NOTE A - DESCRIPTION OF THE PLAN

The following description of the LMPS Holdings, LLC 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was formed and adopted by The Village School, L.P. (the Village) effective July 1, 1989. In 2007, the Village was acquired by Meritas, LLC. The Plan name was changed to Meritas 401(k) Plan effective April 1, 2010. LMPS Administrative Services LLP (the Company) became the Plan sponsor in 2017 and the Plan changed its name to LMPS Holdings, LLC 401(k) Plan. Also in March 2017, the Plan changed its custodian from American United Life (AUL) to Principal Life Insurance Company (Principal, or the Custodian).

The Plan is a defined contribution plan covering all employees of the Company who are age 21 years or older, with a service requirement of one month. The Plan is also a salary reduction plan, or 401(k) plan, and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Contributions

Each year, participants may contribute up to 100% of pre-tax annual compensation, up to the Plan agreement and statutory limits. Participants may also designate all or a portion of their deferral contributions as after-tax contributions into a Roth account. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants direct the investment of their contributions into various investment options offered by the Plan.

Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

The Company has the right to make discretionary contributions. For the year ended December 31, 2019, the Company provided a discretionary contribution of $295,727.

Participant Accounts

Each participant's account is credited with the participant's contributions and the Company's discretionary contributions, and an allocation of the Plan's earnings (losses) and administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Plan Investment Options

The Plan offers an insurance investment contract with Principal Life Insurance Company, which includes a guaranteed investment contract or general account (Fixed Income Guaranteed Option) and pooled separate investment account options for participants.

Vesting

Participants are immediately vested in their contributions plus actual earnings or losses thereon. Vesting in the Company's discretionary contribution portion of their accounts plus actual earnings or losses thereon is based on years of continuous service. A participant is ratably vested over three years of credited service.

Forfeitures

Forfeitures represent the portion of non-vested benefits remaining from participants who have withdrawn from the Plan before becoming fully vested, which can be used to reduce administrative expenses or Company discretionary contributions. Forfeited non-vested accounts totaled approximately $8,000 and $6,900 at December 31, 2019 and 2018, respectively. Approximately $7,000 and $3,200 of forfeitures were used to reduce administrative expenses during 2019 and 2018, respectively. There were no forfeitures used to reduce Company discretionary contributions during 2019 or 2018.

Administrative Expenses

Administrative expenses paid by the Plan are substantially for recordkeeping services. There are also expenses related to processing fees for obtaining a loan, and this is charged directly to the participant requesting the loan. Any remaining administrative expenses are paid by the Company.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. A participant cannot have more than one outstanding loan at any given time, unless a second loan was in existence when the Plan was amended to limit the number of loans from two to one. The loans are secured by the balance in the participant's account and bear interest at rates that are commensurate with local prevailing rates, as determined by the Plan administrator, and fixed as of the loan origination date. Interest rates on existing loans range from 4.25% to 6.50% at December 31, 2019 and 4.25% to 6.25% at December 31, 2018. Principal and interest are paid ratably through payroll deductions over a period generally not exceeding five years from the date of the loan.

Plan Termination

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Payment of Benefits

Upon termination of service due to employment termination, death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or in the form of a life or joint and survivor annuity. For termination of service for other reasons and for amounts less than $5,000, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Other in-service distributions are permitted under the Plan.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as a distribution based on the terms of the Plan agreement. No allowance for credit losses has been recorded as of December 31, 2019 or 2018.

Investment Valuation and Income Recognition

Except for the Plan's investment option in the Principal Fixed Income Guaranteed Option (Note E), investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividend income is recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation includes gains and losses on investments bought and sold as well as held during the year.

Benefit Payments

Benefit payments to participants are recorded upon distribution.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE C - INFORMATION CERTIFIED BY THE CUSTODIAN

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Principal has certified that the following data included in the accompanying financial statements and supplemental schedules is complete and accurate:

- Investments and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2019 and 2018.
- Investment income and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2019.
- Schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2019.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

NOTE D - FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include the following:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Pooled separate accounts - Valued at the net asset value (NAV) provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. Investments are traded on a daily basis and there is no restriction on redemptions and no unfunded commitments.

The following table summarizes pooled separate investments for which fair value is measured using NAV per share as a practical expedient as of December 31, 2019 and 2018.

	Fair Value as of December 31, 2019	Fair Value as of December 31, 2018
Pooled separate accounts		
International (a)	$ 107,341	$ 84,618
Growth (b)	119,874	61,840
Value (c)	63,837	45,516
Index (d)	318,619	245,231
Asset allocation (e)	6,525,404	4,905,927

(a) The international fund invests primarily in international equity securities.

(b) The growth fund invests in common stocks and other equity securities in emerging markets to provide an opportunity for a strong investment return.

(c) Value funds invest at least 80% of assets in common stocks and other equity securities in U.S. companies with very large market capitalization. They may invest in securities of small companies that offer growth potential.

(d) Index funds invest in equity securities to mirror the performance of public indices.

(e) Asset allocation funds provide investment returns in line with retirement age.

NOTE E - INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan has a fully benefit-responsive guaranteed investment contract with Principal (Fixed Income Guaranteed Option or GIC). Principal maintains the contributions in a general account, which is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The GIC issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Contract value is the relevant measurement attribute for the portion of the net assets available for benefits attributable to the GIC. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events that cause a significant withdrawal from the Plan or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with the participants are probable of occurring.

NOTE F - TAX STATUS

The Plan is currently under a national Internal Revenue Service (IRS) approved prototype plan sponsored by Principal that has received a favorable opinion letter dated August 8, 2014, under the applicable provisions of the Internal Revenue Code (IRC). Companies who adopted this plan without changes could rely on the sponsor's opinion letter. The Company adopted the Principal prototype plan without any changes. However, the Plan has been amended since the latest opinion letter. The Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires management of the Plan to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2019 and 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any tax periods.

NOTE G - RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Company provides to the Plan certain accounting and administrative services for which no fees are charged. Certain Plan investments are managed by Principal. Principal is considered to be parties-in-interest, as defined by ERISA, since it provides services to the Plan as investment Custodian; therefore, these transactions qualify as party-in-interest transactions. Notes receivable from participants also qualify as party-in-interest transactions.

NOTE H - SUBSEQUENT EVENTS

Plan management evaluated the Plan's December 31, 2019, financial statements for subsequent events through October 15, 2020, the date the financial statements were available to be issued.

The COVID-19 outbreak, which was declared a pandemic by the World Health Organization on March 11, 2020, has negatively impacted the world economy and common stock share price for most companies. The impact of COVID-19 on companies continues to evolve rapidly and its future effects on the Plan's net assets available for benefits and changes in net assets available for benefits are uncertain.

Effective March 27, 2020, the Plan adopted certain provisions of the CARES Act (the Act). The Plan now allows for Coronavirus-Related Distributions (CRD). The CRD cannot exceed $100,000, must occur during 2020, and the participant must be affected by coronavirus. The CRD is exempt from the mandatory 20% withholding and 10% penalty tax. This distribution is to be paid back in installments over a three-year period. In addition to the CRD, participants may take out a loan up to $100,000 which may be 100% of the account balance. Repayments for loans owed between the date of the Act and December 31, 2020 may be delayed for up to one year from the original due date. Required minimum distributions are not required in 2020.

The Plan administrator is not aware of any other subsequent events which would require recognition or disclosure in the financial statements.
