NOTE 1 DESCRIPTION OF PLAN

The following description of Colonial Management Group, LP 401(k) Plan (the Plan) is provided for general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan originally effective July 1, 1999. The Plan has been amended and restated throughout the years to comply with tax legislation and was last restated effective January 1, 2019. The Plan excludes nonresident aliens and employees covered by a collective bargaining agreement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The 401k Investment Committee is responsible for the oversight of the Plan, determining the appropriateness of the Plan's investment offerings, and monitoring investment performance.

Eligibility

Employees of Colonial Management Group, LP and its affiliated companies (collectively, the Company) are eligible to participate in the deferral component of the Plan at age 21 and after completion of 30 days of service. Participants are eligible for the Company safe harbor matching contribution once they have obtained age 21 and completed one year and 1,000 hours of service. As of December 31, 2019, the service requirement was amended to be one month for all contributions.

Contributions

Participants may contribute up to 100% of compensation, as defined in the Plan, as pre-tax or Roth contributions, subject to Internal Revenue Code (IRC) limitations. The Plan has an auto-enrollment provision for newly eligible employees set at 3% of eligible compensation with automatic deferral increases of 1% annually up to a maximum of 6%. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan includes a Safe Harbor provision which requires the Company to make minimum matching contributions in accordance with requirements of the IRC. The Company's matching contribution was 100% of participant deferrals up to 6% of the participant's eligible compensation for both the years ended December 31, 2019 and 2018. Investments of the contributions are self-directed by participants within investments provided for by the Plan.

Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of contributions into various investment options offered by the Plan. Contributions are subject to certain IRS limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's safe harbor matching contribution, and an allocation of Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, or participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided by the participant's vested account.

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon and the Company safe harbor matching contributions plus actual earnings thereon.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account and bear interest at the prime rate plus one percent. Principal and interest is paid ratably through payroll deductions.

Benefit Payments

Upon termination of service, death, disability, or retirement, a participant may elect to receive the value of the vested interest in his or her account in the form of a lump sum distribution. The Plan allows for in-service distributions if a participant reaches age 59½ and hardship distributions subject to Plan provisions. If a participant terminates employment and the participant's account balance does not exceed $5,000, the Plan administrator will authorize the benefit payment without the participant's consent. If the balance of the terminated participant's account is between $1,000 and $5,000, the plan sponsor may authorize that the benefit payment be rolled into an individual retirement account in the participant's name.

Forfeited Accounts

Forfeited nonvested accounts can be utilized to reduce administrative expenses or reduce future Company contributions. Forfeitures occur when a participant requests a withdrawal of auto-enrolled deferrals and the employer matching contributions are forfeited. Forfeited nonvested accounts as of December 31, 2019 and 2018, totaled $2,229 and $21,223, respectively. There were $2 and $3 of forfeitures used to pay administrative expenses for the years ended December 31, 2019 and 2018, respectively. There were $7,472 and $91 of forfeitures used to reduce Company contributions for the years ended December 31, 2019 and 2018, respectively.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ for those estimates.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's administrator determines the Plan's valuation policies utilizing information provided by the investment advisers, trustee, and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 or 2018.

Benefit Payments

Benefit payments are recorded when paid.

Administrative Expenses

The Plan's expenses are paid either by the Plan or the Company, as provided by the Plan document. Expenses paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statements of changes in net assets available for benefits. In addition, certain investment related expenses are included in net appreciation (depreciation) of fair value of investment presented in the accompanying statements of changes in net assets available for benefits.

Subsequent Events

The Plan has evaluated subsequent events through October 14, 2020, and the date the financial statements were available to be issued.

NOTE 3 CERTIFICATION OF INVESTMENT INFORMATION

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedules, including investments and notes receivable from participants held at December 31, 2019 and 2018, and net appreciation (depreciation) in fair value of the investments, interest and dividends, and interest income on notes receivable from participants, for the years ended December 31, 2019 and 2018, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Massachusetts Mutual Life Insurance Company, the insurance company, and Reliance Trust Company, the trustee.

NOTE 4 FAIR VALUE OF MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair market value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

NOTE 4 FAIR VALUE OF MEASUREMENTS (CONTINUED)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used at December 31, 2019 and 2018.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective Trust Fund: Valued at the NAV of units of the bank collective trust. NAV is a readily determinable fair value and is the basis for current transactions. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2019			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 14,928,409	$ -	$ -	$ 14,928,409
Collective Trust Fund	-	27,157	-	27,157
Total Investments at Fair Value	$ 14,928,409	$ 27,157	$ -	$ 14,955,566

	2018			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 9,787,697	$ -	$ -	$ 9,787,697
Collective Trust Fund	-	-	-	-
Total Investments at Fair Value	$ 9,787,697	$ -	$ -	$ 9,787,697

NOTE 5 GROUP ANNUITY CONTRACT WITH INSURANCE COMPANY

In 2012, the Plan entered into a traditional fully benefit-responsive guaranteed investment contract with Massachusetts Mutual Life Insurance Company (MassMutual). MassMutual maintained the contributions in a Capital Preservation account. This fund was terminated November 2019. The account was credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer was contractually obligated to repay the principal and a specified interest rate that was guaranteed to the Plan. The crediting rate was based on a formula established by the contract issuer but could not be less than 4%. The crediting rate was reviewed on a quarterly basis for resetting. The guaranteed investment contract did not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

NOTE 5 GROUP ANNUITY CONTRACT WITH INSURANCE COMPANY (CONTINUED)

This contract met the fully benefit-responsive investment contract criteria and therefore was reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by MassMutual, represented contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants could ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due was dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations could have been affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer.

NOTE 6 RISK AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 7 PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE 8 PLAN TAX STATUS

The Plan adopted a volume submitter profit sharing plan with a deferral arrangement which received a favorable opinion letter from the IRS on March 31, 2014, which indicated that the volume submitter plan is qualified under Section 401 of the IRC and is therefore not subject to tax under current income tax law. The Plan has been restated and amended since receiving the opinion letter. However, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt. Effective December 1, 2019, the Plan was restated and adopted a Prototype Non-standardized Profit Sharing Plan whose IRS opinion letter is dated July 16, 2014.

NOTE 8 PLAN TAX STATUS (CONTINUED)

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 9 PARTY-IN-INTEREST TRANSACTIONS

The Plan investments are managed by MassMutual Financial Group, and Reliance Trust Company. Therefore, these investment transactions qualify as party-in-interest transactions. These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

NOTE 10 NONEXEMPT TRANSACTION

For the year ended December 31, 2018, the Company failed to remit employee 401(k) deferral contributions for a certain payroll period within the time frame prescribed by the Department of Labor. This is deemed a prohibited transaction in accordance with ERISA and the IRC. The Company is in the process of correcting the 2018 prohibited transactions by depositing the employee contributions. The Company will fully correct the 2018 prohibited transaction in 2020, by depositing the missing employee contributions and filing the required Form 5330 with the IRS to pay the appropriate interest and excise tax.

NOTE 11 SUBSEQUENT EVENTS

Effective March 1, 2020, the auto enrollment feature was removed from the provisions of the Plan. Effective July 1, 2020, the safe harbor matching provision was removed from the Plan and replaced with a Company discretionary matching contribution.
