INDEPENDENT AUDITORS' REPORT

October 8, 2020

Plan Administrator
Haulotte Bil-Jax Retirement Savings Investment Plan
Archbold, Ohio

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the *Haulotte Bil-Jax Retirement Savings Investment Plan (*the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Independent Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to information summarized in Note 2, which was certified by Fifth Third Bank, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan Administrator that the trustee holds the Plan's investment assets and notes receivable from participants, and executes the related transactions. The Plan Administrator has obtained certifications from the trustee as of and for the years ended December 31, 2019 and 2018, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Supplemental Schedule

The December 31, 2019 supplemental schedule of assets (held at end of year) is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. DESCRIPTION OF THE PLAN AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following description of the *Haulotte Bil-Jax Retirement Savings Investment Plan* (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

Description of the Plan

General

The Plan is a defined contribution plan covering substantially all full-time employees of Haulotte U.S. and its participating subsidiaries (collectively, the "Company") who are at least eighteen years of age and who have been employed by the Company for at least ninety days. Employees may enter the Plan on the first day of each month after they have met the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Risks and Economic Uncertainties

The Plan invests in various mutual funds and a common/collective trust with the underlying assets consisting of any combination of stocks, bonds, fixed income securities and other investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of interest rate, market, and credit risks inherent with certain of the Plan's investment securities, it is at least reasonably possible that changes in the fair values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and changes in net assets available for benefits.

On March 11, 2020, the World Health Organization categorized Coronavirus Disease 2019 ("COVID-19") as a pandemic, and on March 13, 2020, the President of the United States declared the global outbreak a national emergency. In addition, state and local authorities have required or recommended social distancing and have imposed quarantine and other isolation measures on large portions of the domestic population, including mandatory business closures. These measures, designed to protect the overall public health, have had and are expected to continue to have material adverse financial and other impacts on world economies.

As a result of the COVID-19 pandemic, there has been heightened market risk and volatility experienced in the financial markets. During this time, because of the uncertainty in financial and other markets associated with the pandemic, it is difficult to fully assess or predict the impact brought by, and the duration of, the pandemic. The longer-term economic effects will depend on future developments that are highly uncertain. As such, Plan management is unable to estimate the impact the current environment will have on participants' account balances, and the investment amounts reported in the Plan's statements of net assets available for benefits and changes in net assets available for benefits.

Notes to Financial Statements

Contributions

The Company has a 401(k) arrangement under the Plan whereby participants may make compensation deferral contributions on a pre-tax or after-tax (Roth) basis. Catch-up contributions are allowed for participants who have attained age 50 before the end of the Plan year. Participants may elect to change their contribution rate on the first day of each month. A participant may also transfer into the Plan a rollover contribution from another qualified retirement program, unless the balances are related to Roth contributions.

As a Safe Harbor plan, the Company makes matching contributions of 100% of each participant's contributions up to 3% of compensation plus 50% of each participant's contributions of the next 3% of compensation for a maximum match of 4.5% of compensation. The Company may also make qualified nonelective contributions which would be determined annually at the sole discretion of the Company. A participant must be employed on the last day of the Plan year and have worked at least 1,000 hours during the Plan year to receive the nonelective contributions. No nonelective contributions were made in 2019 or 2018. The Plan currently offers mutual funds and a common/collective trust as investment options for participants.

All contributions described above may not exceed the limitations prescribed by the Internal Revenue Code ("IRC").

Participant Accounts

Each participant's account is credited with the participant's contributions, employer matching contributions, and an allocation of discretionary nonelective employer contributions (when made), based on eligible compensation. Investment income or loss is credited to each participant's account based upon the performance of the investment options selected by the participant. Participants who initiate a loan or benefit payment are charged a fee for that transaction, which is deducted from the proceeds they receive. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary deferral contributions and Safe Harbor matchings contributions, plus earnings thereon. Participants become vested in Company discretionary nonelective contributions at a rate of 20% for each of the first five years of credited service, becoming 100% vested after five years of credited service or upon death or permanent disability.

Notes Receivable from Participants

Participants may borrow from their vested accounts a minimum of $1,000 up to a maximum of the lesser of (1) $50,000 reduced by the highest outstanding balance of loans from the Plan during the one-year period ending on the day before the date on which such loan is made, or (2) 50% of the participant's vested balances under the Plan reduced by any outstanding loan balances. The term of the loan may not exceed five years unless the loan is used to acquire a principal residence, in which case the term may not exceed 15 years. Participants are allowed to have no more than two loans outstanding at any time. Loans bear interest at rates ranging from 4.25% to 6.50%, which represents 1% over *The Wall Street Journal* prime rate on the date the loans were originated. Principal and interest is collected ratably through payroll deductions.

Notes to Financial Statements

Payment of Benefits

Upon termination of employment, retirement, disability or death, the Plan provides for benefits to be paid in a single distribution at an elected date. The benefit to which a participant is entitled is the benefit that can be provided from the vested value of the participant's account. If the participant's account balance is $1,000 or less, payment will be made in a lump-sum without the participant's consent. Hardship distributions are permitted from participants' elective deferral accounts. If a participant elects to take a hardship withdrawal, compensation deferral contributions are suspended for six months following receipt of the distribution. In-service distributions are permitted if the participant has attained the age of 59½.

Forfeited Accounts

Forfeitures are used to reduce employer contributions or to pay eligible administrative expenses. Unallocated forfeitures amounted to $20,870 and $14,737 at December 31, 2019 and 2018, respectively.

Administrative Expenses

Substantially all expenses associated with the administration of the Plan, including fees for professional services, are paid by the Company. Expenses that are paid directly by the Company are excluded from these financial statements and qualify as party-in-interest transactions which are exempt from prohibited transaction rules. Fund management fees and operating expenses are paid by the Plan and allocated to participants' accounts as a reduction of net appreciation or an addition to net depreciation in fair value of investments. Participants are charged directly for loan fees and fees related to certain distribution types.

Plan participants may elect to receive investment advice and managed account services. Under the managed account services program, participants' accounts are automatically monitored, rebalanced and reallocated every quarter. Managed account service fees are assessed quarterly to the accounts of participants utilizing the services. These fees totaled $47,324 in 2019 and $36,826 in 2018.

Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Notes to Financial Statements

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisor and trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Income from investments is recorded as earned on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's aggregate gains and losses on investments bought and sold as well as held during the year.

Management fees and operating expenses charged to the Plan for investments in mutual funds and the common/collective trust are deducted from income earned on a daily basis and are not separately reflected. Consequently, these management fees and operating expenses are reflected as a reduction of net appreciation or an addition to net depreciation in the aggregate fair value of such investments.

Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Related fees are deducted from the loan proceeds. No allowance for credit losses has been recorded as of December 31, 2019 or 2018. If a participant ceases to make loan repayments and the Plan Administrator deems the note receivable to be in default, based upon terms in the Plan agreement, the note receivable is reduced and a deemed distribution is recorded.

Contributions

Participant contributions are recorded when withheld from compensation. Employer contributions are reported in the period in which they become obligations of the Company.

Benefits Paid to Participants

Benefit payments to participants are recorded when paid.

New Accounting Pronouncement

In August 2018, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update No. 2018-13, *Fair Value Measurement (Topic 820), Disclosure Framework - Changes to the Disclosure Requirements for Fair Value Measurement*. The standard is effective for fiscal years beginning after December 15, 2019. The amendments modify the disclosure requirements on fair value measurements in FASB Accounting Standards Codification 820. Management continues to evaluate the impact of the adoption of ASU 2018-13 and its potential effect on the Plan's financial statement disclosures.

Subsequent Events

In preparing these financial statements, Plan management has evaluated, for potential recognition or disclosure, significant events or transactions that occurred during the period subsequent to December 31, 2019, the most recent statement of net assets available for benefits presented herein, through October 8, 2020, the date these financial statements were available to be issued. No significant events or transactions of this nature were identified other than the risks and economic uncertainties disclosed above and the related matter described in Note 7.

Notes to Financial Statements

2. INVESTMENTS

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fifth Third Bank, as trustee, has certified the completeness and accuracy of the investment information reflected in (1) the accompanying statements of net assets available for benefits as of December 31, 2019 and 2018, (2) the December 31, 2019, schedule of assets (held at end of year), and (3) the related investment activity reflected in the statements of changes in net assets available for benefits during 2019 and 2018. Fifth Third Bank has also certified the completeness and accuracy of notes receivable from participants and the related interest income as of and for the years ended December 31, 2019 and 2018.

3. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurements. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. For financial assets recorded at fair value, the description includes an indication of the level of the fair value hierarchy in which the assets are classified. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual funds: Shares held in mutual funds are valued at quoted market prices that represent the net asset value ("NAV") of shares held by the Plan at year end and are classified as Level 1. The NAV is based on the value of the underlying assets owned by the fund, less its liabilities then divided by the number of shares outstanding. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Notes to Financial Statements

Common/collective trust: The common/collective trust is valued at the NAV of units of the collective trust. The NAV, as provided by the issuer, is used as a practical expedient to estimate fair value and, as a result, is classified as "other" and is not assigned a level in the fair value hierarchy. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth, by level within the fair value hierarchy, the Plan's assets at fair value at December 31:

2019	Level 1	Level 2	Level 3	Other (1)	Total
Mutual funds	$ 10,940,137	$ -	$ -	$ -	$ 10,940,137
Common/collective trust	-	-	-	392,086	392,086
Total investments at fair value	**$ 10,940,137**	**$ -**	**$ -**	**$ 392,086**	**$ 11,332,223**

2018	Level 1	Level 2	Level 3	Other (1)	Total
Mutual funds	$ 9,655,703	$ -	$ -	$ -	$ 9,655,703
Common/collective trust	-	-	-	306,602	306,602
Total investments at fair value	**$ 9,655,703**	**$ -**	**$ -**	**$ 306,602**	**$ 9,962,305**

(1) Certain investments are measured at NAV per share (or its equivalent) on an inactive market and have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. Plan management evaluates the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. There were no transfers of assets between levels during 2019 and 2018.

Notes to Financial Statements

The following table sets forth additional disclosures for the fair value measurement of investments in certain entities that calculate net asset value per share (or its equivalent) as of December 31:

Investment Type	Fair Value 2019	Fair Value 2018	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common/collective trust	$ 392,086	$ 306,602	$ -	Daily	Daily

4. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Fifth Third Bank is the trustee of the Plan and, therefore, transactions with Fifth Third Bank qualify as party-in-interest transactions which are exempt from prohibited transaction rules. Fees paid by the Plan to Fifth Third Bank, which represent fees for managed and custodial account services, amounted to $77,025 in 2019 and $62,778 in 2018. Fees paid by the Plan for investment management services are included in net appreciation (depreciation) in fair value of investments, as they are paid through revenue sharing, rather than a direct payment.

5. INCOME TAX STATUS

The Company adopted the Fifth-Third Bank Defined Contribution Prototype Plan and Trust plan document. The prototype plan document has received an opinion letter from the Internal Revenue Service dated March 31, 2014, stating that the written form of the underlying prototype plan document is qualified under Section 401(a) of the Internal Revenue Code (the "Code") and that any employer adopting this form of the plan will be considered to have a plan qualified under Section 401(a) of the Code. The Plan is required to operate in conformity with the Code to maintain its qualification. The Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in the financial statements. The Plan may be subject to routine audits by the taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes the Plan is no longer subject to income tax examinations for years prior to 2016.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts. Any unallocated assets of the Plan would be allocated to participant accounts and distributed in such a manner as the Company may determine.

Notes to Financial Statements

7. SUBESQUENT EVENT

The Plan has implemented certain requirements by the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act") and the Setting Every Community Up for Retirement Enhancement Act of 2019 ("SECURE Act"), which laws change the Plan to, among others, allow certain eligible individuals to receive coronavirus-related relief for loan repayment, suspend required minimum distributions, and delay the commencement date for required minimum distributions. Effective May 1, 2020, the Plan adopted the temporary loan repayment deferral provision of the CARES Act. The deferral provision adopted by the Plan allows qualified Plan participants who have Plan loan repayments to defer such repayments until December 31, 2020. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance.
