Report of Independent Auditors

To the Administrator of State Farm 401(k) Savings Plan

We have audited the accompanying financial statements of State Farm 401(k) Savings Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018 and and the related statement of changes in net assets available for benefits for the year ended December 31, 2019, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on the financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on our judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, we consider internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2019 and 2018 and the changes in net assets available for benefits for the year ended December 31, 2019, in accordance with accounting principles generally accepted in the United States of America.

Other Matter

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2019 is presented for the purpose of additional analysis and is not a required part of the financial statements

but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves and other additional procedures, in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

1. Description of the Plan

The following description of the State Farm 401(k) Savings Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

The Plan is a contributory, defined contribution plan. Participation in the Plan and its continuance are optional. The companies currently participating are State Farm Mutual Automobile Insurance Company ("SFMAIC"), State Farm Life Insurance Company, State Farm Life and Accident Assurance Company, State Farm Fire and Casualty Company, State Farm General Insurance Company, State Farm Lloyds, State Farm Indemnity Company, State Farm Florida Insurance Company, State Farm VP Management Corp., and State Farm International Holding Company (Collectively known as the "Company" or "Companies").
The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Board of Directors of SFMAIC has delegated to its Compensation Committee the responsibility for all ERISA 'settlor' (i.e., "Plan Sponsor") functions. Therefore, the Compensation Committee has adopted the State Farm 401(k) Savings Plan Trust, as required by ERISA.

The Pension Administrative Committee ("PAC") is the Plan Administrator. The Board of Directors of SFMAIC has delegated to the PAC all fiduciary responsibilities pertaining to operation of the Plan. The Board of Directors of SFMAIC has delegated to the CEO of SFMAIC the role of appointing no less than 3 and no more than 5 Company employees to serve as voting members of the PAC. The PAC itself, from time to time, may designate non-voting members of the PAC. The PAC itself, from time to time, may engage non-voting members to assist it in its work.

The Board of Directors of SFMAIC has delegated to its Investment Committee the responsibility for the investment plan/policy for the Plan. The Investment Committee has delegated responsibility for implementation and monitoring of the investment plan/policy to the Pension Investment Committee ("PIC").

The Board of Directors of SFMAIC has named Trustees for the Trust, who are directed and monitored by the PIC. The Trustees hold legal title to all Trust assets, as required by ERISA. Trustees are responsible for monitoring the Trust assets and operations but have no discretionary investment management authority or control. They report their work to the PIC.

A. Eligibility

All employees of the Companies over 18 years of age are eligible to participate in the Plan except directors not otherwise employed by the Companies, unionized workers, any person holding a State Farm Agent's Agreement with any of the Companies or any employee of such person, any individual performing services for the Companies who is

classified as an external associate per the Companies' records, or any person operating under a Staff Assistance Agreement.

Each participant is 100% vested in and entitled to the benefit that can be provided by salary reduction contributions and the Companies' additional contributions, including investment results. Participants have a choice of 7 investment options that have varying investment objectives, strategy, and risk, in addition to a suite of life-style options. Participants may withdraw a portion or all of their contributions including any earnings thereon, subject to certain legal restrictions. In addition, hardship withdrawals and loans may be made with the approval of the Plan Administrator.

B. Plan Termination

Although the Plan is intended to be permanent, the Companies reserve the right to discontinue contributions at any time or to terminate the Plan for any reason subject to the provisions of ERISA. On termination of the Plan, the Plan Administrator shall advise the Trustees to distribute to all Participants the amounts credited to their respective accounts in cash or securities in such manner as the Plan Administrator determines.

C. Contributions

Salary Deferral Contributions

Eligible employees may elect to enter into a Salary Deferral Agreement with the Companies specifying the amount of Salary Deferral Contributions that should be contributed to the Trust. The limits set by the Internal Revenue Service (IRS) for the year ending December 31, 2019 were $19,000 with an additional catch up contribution of $6,000 for participants age 50 and over. The employee agrees to accept a deferral of salary and the Companies will make a contribution to the participant's account in an amount equal to the amount of the Salary Deferral Agreement.

Companies Additional Contributions

Each Plan year, the Companies shall make a non-discretionary matching contribution to the Plan in an amount equal to the total of qualifying salary deferral contributions made by employees during the Plan year. Qualifying salary reduction contributions are limited to $900 per year per participant.

The Companies shall also make a non-elective contribution of $300 per year on behalf of every eligible employee.

In any Plan year, The Board of Directors may decide to make a contribution in addition to the amount of total qualifying salary deferral contributions. No additional contributions beyond the non-elective contribution and the amount of total qualifying salary deferral contributions were made during 2019. Contributions made shall be credited to participating accounts at the close of business on the day received by the Plan.

D. Notes Receivable from Participants

Effective January 1, 2009, the Plan allows participants who are active employees to take a loan against their 401(k) Savings Plan account, up to a maximum of the lesser of $50,000, or 50% of their account balance. The loans are secured by the balance in the participant's account. Outstanding loans bear interest at rates that range from 4.25% -

6.50% and maturity dates that range through 2029. The loan shall bear interest at a reasonable annual percentage interest rate to be determined by the Plan Administrator taking into account interest rates currently being charged by persons in the business of lending money with respect to loans made in similar circumstances. The loan uses the quarterly effective rate and remains at that rate for the life of the loan. Principal and interest is paid ratably through monthly payroll deductions.

E. Participant Directed Investments

Effective 11/1/2019, the three funds managed by State Farm were replaced with comparable funds managed by Vanguard, and four new investment options were added. Participants invested in Equities Account, Fixed Income Account, and Balanced Account were automatically mapped to the appropriate replacement investment option (Large Cap Equity Portfolio, Short-Term Bond Portfolio, and Balanced Portfolio, respectively) if the participant took no action prior to transition. The Plan provides participants with the opportunity to direct the investment of their account balances in any of the available investment options: (1) Stable Value Portfolio, which seeks to preserve retirement savings by maintaining a stable unit price while providing income at a rate of interest that is competitive with bonds that have an average maturity of 2 – 3 years; (2) Short-Term Bond Portfolio, which invests in a broad cross-section of U.S. bonds with an average maturity of 2 – 3 years, emphasizes income, and the unit price can fluctuate; (3) Bond Portfolio, which invests in a broad cross-section of U.S. bonds of various maturities and emphasizes income rather than growth; (4) Balanced Portfolio, which invests in a broad group of investments maintained at a mix of 60% stocks and 40% bonds; (5) Large Cap Equity Portfolio, which seeks long-term growth by investing in a group of large U.S. company stocks; (6) Small/Mid Cap Equity, which seeks long-term growth by investing in a group of medium and small U.S. company stocks; (7) International Equity Portfolio, which seeks long-term growth by investing in a group of stocks from countries outside of the United States; and (8) Target Date Investment Options, which invest in a broadly diversified group of stocks and bonds, balancing risk and return against the length of time that assets will be invested. Over time, assets automatically shift from more aggressive investments (primarily stocks) to more conservative investments (primarily bonds) based on the investor's anticipated retirement year.

The Plan is designed and intended to comply with Section 404 (c) of ERISA.

F. Benefits

Under certain circumstances, there are eight types of withdrawals active employees may request while still working: Non-Hardship Withdrawal, Hardship Withdrawal, Withdrawal of Rollover Contributions, Withdrawal of Roth 401(k) Rollover Contributions, Age 59 1/2 Withdrawal, Roth Age 59 1/2 Withdrawal, Active Military Withdrawal, and Qualified Military Reservist Distribution.

Upon retirement, and if interest in the Plan is $5,000 or greater, participants may elect any one of five different benefit payment options: (1) (2) (3) To leave his/her interest in the Plan and receive payments of a specified amount monthly, quarterly, or annually until his/her account has been exhausted; (4) To receive a lump sum payment; (5) To

leave his/her interest in the Plan and select one of the aforementioned options at a date no later than April 1 of the calendar year following the later of the year in which the participant attains age 70 1/2 or the year in which the participant retires. If interest in the Plan is less than $5,000, the balance will be distributed as a lump sum payment.

Upon termination, and if interest in the plan is $5,000 or greater, participants may elect one of two different benefit payment options: (1) To receive a lump sum payment; (2) To leave his/her interest in the Plan and select one of the aforementioned options at a date no later than April 1 of the calendar year following the later of the year in which the participant attains age 70 1/2 or the year in which the participant retires. If interest in the plan is less than $5,000, the balance will be distributed as a lump sum payment. Once age 55 is attained at or after termination, the participant receives the five retirement options noted above.

2. Summary of Significant Accounting Policies

A. Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

The Statement of Changes in Net Assets Available for Plan Benefits includes terminated participant's interest as benefit payments are reflected on a cash basis under generally accepted accounting principles. Refer to footnote 7 for a reconciliation of this difference between the financial statements and Form 5500.

B. Investments

Investments are stated at fair value.

Purchases and sales of securities are accounted for on the trade date. Gains or losses on sales of investments are based on the specific identification method.

Investment income on bonds, stocks, and notes is recorded as earned on an accrual basis. Dividends are recorded on the ex-dividend date.

Generally, under ordinary market conditions, all common collective trust positions provide daily market liquidity to Plan participants and the Plan. There are no unfunded commitments related to these investments.

The Plan presents in the Statement of Changes in Net Assets Available for Plan Benefits the net appreciation (depreciation) in the fair value of its investments, which consists of the realized gains or losses and the unrealized appreciation or depreciation on those investments. The net appreciation or depreciation is included in the "Net appreciation (depreciation) in fair value of investments" line on the Statement of Changes in Net Assets Available for Plan Benefits.

C. Administrative and Operating Expenses

Office personnel, space, equipment, record keeping, legal, and audit and investment services are furnished by the Companies at no charge to the Plan. However, there is an investment manager fee associated with each investment option. The fee is collected by Vanguard from the portfolio daily and reduces the portfolio's daily closing price.

D. Benefits

Benefits paid to participants are recorded upon distribution.

E. Risks and Uncertainties

The Plan provides for various investment options in a combination of stocks, bonds, fixed income securities and common collective trusts. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Plan Benefits.

F. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make significant estimates and assumptions that affect the reported amounts of net assets available for plan benefits at the date of the financial statements. These estimates and assumptions also affect the changes in net assets available for plan benefits during the reporting period and, when applicable, disclosures of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

G. Accounting Pronouncements

There are no current accounting pronouncements with known impacts to the 2019 financial statements.

H. Notes Receivable from Participants

Notes receivable from participants are participant loans that are stated at the unpaid principal balance plus any accrued but unpaid interest. This does not include delinquent loans that have been deemed distributable as they are considered benefit payments. At December 31, 2019 and 2018, there were no loans in default that exceeded the participant's vested account balance.

3. Fair Value Measurements

Fair value is defined as the price that would be received upon selling an investment in a timely transaction to an independent buyer in the principal or most advantageous market for the investment. The Plan's financial assets carried at fair value have been classified, for disclosure purposes, based on a hierarchy which prioritizes the inputs to valuation techniques used to measure fair value. A financial instrument's level within the fair value

hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The three levels of the fair value hierarchy are summarized below:

- Level 1 – Observable inputs that reflect unadjusted quoted prices for identical securities in active markets.
- Level 2 – Observable inputs other than quoted prices included in level 1 such as quoted prices for similar securities; interest rates, prepayment schedules, and credit risk for fixed income securities; or other inputs that are observable or can be corroborated by observable market data.
- Level 3 – Unobservable inputs including the Plan's own assumptions in determining the fair value of investments.

The following table sets forth, within the fair value hierarchy, the Plan's fair value measurements at December 31, 2019:

Fair Value Measurements at December 31, 2019

	Level 1 Market Value	Level 2 Market Value	Level 3 Market Value	Total

CCT - Vanguard [(a)] at NAV				2,434,750,164
Total				$ 11,490,619,926

[(a)] The Vanguard Target Date Portfolios are designed to balance risk and return against the length of time that participant money will be invested. Over time, participant money shifts from more aggressive investments (primarily stocks) to more conservative investments (primarily bonds and money market funds) to ensure that participant money is put into investments that are intended to have less risk as the participant gets closer to retirement. Generally, under ordinary market conditions, all common collective trust positions provide daily market liquidity to Plan participants and the Plan.

The following table summarizes the investments at fair value based on NAV per share as a practical expedient as of December 31, 2018:

	Assets Valued at NAV as a Practical Expedient as of December 31, 2018				
	Fair Value	Unfunded Commitments	Redemption Restrictions	Redemption Frequency	Redemption Notice Period
Vanguard Target Date Portfolios	$ 2,434,750,164	None	None	Daily	No formal notice period, but plan events need to be pre-noted and approved
Total	$ 2,434,750,164	$ -			

During 2019 and 2018, the Plan did not hold any investments classified as Level 3. The Plan recognizes transfers between levels at the end of the reporting period. There were no transfers between levels for 2019 and 2018.

Valuation Techniques

The following is a description of the valuation methodologies used for assets at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Level 1 Measurements

Level 1 assets include actively-traded exchange-listed equity securities, short-term money market mutual funds, and cash. Valuations are based upon unadjusted quoted exchange prices for equity securities and quoted net asset value for actively-traded money market funds.

Level 2 Measurements

Bonds - These assets include United States government and agency securities, corporate debt securities and foreign debt securities valued by an independent pricing vendor, as well as commercial paper valued at amortized cost, which approximates fair value. Typical inputs to models used by pricing vendors include but are not limited to benchmark yields, reported trades, broker/dealer quotes, issuer spreads, two-sided markets, benchmark securities, bids, offers, and reference data including market research publications.

Common Collective Trust

Common Collective Trust – These assets are valued at the net asset value of units held by the Plan at year-end, and include the use of significant observable inputs in determining the unit value. The net asset value is used as a practical expedient.

4. Dividend and Interest Income

Income from investments held during the year ended December 31, 2019 consisted of:

		2019
Interest		
Cash	$	1,281,447
U.S. Government Securities		27,694,984
Corporate Bonds		17,403,325

5. Income Tax Status

The IRS has determined and informed the Plan by a letter dated January 27, 2017 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since the determination letter request was obtained. The Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan's management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019 and 2018, there are no uncertain positions taken or expected within the next 12 months that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to audits for tax periods within a three year prior period, however, there are currently no audits for any tax periods in progress. The Plan believes it is no longer subject to income tax examinations for years prior to 2016.

6. Parties in Interest

The Companies, Plan Administrator, Pension Investment Committee, Trustees and the Plan's custodian are all parties in interest to the Plan. The Companies fund the employer matching contributions and provide office personnel, space, equipment, and audit and investment services at no charge to the Plan. The Trustees monitor trust operations. SFMAIC pays custodian fees and Alight Solutions administration fees on behalf of the Plan. Vanguard Fiduciary Trust Co. manages a suite of investment options for the Plan. Employees with outstanding loans are also considered parties in interest.

7. Reconciliation of Financial Statements at December 31, 2019 and 2018 to Form 5500

As explained in footnote 2A, the following is a reconciliation of net assets available for benefits and benefit payments per the financial statements at December 31, 2019 and 2018 to Form 5500:

	2019	2018
Net assets available for benefits per the financial statements	$13,752,670,047	$11,705,474,054
Amounts allocated to withdrawing participants	0	(1,503,577)
Net assets available for benefits per form 5500	$13,752,670,047	$11,703,970,477

	2019	2018
Benefit Payments per the financial statements	$ 858,630,378	$ 802,498,696
Amounts allocated prior year/paid current year	(1,503,577)	(869,547)
Amounts allocated to withdrawing participants	0	1,503,577
Benefit Payments per Form 5500	$ 857,126,801	$ 803,132,726

8. Subsequent Events

The Plan has evaluated all subsequent events through October 15, 2020 which is the date that the financial statements were available for issuance.

On March 11, 2020, the World Health Organization declared COVID-19 a pandemic. The COVID-19 pandemic and resulting global disruptions have caused significant economic uncertainty and volatility in financial markets. The impact of COVID-19 continues to evolve rapidly and the Company is not able at this time to estimate its full impact on the Plan's financial statements.

Effective May 13, 2020, the Plan adopted the distribution provision of the Coronavirus Aid, Relief, and Economic Security ("CARES") Act that was signed into law on March 27, 2020. A CARES Act distribution allows qualified Plan participants to take a COVID-19 related distribution up to $100,000 from the Plan beginning on or after January 1, 2020 and before December 31, 2020. In addition, effective May 13, 2020, the Plan adopted the temporary loan repayment deferral provision of the CARES Act. The deferral provision adopted by the Plan allows qualified Plan participants who have Plan loan repayments to defer such repayments until December 31, 2020.
