Performance Health 401(k) Plan
NOTES TO FINANCIAL STATEMENTS
December 31, 2019 and 2018

NOTE 1 - PLAN DESCRIPTION

The Performance Health 401(k) Plan (the "Plan"), formerly known as The Patterson Medical 401 (k) Plan, a defined contribution plan, was established on December 15, 2015 and was most recently restated and amended effective May 1, 2017. The Plan's participants include employees of Performance Health Holdings, Inc., formerly known as Patterson Medical Holdings, Inc., Performance Health Supply, Inc., formerly known as Patterson Medical Supply, Inc., and Hygenic Corporation (collectively, the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan covers all common law employees of the Company, as defined by the Plan document, commencing on the date of employment.

There are no eligibility service requirements in the Plan for eligible employees. Eligible employees are defined as all employees other than temporary or leased employees.

The following description of the Plan provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

Investments

All investments under the Plan are participant directed. Upon enrollment in the Plan, a participant may direct both employee and employer contributions in 1% increments in any of the 26 investment options. Participants may change their investment allocations at any time.

Contributions

Full time employees are automatically enrolled in the Plan upon hire, at 3% of their compensation, but are provided the option to opt out of participating in the Plan. A participant may also elect to contribute up to 100% of their annual compensation, within certain limitations, to the Plan on a pre-tax or post-tax basis.

The Plan has an automatic increase feature. For participants enrolled at less than 10%, their elective deferrals are increased 1% each January 1 until the deferral percentage reaches 10%.

The Company matches 100% of elective deferrals on the first 1% of compensation plus 50% of elective deferrals up to 6% of compensation. The Plan also allows for the Company to make true-up matching contributions if the period used to determine matching contributions is a period that is not the plan year. For the year ended December 31, 2019, the Company made required regular matching contributions of \$1,812,077.

The Company declared no discretionary contributions during the year ended December 31, 2019. Participants may also make contributions to the Plan in the form of a rollover of funds from another qualified plan. During the year ended December 31, 2019, participants made rollover contributions of \$696,798 to the Plan.

Participant Accounts

Each participant's account is credited with the participant's contributions, employer contributions and an allocation of the Plan earnings, losses and expenses. Allocations are based on participant account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Each participant is fully vested in their elective employee contributions, employer discretionary contributions and regular matching contributions immediately.

Performance Health 401(k) Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2019 and 2018

Benefits

On termination of service due to death, disability, retirement or otherwise leaving employment, the participant or beneficiary may elect to receive a lump sum amount equal to the value of the vested balance allocated to their account. If a participant's vested interest in their account does not exceed \$5,000, an automatic distribution of such interest shall be made in a lump sum payment or through direct rollover. Participants may withdraw all or a portion of the balance of their accounts without penalty upon attainment of age 59-1/2.

Participants are also eligible to make hardship withdrawals from their deferred contributions in the event of certain financial hardships.

Notes Receivable from Participants

In conjunction with the Hygenic 401(k) Plan and Cramer Products, Inc. Employees Profit Sharing Plan mergers in 2017 and 2018, respectively, notes receivable from participants balances were transferred into the Plan. The notes receivables transferred into the Plan permitted qualified participants to borrow up to the lesser of \$50,000 or 50% of their eligible account balance and are secured by the vested balance in the participant's account. The terms of the notes receivables cannot exceed five years unless used to acquire the participant's principal residence. Loans bear interest at a fixed rate based on local prevailing rates at the time the loan is made. Interest rates on loans outstanding at December 31, 2019 and 2018 ranged from 4.25% to 5%. Participants are required to make regularly scheduled principal and interest payments over the term of the notes through payroll deductions.

Other than the notes receivable balances transferred into the Plan as a result of the Hygenic 401(k) Plan and Cramer Products, Inc. Employees Profit Sharing Plan mergers, notes receivable balances are not permitted by the Plan.

Administrative Expenses

For the year ended December 31, 2019, administrative expenses related to recordkeeping and trustee fees were paid for by the Plan. All other administrative expenses were paid entirely by the Company.

Plan Termination

While the Company has not expressed any intent to terminate the Plan, it serves the right to do so at any time. In the event the Plan is terminated, the assets would be distributed to participants in accordance with the terms set forth in the Plan.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("US GAAP").

Investment Valuation and Income Recognition

Investments are recorded at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. The Plan administrator determines the Plan's valuation policies utilizing information provided by the investment advisors, custodians and insurance company. See Note 4 for discussion of fair value measurements.

Performance Health 401(k) Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2019 and 2018

The Plan presents in the statement of changes in net assets available for benefits the net appreciation (depreciation) in the fair value of its investments which consists of the net realized gains (losses) and the net unrealized appreciation (depreciation) on those investments.

Purchases and sales of securities are recorded on a trade-date basis. Income from investments is recorded as earned on the accrual basis. Dividends are recorded on the ex-dividend date. Capital gain distributions are included in dividend income.

Risks and Uncertainties

The Plan provides for various investments in any combination of collective trusts, pooled separate accounts and mutual funds. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 and 2018. If a participant ceases to make loan repayments and the Plan administrator deems the loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Use of Estimates

The preparation of financial statements in conformity with US GAAP requires management to make estimates that affect the financial statements and accompanying notes. Actual results could differ from those estimates.

NOTE 3 - PLAN TRUSTEE CERTIFICATION

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Principal Trust Company, a member of the Principal Financial Group, the Plan's trustee, has certified that the following data included in the accompanying financial statements, notes to the financial statements and supplemental schedule is complete and accurate:

- Investments, at fair value and contract value, as shown in the statements of net assets available for benefits as of December 31, 2019 and 2018.
- Interest and dividend income and net appreciation in fair value of investments, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2019.
- Investments detailed on supplemental schedule of assets (held at end of year), as of December 31, 2019, excluding participant loans of \$38,595.

Performance Health 401(k) Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2019 and 2018

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE 4 - FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board issued guidance that defines fair value, establishes a framework for measuring fair value in generally accepted accounting principles and expands disclosure related to the use of fair value measurements in financial statements. The guidance establishes a fair value hierarchy from observable market data as the highest level to fair value based on an entity's own fair value assumptions as the lowest level.

In accordance with the guidance, Plan assets and liabilities are measured at fair value in three levels, based on the markets in which the assets and liabilities are traded and the reliability of the assumptions used to determine fair value. These levels are as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measures level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual funds: Valued at quoted market prices that represent the net asset value ("NAV") of the shares held by the Plan at year end. The fair value of the mutual funds is classified as level 1.

Pooled separate accounts: Principal's pooled separate accounts are invested in investments such as stocks, mutual funds, short-term investments, bonds, etc. Principal owns the underlying investments in the separate accounts. The underlying measurements for the separate accounts have observable (Level 1 and 2) inputs, including quoted prices for similar assets in active and non-active markets. The separate accounts are valued using NAV as a practical expedient.

Target date collective trusts: Target date trust investments included in the common/collective trusts are primarily comprised of investments in Principal mutual funds using an asset allocation strategy for investors planning to retire and leave the workforce in or within a few years of the target year. The trust fund's asset allocation will become more conservative over time. The underlying funds are Principal Life Time Funds.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2019 and 2018

The trust fund's indirect stock and bond holdings are a diversified mix of domestic and foreign capitalization stocks and fixed income securities. The trust fund is valued using the NAV as a practical expedient. NAV is provided by the trustee of the trust fund based on the value of the underlying assets divided by the number of units outstanding. There are no unfunded commitments.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investment holdings at fair value were comprised of the following at December 31, 2019:

Assets at Fair Value as of December 31, 2019:				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 2,805,040	\$ -	\$ -	\$ 2,805,040
Total assets at fair value	<u>\$ 2,805,040</u>	<u>\$ -</u>	<u>\$ -</u>	2,805,040
Investments measured at NAV as a practical expedient ⁽¹⁾				<u>44,539,126</u>
Total assets				\$ 47,344,166

Investment holdings at fair value were comprised of the following at December 31, 2018:

Assets at Fair Value as of December 31, 2018:				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 1,924,583	\$ -	\$ -	\$ 1,924,583
Total assets at fair value	<u>\$ 1,924,583</u>	<u>\$ -</u>	<u>\$ -</u>	1,924,583
Investments measured at NAV as a practical expedient ⁽¹⁾				<u>35,140,898</u>
Total assets				\$ 37,065,481

⁽¹⁾ In accordance with Accounting Standards Update ("ASU") 2015-07, investments that are measured at fair value using the NAV per share as a practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented are intended to permit reconciliation of fair value hierarchy to the total value of plan assets.

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. The Plan does not hold any investments requiring Level 3 measurements.

NOTE 5 - FULLY BENEFIT RESPONSIVE INVESTMENT CONTRACTS

The Plan holds an investment in a guaranteed investment contract with Principal Life Insurance Company ("Principal"). This investment contract offers all participants a single-fixed rate of return and therefore meets the fully benefit-responsive investment contract criteria and is accordingly included in the accompanying financial statements of the Plan at contract value as reported to the Plan by Principal. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The fully benefit-responsive investment contracts as of December 31, 2019 and 2018 are summarized as follows:

	<u>2019</u>	<u>2018</u>
Guaranteed Investment Contract	\$ 1,053,144	\$ 1,214,306

Under a guaranteed investment contract, the contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting interest rate was 1.90% and 1.80% at December 31, 2019 and 2018, respectively. The crediting interest rate is based on a formula agreed upon with Principal, but may not be less than 0%. Such interest rates are reviewed on a quarterly basis for resetting.

The Guaranteed Investment Contract has no restrictions that affect the ability of the Plan to collect contract value. Participant level transactions are at contract value. The contract may terminate at any time, given 30 days' notice to Principal, without penalty and would be paid out at that time.

NOTE 6 - TAX STATUS

The Plan adopted the Principal Volume Submitter Profit Sharing Plan with a deferral arrangement which received a favorable opinion letter from the Internal Revenue Service ("IRS") dated August 8, 2014, stating that the written form of the underlying volume submitter plan document is qualified under Section 401(a) of the Internal Revenue Code ("IRC.") The Plan has not requested its own determination letter from the IRS. In addition, the Plan administrator and Plan tax counsel believe that the Plan is designed and is currently being operated in accordance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and that the related trust is tax-exempt as of the financial statement date.

US GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position than more likely than not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7 - PARTY-IN-INTEREST TRANSACTIONS

Certain investments of the Plan are units of pooled separate accounts, collective trusts managed by the trustee, and a guaranteed investment contract managed by the trustee. Transactions involving these investments, in addition to transactions involving notes receivable from participants, are considered to be party-in-interest transactions.

NOTE 8 - SUBSEQUENT EVENTS

Plan management has evaluated the Plan's December 31, 2019 financial statements for subsequent events through October 14, 2020, the date the financial statements were available to be issued. There were no material subsequent events that required recognition or additional disclosure, other than as noted below.

In March 2020, an outbreak of coronavirus ("COVID-19") occurred globally causing significant fluctuations in financial markets. The extent of the impact on the Plan's net assets available for benefits, contributions, and benefit obligations will depend on the duration and continued spread of the outbreak, including any other further developments. Management has not yet determined the full financial impact of these events.

On March 27, 2020, Congress signed the Coronavirus Aid, Relief, and Economic Security Act, also known as the CARES Act. The CARES Act took immediate effect and contains several provisions that temporarily impact 401(k) plans, including a new hardship withdrawal option. Management is currently evaluating Plan changes related to the CARES Act.

Effective May 10, 2020 the Plan was amended. This amendment changed the employer match to a discretionary match. The Employer may make all or a part of an annual Employer Contribution match.
