NOTE 1 - DESCRIPTION OF PLAN

The following description of the All Environmental, Inc. 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

a) General

The Plan is a defined contribution and profit sharing plan covering all full-time employees of All Environmental, Inc. (the Company) that have completed six months of service and are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Collective bargaining employees, leased employees, and nonresident aliens are not eligible to participate in the Plan. The Board of Trustees is responsible for oversight of the Plan. The investment committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Plan's Board of Trustees.

b) Contributions

Each year, participants may contribute up to 100 percent of pre- or post-tax annual compensation, or a combination of both, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution Plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. Effective May 1, 2014, the Plan includes an auto-enrollment provision whereby all newly eligible employees are auto-enrolled in the Plan unless they affirmatively elected not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3 percent of eligible compensation and their contributions invested in the guaranteed interest account until changed by the participant. In addition, the Company may make a discretionary matching or profit sharing contribution to the Plan. Participants are eligible for employer contributions if they have completed 1,000 hours of service during the Plan year and are employed by the sponsor on the last day of the Plan year. Participants direct the investment of the matching Company and profit sharing contributions. During the year ended December 31, 2019, the Company made a $203,106 matching contribution to the plan. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

c) Participant accounts

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's profit sharing contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined by the plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 - DESCRIPTION OF PLAN (Continued)

d) Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's matching and profit sharing contribution portions of their accounts plus actual earnings thereon is based on years of continuous service.

Effective April 1, 2012, a participant is 100 percent vested after 3 years of credited service. The Company's vesting schedule for Plan participants through December 31, 2013, is as follows:

Less than 1 year	25%
1 but less than 2 years	50%
2 but less than 3 years	75%
3 or more years	100%

Effective January 1, 2014, a participant is 100 percent vested after 4 years of credited service. The Company's vesting schedule for Plan participants beginning January 1, 2014, is as follows:

Less than 1 year	0%
1 but less than 2 years	25%
2 but less than 3 years	50%
3 but less than 4 years	75%
4 or more years	100%

e) Notes receivable from participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. Participants may have up to three loans outstanding at any time. The loans are secured by the balance in the participant's account. Payment terms of the loan are a maximum of 5 years. However, if used to purchase the participant's principal residence, the Plan administrator may permit a longer repayment term, not to exceed 30 years. The loan interest rate, determined as published in the Wall Street Journal on the first business day of the month before the loan is originated, is set at 1.00% above the prime rate, as defined. Principal and interest are paid ratably through payroll deductions.

NOTE 1 - DESCRIPTION OF PLAN (Continued)

f) Payment of benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a 10 year period. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution.

g) Forfeited accounts

At December 31, 2019 and 2018, forfeited non-vested accounts totaled $7,190 and $5,135, respectively. These accounts will be used to pay administrative expenses under the Plan as directed by the sponsor, restore forfeited account balances of eligible rehires, or reduce future employer contributions under the Plan. Also, in 2019, employer contributions were reduced by $2,693 from forfeited non-vested accounts.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

a) Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

b) Use of estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

c) Investment valuation and income recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan’s Investment Committee determines the Plan’s valuation policies utilizing information provided by the investment advisers, custodians, and insurance company. See Note 3 for discussion of fair value measurements.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

c) Investment valuation and income recognition (continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

d) Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 or 2018.

e) Excess contributions payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding expense for corrective distributions. The Plan distributed the 2019 excess contributions to the applicable participants in 2020.

f) Payments of benefits

Benefits are recorded when paid.

g) Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included as a reduction of investment income.

h) Subsequent events

The Plan has evaluated subsequent events through October 12, 2020, the date the financial statements were available to be issued.

NOTE 3 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Pooled separate accounts: Valued at the net asset value (NAV) of units of an insurance company's separate account. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily.

NOTE 3 - FAIR VALUE MEASUREMENTS (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018.

	Assets at fair value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Investments measured at NAV[(a)]				$ 8,760,922

	Assets at fair value as of December 31, 2018			
	Level 1	Level 2	Level 3	Total
Investments measured at NAV[(a)]				$ 6,490,180

[(a)] In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

Investments Measured Using the NAV per Share Practical Expedient

The following tables summarize investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2019 and 2018, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

December 31, 2019	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Pooled Separate Accounts	$ 8,760,922	n/a	Daily	Daily

December 31, 2018	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Pooled Separate Accounts	$ 6,490,180	n/a	Daily	Daily

See Independent Auditor's Report.

NOTE 4 - FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACTS

The Plan holds a portfolio of investment contracts that is comprised of traditional investment contracts totaling $2,303,699 for 2019 and $1,776,119 for 2018. Contributions are maintained in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 1.00%. The crediting rate is reviewed on a quarterly basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

These contracts meet the fully benefit-responsive investment contract criteria and, therefore, are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan’s prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, or (4) a material amendment to the agreements without the consent of the issuer.

NOTE 5 - RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Mass Mutual Life Insurance Company. Mass Mutual Life Insurance Company is the qualifying institution as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. The Plan sponsor pays directly any other fees related to the Plan's operations. Fees incurred and paid directly by the Plan for the investment management services were $29,719.

NOTE 6 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

NOTE 7 - TAX STATUS

The IRS has determined and informed the Company by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan’s tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS/FTB. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress.

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

See Independent Auditor's Report.

NOTE 9 - CERTIFIED INVESTMENTS

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2019 and 2018, and net appreciation in fair value of investments, interest, and dividends for the year ended December 31, 2019, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Mass Mutual Life Insurance Company (the qualifying institution of the Plan).

NOTE 10 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The December 31, 2019, Form 5500 was prepared under the accrual basis of accounting and, thus, the asset and liability amounts reported on Form 5500, as well as the net changes in Plan assets, are in agreement in total with the amounts included in the accompanying financial statements. There are classification differences between the December 31, 2019 financial statements and Form 5500, but due to the fact that the totals agree, a reconciliation to Form 5500 has not been prepared.

The December 31, 2018, Form 5500 was prepared under the accrual basis of accounting and, thus, the asset and liability amounts reported on Form 5500 are in agreement with the amounts included in the accompanying financial statements. There are classification differences between the December 31, 2018 financial statements and Form 5500, but due to the fact that the totals agree, a reconciliation to Form 5500 has not been prepared.

NOTE 11 - CHANGES TO FUND OPTIONS

During the plan year ending December 31, 2019, the Plan removed One Choice 2020 Ptf (AmerCnt).

NOTE 12 - SUBSEQUENT EVENTS

In December 2019, a novel strain of coronavirus was reported to have surfaced in China. In more recent times the United States has experienced the COVID-19 outbreak resulting in business closures and reduced customer traffic. Operating hours for many businesses have been reduced. While the disruption is currently expected to be temporary, there is considerable uncertainty around the duration. The Sponsor Company expects this matter to negatively impact its operations which impacts the Plan in terms of eligibility, contributions, loans, and distributions. The direct related financial impact to the Plan and duration of this matter cannot be reasonably estimated at this time.
