and Income Recognition*** **-** The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset between market participants at the measurement date. See Note C for discussion of fair value measurements.

***Operating Expenses*** **-** All expenses of maintaining the Plan may be paid by the Plan or by the Company. If the Company does not pay Plan-related expenses, such fees or expenses will generally be allocated to the accounts of Participants.

## NOTE C – FAIR VALUE MEASUREMENTS

Generally accepted accounting principles provide a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value.

Assets and liabilities that are required to be recorded at fair value in the statement of net assets available for benefits are categorized based on the inputs to valuation techniques as follows:

*Level 1* – These are assets and liabilities where values are based on unadjusted quoted prices for identical assets and liabilities in an active market the Plan has the ability to access.

*Level 2* – These are assets and liabilities where values are based on the following:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets and liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the assets or liability
- Inputs which are derived principally from or corroborated by observable market data by correlation or other means

*Level 3* – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Changes in valuation techniques may result in transfers in or out of an investment's assigned level within the hierarchy. Transfers between fair value hierarchy levels are recognized at the end of the period. The aggregate values by input level, as of period end, for the Plan's investments in securities and other financial instruments are included in this Note below.

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2019 and 2018, except as noted above in connection with the application of the new accounting standards.

## NOTE C – FAIR VALUE MEASUREMENTS (Continued)

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits.

## NOTE F – SUBSEQUENT EVENTS

Subsequent events were evaluated through October 10, 2020, the date the financial statements were available to be issued. Based on this evaluation, no subsequent events have occurred, which require disclosure in the financial statements.

As a result of the spread of COVID-19 coronavirus, economic uncertainties have arisen which have resulted in significant volatility in the investment markets, resulting in a substantial decline in the value of the investments. The duration of these uncertainties and the ultimate financial effects cannot be reasonably estimated at this time.
