iQor Retirement Savings Plan

Notes to Financial Statements

Years Ended December 31, 2019 and 2018

1. Description of the Plan

The following description of the iQor Retirement Savings Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the plan document for a complete description of the Plan’s provisions.

General

The Plan was established on January 1, 1992, and was amended and restated effective December 7, 2017. The Plan is a defined contribution plan covering substantially all employees of iQor, Inc. and its affiliated companies (collectively, “iQor” or the “Company” or the “Employer”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

During the year ended December 31, 2019, the Company elected to sell two groups within the iQor group, resulting in the spin-off and transfer of the associated assets to different plans. Between September 3, 2019 and September 4, 2019, the Company transferred \$7,518,723 of participant investment and loan balances to Ivy Technology 401(k) Retirement Savings Plan. Between October 31, 2019 and November 1, 2019, the Company transferred, \$5,178,965 of the participant investments and loan balances to the American One Source, Inc. MEP 401(k) Plan (“Transfer 2”).

In August 2019, an administrative error occurred as part of Transfer 2 that incorrectly coded select participants as terminated with the custodian and resulted in the distribution of investments net of loan balances totaling \$1,234,751 to these participants. The Plan subsequently collected \$150,773 from participants. The net balance of \$1,083,978 is included as benefit payments in the statement of changes in net assets available for benefits. The Company identified and disclosed the distribution to the Internal Revenue Service (“IRS”) via a Voluntary Correction Program (“VCP”) and requested that the IRS waive the 10% penalty fees associated with early terminations. The VCP was approved by the IRS on April 21, 2020.

Eligibility

Employees become eligible to participate in the Plan on the first day of the month immediately following or coinciding with the attainment of 90 days of service. Executive vice presidents, senior vice presidents, and vice presidents are not eligible to participate in the Plan. Effective January 1, 2016, employees are eligible to receive the employer matching contribution if they have been credited with 1,000 hours of service in the plan year and are employed on the last day of the plan year and are eligible to receive the employer profit sharing contribution if they are employed on the last day of the plan year.

Contributions

The Plan provides each participant with an opportunity to make pre-tax and/ or Roth contributions to the Plan, not to exceed 75% of eligible compensation, and subject to the limitations of the Internal Revenue Code (“IRC”). The Company may make a discretionary employer matching contribution and/ or a discretionary employer profit sharing contribution. The Company did not make any discretionary employer matching contributions or discretionary employer profit sharing contributions for the year ended December 31, 2019.

Participant Accounts

Each participant’s account is credited with their contributions, employer contributions and the earnings thereon. Contributions to the Plan are invested by the custodian as directed by the participants. Each participant may elect from one or more of the investment vehicles offered pursuant to the provisions of the Plan.

Vesting

Participants are immediately and fully vested in their own contributions, plus actual earnings thereon. Participants vest 25% after one year of service and an additional 25% each subsequent year until fully vested after completing four or more years of service for the Company’s discretionary employer matching and employer profit sharing contributions.

iQor Retirement Savings Plan

Forfeitures

The Plan provides for terminated employees who resume employment within five years to have any forfeited amounts reinstated (“reinstatement period”), if the employee repays the full amount of the distribution attributable to vested employer contributions prior to the end of the reinstatement period. Plan participants’ forfeitures may be used to pay plan expenses or reduce the employers’ contribution for the plan year and, if applicable, any remaining amount shall be applied toward succeeding plan years until fully utilized. No plan forfeitures were applied in conjunction with the payment of plan expenses or employer contributions for the year ended December 31, 2019. Forfeitures from employees approximated \$300 for the year ended December 31, 2019. The available balance of forfeitures for the years ended December 31, 2019 and 2018 was approximately \$34,600 and \$34,200, respectively.

Benefits

Participants’ vested interest in the Plan’s assets are distributable generally upon termination, disability, retirement or death. Participants may withdraw from their individual accounts pursuant to specific guidelines as set forth in the plan document.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum of the lesser of \$50,000 or 50% of their vested account balance. The maximum term of a loan is five years; or ten years, if the loan is for the purchase of a principal residence. The loans are secured by the balance in the participant’s account and bear interest at a rate of prime plus one percent (1%). Notes receivable from participants are repaid through payroll deductions and monitored by the plan administrator. Notes receivable from participants are measured at their unpaid principal balance, plus any accrued interest. As of December 31, 2019, the interest rates on the outstanding notes receivable from participants ranged from 4.25% to 8.50%.

Administrative Expenses

All transaction fees for loan and distribution requests and maintenance fees are paid from participants’ accounts. Substantially all administrative expenses are paid by the Plan.

2. Summary of Significant Accounting Policies

Basis of Presentation

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and if applicable, disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan’s investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussions of fair value measurements. Purchase and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan’s gains and losses on investments bought and sold, as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

3. Information Certified by the Custodian

The following is a summary of the investments and notes receivable from participants prepared by or derived from information furnished by John Hancock Trust Company, LLC (the “Custodian” or “John Hancock”) as of December 31, 2019 and 2018 and for the year ended December 31, 2019, and included in the Plan’s financial statements and supplemental schedule. The plan administrator has obtained certifications from the Custodian that such information is complete and accurate.

iQor Retirement Savings Plan

Information relating to investments and notes receivable from participants held by the Custodian at December 31, is as follows:

	2019	2018
Mutual funds, at fair value	\$ 43,392,894	\$ 53,308,335
Guaranteed interest account, at contract value	6,978,582	7,903,786
Notes receivable from participants	1,073,210	1,926,974
Total	<u>\$ 51,444,686</u>	<u>\$ 63,139,095</u>

The following was also certified by the Custodian for the year ended December 31, 2019:

Net appreciation in fair value of investments	<u>\$ 7,651,479</u>
Interest and dividend income	<u>\$ 2,990,033</u>
Interest income on notes receivable from participants	<u>\$ 86,407</u>

Investment Contract with Insurance Company

The Plan is party to an investment contract with John Hancock whereby allocated contributions are maintained in a Guaranteed Interest Account (“GIA”). The contract is included in the financial statements at contract value (which represents contributions made under the contract, plus earnings, less withdrawals and administrative expenses), because it is fully-benefit responsive. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

Certain events limit the ability of the Plan to transact at contract value with John Hancock. Such events include the following (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan’s prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from Federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that the occurrence of any such value event, which would limit the Plan’s ability to transact at contract value with participants, is probable. The guaranteed investment contract does not permit John Hancock to terminate the agreement prior to the scheduled maturity date.

4. Fair Value Measurements

The Plan’s investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The asset’s or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques need to maximize the use of observable inputs and minimize the use of unobservable inputs.

iQor Retirement Savings Plan

Valuation techniques used to measure fair value are defined as follows:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
- Level 2 - Inputs to the valuation methodology include: (a) quoted prices for similar assets or liabilities in active markets; (b) quoted prices for identical or similar assets or liabilities in inactive markets; (c) inputs other than quoted prices that are observable for the asset or liability; and (d) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in methodology used at December 31, 2019 and 2018.

- *Mutual funds*: valued at quoted prices reported in an active market for each share held by the Plan.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial statements could result in a different fair value measurement at the reporting date.

Investments at fair value as of December 31, 2019 are as follows:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	<u>\$ 43,392,894</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 43,392,894</u>

Investments at fair value as of December 31, 2018 are as follows:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	<u>\$ 53,308,335</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 53,308,335</u>

5. Tax Status

The Internal Revenue Service (“IRS”) has determined and informed the Company by a letter dated May 8, 2017, that the Plan is designed in accordance with the applicable sections of the Internal Revenue Code (“IRC”). Although the Plan has been amended since receiving the determination letter dated May 8, 2017, the Plan’s management believes that the Plan is currently designed and is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan’s financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan’s management believes it is no longer subject to income tax examinations for years prior to 2018.

iQor Retirement Savings Plan

6. Related Party Transactions

Certain Plan investments are managed by John Hancock and, therefore, these transactions qualify as party-in-interest transactions. Fees paid to John Hancock by the Plan for management services amounted to \$168,999 for the year ended December 31, 2019.

7. Risks and Uncertainties

The Plan's investments are concentrated in mutual funds and a guaranteed interest account that invest in marketable securities. Such securities are subject to various risks such as interest rate, market and credit risks, which determine the value of the funds. Due to the level of risk associated with certain securities and the level of uncertainty related to changes in the value of these securities, it is at least reasonably possible that changes in market conditions in the near term could materially affect participants' account balances and the value of investments reported in the financial statements.

8. Plan Termination

Although it has not expressed any intent to do so, the Company reserves the right to amend, alter or terminate the Plan subject to the provisions of the ERISA. If the Plan is terminated, the amount credited to the account of each participant will be fully vested.

9. Reconciliation to the 5500

The following is a reconciliation between the statement of net assets available for benefits per the accompanying financial statements and the Form 5500 as of December 31,:

	<u>2019</u>	<u>2018</u>
Net assets available for benefits per financial statements	\$ 51,444,686	\$ 63,129,571
Excess contribution payable	<u>-</u>	<u>9,524</u>
Net assets available for benefits per the Form 5500	<u>\$ 51,444,686</u>	<u>\$ 63,139,095</u>

The following is a reconciliation between the statement of changes in net assets available for per the accompany financial statements and the Form 5500 for the year ended December 31, 2019:

Net increase per the financial statements	\$ 1,012,803
Excess contribution payable	<u>(9,524)</u>
Net increase per the Form 5500	<u>\$ 1,003,279</u>

10. Subsequent Events

The Plan has evaluated subsequent events through October 14, 2020, the date the financial statements were available for issuance.

In March 2020, the COVID-19 outbreak was declared a pandemic by the World Health Organization. The COVID-19 pandemic has led to increased volatility in financial markets. The extent to which such increased volatility will impact the value of Plan assets will depend on future developments that are highly uncertain and cannot be predicted.

iQor Retirement Savings Plan

On March 27, 2020, the “Coronavirus Aid, Relief, and Economic Security (CARES) Act” was signed in to law. The CARES Act includes several relief provisions available to the Plan and its participants. Plan management has evaluated the relief provisions available to plan participants under the CARES Act and has implemented the following provisions:

- Special coronavirus distributions up to \$100,000

In accordance with the CARES Act, the plan will be amended to retroactively adopt these provisions no later than January 1, 2022.
